The payroll deductions for annuities shall be sent in as soon as reasonably possible following each pay period.

ARTICLE II - TEACHER RIGHTS

- A. Pursuant to the Michigan Public Employment Relations Act, the Board hereby agrees that every teacher employed by the Board shall have the right freely to organize, join and support the Association for the purpose of engaging in collective bargaining or negotiation and other concerted activities for mutual aid and protection. As a duly elected body exercising governmental power under color of law of the State of Michigan, the Board undertakes and agrees that it will not directly or indirectly discourage or deprive or coerce any teacher in the enjoyment of any rights conferred by the Michigan Public Employment Act or other laws of Michigan or the Constitutions of Michigan and the United States; that it will not discriminate against any teacher with respect to hours, wages, or any terms or conditions of employment by reason of his/her membership in the Association, his/her participation in any activities of the Association or collective professional negotiations with the Board, or his/her institutions of any grievance, complaint or proceeding under this Agreement or otherwise with respect to any terms or conditions of employment.
- B. The Board and the Association specifically recognize the right of both parties appropriately to invoke the assistance of the Employment Relations Commission, or a mediator from such public agency, or an arbitrator appointed pursuant to the provisions of this Agreement, and the Board and Association agrees to be bound by any lawful order or award thereof.

- D. The Board agrees to give access to the Association in response to reasonable requests from time to time all available information concerning the financial resources of the district, tentative budgetary requirements and allocations and such other information as will assist the Association in developing intelligent, accurate, informed and constructive programs on behalf of the teachers and their students, together with information which may be necessary for the Association to process any grievance or complaint.

ARTICLE III - BOARD'S RIGHTS CLAUSE

- A. The Board on its own behalf and on the behalf of the electors of the District, hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the law and Constitutions of the State of Michigan and of the United States.
- B. The exercise of the foregoing powers, rights, authority, duties and responsibilities by the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this agreement and then only to the extent such specific and express terms thereof are in conformance with provisions of P.A. 379 of 1965, the Constitution and laws of the State of Michigan, and the Constitution and laws of the United States.
- C. Nothing contained herein shall be considered to deny or restrict the Board of its rights, responsibilities and authority under the Michigan General School Laws or any other laws or regulations as they pertain to the Employer.

ARTICLE IV - ACCOUNTABILITY CLAUSE

- A. The teacher is accountable for the reasonable care of the assigned room, equipment, supplies and material. (S)He will be charged with prevention of destruction or misuse of the above items. If destruction or misuse does occur, it must be reported to the building principal immediately giving full details as to circumstance causing said damage.
- B. In addition the teacher will be held accountable for the educational advancement of the assigned pupils to the greatest extent possible and within the acceptable methods of pedagogy.

ARTICLE V - PROFESSIONAL COMPENSATION

- A. The salaries of teachers covered by this Agreement are set forth in Schedule A which is attached to and incorporated in this Agreement. Such salary schedule shall remain in effect during the period of this Agreement, and is based upon the school year adopted in Schedule C.
- B. Members of the faculty shall not be assigned to assist or work at after school activities in which a charge for attendance is made. Faculty members shall have prior opportunity to fill paid positions for such activities at the regular established rates.
- C. An athletic ticket pass will be issued to all teachers, not spouse included, who make some direct contribution to the athletic program at any level of the school system. Any teacher who will sign up and accept a night of duty in connection with a paid athletic event without pay will receive a season pass to all charge athletic events and if such person accepts a second night, a pass will be issued for the spouse.
- D. Extra duty schedule, see Schedule B.
- E. Teachers required in the course of their work to drive personal automobiles from one school building to another shall receive a car allowance equivalent to the IRS mileage rate and a basic allowance of fifty dollars (\$50) per semester. The same mileage allowance shall be given for use of personal cars for field trips or other business of this district. The teacher is to pay his/her own insurance except for excess. A minimum of \$50,000 to \$100,000 public liability is required. The School Board will provide an override of \$100,000/\$1,000,000 of insurance.
- F. A Head Teacher will be compensated at the rate of fifty dollars (\$50.00) per day or twenty-five (\$25.00) per half day. To be eligible for this pay the building principal or superintendent must request this service for more than one (1) hour.
- G. The school guidance counselor may be assigned additional days outside of the school year at the discretion of the Superintendent. Such days shall be compensated on a per diem rate.

ARTICLE VI - TEACHING HOURS

- A. Teachers will be assigned on the job schedules beginning fifteen (15) minutes before the start of the class day and ending fifteen (15) minutes after the close of the class day, excluding a duty-free uninterrupted lunch period, and will include a minimum of fifty (50) minutes for preparation. The time that teachers are available before and after school is unassigned time and will not be counted as preparation time nor elementary break time.

Fridays and days before holidays, teachers may leave once the classes are dismissed.

Teachers will be assigned on the job schedules beginning fifteen (15) minutes before the start of the class day and fifteen (15) minutes after the close of the class day excluding a duty free uninterrupted lunch period, and will include a minimum of fifty (50) minutes for preparation. Teachers may be assigned extra duties during the fifteen (15) minutes before the start of the class day and fifteen (15) minutes after the close of the class day.

Teachers not assigned duties may leave five (5) minutes following student dismissal. The time that teachers are available before and after school will not be counted as preparation time nor elementary break time.

Fridays and days before holidays, teachers may leave once the classes are dismissed.

- B. Upon an acceptable arrangement for two teachers to split a teaching assignment upon their written request, such teachers can only exercise seniority rights for a full-time position in case of a vacancy for each person.

Also, such teacher will earn seniority credit on a prorated basis for placement on the seniority list and for fringe benefits. Such teacher or teachers must attend meetings pertaining to their position.

- C. The administration may schedule up to two (2) hours of teachers' meetings per month. Attendance at these meetings is mandatory for all teachers, unless said teacher has been excused, in advance, by the building principal or the superintendent.
- D. Parent-teacher conferences shall be scheduled as part of the District's annual calendar (Schedule C). Attendance at these conferences shall be mandatory, unless the teacher is excused by the superintendent. Personal leave shall not be granted on conference days, except for an emergency and with the superintendent's permission.

ARTICLE VII - TEACHING LOADS AND ASSIGNMENTS

- A. The normal weekly teaching load in grades 6-12 will be thirty (30) assigned periods. The rest of the workday shall be comprised of a duty-free lunch period and unassigned preparation periods. Middle school (6-8), by mutual agreement between the middle school principal and a simple majority of the middle school staff, may alter the schedule in ways believed to improve the effectiveness of the middle school program. The sixth grade program in effect during the 2005-06 school year will be the model utilized for the 2006-07 school year. Any future changes in the sixth grade program will be governed by the language of the previous sentence. No other departure from these norms, except in case of emergency, shall be authorized without prior consultation with the Association. In the event of any disagreement between the representative of the Board and the Association as to the need and desirability of such deviation, the matter may be processed through the professional grievance negotiation procedure hereinafter set forth.
- B. Since preparation is vital to good classroom instruction, teachers must complete weekly lesson planning as directed by the professional administrative staff.
- C. Teachers hired to handle an extra duty assignment as indicated in Schedule B cannot resign from this duty separately from their regular teaching assignment during the time of the extra-duty assignment unless notice at the end of a current season of intent to resign the extra assignment the following year is given to the administration or unless some other qualified person in the system will accept said position.
- D. Elementary teachers will be provided one fifteen (15) minute relief period each day. In addition, elementary teachers may use for preparation all time during which their classes are receiving instruction from various teaching specialists. This includes time the students are scheduled to be with the library aide. If a specialist or library aide is absent and the district is unable to obtain the services of a substitute, teachers who agree to give up preparation time to cover classes shall be compensated the appropriate prorata stipend as specified in Section G below.
- E. If a teacher shall teach more than the normal teaching load on a regular basis as set forth in this Article, (s)he shall receive additional compensation at his/her hourly rate for each teaching period in excess of such norms.

Example: $\frac{\text{annual salary}}{\text{number of hours taught per year}}$

This is not applicable to courses taught for the Community Schools Program.

- F. If a teacher agrees to substitute for an absent teacher during his/her preparation period when asked to do so by the administration, the teacher will receive fifteen dollars (\$15) per period. This amount shall be prorated where applicable for the elementary teachers.
- G. Elementary teachers shall no longer be required to fill out the CA 10 forms.

- H. Teachers who opt to perform any extra duties shall be compensated at fifteen dollars (\$15.00) per hour with a minimum of seven dollars (\$7.00) per duty. No teacher shall be required to perform such duties. Compensatory time off in lieu of pay for these duties will not be permitted.
- I. All teachers will attend scheduled professional development unless specifically excused by his/her building principal up to the time requirements of applicable law. If other professional development days are added, they would be voluntary and teachers to be paid a per diem rate based on the current daily substitute teacher pay rate. For any additional professional development days which are required, teachers will be paid a per diem rate based upon the BA/BS degree salary schedule base. For after school professional development activities initiated by teachers, and approved by their immediate supervisor, teachers will be compensated at a rate of \$30.00 per hour.
- J. Beginning with the 2005-2006 school year the following shall apply:
1. Elementary (K-6)
In the event it is necessary, the parties agree that the elementary student instructional day shall be modified to meet state requirements. If additional instructional days or hours are necessary to meet Michigan annual hour requirements, such days or hours shall be added. If the hours/days need to be added, the new schedule shall be subject to negotiations.
 2. Secondary (7-12)
 - a. A single class may be scheduled for more than one period. In such cases, each period will count as a contact period and the class to count as one preparation.
 - b. A secondary teacher's total student count should not exceed 160 students. However, should the administration deem it necessary to exceed 160 students for a secondary teacher, said teacher shall receive an additional \$50 for each student over 160 per semester. Student count from study halls, Phy Ed, and music shall not be included in the calculation.

ARTICLE VIII - TEACHING CONDITIONS

The parties recognize that the availability of optimum school facilities for both student and teacher is desirable to insure the high quality of education that is the goal of both teacher and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed at insuring that the energy of the teachers is primarily utilized to this end.

A. Because the pupil-teacher ratio is an important aspect of an effective educational program, the parties agree that class size should be lowered wherever possible and that the following list includes desirable maximums. When balancing classes at the beginning of the school year, each mainstreamed student will count as one (1) if he/she is in the special education classroom 50% or more of the day and will count as two (2) if he/she is in the special education classroom less than 50% of the day.

- (1) Kindergarten25 pupils
- (2) Elementary school grades34 pupils
- (3) Special Education classes 15 pupils

The desirable class size per teacher in the secondary schools shall be as follows:

English >		Computers	24 pupils
Social Studies >		Industrial Arts	20 pupils
General Education >		Vocational Shops	20 pupils
Mathematics >	30 pupils	Art	30 pupils
Science >		Physical Education.....	40 pupils
Language >			
Business >			

At the beginning of the year (first student day), classes shall be balanced within two (2) student F.T.E.'s for grades K and 1; within three (3) student F.T.E.'s for grades 2, 3, and 4; and within four (4) student F.T.E.'s for grades 5 and 6. The District shall make every effort to ensure the classes are balanced at these levels throughout the school year.

- B. The Board shall furnish without charge three (3) smocks to be used by each art, industrial arts, and laboratory science teacher, and shall provide without charge laundering services therefor.
- C. The Board shall retain in each school existing lunchroom, restroom, and lavatory facilities exclusively for teacher use and at least one room appropriately furnished, which shall be reserved for use as a faculty lounge.
- D. Telephone facilities shall be made available to teachers for their reasonable use.
- E. Adequate and restricted parking facilities shall as far as possible be made available to teachers for their exclusive use.
- F. A teacher-administrative council shall be set early in the school year to meet periodically, preferably monthly, to discuss problems of concern to teachers and administration. It shall be composed of the

Superintendent, the principal, elementary teachers, and two from the high school. The meeting will be held after school hours.

ARTICLE IX - EMPLOYEE DISCIPLINE AND PERSONNEL RECORDS

- A. A teacher shall at all times be entitled to have present a representative of the Association when (s)he is being penalized, warned or disciplined for any infraction of discipline or delinquency in professional performance. When a request for such representation is made, no further action shall be taken with respect to the teacher until such representative of the Association is present.
- B. Each file shall contain a cover sheet to be signed and dated by any person reviewing the file.
- C. Material placed in the file, including evaluations, shall not be released to any person without written permission from the employee or valid court order, excepting that materials requested subject to Michigan's Freedom of Information Act shall be released in accordance with the following:
 - 1. The District shall immediately notify the teacher who is subject to the request and provide the teacher with a copy of the request.
 - 2. The District shall allow the teacher the right to review the requested material before release.
- D. Each employee shall have the right upon request to review the contents of his/her own file, except confidential material as determined by law. A representative of the Union may be requested to accompany the employee in such review. In the event the employee feels that material placed or to be placed in the file is inappropriate or in error, he/she may receive adjustment through the grievance procedure whereupon, pending outcome of the grievance, the material shall be corrected or expunged from the file.
- E. An employee may or may not, at his/her option, attach a written response to be attached to any material placed in the file.
- F. If an employee is requested to sign any material placed in the file, such signature shall be interpreted to mean only that the employee knows of its presence.
- G. Any complaint directed toward a teacher deemed to have merit shall be discussed with the teacher.

ARTICLE X - VACANCIES AND PROMOTIONS

- A. Whenever any vacancy in any bargaining unit position in the district shall occur, the Board shall publicize the same by giving written notice of such vacancy to the Association and providing for appropriate posting in every school building. No vacancy shall be filled, except in case of emergency on a temporary basis, until such vacancy shall have been posted for at least seven (7) calendar days. Any teacher may apply for such vacancy. If a vacancy occurs during the school year, it will not be filled on a permanent basis until the following year. Said vacancy shall be posted when it occurs.
- B. A temporary vacancy shall be defined as a position that has been vacated on a temporary basis by the teacher who originally held that position. The administration may fill such vacancies on a temporary basis for less than a semester without the need for posting the position. When the original teacher vacates the position on a temporary basis for a semester or more, the position shall be posted with a notation as to the length of time for which this position may be retained by the teacher who fills such vacancy. All other vacancies within the system must be posted according to Section A of this article.
- C. Any part-time teacher hired will have rights only for a position equal to or less than their current position. If a full-time position becomes vacant, the district has the right to post and hire a full-time person. If it is mutually advantageous, the district may appoint the part-time person to a full-time position. This section does not apply to full-time teachers who have been reduced to part-time.
- D. When a bargaining unit member in charge of a Schedule B activity retires or leaves the School District for any reason, said Schedule B position shall be posted.
- E. Extra duty positions held by non-bargaining unit members who have an effective yearly evaluation shall not be posted annually. When a vacancy occurs, and where a qualified bargaining unit member applies, he/she shall be appointed to the position. The Board and Union shall meet to develop a set of minimum qualifications for all head coaching positions. This section shall not apply to any employee who has been dismissed with cause.
- G. Administrative vacancies shall be posted in each building.
- H. The following duties shall be posted on an annual basis if needed: head teacher, lunchroom duty, bus duty, study room duty, hall duty, and other duties offered to bargaining unit members on a building-by-building basis. These positions shall be filled by the most senior applicant. A teacher shall be limited to filling two (2) positions, except for those buildings where there are not enough applicants to fill all of the positions. In such instances, teachers with two (2) duties will be allowed to fill additional positions. Each position shall be for the entire school year.

ARTICLE XI - PROFESSIONAL QUALIFICATIONS AND ASSIGNMENTS

- A. No new teacher shall be employed by the Board for a regular teaching assignment who does not have a bachelor's degree from an accredited college or university, and/or a valid certificate, except as modified in Section B below.
- B. The employment of teachers by individual contracts as based on special certificates is to be permitted only in cases of absolute necessity.
- C. Teachers shall receive their teaching schedules by August 1st prior to each school year. In the event that changes in schedule are proposed, all teachers affected shall be notified promptly and consulted. In no event will changes in teacher's schedules be made later than the 15th day of August preceding the commencement of the school year, unless an emergency situation requires same. If the Board cannot prove an emergency situation exists, an affected teacher may turn down the change in their schedule.
- D. Any assignments in addition to the normal teaching schedule during the regular school year, including adult education courses, driver education, extra duties enumerated in Schedule B, and summer school courses, shall be with the consent of the teacher.

ARTICLE XII - TRANSFERS

- A. In the event that transfers of teachers appear to be necessary, lists of available positions in the district shall be posted in the same manner as provided in Article X. Teachers who are involved in transfers shall be notified at least thirty (30) days prior to the beginning of the school year, except in emergency situations.
- B. Any teacher who shall be transferred to a supervisory or executive position and shall later return to a teacher status shall be entitled to retain such rights as (s)he may have had under this Agreement prior to such transfer to supervisory or executive status. Such personnel shall receive credit for years of teaching on the seniority list only for the years that (s)he qualified under Article I-A and was not a supervisor and excluded from the contract.
- C. This article is not meant to take away any seniority rights of individuals that were granted under previous contracts.
- D. An involuntary transfer will be made only in case of emergency or to prevent undue disruption of the instructional program. The Superintendent shall notify the affected teacher and the Association of the reasons for such transfer.
- E. The parties agree that involuntary transfers as referenced in Section D above shall be interpreted and defined as follows:

Elementary: Transfers shall be defined as a change in building, position, subject area, grade level, or any combination of the above.

In the event the District closes a building, a change in building alone shall not be considered an involuntary transfer unless said change includes a change in position, subject area, or grade level.

Junior/Senior High School: Transfer shall be defined as the movement of a Junior or Senior High teacher to the elementary level. The District shall continue its practice of assigning teachers within their area of certification.

ARTICLE XIII - REDUCTION OF STAFF

- A. Each year the Board of Education will prepare a seniority list for all teachers following the guidelines established in Section C of this Article. The list will rank the teachers in reverse order of their seniority, with those hired the same date being listed in the order agreed upon at that time. Also named will be the areas for which they are certified and qualified under the guidelines of ESEA.
- Each teacher will be provided a copy of the seniority list and will be given five (5) working days to inform the Superintendent in writing of a disagreement with the list. The Superintendent and the teacher will meet to try to discuss the disagreement and arrive at a mutually acceptable solution. If the teacher is not satisfied with the solution (s)he can use the grievance procedure established in this contract.
- B. Teachers applying for positions in grades 4-6 must demonstrate a strength in the same academic core area as the previous teacher or the academic core area specified in the posting. The demonstrated strength may be determined by teacher certification, teacher training, previous experience, or another method deemed satisfactory by the building principal.
- C. Seniority will be defined as the total number of years or pro-rated part-time years which a person has taught in continuous contractual service in the school district and is a member of the bargaining unit except those persons covered under Article XII, Sections B and C. There shall be no seniority among probationary teachers for purposes of staff reductions only. Otherwise, seniority among teachers hired on the same date will be determined by listing order in the board minutes.

ARTICLE XIV - SICK LEAVE PAY

- A. Sick leave shall be granted in case of illness or physical disability due to accidental injury of the employee only. Conditions created by other members of the family will be limited to the extent covered by emergency leave, Article XV, Section B.1.
- B. Sick leave shall accumulate at the rate of ten (10) days a year to a total of 180 days.
- C. Ten (10) days shall be credited to each teacher upon the first day of the school year except when maximum is or will be reached during the school year when it will be added at the end of the year if used during the year.
- D. Should a teacher leave the school system during the school year (s)he will reimburse the school for any sick leave pay (s)he might have received based on the sick leave allowance for that year. The prorated return shall be determined by consideration of the fraction of the total number of school days remaining at the time of his departure.
- E. Sick leave is provided for illness and personal injury of the employee or his/her immediate family. For the purpose of this Section (E), immediate family shall include spouse, parent, children, or other person living in the employee's household. Extended absences in excess of five (5) consecutive days shall be subject to board approval. The Board reserves the right to investigate alleged misuse and require a doctor's statement if deemed necessary. An employee violating this section and found guilty will be subject to discipline and docking of pay.

Sick Leave Bank

- F. At the beginning of the school year each teacher shall contribute an amount not to exceed three (3) days of the foregoing sick leave allowance to a common bank, which will carry a maximum number of days equal to the number of teachers multiplied by three (3), and which will be administered by a committee of three (3) persons. The Association and the Board shall each name a representative to the committee and the remaining one will be mutually agreed upon by the Association and the Board.
The teachers who have exhausted their accumulated personal leave and the critical illness allowance or emergency in the immediate family may petition this committee for additional sick leave days from the bank provided there are sufficient days remaining in the bank. This petition must be supported by the statement of a physician. In no case will a teacher be paid personal sick leave for more than the number of working days specified in the current contract year.
The bank will be replenished with one (1) day from each teacher when the number of days remaining in the bank equals the number of teachers in the system. Teachers who have reached the maximum accumulation of 180 days may, at their option, donate to the bank any days over 180 remaining at the end of the contract year. Teachers donating five (5) or more days to the sick leave bank at the end of the school year will be credited with one (1) additional personal day to be used in the subsequent school year. This additional personal leave day does not count against the maximum number of accumulated

personal leave days, but must be used in the subsequent year or returned for compensation at the rate of \$50.00 per unused personal day.

Teachers on maternity leave may use sick leave. Teachers on maternity leave may petition the sick leave bank for critical illness related to self or unborn/born child.

ARTICLE XV - LEAVES OF ABSENCE

- A. Any teacher whose personal illness extends beyond the period compensated under Article XIV shall be granted a leave of absence without pay for such a time as is necessary for complete recovery from the illness, for not more than one (1) year, subject to renewal at the discretion of the Board. Upon return from leave, a teacher shall be assigned to the same position, if available, or a substantially equivalent position.
- B. Leaves of absence with pay, chargeable against the teachers' sick leave shall be granted for the following reasons:
1. A maximum of five (5) days per incident for a critical illness or emergency in the immediate family. Critical illness is defined as a health situation which could result in immediate death. An emergency is defined as a sudden generally unexpected occurrence or set of circumstances demanding immediate action.
 2. Attendance at a ceremony awarding a degree to a staff member for such a portion of the day as is necessary.
 3. One (1) day, except where travel requires additional time, for the attendance at the school graduation of a son, daughter, husband, or wife. Additional time shall be within reason as determined by the teacher and superintendent prior to departure.
 4. In addition to ten (10) sick days, two (2) days annually for personal business will be granted. The number allowed on any given day cannot exceed ten percent (10%) of the total teachers. Leave will be granted in order of request. Once a personal day is requested, it cannot be canceled unless notice is given by the close of office hours the day prior to the scheduled leave. A personal day cannot be taken the first two (2) weeks or the last two (2) weeks of the school year.
Personal leave days may accumulate up to five (5), with the exception, that when an additional personal day is provided to a member who has saved 180 sick leave days, and returns five (5) or more sick leave days to the sick leave bank, that person could maintain six (6) personal days only for the school year for which it was granted. Accumulated personal leave may not be taken during August, September, May, June, the last three (3) days of the semester, or parent-teacher conferences.
Those individuals not using or accumulating personal leave days will be paid at the rate of \$50.00 per personal day. Individuals will inform the Superintendent at the end of the school year that they wish to be paid.
- C. Leaves of absence with pay not chargeable to sick leave allowance shall be granted for the following reasons:
1. An employee shall be allowed for death in the immediate family up to three (3) working days as bereavement days per death. None of the bereavement days shall be deducted from sick leave. The immediate family is defined as spouse, significant other, mother, father, brother, sister, son,

daughter, mother-in-law, father-in-law, son-in-law, daughter-in-law, grandparent-in-law, grandparents and grandchildren, or other dependent residing in the home. Bereavement leave will also be allowed for sister-in-law, brother-in-law, niece, nephew, aunt or uncle. In the event the employee is responsible for the arrangements for the emergency caused by the death, or in case of distant travel, the Superintendent may allow one (1) or two (2) additional days.

2. Two (2) additional personal days may be granted at the discretion of the Board for teachers with expertise in matters which make a necessary and very important contribution to local community affairs. The applicant for such leave must establish, in writing, the nature of their contribution and how it will benefit the Ironwood Area School District's citizens.
 3. Court appearance as a witness in any case connected with the teacher's employment or the school, or whenever the teacher is subpoenaed to attend any legal proceeding.
 4. Time necessary to take the selective service physical examination.
 5. Eight (8) personal days to be credited to the president of the Association to be used by the Association. Substitute teachers, if necessary, will be paid by the Association. The Association shall be granted seven (7) additional days at actual cost of the absent teacher.
 6. Absence from work because of mumps, pink eye, impetigo, scarlet fever, measles, chicken pox or lice. The teacher must bring a statement from a physician substantiating these illnesses. The following procedure shall apply to teachers who are absent from work due to any of these illnesses:

Both parties agree to be bound by the award of the arbitrator and agree that judgment thereon may be entered in any court of competent jurisdiction.

- I. The fees and expenses of the arbitrator shall be shared equally by the parties.
- J. The time limits provided in this Article shall be strictly observed but may be extended by written agreement of the parties. If the Association violates the time lines as specified within this Article without a written waiver, the grievance shall be considered dropped without prejudice. If the District violates the time lines as specified within this Article without a written waiver, the grievance shall be considered sustained.

However, the annexed district teachers shall be placed on the salary schedule at Board discretion. RULES AND REGULATIONS FOR SICK LEAVE BANK

The following rules and regulations are hereby adopted by the Sick Leave Bank Committee of the Ironwood Area School District, pursuant to Article XIV, subparagraph F, of the Master Agreement between the Ironwood Area School District and the Ironwood Education Association.

1. The teachers who have exhausted their accumulated personal leave and critical illness allowance or emergency in the immediate family may petition this committee for additional sick leave days from the bank. Such applicant may draw a maximum of 60 days from the bank on their initial petition. Teachers may come back to the sick leave bank committee an additional two (2) times in a school year for a total of 180 days. There will be no loss of compensation for the second or third petition. Each petition must be supported by the statement of a physician. In no case will a teacher be paid personal sick leave for more than the number of working days specified in the current contract year.
2. In order to draw upon the sick leave bank, the teacher must be absent for two (2) consecutive days without pay.
3. At the beginning of the school year following the use of time from the sick leave bank, a teacher who has used such credit, will repay the sick leave bank three (3) sick leave days for each subsequent year during employment with the Ironwood Area School District until the teacher has repaid the bank for the number of days borrowed, or is no longer employed with the district. Any accumulated sick leave will be, upon termination of employment, returned to the remaining balance owed to the sick leave bank. If fewer days are returned than owed, there will be no other cost to the employee.
4. Each teacher who wishes to participate in the sick leave bank must sign and place on file with the Sick Leave Bank Committee the AGREEMENT OF PARTICIPATION IN THE SICK LEAVE BANK.
5. If a teacher is collecting worker's compensation, the teacher can collect from the sick leave bank the difference between his salary and worker's compensation as in accordance with Article XV, subparagraph G of the Master Agreement. In the event that an applicant receives worker's compensation after the teacher has already drawn from the sick leave bank, the teacher must then repay to the

school district the dollar amount of worker's compensation, computed on a daily basis, from the date on which the teacher was eligible and did receive worker's compensation. Upon receipt of such monies, the school district shall credit these monies back to the sick leave bank in days on a pro-rated basis. The teacher shall be able to retain the dollar amount between his regular salary and worker's compensation.

6. The Sick Leave Bank Committee agrees to abide by the above rules and regulations when granting sick leave days to teachers.
