

LETTER OF AGREEMENT

Letter of Agreement

Between

Dewitt Board of Education

And

Dewitt Educational Support Personnel Association, MEA/NEA

The undersigned parties hereby agree to the following for the 2019-2020 school year:

Special Needs Assistants that are required to be CPI certified as part of their direct responsibilities in working with a special needs student and/or that are required to directly assist with personal care services on a routine basis as part of the student's IEP plan shall be eligible for a stipend of up to \$200, prorated for partial months of service. Personal care services may include: toileting, mobility (ambulation/transferring), redirection and intervention for behavior, and hands on cueing for health related functions (i.e. glucose testing or catheterization). Special needs assistants assigned a special needs student to perform these additional duties must be approved by the Director of Special Education and Special Services and the Human Resources Department to be eligible for the stipend. Personal care services must be documented through monthly logging of such services in order to be eligible for the monthly stipend.

This agreement shall not be deemed precedent setting and cannot be relied upon by either party as basis for resolving the same or similar issues should that arise in the future.
