And

Dewitt Educational Support Personnel Association, MEA/NEA

The undersigned parties hereby agree to the following:

Article 10 – Transportation Employees

New Paragraph 6:

6. Up to two (2) drivers per day, during the second week of school, shall be allowed to take a special trip that would otherwise require the driver to miss any portion of his/her regularly assigned route. No driver will be allowed to miss any portion of his/her regularly assigned route the first week of school.

All remaining special trips that would require the driver to miss any portion of his/her regularly assigned route shall be filled with substitute drivers.

It is the intent that any driver assigned to a special trip will remain at the special trip location for the duration of the event; however, upon written mutual consent of the transportation supervisor and driver, a driver assigned to a special trip may be allowed to return to DeWitt Public Schools prior to the official end time as long as the driver will be able to return to the special trip location at the scheduled pick up time.
