Any additional exclusion from the class for the student offense must be approved by the building principal.

Any errors which may exist must be corrected within the thirty day posting period. After thirty days, the list shall be final and not subject to change. This seniority list shall be used for the purpose of lay off and recall. Upon receipt from the District of the new seniority list the Union shall have thirty days to present or dispute any disagreements they may have with the new seniority list. After the thirty day period, if no disagreement is presented from the union, the new seniority list will be deemed as final until the expiration of the Master Agreement.

ARTICLE 15
GRIEVANCE PROCEDURE

A. DEFINITION:

1. A "grievance" is a complaint in which it is claimed that either party failed to comply with the specific written terms of this Agreement and which involves either a charge of a violation of this Agreement or a dispute concerning the interpretation or application of this Agreement.
2. The term "teacher" as defined in Section 1, page 1, may include any individual or group of teachers who are certified and who are members of the teaching faculty.
3. A "party of interest" is the person or person making the claim and any person or persons who might be required to take action or against whom action might be taken in order to resolve the problem.
4. The term "days" when used in this section shall, except where otherwise indicated, mean working school days. NOTE: Working school days shall be

converted to week-days during the summer break period.

5. Probationary teacher shall be limited to Step 3 of the Grievance Procedure in Article 15 of this Agreement for all grievances filed under the articles of this Agreement.

B. PURPOSE:

The primary purpose of the procedure set forth in this section is to secure, at the lowest level possible, equitable solutions to the problems of the parties. Both parties agree that these proceedings shall be kept as confidential nothing herein shall be construed as limiting the right of any teacher having a grievance to discuss the matter with any appropriate member of the administration.

C. STRUCTURE:

In regard to the structure of the grievance committee or its procedure within its own group, this shall be the prerogative of the Association and aggrieved teacher. The aggrieved teacher may choose to be represented in a grievance if they so desire. The grievance shall be originated by the teacher and/or Association.

D. PROCEDURE:

1. Nothing in the grievance procedure shall require the Board of Education to neither abrogate any of its legal duties, responsibilities or procedures nor abrogate the legal rights of any teacher as defined under school laws. If the Association is not satisfied with the disposition of the grievance by the Board, the grievance may be submitted to arbitration before an impartial arbitrator. The fees and expenses of the arbitrator shall be paid by the losing party but pro-rated in cases of split decisions.
2. If an individual teacher has a personal complaint which he desires to discuss with a supervisor, he is free to do so without recourse to the grievance procedure. However, no grievance shall be adjusted without prior notification to the Association and opportunity for an Association representative to be present, nor shall any adjustment of a grievance be inconsistent with the terms of this Agreement. In the administration of the grievance procedure, the interests of the teachers shall be the sole responsibility of the Association.
3. Should any grievance arise, the same shall be brought to Step I of the Grievance Procedure by the affected teacher and/or Association within 20 school days of occurrence.

STEP I. By conference between the aggrieved teacher, Association representative and the principal or the principal designee.

The Step I conference shall take place within five (5) school days of the day the grievance was filed. The Principal or his/her designee shall have five (5) school days to reply to the association after the conclusion of the Step I grievance conference.

The Association shall have five (5) school days to reply to the Principal or his/her designee.

Step I reply and request a Step II conference.

STEP II. By conference between the teacher, Association representative, the principal and the Superintendent or their designees.

The Superintendent or his/her designee shall have five (5) school days to reply to the association upon conclusion of the Step II conference. If not settled through Step II, effect Step III.

STEP III. By conference between the Board of Education and such Association representatives as designated by the Association. The Board will be notified by the Association in writing within five (5) school days of the intent to invoke Step III and the meeting shall occur within ten (10) school days.

STEP IV. In the event the grievance is not settled through Step III, the Association shall notify the Board within five (5) school days if they intend to refer the grievance to an impartial arbitrator agreeable to both parties for binding settlement. If no agreement can be reached as to the selection of an arbitrator, the issue shall be referred to the American Arbitration Board for binding settlement.

The arbitrator has no power to add to, subtract from, disregard, alter, change or modify the terms of the Agreement.

In each step of this process the grievance must be reduced to writing.

ARTICLE 16 NEGOTIATING PROCEDURES

1. While no final agreement shall be executed without ratification by the local bargaining unit (I.M.E.A.), the parties mutually pledge that their representatives will be clothed with all necessary power and authority to make proposals, consider proposals, and make concessions in the course of negotiations. The power to decide whether or not to enter into, ratify or execute a collective bargaining agreement with the district rests solely with the members of the local bargaining unit (I.M.E.A.) who are employees of the district and shall not be delegated to a bargaining representative or educational association or conditioned on approval by a bargaining representative or an educational association.
2. If the parties fail to reach an agreement in any such negotiations, either party may invoke the mediation machinery of the State Labor Mediation Board or take any other lawful measures.
3. In the event that the Board of Education studies and implements a school improvement plan, it shall implement the plan in accordance with the revised School Code, Public Act 291 of 1995, Section 380:1277 and Public Act 112. Any part of the school improvement plan that is implemented that does not fall within the rights of the Board according to state laws, school code and P.E.R.A. and violates, contradicts, or is inconsistent with the terms and provisions of this collective bargaining agreement shall not be implemented.
4. The Board in accordance with Section 15 (3) (H) of P.E.R.A. as added by Public Act 112., at its discretion may implement experimental or pilot programs and make decisions concerning the staffing and use of Teacher Master Agreement 09-10 & 10-11

technology in these programs so they can carefully examine these programs for their potential educational value to deliver educational programs and services.

ARTICLE 17
NO STRIKE CLAUSE

The Association and the Board recognize that the cessation or interruption of professional services by teachers is contrary to law and public policy. The Board and the Association agree, in keeping with the high standards of the teaching profession, that all differences between them shall be resolved by the orderly procedures provided herein, without interruption of the school program. Accordingly, the Association and the teachers agree that they will not authorize, instigate, participate in, encourage, or support any cessation or interruption of professional services (i.e., the concerted failure to report for duty or willful absence of a teacher from his position, or stoppage of work, or abstinence, in whole or in part, by any teacher or group of teachers) and pledge themselves to the purpose of insuring continuation of the educational program. Accordingly, the Board agrees to see that there will be no lock-out initiated against teachers.

ARTICLE 18
COMMUNICABLE DISEASES

Attendance or non-attendance of students with acute infectious communicable diseases shall be determined by rules or regulations promulgated by the Michigan Department of Health and/or the Michigan Department of Education.

In the event that a child with communicable diseases is allowed by policy or law to attend school, all employees potentially having contact with the student shall be notified in advance of the child's placement and/or return to school unless notification is illegal or legally determined to violate the student's right of privacy.

In-service instruction in hygienic practices and management to members coming into contact with students having such communicable diseases shall be available upon written request from the employee.
