If any teacher was working less than full time during the 2005-06 school-year and was receiving this program, they will be “grand-fathered” and will be able to continue. No future less than full time teachers will be eligible to receive this benefit.)

Upon retirement this payment will be made in July.
- I. The Board may place a teacher new to the School District on the Salary Step Schedule in accordance with that teacher's education and experience teaching in other school districts, limited to a maximum of five years credit. - K. In each year of this Agreement, the Board shall pay the required state contributory retirement percentage for each teacher to Michigan Public School Employee's Retirement Fund.
- L. Teachers hired on or before March 15th of the current school year shall be considered to have established their anniversary date as of September 1st of the current school year for the purposes of determining seniority, longevity, and credit towards the salary step schedule. Teachers hired on March 16th or later of the current school year shall be considered to have their anniversary date effective on the following September 1st for the purposes of determining seniority, longevity and credit towards the salary step schedule.

- M. In lieu of prep time, five (5) days shall be granted to each teacher as compensatory time. The teacher must notify the Superintendent five (5) school days in advance of taking three to five compensatory days if they are to be used at one time. If these days are not used consecutively, they will be treated in the same manner as personal days. If these days are not used by the end of the year, they will become sick days.
- N. The acceptance of a teacher's aide will be discussed between the teacher and the Superintendent with the educational decision focused on the well being of the students.
- O. Mileage for teachers traveling on school business, whether to workshops or conferences, will be equivalent to IRS mileage guidelines.
- P. Because of state mandated clock hour requirements, teacher lunchtime has been reduced to 35 minutes per day. If a teacher is available for duty during this time, lunch will be provided by the district. Any teacher who covers another assignment as a substitute teacher shall receive comp time or sub rate of pay prorated based on a full day rate for a sub.
- Q. Stipend for Lead Teacher shall be \$1,500 per semester.
- R. Any teacher required by the superintendent or School District to work in a workshop or in-service, beyond the agreed contract responsibilities and those days required by law, shall receive for each day worked a stipend equal to the teacher's per diem pay. This per diem would apply only if the teacher is mandated to attend and no other compensation is paid to the teacher (curriculum teams, lead-teacher, technology coordinator, etc.). If the in-service is not required by law and the district makes the attendance optional, compensation may be equal to the daily sub rate for a full day of in-service or workshop, if funds are available.

ARTICLE V
PROFESSIONAL IMPROVEMENT

- A. The parties support the principle of continuing education of teachers, participation by teachers in professional organizations in the areas of their specialization, leaves for work on advanced degrees or special studies, and participation in community educational projects.
- B. At the request by the P.T.S. or on the Board's initiative, arrangements may be made for after school courses, workshops, conferences and programs designed to improve the quality of instruction. Every effort will be made to obtain people of the highest qualifications to participate in the presentation of such programs. All teachers desiring to attend shall be allowed to do so, but attendance shall be optional.
- C. Upon request by a teacher and if recommended by the Superintendent, a teacher may attend selected professional conferences and Michigan Department of Education curriculum committee meetings with the expense to be paid by Moran Township School. Professional employees are entitled to attend at least one educational conference per school year with all expenses paid. Teachers attending such conferences and meeting shall be granted sufficient leave time to attend without loss of compensation.
- D. The Board may, if funds are available, pay fifty percent of the tuition costs for four graduate credits per year earned by bargaining unit members provided that prior written approval is granted by the Superintendent. Each year, by May 1st, the individual teacher must report to the Superintendent that he/she will be taking a specific amount of credits so the cost of the credits can be included in the next school year's budget. In order to receive written reimbursement, the employee must provide receipts and proof of successful completion of the course(s). If Moran Township Board of Education requests the teacher to take the class for professional improvement, the district will pay the 100% cost of the class. This procedure will be written and signed by the teacher and the Superintendent. Payment may be paid in advance to the university upon approval of the Board; however, the teacher shall reimburse the School District the amount of the tuition payment if credit is not earned.
- E. Public Act 335 requires that each new teacher in the district be provided with a professional development plan involving fifteen days of professional development over a three year period. In addition, district-wide needs, State and Federal mandates, as well as new developments in the field of education research make it imperative that teachers be given the opportunity to attend select professional conferences, workshops, and programs designed to improve the quality of instruction at Moran Township School.
- F. Teachers must notify the Superintendent of their intent to change lanes by May 1st of the school year preceding the intended change. Completion of all course work making a teacher eligible for a lane change must be completed by August 25 with official transcripts provided to the superintendent by October 20. If official transcripts are not provided by October 20, salary will be reduced to the previous lane starting with the next semester at a rate to complete the pay back by the last pay of May. Extenuating and unforeseen circumstances may be appealed to the Superintendent.

ARTICLE VI

TEACHING HOURS

- A. The Board and the P.T.S. recognize that the standard work week consists of Monday through Friday, with the standard workday as defined in Section C of this Article. The Board will so far as possible, set work schedules and make professional assignments which can reasonably be completed within such standard work week. The Board will not require teachers to regularly work in excess of such standard work week within or outside of the school building. The work day length and school calendar will be recommended by the Superintendent with input from the P.T.S. and approved by the Board at the beginning of each school year.
- B. Teachers under Schedule A shall be responsible for the readiness of their classroom for the first day of school in September and also at the closing in June. The school year will number 180 student contact days, unless otherwise mandated by State Law.
- C. The teachers' professional standard workday shall be considered as those hours and activities the teachers require to perform their professional duties. Normally, the teachers shall arrive at the school ten minutes before the start of the school day and shall not depart until ten minutes after the scheduled ending time. On scheduled half-days, the Superintendent shall set the work day length. The Board shall not require teachers regularly to work in excess of such standard work day or work week within or outside of the school building. Teachers shall be entitled to a 35 minute duty-free uninterrupted lunch period.
- D. The teachers may use for preparation of their lesson plans any time during which their classes are receiving instruction from various teaching specialists.
- E. If school is closed due to severe inclement weather or other "Acts-of-God", after the beginning of the teacher work day, all teachers will be free to leave after the buses leave.
- F. In the event that school is closed due to "Act-of-God" hours or days in excess of the number of hours or days allowed by law within the school year, the calendar shall be adjusted accordingly upon recommendation by the Superintendent with input from the P.T.S., and with approval by the Board.
- G. When funded by the Board, all teachers shall have equal opportunity to have an enrichment program in their classroom upon Board approval with recommendation from the Superintendent and input from the P.T.S. This does not pertain to school-wide enrichment programs.

ARTICLE VII

TEACHING LOADS AND ASSIGNMENTS

- A. The normal weekly teaching load in the school will be a standard work week, in accordance with Article VI.
- B. Computers and computer software have been provided for the P.T.S., with the intent of incorporating computer assisted teaching into the everyday classroom learning experience. The Board encourages the teachers to revise and rework their lesson plans to incorporate this goal into their teaching methods. The Board anticipates that this should be accomplished in a timely manner.
- C. Since students are entitled to be taught by teachers who are working in their areas of competence, teachers shall not be assigned, except temporarily for good cause, outside the scope of their teaching certificates or their major or minor field of study.
- D. Teachers who will be affected by a change in grade assignments, will be notified and consulted by the Superintendent as soon as practical and no later than July fifteenth. Such changes will be voluntary to the extent possible. Every effort will be made to avoid reassigning probationary teachers to different grade levels unless the teacher requests such change.

ARTICLE VIII

TEACHING CONDITIONS

The Board and the P.T.S. recognize that the availability of optimum school facilities for both student and teacher is desirable to insure the high quality of education that is the goal of both the P.T.S. and the Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed at insuring that the energy of the teacher is primarily utilized to this end.

- A. Because the student-teacher ratio is an important aspect of an effective educational program, the Board and the P.T.S. agree that the ideal class size should not exceed twenty-five students per classroom, and that there should be one grade per classroom whenever possible. The Board, with input from the Superintendent and the P.T.S., will attempt to provide the least disruptive teaching setting, to achieve this goal, within budgetary limits of the State's funding.
- B. The Board shall provide, within budgetary limits, appropriate texts, library reference facilities, maps and globes, audio visual, computer technology, sports and music equipment, laboratory equipment, art supplies, current periodicals, standard tests and questionnaires, and similar materials that are the tools of the teaching profession. The Board, the Superintendent, and the P.T.S. will confer from time to time for the purpose of improving the selection and the use of such educational tools. The Board agrees to keep the school reasonably and properly equipped and maintained, subject to financial limitations.
- C. The Board agrees that certain classes need adequate funds to provide for consumable materials and to acquire and maintain durable goods and equipment. Therefore, the Board shall provide within budgetary limits an adequate budget for these classes, to be spent as the teacher deems necessary, upon approval of the Superintendent.
- D. The Board will authorize applications for federal, state, and any other grant funds available for education, whenever possible.
- E. The Board shall make available in school at least one room, appropriately furnished, which shall be reserved for use as a faculty lounge and be accessible at all times, for use by teachers.
- F. Telephone facilities in the teachers' lounge shall be made available to teachers for their reasonable use.

- G. Adequate designated parking facilities shall be made available to teachers for their reasonable use.
- H. Notwithstanding their employment, teachers shall be entitled to full rights of citizenship. Religious or political activities of any teacher, or the lack thereof, shall not be grounds for any discipline or discrimination with respect to the professional employment of such teacher.
- I. The provisions of this Agreement and the wages, hours, terms and conditions of employment shall be applied without regard to race, creed, religion, national origin, age, sex, mentally or physically challenged, marital status or membership in or association with the activities of any employee organization. The Board and the P.T.S. pledge themselves to seek and extend the advantages of public education to every student without regard to race, creed, religion, sex, national origin or the mentally or physically challenged and seek to achieve full equality of educational opportunity to all students, in accordance with federal laws.

ARTICLE IX

LEAST RESTRICTIVE ENVIRONMENT

The Board and the P.T.S. acknowledge least restrictive environment mainstreaming special education students is legally mandated and intended in the best educational interest of the student. For the purpose of this article, such students shall be referred to as “Mainstreamed Students.”

- A. If any teacher, in writing advises the Superintendent and reasonably believes that a mainstreamed student assigned to the teacher has a current Individual Educational Plan Committee (I.E.P.C.) report that is not meeting the student’s unique needs as required by law, the Superintendent shall call a case study meeting which shall include the teacher.

- B. In general education classrooms:
 - 1. Any teacher who will be providing instructional or other services to a mainstreamed student in a regular education class shall be invited to participate in the student’s I.E.P.C. If the teacher is not notified prior to the I.E.P.C., a meeting will be convened with the teacher to review the I.E.P.C. Such a meeting will be arranged in consultation with the teacher as soon as possible.
 - 2. The mainstreamed student’s placement shall be determined to the extent permissible by law and through the I.E.P.C. in such a way to minimize any negative impact on the classroom.
 - 3. The Board upon recommendation of the Superintendent shall provide, upon the teacher’s request, prior to such placement whenever possible, in-service training on instruction and behavioral management of such mainstreamed students. Similar awareness programs may be provided for classmates upon the teacher’s request. If such prior training is not possible, the training will be provided as early as can be arranged after the placement has occurred. If such training is not readily or reasonably available, the Superintendent and the P.T.S. will meet with the affected teacher(s) to discuss possible alternatives.

- C. All health services necessary to be provided to any student shall be the responsibility of the Superintendent and the Board.

ARTICLE X

VACANCIES, PROMOTIONS AND TRANSFERS

- A. Whenever any teaching vacancy in any position or a new opening in the district shall occur, the Board shall publicize the same by giving written notice of such vacancy to the P.T.S. and providing for appropriate posting in the school building. No vacancy shall be filled, except in case of emergency on a temporary basis, until such vacancy shall be posted for at least five school days.
- B. The Board declares its policy of filling vacancies, including vacancies in supervisory positions, with the best candidate available. All applicants for a vacant position presently employed by the school district shall be given full consideration of the following: seniority, experience, competency, and qualifications of the applicant as determined by the Board. Current full-time employed teachers if meeting the requirements of the position vacant, shall be allowed to transfer to vacant positions in another grade prior to consideration of outside candidates by the Board. Should more than one current teacher request such a transfer, the most senior shall be transferred.
- C. Any teacher who shall be transferred to the supervisory or executive position and shall later return to the teacher status shall be entitled to retain such rights as the teacher may have had under this Agreement prior to such transfer to supervisory or executive status. The supervisor or executive shall be given credit on the salary schedule while serving as an executive or supervisor if they return as a classroom teacher in the school district.

ARTICLE XI

REDUCTION IN PERSONNEL - LAYOFF AND RECALL PROCEDURES

It is hereby specifically recognized that the Board has the right when necessary to reduce the educational program, curriculum and staff. The procedures set forth in this Article shall be used in laying off personnel, subject to those limitations expressly set forth elsewhere in this Agreement between the Board and the P.T.S.

- A. Layoff Procedure - In order to promote an orderly reduction in personnel when curriculum and staff is curtailed, the following procedure shall be used:
1. Probationary teachers shall be laid off before a tenure teacher. Probationary teacher lay off shall proceed on the basis of performance evaluation, certification and inverse seniority.
 2. Tenure teachers shall be laid off on the basis of certification and seniority. Layoffs made pursuant to this section shall be made in the inverse order of seniority; i.e., those with the least seniority are to be laid off first. For the purposes of this Agreement "seniority" is defined as non-terminated years of employment in the school in positions that require teacher certification. Leaves of absence shall not be considered terminations; however, time spent on unpaid leave shall not count toward seniority.
 3. A tenure teacher, who is laid off pursuant to this Agreement, has the right to be placed in a teaching position for which the teacher is certified and qualified to fill and which is occupied by a teacher with less seniority.
 4. The Board will further use its best efforts to assist all teachers terminated by lack of work to secure employment.
- B. Recall Procedure
1. Any teacher on layoff shall be recalled in inverse order of layoff provided the teacher is certified and qualified for the vacancy. The teacher shall be notified by certified mail to addressee only, return receipt requested. Within fourteen calendar days of the receipt of a written offer to return to employment, the teacher shall accept the position in writing or it shall be determined that the teacher has declined the position thereby losing the teacher's right to recall. It is the teacher's responsibility to keep the teacher's address current with the Superintendent.

C. Individual Contract

1. The individual contract, executed between each teacher and the Board is subject to the terms and conditions of this Agreement. It is specifically agreed that this Agreement takes precedence over and governs the individual contract and the individual contract is expressly conditioned upon this Agreement, if the individual position is eliminated.

ARTICLE XII

PAID LEAVE

- A. All teachers absent from duty due to personal illness, attendance at funerals, or serious illness in the immediate family shall be allowed full pay for a total of twelve days per year. Unused days may be accumulated up to 180 days or the state mandated school year if longer.
- B. All teachers shall be entitled to three personal days per year. Unused days may be accumulated up to eight (8) days, and may be used consecutively. Unused personal days shall be accumulated as unused sick days.
- C. Any teacher who is absent because of injury or disease compensable under the Michigan Workmen's Compensation Law, shall receive benefits as outlined in the Michigan Workmen's Compensation Law.

A teacher may use these days after all of their own sick leave and personal business days have been exhausted for a doctor supervised illness subject to approval by the P.T.S. Teachers may use as many days as needed to finish the school year, if necessary. To utilize the bank again, the teacher must come back and work for six consecutive weeks. Any days borrowed from the sick leave bank shall be paid back at the rate of 3 days per year. Upon separation from the system, the teacher shall pay back the balance of days owed from whatever the teacher has accumulated. **(Sick leave bank language needs to be clarified with procedures to ensure fair and appropriate use and monitoring.)**
- E. Paid leave, to be deducted from the teacher's accumulated sick leave, shall be granted for the following reasons:
 - 1. Attendance at a ceremony awarding a degree to the staff member.
 - 2. Attendance at the school graduation of a son or daughter, husband, or wife.
 - 3. Maternity or adoption leave.
- F.
