Mr. Skorup,

I am writing in regard to your Freedom of Information Act request dated May 13, 2020, which was received

on May 14, 2020.

Due to the large number of requests currently being processed by this office, it will not be possible to respond to your request within the five-day period accorded by the Michigan Freedom of Information Act. However, under Section 5 (2) (d) of the Act, the University is permitted to extend the deadline for not more than 10 business days beyond the initial due date.

The University will respond to your request on or before June 5, 2020.

Thank you,

Carolyn

Dear Mr. Skorup:

I am writing in further response to your Freedom of Information Act request SKO 0538-20.

You requested:

* Any emails from May 1 to current with terms "MI Safe Start Plan" or "MI Safe Start map."

In your clarification dated June 5, 2020, you indicated that you are seeking records containing the terms specified from Marisa Eisenberg, Vikas Parekh and Emily Martin.

Nonexempt documents responsive to your request have been located, copied and prepared to be forwarded to you. The cost to provide the documents is outlined in the attached final costs itemization form. Please prepare a check or money order payable to the University of Michigan in the amount of \$97.86 and forward it to Margaret Gonzales, 2050 Fleming Administration Bldg., 503 Thompson, Ann Arbor, Michigan 48109-1340. The responsive nonexempt materials will be provided to you after payment has been received.

Dear Mr. Skorup:

I am writing in further response to your Freedom of Information Act request SKO 0538-20.

Confirming our email messages earlier today, you inquired about your payment for the balance due and I advised you that this office had not been notified that payment was received. After you forwarded a copy of the check, I looked into the issue further and determined that the check was received, but because it did not specify

FOIA the payment was accidentally misdirected to another departmental account. It has now been credited to your FOIA request.

You requested:

- * Any emails from May 1 to current with terms "MI Safe Start Plan" or "MI Safe Start map."

In your clarification dated June 5, 2020, you indicated that you are seeking records containing the terms specified from Marisa Eisenberg, Vikas Parekh and Emily Martin.

Enclosed find nonexempt responsive records. A cell phone number was removed from the records pursuant to Section 13 (1) (a) of the Michigan Freedom of Information Act, which allows the University to refrain from disclosing information that would constitute an unwarranted invasion of an individual's privacy. Some virtual meeting links and passwords, as well as some working group email addresses, were removed from the records pursuant to Section 13 (1) (u) of the Act, which exempts from disclosure "records of a public body's security measures, including security plans, security codes and combinations, passwords, passes, keys, and security procedures, to the extent that the records relate to the ongoing security of the public body" and Section 13 (1) (y) of the Act, which exempts "[r]ecords or information of measures designed to protect the security or safety of persons or property..." Some email messages containing preliminary and advisory material, including draft documents, were withheld from disclosure pursuant to Section 13 (1) (m) of the Act, which allows the University to refrain from disclosing certain communications and notes of an advisory nature. We believe that in this particular instance, public interest in encouraging frank communication between University employees outweighs the public interest in disclosure. To provide a further description of the exempted records would reveal the contents of the exempt information and defeat the purpose of the exemption and thus, pursuant to Section 14 (2) of the Act, no further description is required. Therefore, your request is granted in part.

Please note that within 180 days from the date of this letter, you have the right to appeal the denial of information to the President of the University or seek judicial review in the Michigan court of claims to try to compel disclosure. If you elect to appeal and the President upholds the denial, you may still seek judicial review within the 180-day period.

An appeal to the President must be submitted in writing to: President's Office, c/o Liz Barry, The University of Michigan, 2080 Fleming Administration Building, 503 Thompson Street, Ann Arbor, MI 48109-1340 (or by email to: presoff@umich.edu)<mailto:presoff@umich.edu>. The statement must (1) identify the request and the final determination by the FOIA officer that is being appealed, (2) specifically state the word "appeal," and (3) identify the reason or reasons why the final determination should be reversed.

If you seek judicial review in the Michigan court of claims and prevail, you will be awarded reasonable attorney's fees, costs and disbursements incurred in maintaining the action. If you prevail in part, you may still be awarded complete or partial reimbursement for those expenses. In addition to actual and compensatory damages, you will be awarded punitive damages in the amount of \$1,000.00 if the court finds that the University was arbitrary and capricious in its denial.

A copy of Section 10 of the Michigan FOIA is available for your reference and review online at <http://foia.vpcomm.umich.edu/foia-right-to-appeal/>.

Cynthia,

I have traded e-mails and calls with Anne Stanski and Greg Sunstrum. Friday, May 1 8:45-9:45 a.m. works for them. Sen. Stabenow has a hard stop at 9:45. Do you want me to check with our faculty that they could accommodate an earlier start time?

They would prefer the invitation come from U-M. Afterwards, Greg will follow-up with the Chiefs of Staff and Debbie Dingell will call other Members to ensure there is good attendance.

I drafted the note below, if you are okay with me sending out today, once we can confirm 8:45 a.m. works for everyone.

Good afternoon Vikas & Emily,

I asked Madeline Nykaza in our D.C. office to work with Congresswoman Dingell and Senator Stabenow to make the arrangements for your call with members of the Michigan congressional delegation this Friday, May 1st for the briefing.

Madeline has made progress on the logistics of the zoom meeting which you can see provided below. She also has listed you both as well as Marissa Eisenberg. Is Marissa and possibly Rick able to participate?

Are you able to confirm for Friday, May 1, with the adjusted time of 8:45-9:45 A.M.?

Madeline is copied here and will be able to answer any additional questions regarding the session, format, etc.

Look forward to hearing from you - and thank you again for your willingness to provide this briefing.

Cynthia,

I have traded e-mails and calls with Anne Stanski and Greg Sunstrum. Friday, May 1 8:45-9:45 a.m. works for them. Sen. Stabenow has a hard stop at 9:45. Do you want me to check with our faculty that they could accommodate an earlier start time?

They would prefer the invitation come from U-M. Afterwards, Greg will follow-up with the Chiefs of Staff and Debbie Dingell will call other Members to ensure there is good attendance.

I drafted the note below, if you are okay with me sending out today, once we can confirm 8:45 a.m. works for everyone.

All,

Thank you again for your willingness to present tomorrow morning. I am still collecting RSVPs and will provide you with the final list at the end of the day. Right now, Senator Stabenow, Congresswoman Debbie Dingell and Congresswoman Haley Stevens are confirmed. Congressman Upton is going to try to join for part, but he has another call from 9-9:30.

You will have the ability to share your screen, but just in case we run into technical issues, please share your slides with me in advance. I will join in listen only mode and can jump in to share my screen if needed. I will default to your expertise on order of presentations, but let me know once you decide. Please let me know if you have any additional questions.

Thanks again,
Madeline

Good afternoon Vikas & Emily,

I asked Madeline Nykaza in our D.C. office to work with Congresswoman Dingell and Senator Stabenow to make the arrangements for your call with members of the Michigan congressional delegation this Friday, May 1st for the briefing.

Madeline has made progress on the logistics of the zoom meeting which you can see provided below. She also has listed you both as well as Marissa Eisenberg. Is Marissa and possibly Rick able to participate?

Are you able to confirm for Friday, May 1, with the adjusted time of 8:45-9:45 A.M.?

Madeline is copied here and will be able to answer any additional questions regarding the session, format, etc.

Look forward to hearing from you - and thank you again for your willingness to provide this briefing.

Best,

Cynthia

Cynthia,

I have traded e-mails and calls with Anne Stanski and Greg Sunstrum. Friday, May 1 8:45-9:45 a.m. works for them. Sen. Stabenow has a hard stop at 9:45. Do you want me to check with our faculty that they could accommodate an earlier start time?

They would prefer the invitation come from U-M. Afterwards, Greg will follow-up with the Chiefs of Staff and Debbie Dingell will call other Members to ensure there is good attendance.

I drafted the note below, if you are okay with me sending out today, once we can confirm 8:45 a.m. works for everyone.

Madeline

On behalf of the University of Michigan, we invite you to a zoom video briefing on **Friday May 1 at 8:45 a.m.** with U-M faculty on current public health guidance and reactivating the Michigan economy. The following U-M faculty have been actively involved in informing the state's 'MI Safe Start Plan' and will be able to provide an update on the current state of COVID-19, including trajectories on metrics such as hospital capacity and pandemic risk level. We hope you can join for at least part of this presentation and discussion. I would appreciate an RSVP if your boss is able to attend.

Vikas Parekh - Associate Chief Clinical Officer, Michigan Medicine; Associate Vice Chair, Inpatient and Hospital Operations, Professor of Internal Medicine

Marissa Eisenberg - Associate Professor, Epidemiology; Associate Professor, Complex Systems; Associate Professor, Mathematics

Emily Martin - Associate Professor of Epidemiology, School of Public Health

Wonderful! Marisa is available to join. I will be in touch with Rick to see if he is able to join as well.
Madeline - it would be really helpful if you could give me a little insight into format (will this be more conversational, or should we have slides prepared, or a bit of both).

Thank you!
Emily

Good afternoon Vikas & Emily,
I asked Madeline Nykaza in our D.C. office to work with Congresswoman Dingell and Senator Stabenow to make the arrangements for your call with members of the Michigan congressional delegation this Friday, May 1st for the briefing.
Madeline has made progress on the logistics of the zoom meeting which you can see provided below. She also has listed you both as well as Marissa Eisenberg. Is Marissa and possibly Rick able to participate?
Are you able to confirm for Friday, May 1, with the adjusted time of 8:45-9:45 A.M.?
Madeline is copied here and will be able to answer any additional questions regarding the session, format, etc.
Look forward to hearing from you - and thank you again for your willingness to provide this briefing.
Best,
Cynthia

Cynthia,
I have traded e-mails and calls with Anne Stanski and Greg Sunstrum. Friday, May 1 8:45-9:45 a.m. works for them. Sen. Stabenow has a hard stop at 9:45. Do you want me to check with our faculty that they could accommodate an earlier start time?

They would prefer the invitation come from U-M. Afterwards, Greg will follow-up with the Chiefs of Staff and Debbie Dingell will call other Members to ensure there is good attendance.

I drafted the note below, if you are okay with me sending out today, once we can confirm 8:45 a.m. works for everyone.

Madeline

On behalf of the University of Michigan, we invite you to a zoom video briefing on **Friday May 1 at 8:45 a.m.** with U-M faculty on current public health guidance and reactivating the Michigan economy. The following U-M faculty have been actively involved in informing the state's 'MI Safe Start Plan' and will be able to provide an update on the current state of COVID-19, including trajectories on metrics such as hospital capacity and pandemic risk level. We hope you can join for at least part of this presentation and discussion. I would appreciate an RSVP if your boss is able to attend.

Vikas Parikh - Associate Chief Clinical Officer, Michigan Medicine; Associate Vice Chair, Inpatient and Hospital Operations, Professor of Internal Medicine

Marissa Eisenberg - Associate Professor, Epidemiology; Associate Professor, Complex Systems; Associate Professor, Mathematics

Emily Martin - Associate Professor of Epidemiology, School of Public Health

Yep! One tiny update to the slides attached though (realized I didn't credit the source for the image of the public health regions).

Emily,

Thanks! That went really well! Thank you all so much for offering your expertise. I will let you know if I get any follow-up requests. I am just waiting for Rick's updated slides and then will put them in a MBox so Member offices can download and review further. They will not be distributed beyond the offices.
