July 11, 2002

We have enclosed our proposal to provide cleaning and other periodic services.

We have prepared a Scope of Services from information gathered during our site visit on July 3, 2002. If the information is incorrect please let us know and we will revise our estimated cost for any material change in the Scope of Services.

We have prepared pricing on an annual basis based on a 184 day schedule of service for a 10 month period comprising 43 weeks beginning the week of August 19, 2002 (one week before school begins) and ending the week of June 11, 2003.

Annual cost \$41,925.00

Monthly cost 10 months \$4,192.50

Weekly cost 43 weeks \$975.00

Bi-Weekly Billing Amount \$1950.00

The cost includes the cost of cleaning supplies and chemicals as well as labor and equipment to perform the services. Billing will occur every two weeks with payment one week thereafter as outlined in the "Specifications for Janitorial Services."

You have also requested a separate quotation of performing a weekly scrubbing of the kitchen floor of approximately 1,225 square feet, which includes a foaming heavy-duty grease-release cleaner made by Johnson Wax called "Break-up (recommended for kitchens and utilized by our company in other kitchen type facilities.) We would stick scrub detail around and under all objects completing the floor cleaning with a final swing machine scrub. The cost for this would be:

\$95 per week of service

If you have any questions, please contact us.

Thank you for the opportunity to be of service.

Sincerely.

Pentwater Public School 600 Park St Pentwater, MI

While providing cleaning services for Pentwater School over the past two month we have found numerous irregularities in the scope of service that we agreed too when we bid on and accepted the contract for Pentwater schools. These include but are not limited too the following:

 Significantly more after school activities requiring substantially more cleaning hours in the facility.

2. The lack of general care of the facilities by school staff demands significantly more man-hours from our staff daily to keep the facility clean

3. The desire of on-site school staff to manage our cleaning crews to their own specific requirements using different cleaning processes adds additional hours to daily cleaning.

We are currently operating the school cleaning at 20 hours daily which is 35% over what our historic average is for a similar sized school. This average is a result of our past experience with 37 other school facilities in which we have been actively involvement in the management of the cleaning services. We believe based on our initial walk-through that the school should be cleaned in 13 hours daily, however based on the past two months experience as noted in the issues listed above we are now resolved that Pentwater Schools must be allocated the 20 hours daily to clean and maintain the floor care in the facility.

We have prepared pricing for the increase of hours for cleaning and floor care at your facility and they are as follows:

Annual cost:

\$56,420.00

Monthly cost 10 months:

\$5,642.00

Weekly cost 43 weeks:

\$1,312.09 (1242) From the Advance of the Advance of

Bi-Weekly Billing Amount:

\$2,624.18

We would like to have this increase take place no later than November 17th, 2002 and should you re-bid the cleaning services, this amount should be considered our new bid amount. If this new pricing schedule is not acceptable, under our contract we herewith
