APPENDIX A - DRUG & ALCOHOL AGREEMENT

The Board of Education of the Grand Rapids Public Schools (“Board”) and the Grand Rapids Education Association and Grand Rapids Educational Support Personnel Association and Grand Rapids Association of Educational Office Personnel and GRACEN and GREOA (“Associations”) agree to the following conditions which shall govern drug and alcohol testing of all bargaining unit members who are not subject to the Omnibus Employee Transportation Act of 1991 (OTETA):

1. **Statement of Philosophy.** The Grand Rapids Public Schools recognizes the contributions of individual employees and their right to make choices for which they accept responsibility. Therefore, the parties agree that there should be opportunities for employees to seek counseling and/or rehabilitation. Further, the parties recognize that off-duty drug or alcohol use is not subject to testing unless it results in impaired at-work performance, or otherwise violates this agreement, Board Policy or work rules.

Therefore, the Board and Association agree that the performance of job responsibilities with detectable levels of blood or breath alcohol (.04 or above), illegal, or unauthorized drugs in employees’ bodies is a violation of Board Policy or work rules. (“At work with detectable levels”.)

2. **Reasonable suspicion.** Only reasonable suspicion testing shall occur; when it occurs it will be subject to the terms of this agreement. Reasonable suspicion must be based on specific, contemporaneous, articulable observations at work concerning the appearance, behavior, speech or body odor that the employee may be at work with detectable levels of alcohol (.04 or above), illegal or unauthorized drugs.
3. **DOT or Comparable Training.** At Board expense, and with no use of Association Days (if applicable), up to five (5) Association representatives from each bargaining unit may participate in the reasonable suspicion training conducted in 1999-2000, excluding DOT-covered employees, and thereafter as mutually agreed. Association representatives will only be paid for this time if it occurs during their normal work hours. Administrators who make a determination of reasonable suspicion must have been trained regarding reasonable suspicion training within the thirty-six (36) months prior to the determination.
4. **Test Reports, Confidentiality.** Test results will be reported to the Board and will be maintained by the Board in a separate medical file with restricted access¹. The Board will provide results to the Association only after the employee consents in writing to the disclosure. Except as expressly required by law, the Board will not release test results without the employee’s written consent. Upon written request at any time, the Board will provide the Association with the contents of all investigatory files pertaining to violations of

¹ The medical files of an employee are kept separate from the personnel records. Access is limited to those with a legitimate business reason to have access.

this agreement, excluding test results (unless the employee has consented.)

5. **Notice to Employees.** The Association will use its best efforts to provide a copy of this agreement to all employees for ratification. The Board will use its best efforts to distribute this agreement to all employees within thirty (30) days after ratification. It shall also be distributed at new employee orientations. The Board will have it available for employee review in all District buildings.
6. **Drug and alcohol testing.** All testing will occur at a laboratory certified to conduct DOT testing. All testing expenses shall be paid by the Board, unless otherwise stated in this agreement. The test protocols contained in 49 CFR part 40 which apply to the reasonable suspicion testing mandated by OTETA, including the split sample, shall be used. The drug test used shall be the N.I.D.A.-like type and automatic M.R.O. (Medical Review Officer) review, including any revision to the N.I.D.A.-like test. The N.I.D.A.-like test currently detects amphetamines, cocaine, marijuana, opiates, and phencyclidine (PCP).

Employees may request a split sample test. The employee will pay for the analysis of the split sample test at the time of the request. If the analysis of the split sample is below the current N.I.D.A.-like threshold, the Board will reimburse the employee the cost and the test shall be considered negative.

The alcohol test used shall be the breath alcohol test. If an employee produces a positive breath alcohol test (.04 or above), he/she may request a blood alcohol test at employee expense. The Board will consider the results of all tests conducted before determining what, if any action to take. If the employee is unable to produce sufficient breath volume after three attempts, the employee may be directed by the Board to submit to a blood alcohol test at Board expense.

7. **Definition of "at work."** This agreement is applicable only when the employee is performing responsibilities for the Board, immediately before the employee is to perform such responsibilities, or just after the employee has ceased performing such responsibilities. Extra-duty responsibilities for which the employee is compensated, such as coaching, field trips, evening functions, etc. are included in the definition of "at work."
8. **Self-Identification.** Employees who believe they have a substance abuse problem are encouraged to self-identify or voluntarily refer themselves to the Employee Assistance Program (E.A.P.), or seek other treatment options. To this end, employees who voluntarily request assistance or self-identify, before discipline is pending or imposed pursuant to this agreement, will not be subject to discipline because of the self-identification. However, an employee may not avoid disciplinary consequences by taking such action after receiving notice of a directive for reasonable suspicion testing. In addition, self-identification or referral will not preclude the Board from disciplining an employee for misconduct, which would otherwise constitute grounds for discipline.

9. Board Right to Mandate Test Upon Reasonable Suspicion.

a. *First Incident.*

1. If two trained administrators, using the “Observed Behavior-Reasonable Cause Record” (which is attached to this agreement) have made a determination that there is reasonable suspicion that an employee may be at work with detectable levels of alcohol (.04 or above), illegal, or unauthorized drugs in their body, the employee shall receive a Notice of Rights (attached). The Notice of Rights shall be signed by the employee to indicate that it has been received, and a copy shall be placed in an investigative file. The issuance of the Notice of Rights may not be grieved or arbitrated. The Notice of Rights is not considered discipline nor is it evidence of substantiated unprofessional conduct. No further action will take place unless there is another reasonable suspicion incident (within 36 months of the issuance of the notice) in which two trained administrators make a determination that there is reasonable suspicion that an employee is at work with detectable levels of alcohol (.04 or above), illegal, or unauthorized drugs in their body.
2. Upon the first occurrence of reasonable suspicion, the employee will be placed on sick leave for the remainder of the day/shift and transported home. If the test results are positive, the employee may face adverse disciplinary consequences, up to and including discharge.
3. The employee shall be referred to the E.A.P. for an evaluation. The evaluation shall be during regular work hours and at no expense to the employee. Failure on the part of the employee to attend and cooperate without good cause shall subject the employee to discipline, up to and including discharge. The E.A.P. counselor will report to the Board only that the employee attended. All other information is confidential.
4. The employee may submit a written statement, not exceeding five pages, to be appended to the Notice maintained in the investigative file. At the employee’s option, he/she may submit to the Board evidence of a medical condition, which might be mistaken for substance abuse. The employee may voluntarily request a drug and alcohol test upon the first occurrence of reasonable suspicion. If the test is negative, the Notice of Rights will not be issued or placed in an investigative file. If the test results are positive, the employee may face adverse disciplinary consequences, up to and including discharge. Labor Relations will review the investigative file to ensure that the procedures described herein were substantially followed.
5. If, after thirty-six calendar months, there is no similar incident, the investigatory file and Notice of Rights shall be of no effect and/or be destroyed. Any further incidents shall be considered a first incident.

- b. **Subsequent Incident(s).** If an employee has received a Notice of Rights within the past 36 months and two trained administrators, using the “Observed Behavior-Reasonable Cause Record” determine that there is reasonable suspicion the employee is at work with detectable levels of alcohol (.04 or above), illegal, or unauthorized drugs in his/her body, the Board shall direct the employee to submit to a test. The observation must be made by two trained administrators based on the “Observed Behavior-Reasonable Cause Record” which is attached to this agreement. Before the Board directs the employee to submit to a test, the Board will advise the employee of his/her right to Association representation. The unavailability of a particular Association representative will not delay the testing process. In unusual circumstances (such as late night) a telephone contact with an Association representative will suffice. Upon being so directed, the employee must immediately cooperate and submit to the test. The individuals who make the determination of reasonable suspicion shall not conduct the test. The Board will transport the employee to the test site. At the time of the observation, or just after the observation, the trained administrators will each describe in writing the observations that led to the reasonable suspicion. However, not later than within one scheduled business day after the observation, the trained administrators will submit to Labor Relations the “Observed Behavior-Reasonable Cause Record” and any other pertinent information concerning the basis for the reasonable suspicion.
- c. **Refusal to test.** Any employee who is directed to submit to a test and who refuses shall be subject to discipline, up to and including discharge. Refusal to test shall include (but is not limited to): refusing to provide a useful specimen; knowingly contaminating or attempting to dilute the specimen; or failing to cooperate in the timely completion of the test.
10. **Discipline.** The Board will determine the discipline, up to and including discharge, to be imposed as a result of a positive test. All discipline shall be subject to just cause and the applicable grievance arbitration procedure. Nothing in this agreement will preclude the Board from disciplining an employee for misconduct which would otherwise constitute grounds for discipline.
11. **Use of another’s prescription.** An employee with a positive test who claims that he/she took the medication prescribed for another person, shall have up to three (3) business days to produce evidence to support this claim. When an employee provides reasonable evidence to support their use of another person’s prescription, the test results shall be considered negative, only on the first occurrence. The employee will then be warned in writing by the Board that this practice is illegal and will be considered a positive result on the next occurrence.
