100.0 It is important that grievances be handled as rapidly as possible. The number of days indicated at each level should be considered as a maximum and every effort should be made to expedite the process. The time limits may be extended by mutual consent in writing by authorized representatives of each party.

200.0 It shall be the general practice of all parties to process grievances during mutually agreed to times.

700.0 Any grievance not advanced from one step to the next within the time limits, shall be deemed resolved by the answer of the previous step. The failure of the grievant to advance the grievance shall not serve as precedent in any subsequent grievance.

701.0 Level One

The teacher with a complaint or grievance shall within twenty-five (25) days of the date the individual knew or reasonably should have known of the alleged grievance first discuss the matter with his immediate administrator, either individual or with a representative of the Association, with the object of resolving the matter informally. He/She may request that a representative of the Association accompany him/her in approaching his/her immediate Administrator. In such case the administrator shall not initiate any consultation with the grievant prior to any scheduled meeting at which the representative is to be present. Once reduced to writing, a grievance may be advanced to a higher level by the mutual and written consent of the grievant, a representative of REA and representative of RCS.

702.0 Level Two

In the event the grievance is not resolved at Level One, the grievance may be reduced to writing on a prescribed form, signed and copies submitted to the Richmond Education Association, the immediate Administrator, the appropriate Administrative Assistant and the Superintendent of Schools. Unless otherwise requested, the grievance hearing before the Board shall be heard in executive session. A written statement will be issued to the Association by the School Board stating the final decision on the grieved matter. When the written statement is received, the grievance procedure is ended. Failure of the Association to appeal the grievance to a court of competent jurisdiction within thirty (30) days shall result in waiver of the grievance and any appeal thereof.

VIII. 2004 SENATE BILL 199 LANGUAGE

Effective Date: The following amendments are made to the Contract Agreement between the Richmond Community Schools Board of School Trustees and the Richmond Education Association, signed the 11th day of August, 2004. These amendments shall be effective with respect to any teacher retiring at the end of the 2003-2004 school year. For the 2004-2005 school year only, teachers who qualify to retire may select either the retirement plan under the original 2003-2006 agreement or the buyout plan. However, to be covered under the retirement plan outlined in the original 2003-2006 agreement, an irrevocable letter of retirement at the end of the 2004-2005 school year must be given to the Chief Human Resources Officer before the 15th of June, 2004. Any teacher who has retired before the effective date will only be entitled to those benefits contained in the Contract Agreement as of the time of his or her retirement, but as may be otherwise revised from time to time.

100.0 2004 Buy Out of Retirement Benefits

101.0 Elimination of Prior Agreement's Retirement Bridge and Severance Benefit

101.1 The Board and the Association specifically reserved the authority to revise or terminate the retirement benefits contained in earlier agreements. Exercising this authority, the Board and the Association now confirm that Article IV Fringe Benefits, Section C Severance Pay, Early Retirement and IRS Code Section 403b Matching Annuity and Custodial Mutual Funds in the Agreement immediately before this amendment's effective date are terminated and shall not apply to any teacher retiring or severing employment with the school corporation on or after this amendment's effective date, except as otherwise specifically provided in the introductory amendment of this Article. Those teachers who retired or severed employment before the effective date shall only be entitled to the retirement benefits contained in the prior agreement as of the time of his or her retirement, but as may be otherwise revised from time to time.

102.0 Entitlement to Retirement Benefits and Vesting Requirements

102.1 Upon retirement from Richmond Community Schools, a teacher shall be fully vested in the retirement benefits described in this Article if the

retiring teacher has satisfied the following requirements unless otherwise specified:

102.11 The teacher must be at least fifty-five (55) years of age on or before August 31st and must be credited with twelve (12) years of teaching service in RCS and nineteen (19) total years of teaching experience credited by RCS.

102.12 A qualified teacher electing to retire must notify, in writing, the Chief Human Resources Officer by March 1 of the year immediately before retirement shall begin. The Board may approve exceptions for reasons of health and other emergencies.

102.13 Upon receipt of notification of the employee's intent to retire and verification of the unused accumulated sick leave days, the Board will increase the last year's contract amount by up to \$2,000 with payment distributed the last payroll period of the school year. The exact dollar figure will be based on the number of unused accumulated sick leave days (capped at 70 days) times \$30. If after application for retirement provided herein the staff member dies, his/her beneficiary, as filed with the Indiana State Teachers' Retirement Fund, shall receive this additional compensation based on the above calculation.

103.0 Actuarial Determination of Value of the Current Retirement Bridge and Severance Benefits

103.1 The present value of the future severance benefits and retirement bridge payments will not be reduced by the Social Security and Medicare taxes (FICA).

103.2 Employees hired after the school year 1997-1998 shall not be entitled to any payment for the eliminated retirement bridge or severance benefits other than buyout of unused accumulated sick day leave.

103.3 The Educational Services Company has been selected to determine the present value of the unfunded severance benefits and retirement bridge benefits described in the prior agreement. In making this present value determination, the Educational Services Company shall use the following assumptions:

103.31 The assumed interest rate for the purpose of determining the present value is four percent (4%) for the first two years, six and one half percent (6.50%) for the next two years and seven and one half percent (7.50%) for year five and all years thereafter. However, for post-retirement cash flow purposes, a four percent (4%) interest rate shall be used.

- 103.32 It is assumed that an employee terminates employment at the end of the school year in which the employee attains age fifty-nine (59). If an employee hired prior to the 1997-98 school year continues employment after the attainment of age fifty-nine (59), the employee continues to share in any future forfeitures.
- 103.33 The board's contribution to the annual post-retirement single or family health insurance premiums will be assumed to be equal to seven thousand dollars (\$7,000) for employee and fourteen thousand (\$14,000) for employee and spouse at the time of retirement. Irrespective of the teacher's anticipated date of retirement, no further increase in this annual cost is to be assumed. Furthermore, payments will be deemed to terminate when the individual would otherwise be eligible for Medicare. This board contribution to a VEBA account will only be distributed to those individuals hired prior to 1997-98.
- 103.34 The anticipated amount of the Social Security bridge supplement shall be determined using the amount of annual benefit described in subsection 204, Section C of Article IV of the prior agreement. However, it is assumed that individuals do not retire until the later of: (a) the attainment of age fifty-nine (59), or (b) satisfaction of the eligibility requirements of subsection 102, Section C of this Article IV. The total amount for calculation of this buyout is decreased by the aggregate earnings of the 403b established for all bargaining unit members hired prior to 1997-98. In addition to the aggregate earned amount to June 30, 2004, interest credit will be calculated on the remaining aggregate earned amount to age 59 for pre 1997 participants.
- 103.35 Using the method of calculation described in Article IV, Section C, subsection 100 of the prior agreement, the severance benefit for each employee will be determined, subject to the following adjustments:
- 103.351 For purposes of the calculations, projections of future sick leave accumulation shall be extrapolated based upon each individual's sick leave ratio as of the 31st day of July, 2004. The sick leave ratio is calculated based on the total unused accumulated sick leave days divided by the employee's years of service with RCS for an average annual amount with a maximum amount of ten (10) days annual and a minimum amount of two (2) days. Unused personal leave days are included as sick leave days following the end of the teacher contract year effective July 31, 2004.

- 103.352 The employee's base daily rate will be increased by assumed years of service.
- 103.353 The final buyout amount is based on the total unused accumulated sick leave days calculated by multiplying the employee's sick leave ratio times the assumed years of service to retirement minus seventy days (70). The total number of days shall then be multiplied at a value of forty-five dollars (\$45) per day assumed at retirement.
- 103.36 Using the method of calculation described in Article IV, Section C, Subsection 100 of the prior agreement, the severance benefit of 11% of the last year's contract amount will be calculated utilizing the assumed age of retirement of fifty-nine (59) years and an annual average salary increase of two (2%) percent.
- 103.37 Amounts forfeited upon termination of employment because of the failure to meet the applicable vesting requirements shall not be reinstated or re-credited if an individual is subsequently rehired or re-employed by the school corporation. However, if the Board approves a leave of absence for an employee, not to exceed one year, such period of leave shall not result in forfeiture, provided the employee shall promptly return to employment following the expiration of the period of leave not to exceed one year.
- 103.38 The present value of the severance benefits and retirement bridge under the prior agreement shall be calculated effective as of July 31, 2004.
- 103.39 To confirm the accuracy of the underlying information to be used in the present value calculations, each teacher shall be provided with his or her basic data that will be used in the calculations, including, but not limited to, the following information as of May 7, 2004: base salary, age, years of service, and accumulated sick leave. They shall assist in the preparation of this verification sheet for each teacher. However, the Board will have the responsibility to forward the verification sheets to the respective teachers. Any corrections must be returned to the Board on or before the 31st day of July, 2004 as final calculations will be prepared and the contributions hereinafter described will be commenced after such date. Corrections not returned to the Board until after the 31st day of July, 2004 shall be disregarded.
- 103.4 Using the above assumptions and the other assumptions contained in the Live Tool Model developed by Educational Services Company and as agreed to by the parties, a hard copy of the input and summary page being attached hereto, the Educational Services Company shall prepare the

present value calculations for each teacher and the contributions described hereinafter will be made.

104.0 Buy Out Contributions for Teachers Hired Prior to 1997-1998

104.1 403 (b)

104.11 Effective with the retirement buyout, the existing 403B, within the provisions of the IRS code, shall be fully and immediately vested. The board's matching contribution shall terminate effective as of June 30, 2004.

104.12 Each teacher may elect to make a continuing salary reduction election and make tax deferred contributions, to a plan described in section 403 (b) of the Internal Revenue Code (the "Code") to the maximum limits allowed by the Code. The Board shall forward salary reduction money to the appropriate vendor each pay day. The school corporation shall maintain a list of approved investment vendors for the salary reduction contributions made to qualified plans.

104.2 VEBA

104.21 The school corporation shall establish and contribute to a Voluntary Employees' Beneficiary Association (VEBA), as described in section 501(c) (9) of the Code. The total sum of the amount calculated by Educational Services Company, that amount representing the present value of the group health insurance benefits and term life insurance as calculated for all employees hired prior to 1997-98, shall be contributed to the plan. Proceeds from the bond issue will be distributed within thirty (30) days of the vendor selection. The Vendor we select shall be the organization administering the VEBA and shall be the single investment vendor for the VEBA. The terms and conditions of the administration and operations of the VEBA shall be as follows:

104.211 The amount calculated for each employee will be invested in a separate account. There will be no co-mingling of accounts and each employee may determine how his or her account shall be invested after the investment options made available by the vendor for the VEBA.

104.212 Until such time that an employee has retired and satisfied the eligibility requirements set forth in of subsection 102, Section C of this Article IV, the employee shall have no access to the assets held in his or her separate VEBA account.

104.213 If an employee terminates employment before satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, the terminated employee's VEBA account shall be forfeited. Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate VEBA accounts. This reallocation shall be in a manner similar to that used by the Educational Services Company in initially determining the present values calculations. Therefore, the VEBA accounts of the following employees will not share in the reallocation of a forfeiture of a VEBA account:

104.2131 Employees who forfeited their VEBA accounts in the same year;

104.2132 Employees who previously forfeited their VEBA accounts; and

104.2133 Employees qualified for retirement and terminated employment in or before the year of the reallocated forfeiture.

104.214 Furthermore, VEBA accounts of employees who have attained the age fifty-nine (59), but who have not terminated employment may share in the reallocated forfeiture, but on a reduced basis.

104.215 Following retirement and the satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, a retired employee may use the amounts held in his/her separate VEBA account to pay health insurance premiums, term life insurance premiums, and to be reimbursed for unreimbursed medical expenses of the employee, spouse, and dependents. Furthermore, following the death of an employee who had otherwise satisfied the requirements of subsection 102, Section C of this Article IV, any amounts remaining in the deceased employee's VEBA account may continue to be used to pay these premiums and expenses of the employee's spouse and dependents described in IRS Code. If no spouse or dependents exist, the VEBA account will revert to the employee's estate, subject to IRS regulations. At no time may the VEBA make loans to an employee, his/her spouse, or his/her dependents.

104.216 The school corporation shall not be paid any compensation for its services performed on behalf of the VEBA. All vendor costs incurred in the administration of the VEBA and investment fees shall be paid from the VEBA assets.

104.3 401(a) Plan

104.31 The school corporation shall establish a qualified retirement plan as described in section 401(a) of the Code. The total sum of the amount calculated by Educational Services Company as the present value for the retirement pay and severance benefits for individual participants shall be contributed by the school corporation to the 401(a) plan within thirty days of the receipt of bond proceeds and selection of vendor. The single investment vendor for the 401(a) plan shall be the vendor we select. The 401(a) plan's terms and conditions for the administration of the 401(a) plan shall be as follows:

104.311 The amount calculated for each employee will be invested in a separate account. There will be no co-mingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the investment vendor for the 401 (a) Plan.

104.312 Until such time that an employee has retired and satisfied the eligibility requirements set forth in subsection 102, Section C of this Article IV, the employee shall have no access to the assets held in his or her separate 401(a) plan account.

104.313 If an employee terminates employment before satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, the terminated employee's 401(a) plan account shall be forfeited. The forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate 401(a) plan accounts in a manner similar to that used in initially determining the present value calculations. Therefore, the 401(a) plan accounts of the following employees will not share in the reallocation of a forfeiture of a 401(a) plan account:

104.3131 Employees who forfeited their 401(a) plan accounts in the same year;

104.3132 Employees who previously forfeited their 401(a) plan accounts; and

104.3133 Employees who qualified for retirement and terminated employment in or before the year of the reallocated forfeiture.

104.3134 Furthermore, 401(a) plan accounts of employees who have attained the age of fifty-nine (59), but have not terminated employment may share in the reallocated forfeiture, but on a reduced basis.

104.3135 Following retirement and the satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, a retired employee may elect to commence distributions from his 401(a) plan account. If an employee dies after having satisfied the requirements of subsection 102, Section C of this Article IV, the deceased employee's 401(a) plan account shall be distributable to the decedent's designated beneficiary or to his/her estate if no beneficiary designation has been made. At no time may a participant borrow from his 401(a) plan account.

104.3136 The school corporation shall not be paid any compensation for its services performed on behalf of the 401(a) plan. All vendor costs incurred in the administration the 401(a) plan and investment fees shall be paid from the 401(a) plan assets.

105.0 Buyout Contributions for Teachers hired after 1997-1998

105.1 401(a) Plan

105.11 The school corporation shall establish a qualified retirement plan as described in section 401(a) of the Code. The total sum of the amount calculated by Educational Services Company as the present value for the unused accumulated sick day leave benefit for individual participants shall be contributed by the school corporation to the 401(a) plan within thirty days of the receipt of bond proceeds and selection of vendor. The single investment vendor for the 401(a) plan shall be the vendor we select. The

401(a) plan's terms and conditions for the administration of the 401(a) plan shall be as follows:

105.111 The amount calculated for each employee will be invested in a separate account. There will be no co-mingling of accounts and each employee may determine how his or her account shall be invested among the investment options made available by the investment vendor for the 401 (a) Plan.

105.112 Until such time that an employee has retired and satisfied the eligibility requirements set forth in subsection 102, Section C of this Article IV, the employee shall have no access to the assets held in his or her separate 401(a) plan account.

105.113 If an employee terminates employment before satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, the terminated employee's 401(a) plan account shall be forfeited. The forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate 401(a) plan accounts in a manner similar to that used in initially determining the present value calculations. Therefore, the 401(a) plan accounts of the following employees will not share in the reallocation of a forfeiture of a 401(a) plan account:

105.1131 Employees who forfeited their 401(a) plan accounts in the same year;

105.1132 Employees who previously forfeited their 401(a) plan accounts; and

105.1133 Employees who qualified for retirement and terminated employment in or before the year of the reallocated forfeiture.

105.114 Furthermore, 401(a) plan accounts of employees who have attained the age of fifty-nine (59), but have not terminated employment may share in the reallocated forfeiture, but on a reduced basis.

105.115 Following retirement and the satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, a retired employee may elect to commence distributions from his 401(a) plan account. If an employee dies after having satisfied the requirements of subsection

102, Section C of this Article IV, the deceased employee's 401(a) plan account shall be distributable to the decedent's designated beneficiary or to his/her estate if no beneficiary designation has been made. At no time may a participant borrow from his 401(a) plan account.

105.116 The school corporation shall not be paid any compensation for its services performed on behalf of the 401(a) plan. All vendor costs incurred in the administration the 401(a) plan and investment fees shall be paid from the 401(a) plan assets.

106.0 Future Adjustments

106.1 The parties agree that this Article IV or any other provision of this Agreement does not constitute an expectation of receiving the enumerated retirement benefits by any current employee, future employee, prospective employee or applicant beyond the effective dates outlined in this Agreement. Therefore, except as otherwise limited by applicable law, it is understood that the Board and Association may in the future bargain modifications of any kind to this provision, provided however, that the future revision of this Article IV shall not negatively affect the retirement benefits of teachers already receiving benefits pursuant to this Article.

200.0 Retirement Severance Benefit Teachers Hired Prior to 1997-1998

201.0 An individual who is employed as a bargaining unit member at the time of retirement or severance from employment will be eligible for the following severance benefits provided the teacher has otherwise satisfied the requirements and conditions described below.

201.1 Group Health Insurance

201.11 Immediately following severance, the teacher and his/her spouse, if any, shall have the option of remaining in the Corporation's current group health insurance plan, including vision and dental, if all of the following conditions are met as of the date of severance and thereafter:

201.111 The teacher was enrolled in the Corporation's group health insurance plan during the school year immediately before severance;

201.112 While the retired teacher and spouse, if any, remain enrolled in the health insurance plan, the retired

teacher and spouse shall pay the monthly insurance premium applicable to the insurance coverage, with the payment to be made on or before the 1st day of each month beginning September 1 of the year of retirement;

201.113 March 1st of the year of retirement, the teacher has provided a written request to the School Corporation for continuing insurance coverage for the teacher and spouse, if any. Insurance coverage shall continue without interruption unless the teacher notifies the School Corporation of irrevocable intent to withdraw from the school corporation's health, vision, dental or life insurance. Once an employee withdraws from the school corporation's insurance plans, he/she must meet the federal regulations to re-enroll.

201.12 When a retired teacher first becomes eligible for Medicare, the teacher's eligibility to continue to participate in the Corporation's group health insurance plan shall terminate, if not earlier terminated according to applicable law. (The same termination of eligibility shall also apply when a retired teacher's spouse first becomes eligible for Medicare.) A spouse of a qualifying teacher may elect to continue coverage under the hospitalization, vision and dental plan after the retired teacher reaches the Medicare qualification age by paying the full premium cost until the spouse is eligible for Medicare or at an earlier age in accordance with the provisions of I.C. 5-10-8.2.6 (g). It is acknowledged that the parties intend these provisions to comply with applicable federal and state laws that establish an eligible teacher's right to continue health insurance for the teacher and spouse, including if otherwise applicable, Indiana code 5-10-8-2.6. Therefore, this right to extended coverage shall not override any rights to continuing health care coverage as required by COBRA.

201.2 Term Life Insurance

201.21 A bargaining unit member who qualifies under the eligible class for retirement as defined by the school corporation Master Contract may continue to participate in the school corporation's term life insurance coverage program in the amount of \$50,000 until eligibility to receive Medicare coverage. To continue this coverage, a retiring teacher must notify the Office of Human

Resources by March 1 of the year of retirement of the intent to continue coverage. Upon retirement, the retiree will begin monthly payments effective September 1 of the year of retirement.

300.0 403 (b) Annuity Plan/VEBA Teachers Hired After 1997-98

301.0 Each teacher may elect to make a continuing salary reduction election and make tax deferred contributions, to a plan described in section 403 (b) of the Internal Revenue Code (the "Code") to the maximum limits allowed by the Code. The Board shall forward salary reduction money to the appropriate vendor each pay day. The school corporation shall maintain a list of approved investment vendors for the salary reduction contributions made to qualified plans.

302.0 403 (b) Matching Annuity Accounts

302.1 The Board agrees to establish qualified IRS Code Section 403(b) matching annuity plans (plan) for all bargaining unit members hired 1997-1998 and after. The Board will contribute an amount equal to 2% of the bargaining unit member's salary. Effective January 1, 2012, the Board's contribution shall be suspended for seventeen (17) pay periods and shall thereafter be reinstated. Within the provisions of the IRS Code, the plan shall be fully and immediately vested for contributions, shall be portable, and shall include the availability of loans and hardships withdrawals.

303.0 VEBA Accounts

303.1 The Board agrees to establish a VEBA account for teachers hired 1997-98 and after in an amount equal to ½ % of the annual teacher contract amount. Effective January 1, 2012, the Board's contribution shall be suspended for seventeen (17) pay periods and shall thereafter be reinstated. The amount calculated for each employee will be invested in a separate account. There will be no co-mingling of accounts and each employee may determine how his or her account shall be invested among the various investment options made available by the vendor for the VEBA.

303.2 A teacher is vested in the VEBA account with five (5) years of service with RCS and thereafter the VEBA account shall be portable.

303.3 Following retirement and the satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, a retiree may use the amounts held in his/her separate VEBA account to pay health insurance premiums, term life insurance premiums, and to

be reimbursed for unreimbursed medical expenses of the retiree, spouse and dependents according to IRS Codes.

- 303.4 Furthermore, following the death of an employee who had otherwise satisfied the requirements of subsection 102, Section C of this Article IV, any amounts remaining in the deceased employee's VEBA account may continue to be used to pay these premiums and expenses of the employee's spouse and dependents. At no time may the VEBA make loans to an employee, his/her spouse, or his/her dependents.
- 303.5 If an employee terminates employment before satisfaction of the requirements set forth in subsection 102, Section C of this Article IV, the terminated employee's VEBA account shall be forfeited.
- 303.6 Forfeited amounts shall be reallocated at the end of each plan year only among the then remaining separate VEBA accounts of those hired 1997-1998 and after. This reallocation shall be in a manner similar to that used by the Educational Services Company in initially determining the present values calculations and shall be determined by the vendor. Therefore, the VEBA accounts of the following employees will not share in the reallocation of forfeiture of a VEBA account:
- 303.61 Employees who forfeited their VEBA accounts in the same year;
- 303.62 Employees who previously forfeited their VEBA accounts; and
- 303.63 Employees qualified for retirement and terminated employment in or before the year of the reallocated forfeiture.
- Furthermore, VEBA accounts of employees who have attained the age of fifty nine (59), but who have not terminated employment may share in the reallocated forfeiture, but on a reduced basis.
- 303.7 Retirement and VEBA accounts of teachers whose contracts are cancelled as a result of a reduction in force and who meet the vesting requirements set forth in Section C, subsection 102 shall remain with the teacher. For purposes of sections 302.0 and 303.0 above only, teachers whose contracts are cancelled as a result of a reduction in force shall be immediately vested in the Board's contribution to their 403(b) and VEBA accounts.

200.0 Should any Article, Section, or Clause of this Collective Bargaining Agreement be declared illegal by IEERB or by a court of competent jurisdiction, said Article, Section, or Clause, as the case may be, shall be deleted automatically from this Agreement to the extent that it violates the law; but the remaining Articles, Sections, and Clauses shall remain in full force and effect for the duration of the Agreement to the extent that such remain unaffected by the deleted Article, Section, or Clause.
