School transportation vehicle drivers are excluded from this bargaining unit.

A2. Management Rights

The Board, on behalf of itself and the electors of the School District, reserves to itself all rights, powers, responsibilities, and duties conferred upon it by the laws and Constitutions of Michigan and the United States, including but not limited to the following:

- A.** To execute management and control of the School District and its properties;
- B.** To hire, to determine the qualification of and the conditions for continued employment of all personnel covered by this Contract;
- C.** To decide the means and methods for delivering services, including the rights of determining schedules, assignments, materials, and equipment;
- D.** To demote and discipline for cause or transfer or reassign personnel;
- E.** To adopt rules, regulations, or policies which, in its sole judgment, are reasonable and necessary for the efficient operation of the School District, consistent with established policies.

The exercise of the foregoing powers, rights, and duties shall be limited only by the express and specific terms of this Contract.

A3. Union Rights

- A.** The Association and its representatives shall have the right to use Employer buildings at all reasonable hours for meetings, provided that when special custodial service is required, the Employer may make a reasonable charge therefore. No charge shall be made for use of instructional rooms before the commencement of the scheduled work day or after 6:00 p.m.
- B.** Duly-authorized representatives of the Union and its respective affiliates shall be permitted to transact official Union business on Employer property at all reasonable times, provided that this activity shall not interfere with or interrupt normal School District operations.
- C.** The Association as the exclusive representative of employees within the bargaining unit described in this Contract shall be the only employee organization of/or containing such employees that shall have the right to use and/or have access to Employer facilities and equipment, including other duplicating equipment, calculating machines, and audio-visual equipment at reasonable times when such equipment is not otherwise in use. The Association shall pay for the reasonable cost of all materials and supplies incidental to such use.

- D. The Association shall have the exclusive right to post notices of activities and matters of Association concern on designated bulletin boards, at least one of which shall be provided in each building or facility to which bargaining unit employees may be assigned. The Association may use the internal document delivery service of the Employer in accordance with Board policy, without U.S. Postage, and employee mailboxes for communication to bargaining unit employees.
- E. The Employer agrees to furnish to the Union, in response to reasonable requests, all available information concerning its financial resources and expenditures, including but not limited to: Annual financial reports and audits; names, addresses, seniority, and experience credit of all bargaining unit employees; compensation paid thereto and educational background; all budgetary information and allocations, agendas, minutes, and non-confidential reports of or to all Employer Board meetings; census and membership data; and such other information as will assist the Union in developing intelligent, accurate, informed, and constructive programs or proposals on behalf of bargaining unit employees together with information which the Union may require to process any grievance or complaint.
- F. The Employer shall grant the Association five (5) days of paid leave per year for use of its representatives to conduct Union business or participate in Association activities. On an "as used" basis, the District will invoice the Association for the MPERS reimbursement cost for the union release time. The Association shall issue a reimbursement payment within 30 days of receipt of the District's invoice.

A4. Employee Rights

- A. **Personnel File:** Unit employees shall have the right to inspect their personnel file and to receive copies of items included in their file. They shall also have the right to enter written statements in regards to discipline or evaluations, and to request the inclusion of other documents.
- B. **Just Cause:** No non-probationary regular, regular back-up, or casual bus driver shall be disciplined, demoted, or discharged except for just cause.
- C. **Progressive Discipline:** Where appropriate, all discipline shall be applied progressively. Disciplinary action shall be in proportion to the seriousness of the violation. Under normal circumstances the disciplinary progression shall be as follows:
 - 1. Verbal warning
 - 2. Written warning
 - 3. Suspension with or without pay
 - 4. Discharge

These disciplinary steps may be repeated or skipped altogether, depending on the seriousness of the offense.

- D. **Non-Discrimination/Anti-Harassment:** The provisions of this Contract shall be

applied in a manner which is not arbitrary, capricious, or discriminatory and without regard to race, religion, color, national origin, sex, or marital status.

Employees who violate this policy are subject to discipline in accordance with Board Policy.

- E. Protection of Employees:** The Board shall reimburse an employee up to Seventy-Five and No/100 (\$75.00) Dollars for any loss, damage, or destruction through vandalism, or accident of clothing or personal property used on the job of the employee, not covered by the employee's personal insurance when the employee is on duty in the school, or on work-related activity, provided that such loss, damage, or destruction of clothing or personal property was not caused by the individual employee's neglect or by violation of any Board policy or administrative guidelines.

Any case of assault upon an employee by a student or otherwise while at school or en route to or from such work or otherwise directly connected with school work shall be promptly reported to the Board or its designated representative.

The Board's administrative and supervisory personnel shall cooperate fully with law enforcement authorities in connection with the investigation and prosecution of any such offense. If court attendance is required of the employee in connection with the prosecution of any such offense, the employee shall suffer no loss of pay for the absence for such court attendance. The Board shall also reimburse the employee up to but not exceeding Fifteen Hundred and No/100 (\$1,500.00) Dollars for legal fees incurred by the employee on obtaining a legal opinion as to his/her rights and obligations as a result of such assault. The reimbursement of the legal fee will be waived if the employee is at fault as determined by the Employer. This determination is subject to the grievance process.

- F. Equal Application:** The District shall apply all sections of this Contract to all employees in a fair and equal manner.

A5. Bargaining Unit Employee Evaluation

- A.** All monitoring or observation of the work of each bargaining unit employee shall be conducted in person and with full knowledge of the bargaining unit employee.
- B.** Bargaining unit employee evaluation shall include formal observation of bargaining unit employee work. Observations shall be for periods of time that accurately samples the bargaining unit employee's work. Each observation shall be preceded by not less than forty-eight (48) hours' notice. Each bargaining unit employee, upon his/her employment or at the beginning of the school year, whichever is later shall be apprised of the specific criteria upon which he/she will be evaluated. The criteria shall be established by an evaluation instrument agreed to by the Employer and the Association. Work outside of the bargaining unit employee's normally assigned duties shall not be evaluated. The evaluator must affirm the accuracy of any information used to evaluate the employee by direct observation or other reasonable investigation.
- C.** All evaluations shall be reduced to writing and a copy given to the bargaining unit

employee within ten (10) days of the evaluation. If the bargaining unit employee disagrees with the evaluation, he/she may submit a written response, which shall be attached to the file copy of the evaluation in question. If a supervisor believes a bargaining unit employee is doing unacceptable work, the reasons shall be set forth in specific terms, and shall identify the specific ways in which the bargaining unit employee is to improve, an appropriate time frame to effectuate remediation, and of the assistance to be given by the Employer for that improvement. In subsequent observation reports, failure to again note a specific deficiency shall be interpreted to mean that adequate improvement has taken place.

- D. Following receipt of the written evaluation, a conference shall be held with the evaluator. The bargaining unit employee shall sign and be given a copy of the evaluation report prepared by the evaluator. In no case shall the bargaining unit employee's signature be construed to mean that he/she necessarily agrees with the contents of the evaluation. A bargaining unit employee may submit additional comments to the written evaluation if he/she so desires. All written evaluations are to be placed in the bargaining unit employee's personnel file.

At the completion of the probationary period, an evaluation of the bargaining unit employee's work shall be completed, following the procedures of this provision.

- E. If a bargaining unit employee is not continued in employment, the Employer will advise the bargaining unit employee of the specific reasons therefore in writing with a copy to the Association.
- F. All evaluations shall be completely finished by May 15th of each year.

A6. Grievance/Arbitration

- A. **Definition:** A grievance shall be defined as a claim by any non-probationary bargaining unit employee, group of unit employees, or the Association that there has been a violation, misrepresentation, or misapplication of any provision of this Contract. This Contract shall supersede any Board rule, regulation, or practice which is contrary to or inconsistent with the Contract's terms, except for any matter which is a prohibited or illegal bargaining subject.
- B. **Representation:** An employee may assert his/her right to present such grievance directly to the Employer and have it adjusted without the intervention of the Association provided that the adjustment is not inconsistent with this Contract and provided further that the Association is given opportunity to be present at such adjustment.
- C. **Non-Grievable Issues:** The grievance procedure shall not apply to:
 - 1. The discharge or discipline of any probationary employee;
 - 2. Any provision of this Contract which contains an express exclusion from the Grievance Procedure.
- D. **Contents:** All written grievances shall contain:
 - 1. An identification of the grievant(s);

2. The date of the alleged violation;
3. The specific facts upon which the grievance is based;
4. The specific provision of the Contract alleged to have been violated;
5. The specific relief requested;
6. The date of the grievance;
7. The signature of the grievant(s).

- E. Informal Conference - Step 1:** The grievant and/or the grievant's representative shall confer with the immediate supervisor or principal within five (5) work days of the alleged grievance with the objective of resolving the matter informally. For purposes of Article A6 (Grievance/Arbitration), the term "work days" shall mean days when school is held for in-District students. For any aspect of the grievance process between the last student day at the end of the school year and the first student day of the next school year, "work days" shall mean those days when the School District's main office is open.
- F. Formal - Step 2:** If the grievance is not satisfactorily resolved at the informal conference, the grievant shall, within five (5) work days of the informal conference, submit in writing the grievance to his/her immediate supervisor or principal. The immediate supervisor or principal shall respond in writing in five (5) work days.
- G. Formal - Step 3:** If the grievant is not satisfied with the disposition of the grievance at Step 2, the grievant may appeal, in writing, within five (5) work days to the Superintendent or designee. The Superintendent shall respond, in writing, within ten (10) work days.
- H. Formal - Step 4:** The decision of the Superintendent, if not acceptable to the grievant, may be appealed to mediation through the services of the Michigan Employment Relations Commission. Said appeal must occur within five (5) work days of the Superintendent's response.
- I. Formal - Step 5:** If the grievant is not satisfied with the disposition of the grievance at Step 4 the employee may appeal, in writing, within five (5) work days of receipt of the decision at Step 4 to the Board of Education. Upon receipt of such request, the Board may hold a hearing or may designate one or more of its members to hold a hearing. Such a hearing is to be held and a final determination submitted in writing to the grievant within forty (40) calendar days after its submission to the Board.
- J. Formal - Step 6:** The decision of the Board or the committee of the Board shall be appealable to binding arbitration. The arbitrator shall be mutually accepted by the parties. If none can be agreed upon, the Association may file a demand to arbitrate with the American Arbitration Association. The appeal to AAA shall occur within forty-five (45) calendar days from the date the Board decision is received.
- 1. Arbitrator Authority:** The arbitrator shall have no power to add to, subtract from or alter or delete the terms of this Contract; he/she may not change any practice, policy, or rule that is not inconsistent with this Contract; and he/she shall

have no authority to substitute his/her judgment for that of the Employer as to the reasonableness or necessity of any such practice, policy, or rule that does not violate this Contract. Further, the arbitrator shall have no authority to rule on the substance of a grievance which is a prohibited or illegal bargaining subject under the Public Employment Relations Act.

2. Arbitrator Decision: The decision of the arbitrator shall be final and binding on both parties so long as that decision is within the authority conferred on the arbitrator by this Contract. The arbitrator's actions and decision shall be consistent with the Michigan Uniform Arbitration Act, MCL 691.1681 et seq. The costs of arbitration shall be paid by the losing party, except in cases of a split award in which case the costs shall be shared equally.

3. Back-Pay: The arbitrator shall have no authority to order retroactive back-pay beyond the grievance date and shall deduct from such back-pay an amount equal to any compensation the grievant may have received from other sources during the applicable time period.

4. Contract Expiration: Notwithstanding any other provision in this Agreement, the Employer shall have no obligation to arbitrate any grievance after the expiration of this Agreement. The Employer, however, shall arbitrate grievances arising during the term of this Agreement for which a timely grievance was filed before the Agreement's expiration. This provision is void if the Employer fails to bargain in good faith for a successor Agreement.

A7. Leaves of Absence

- A. Duration and Reemployment:** Except as required for uniformed services leave subject to the provisions of the Uniformed Services Employment and Reemployment Act, no leave of absence, whether paid or unpaid, may extend beyond one (1) calendar year except by mutual written agreement of the employee and the Board. If an employee fails to, or is unable to, resume active duties within one (1) year of the commencement of the leave, he/she may be permanently replaced, and he/she will then be placed on the recall list for one (1) additional year. If the employee is not recalled to active employment within one (1) year of being placed on the recall list, his/her seniority will be deemed broken and his/her employment will be terminated in accordance with Articles B3, B4.
- B. Paid Leaves:** The following absences may be taken without loss of pay:
- 1. Personal Business:** Two (2) days per year to take care of personal business which is of such a nature that it cannot be scheduled during non-work hours. This leave shall not be allowed on days contiguous to holidays or before or after weekends contiguous to holidays. Personal business leave shall not be used for such activities as recreation, personal illness, vacation, social functions, shopping, or seeking other employment. A written request shall be submitted to the employee's supervisor (Director of Operations) 48 hours in advance and approval shall be given so long as the requested leave is not used for purposes prohibited by this paragraph.

The notification time limit may be waived in cases of emergency by the supervisor. Abuse or falsification of personal business leave is considered just cause for discipline, demotion, or discharge.

2. **Jury Duty:** Employees called for jury duty shall be excused from work and shall receive the difference between the jury duty stipend and their regular salary for each day of jury duty. An employee who reports for jury duty and is excused in time to work at least one-half (1/2) of his/her normal schedule shall report to work.
3. **Job-Related Court Appearance:** An employee who is required to appear for court proceedings related to his/her employment shall be paid for time spent at such proceedings or the job time lost, whichever is greater.
4. **Funeral/Bereavement Leave:** An employee may be allowed up to five (5) days off with pay in the event of death in the immediate family including spouse, parent (step parent), or child (step child). An employee may be allowed three (3) days with pay in the event of death of grandparent, parent-in-law, sister, brother, grandchild. An employee may be allowed one (1) day with pay in the event of death of sister-in law or brother-in-law. An additional two (2) days without loss of pay deductible from personal leave if such leave is available, sick days if available. If such leaves are not available the additional time will be without pay.
5. **Training and Workshops:** Employees may attend such training sessions, seminars, or workshops as the Employer, in its discretion, approves without loss of pay. Consistent with Board policy, employees shall be reimbursed their reasonable expenses for attending such training.
6. **Sick Days:** Effective July 1, 2019 and consistent with the Michigan Paid Medical Leave Act ("PMLA"), MCL 408.961 et seq., bus drivers and regular back-up bus drivers will earn at the beginning of the Contract year three (3) sick days per benefit year. Unused sick leave may accrue up to forty (40) hours per benefit year and roll over into the next benefit year. Upon the employee's retirement, provided that the employee has been employed by the District for the last ten (10) years, any unused sick leave shall be paid at twenty-five percent (25%) of the employee's hourly rate. This amount shall be paid in a lump sum total to the employee, no later than two (2) payroll periods after the employee's separation date from employment with the District.

Employees who are absent and who have no accumulated sick time shall not be paid for those days absent. Proven abuse of sick time or unreasonable use of time-off without pay shall subject an employee to appropriate discipline.

In accordance with the PMLA, eligible non-exempt (i.e., hourly) employee may use paid leave for any of the following for the employee or family member:

- (a) Mental or physical illness, injury or health condition, including related medical diagnosis, care, treatment, or preventative medical care.

A family member includes a child, parent, spouse, grandparent, grandchild, or sibling as defined by the PMLA. The interpretation of this provision shall be consistent with the PMLA and shall not provide greater benefits than allowed by law.

D. Reports: Bus drivers must be able to prepare routine bus reports that are required by the Director of Transportation and must pass all State required examinations.

E. Qualifications: Drivers must possess satisfactory patience, judgment, tolerance, and other characteristics necessary to the effective control of bus passengers as determined by the Director of Operations.

F. Hiring Preference: Hiring preference shall be given to residents of the School District if other qualifications are met.

B3. Seniority

A. Seniority Defined: Seniority shall be defined as the continuous length of service within the School District as a bargaining unit employee. Seniority shall accrue from the starting date of employment as a regular driver or regular back-up bus driver, but shall not accrue during periods of unpaid leave in accordance with Section A7.C. (Unpaid Leave) of this Contract. If more than one (1) employee has the same starting date, position of the seniority shall be determined by drawing lots.

Each employee shall accumulate seniority rights in the categories of regular driver and/or regular substitute driver.

B. Loss of Seniority: Seniority shall be lost for the following reasons:

1. The employee quits;
2. The employee does not report to work on callback within five (5) work days after being notified by registered mail, exceptions being extenuating circumstances which are to be detailed by the employee to the Business Manager;
3. The employee is discharged for cause;

4. The employee is on layoff or leave of absence for two (2) calendar years in accordance with Section A7.A.

C. **Substitute Seniority:** Regular back-up bus drivers who drive primarily for the School District as subs will begin to accrue seniority after probationary time has been met. The School District shall employ such substitute driver in the next regular driver vacancy on a seniority basis.

D. **Credit/Seniority for Part-Time/Substitute/Temporary Work:** Drivers who accept a part-time or active regular back-up bus driver position because of a work reduction, program elimination, or lay-off shall maintain their seniority and re-call rights for as long as they continue to work for the School District. Drivers accepting regular part-time or active substitute positions will continue to appear on regular back-up bus driver rosters and shall receive all benefits provided for that position set forth in this Contract.

Drivers accepting regular part-time or active regular back-up bus driver positions will accrue seniority. They shall be the first to be offered temporary work in their classification.

E. **Seniority During Leave:** Drivers who are granted voluntary leave or lay-off will be credited seniority for any days worked in their qualified Job Category(s) if requested to do so by the School District. All provisions set forth in Section A7 of this Contract shall apply. These persons will not appear on regular, substitute, or over-time rosters until such time as they return to work.

B4. Assignment Modification/Route Bidding/Bumping

A. **Vacancy Defined:** A vacancy shall be defined as an opening in any bargaining unit position which has been created by a death, resignation, termination, transfer, retirement, or leave of absence if the leave is for a time period in excess of one (1) year. If leave is for less than a year, vacancy shall be filled with a regular substitute driver via seniority.

B. **Filling Vacancies:** No later than ten (10) work days after a vacancy occurs in a regular driver's position, the position vacancy shall be posted for bid for a period of five (5) work days. Any regular driver or regular back-up bus driver may bid on the vacancy by signing the posting. The position will be awarded to the most senior regular driver who applies, or if no regular driver applies, to the most senior regular back-up driver. The employee who is awarded the job may bump back to his/her previous job within three (3) work days of beginning the new job. If the successful bidder bumps back, the job will be awarded to the next most senior driver who signed the original posting. Each successful bidder will have the same bump back rights.

If the vacancy occurs during a normal school break, employees shall be notified via first class mail at their last known address and the Association President will be contacted via telephone.

- C. Bumping:** If a regular driver's regular route assignment is altered so as to cause a loss of three (3) scheduled hours per week or if a regular driver's special route assignment is altered so as to cause a loss of five (5) scheduled hours per week, the affected driver may bump on to any route occupied by any less senior driver. Any driver who is bumped may in turn bump on to the assignment of any less senior. The assignment changes will become effective only at the end of the bumping process. The bumping process shall be completed within thirty (30) days of the initial bump.
- D. Summer Work:**
1. All regular daily routine summer routes shall be annually put up for bid and let in accordance with seniority. (If the opening is for six (6) weeks the assignment is for six (6) weeks.)
 2. Special trips will be assigned by extending the regular special trip sheet from the regular school year.
- E. Temporary Assignment:** A regular driver who is temporarily placed in an assignment other than their regular route will be paid for their normal hours of their regular route, at their normal rate, or their actual number of hours worked at their normal rate, whichever is greater.
- F. Route Schedule/Time Conflict:** When a change in the school day or school year schedule (i.e., split sessions, extended calendar, addition or changes in special programs/students) occurs, temporarily preventing the regular driver, whose route would normally transport those students, from doing so, an available regular driver shall be offered that portion of the route creating the conflict, until scheduling again allows for it to be included.
- If a regular driver is not available, such driving shall be offered according to seniority, to those regular back-up bus drivers available to transport.
- If such changes are of a more permanent nature and cannot foreseeably be included in the route where they would normally occur, regular drivers who are available shall be assigned taking both seniority and equalization of hours into consideration. This would not prevent the inclusion of this driving time from returning to the regular driver who would normally be assigned, if scheduling became possible.
- G. Newly-Created Jobs:** When the need to hire a new employee to fill a new position within this job classification, the Employer shall notify the Union of such position in writing and shall post notices of such position on all bulletin boards for a period of five (5) work days. Employees desiring to be considered for such position shall notify their immediate supervisor in writing during the five (5) work day period. The selection of an employee to fill such position shall be made on the basis of qualifications and seniority.
- Newly-hired drivers needed to fill a regular route position shall be considered when they have finished their probationary time, as stated in Sections B, B1, B&C in this Contract.

B5. Layoff and Recall

- A. **Layoff Procedure:** If the Employer determines that layoffs are necessary, regular drivers will be laid off according to seniority. They will be recalled in reverse order of layoff as openings become available. In no event shall a non-probationary employee be laid off if there is a probationary employee work as a regular driver. At the option of the laid off regular driver, the regular driver may be placed on the regular substitute driver list in accordance with their seniority.
- B. **Temporary Work:** Employees shall not be required to accept temporary or part-time work in order to retain their seniority.
- C. **Layoff Notice:** The Employer agrees to give two (2) weeks' notice of layoff except in unforeseen emergencies beyond the control of the Board.
- D. **Bumping:** If a route is eliminated, the driver from the eliminated route will be allowed to bump any driver with less seniority. Drivers who are bumped may also bump drivers with less seniority.

B6. Hours of Work

- A. **Minimum Pay:** Each time a driver makes a regular daily trip, one (1) hour minimum time out will be paid.
- B. **Regular Rate of Pay:** Bus drivers shall be compensated at their regular rate of pay for each hour of route preparation service.
- C. **Overtime:** All bargaining unit employees shall be paid one and one-half (1½) times their regular rate of pay for all hours worked in excess of eight (8) hours in one (1) day or 24-hour period.

If the number of employees volunteering for overtime or available to work overtime, as provided above is insufficient, the Employer may assign qualified employees to work such overtime provided such work is of an emergency nature (interruption of school function or facilities) and cannot be postponed. Time and one-half shall be paid for all hours worked in excess of forty (40) hours in any one week and for Saturday, unless Saturday, is part of the regularly-scheduled work week.

Double time shall be paid for all hours worked on Sunday or Holidays outside of the employee's regular schedule.

- D. **Inspections and Cleaning:** Each driver will be paid for fifteen (15) minutes for pre-trip inspections, fifteen (15) minutes for fueling, and two (2) hours maximum paid for cleaning at the end of the year. Everyday cleaning should be maintained and can be accomplished during "down" time between routes, from which the driver is already compensated.

B7. Special Trip Assignment

- A. **Notice and Assignment:**
 - 1. **Notification:** Notification of trips for the following week shall occur by

furnishing each driver with a trip list, on or before Friday of each week.

Assignment: All trips shall be assigned at the routine driver's meeting on the first day of school, at the beginning of each week. Trips that are scheduled after the Monday morning meeting must follow the trip rotation.

Trip assigned shall include Specific Destination; Group/Class, Sport Teacher/Coach, or Supervisor; number of persons to be transported; pick-up point; estimated return time; and specific leave time.

"Drop off and Drop and Return" Trips: "Drop and Return" trips shall be defined as a trip in which the coaches, and/or adult chaperones and students will be taken to their location and dropped. The coach is responsible for removing all equipment and belongings from the bus. The driver returns to our School District until the designated return time, at which point they return to the drop off location and reload the persons to be transported. This type of trip will be limited to trips for academic, athletic, and indoor events only with an anticipated length of five (5) hours or more with a one way mileage of less than thirty (30) miles as determined by the bus travel sheet posted in transportation and occurring on a Saturday or Sunday.

"Drop-Off Only" trips shall be defined as trips whereas the coaches and/or adult chaperones and students are taken to a location and left. This designation of "Drop-Off Only" must be made at the time of the assignment. Coaches shall be informed prior to each trip that the bus Will Not be staying or returning. The coach is responsible for removing all equipment and belongings from the bus. If a driver takes a "Drop-Off Only" trip, he/she will be guaranteed pay equal to the regular route time, or the trip time whichever is greater.

Non-Duty Time shall be described as time other than time spent driving the bus or vehicle assigned, periods of time when students are on the bus without a teacher or coach, any time supervising or chaperoning students.

All overtime sections shall apply to duty-free time as well as driving or on-duty time.

2. **Lists:** The District will maintain a seniority-based list of regular bus drivers who will be contacted for extra trips. At the first teacher work day of the school year, extra trips will be assigned by seniority until all regular drivers have been assigned an extra trip.

Example: Extra trip assignments begin with the most senior regular driver. If there are four (4) extra trips, then regular drivers #1, 2, 3, and 4 are assigned to the extra trips. The next week, driver #5 receives the first extra trip assignment, and the extra trip assignments continue until the seniority list is complete. The list then rotates back to the most senior regular driver

for assignment. A regular driver who does not accept an assigned extra trip at the driver's rotation point on the seniority list will not have an extra trip assignment until their next rotation. A regular driver who turns back four (4) assigned extra trips in a school year is not eligible for any other extra trips for the remainder of that school year.

3. **Refusal:** When a regular driver takes one (1) whole day off, that driver will not be allowed to come to work for the sole purpose to take a trip. However, if no other regular driver is available, the Transportation Supervisor may call upon this driver to take the trip.
4. **Extra Trips:** Regular and Regular Back-Up Drivers are to be asked to take extra trips before Casual Drivers.
5. **Chaperones:** It should be the responsibility of the School District administration to fully inform all adult chaperones, including extra duty personnel, of the rules and regulations of the buses and the responsibility of the chaperones.
6. **Late Returns:** Any driver whose check-out time for a special trip is after 10 p.m. shall notify the bus supervisor no later than 10:00 p.m. that the driver wishes the option of not driving their a.m. run the following day. The driver will not be paid for the time-off as a result of exercising this option.
7. **Trip Assignment:** If all drivers pass on a trip, the Transportation Supervisor will assign the trip to the lowest seniority driver. Future "all pass" trips will continue to be assigned on a rotated lowest-seniority basis.
8. **Rescheduled Trip:** If a trip or special trip is canceled then rescheduled in the same week, the driver originally assigned to the trip has the first option to take the trip before it is placed for bid (Monday – Friday only). Bidding shall continue with the normal rotation, i.e., whomever bid last is next up.

- B. Canceled Trips:** If a regular or regular back-up bus driver has reported to work and readied the vehicle, the employee shall receive one (1) hour of compensation if the trip is subsequently canceled. If a trip is scheduled on a regular school day and is subsequently canceled after a substitute driver is en route on the regular route, the regular driver shall receive compensation for the portion of his/her run that he/she has foregone.

If the regular back-up bus driver is not en route, the regular driver will drive his/her regular assignment and the substitute driver will receive one (1) hour of compensation at his/her regular rate.

- C. Minimum Pay:** Drivers shall receive a minimum of two (2) hours of wage for a Saturday, Sunday, and Holiday or any day other than a regular scheduled school day, when a special trip is subsequently canceled.

B8. Training and Workshops

- A. Pay:** All drivers required to attend training, for purposes other than recertification, will be paid at their regular duty rate for hours worked. Any bargaining unit

employee requested to assist in training shall be paid at his/her regular duty rate for all such hours.

- B. **Mandatory Training:** The Board may require its drivers to attend training sessions as required by the District or the State.
- C. **New Hire:** Newly-hired personnel shall be paid for all training and the District will pay the associated costs for such training. Newly-hired personnel who resign their employment from the District before the 1-year anniversary hire date shall reimburse the District for the following costs expended on their behalf: DOT physical, DOT license, KRESA training, Road Test.
- D. **Mileage:** For purposes of attendance at a training function, the driver of a personal vehicle shall be paid mileage within thirty (30) days.
- E. **Expense Reimbursement:** Compensation for meals, lodging, and travel, for each work day, shall be paid if the employee leaves the District for training at the District's request. Consistent with Board policy, actual expense for meals will be reimbursed within thirty (30) days when no meal is provided.

B9. Working Conditions

A. Faulty Equipment

1. It shall be the responsibility of each driver to report faulty equipment to the Director of Operations. Should the driver who reported such equipment find it has not been repaired in a reasonable length of time, he/she should submit a written report to the Business Manager/Business Office; however, in all cases, the Director of Operations will determine whether a bus is in operating condition, not the driver. Drivers may refuse to drive a specific bus on the basis of safety without placing their employment or seniority in jeopardy. Specific reason(s) must be given.
2. The District assumes the responsibility of clearly marking all buses called out of service so drivers are immediately aware which buses are not available for student transportation.
3. It shall be the responsibility of the Employer to notify and make training available to all employees regarding new statutory requirements applicable to their job duties, with adequate lead time, so as to prevent employees acting in violation of the law and /or causing the employees to lose employment advantage.
4. Management reserves the right to determine, under severe weather conditions, if the District buses should operate or not. However, once students have loaded the bus, the driver, keeping safety in mind shall have the authority to determine if the bus should continue. If weather or road conditions are extremely dangerous, the driver shall immediately, if possible, inform the Supervisor or Superintendent's office of stoppage, and shall file a written report within Forty-Eight (48) Hours of completion of the route, if requested to do so.

B. Pre-Trip Inspection Procedures: If the procedures for conducting pre-trip inspections are substantially altered, the parties will meet and confer about the appropriate methods or means to accomplish such new duties consistent with the health and safety provisions in accordance with this Contract.

C. Housing Buses: All buses shall be housed at the school bus facilities.

D. Bus Aides:

1. Bus routes solely dedicated to transportation of special education students will be provided with an aide, if required by a student's IEP.
2. Where a driver transports a student: (1) whose IEP has resulted in the assignment of an aide during the instructional day, and (2) who has demonstrated behavioral or medical problems related to his/her disability while being transported on a school bus, the driver may submit a written detailed report or recommendation to the Employer concerning such student.

If any driver is complained against or sued as a result of any reasonable action (as defined by a court of law), and taken by the driver while in the scope of his/her employment with the District, the Board shall provide legal counsel and render all necessary assistance to the driver in his/her defense when requested in writing by the driver. If a final decision issued a court or administrative agency indicates the driver's liability for this action, all costs of assistance rendered pursuant to this paragraph and not covered by the insurance carrier shall be reimbursed to the District by the driver.

3. It shall be the sole responsibility of the District to provide Bus Aides, as needed, and to provide needed training and District and State guidelines for Pupil Transportation, as well as District needs and expectations of Bus Aides to assist in safe student transportation, loading and unloading.

E. Medically Fragile

1. If employees are required to administer medications, perform procedures, or provide health-related services to a student which requires specialized medical training, the District shall provide:
 - (a) appropriate training to affected employees, provided the District does not expect the driver to provide services that would require a health care professional, as determined by the State of Michigan;
 - (b) the employee with written instructions as to the procedure;
 - (c) the name and telephone number of person, parent or physician, that can be contacted for assistance. The District acknowledges that the contact of these persons may be affected by the means available to the driver such as, being out of radio or cellular phone range, as well as the immediate responsibilities to the students and safety.

The driver will do everything possible to comply with these guidelines and special needs, provided that they are not asked to go beyond their job description. The driver's first concern is to provide safe transportation for the majority of students.

- F. **Safety:** The Employer shall make reasonable provisions for the health and safety of all unit employees during the hours of their employment. The Employer agrees to provide all drivers with access to the building, private restroom facilities, parking lot, and further, shall provide a lighted area for parking and entrance to above facilities.

B10. Compensation

- A. **Layover Time:** It is expected that drivers shall be available to the chaperones or in attendance with their buses for any duty-free time that is counted for pay. Expenses such as meals and admissions will be provided at a level consistent with the activity and meals of the group being transported. Layover time on trips requiring overnight accommodations shall be allowed for all hours not designated as duty-time. (For overnight trips a minimum of eight (8) hours including layover and driving time shall be paid.) Meals and accommodations will be provided at a level consistent with the meals and accommodations of the group transported. Drivers will be reimbursed for any out-of-pocket expenses incurred on special trips providing that such expense is trip-related, e.g., parking fees, tolls, repairs

Drivers will also be reimbursed for meals in the following instances and consistent with Board Policy:
