- A. The academic freedom of teachers to facilitate student inquiry into issues and conduct discussions among students regarding issues for educational purposes is encouraged and recognized as an acceptable endeavor, provided all sides of a controversial issue are presented fairly and the discussion is not used to proselytize students. In conducting such discussions the teacher will give deference to the maturity of the students involved and the nature of the issue. The teacher must comply with any regulations of the State Department of Education or laws of the State limiting instruction in a particular area to teachers of specific qualifications. The teacher must also adhere to the curriculum requirements and teaching methods adopted by the Board.
- B. Teachers agree to comply with reasonable written rules, regulations, and directions from time to time adopted by the Board or its representatives which are not inconsistent with the provisions of this Agreement provided that a teacher may reasonably refuse to carry out an order which unnecessarily threatens physical safety or well being.

 - 4. Assignments to ITV classes shall be made on a voluntary basis.

STUDENT DISCIPLINE AND TEACHER PROTECTION

- A. Classroom discipline is basically a professional responsibility of the teacher. The Board recognizes its responsibility to give full support and assistance to teachers with respect to the maintenance of control and discipline in the classroom when such discipline is exercised in accordance with District policies, rules, and procedures. Student discipline in the hallways/buildings is a cooperative responsibility of the administration and the teachers.
- B. It is recognized that discipline problems are less likely to occur in classes which are well taught and where a high level of student interest is maintained. It is likewise recognized that when discipline problems occur, they may most constructively be dealt with by encouragement, praise, and emphasis upon the child's desirable characteristics. It is also expected that classroom teachers will utilize all administrative and consultant assistance services so that every effort is made to provide an education for all children.
- C. Teachers and administrators will endeavor to achieve correction of student misbehavior through counseling and interviews with the child and his/her parents when warranted. A teacher may exclude a pupil from one class when the grossness of the offense, their persistence of the misbehavior or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable. (Charges against sick leave in such a situation shall be for only such portion of a day or days as is not paid by Workers' Compensation.) The amount of compensation paid to a teacher pursuant to this Section shall not result in compensation in excess of what the teacher would have received by his/her regular contracted salary.
- G. Complaints of a parent, directed toward a bargaining unit member, shall be called to his/her attention promptly. This notification should be as a matter of information and may not necessarily require corrective action or recording. Any formal action taken upon any complaint by a parent of a student directed toward a teacher, or any notice thereof to be included in said teacher's personnel file must be promptly reported in writing to the teacher concerned. If the Administration feels that unprofessional behavior is involved,

and the bargaining unit member requests, the Association shall be notified.

- H. A teacher shall at all times be entitled to have present a representative of the Association when he/she is being formally reprimanded, or disciplined for any infraction of rules or delinquency in professional performance. In the event the disciplinary action or reprimand is intended, teachers shall be informed of their right to request the presence of an Association representative. When a request for such representation is made, no action shall be taken with respect to the teacher until such representative of the Association is present.
- I. No teacher shall be disciplined, reprimanded, reduced in compensation, demeaned professionally, or deprived of any contractual right without just cause (just cause includes the concept of progressive discipline). Discharge, or demotion shall be subject to the Tenure Act. All information forming the basis for disciplinary action will be made available to the teacher and, at the request of the teacher, to the Association.
- J. Should a teacher suspect that a student is suffering from a serious and/or contagious health problem, the teacher shall promptly advise the principal. A teacher shall be informed of any serious and/or contagious health problems of any student under their supervision known by school authorities to exist from information supplied by the affected student's parents or public health officials, which condition may require special attention from the teacher. The teacher shall maintain complete confidentiality of the information supplied.

- B. The Board agrees at all times to maintain a list of substitute teachers. Teachers shall be informed of a telephone number and web site they may use before 6:30 a.m. to report unavailability for work. Once a teacher has reported unavailability, it shall be the responsibility of the Board or its designated administrator to arrange for a substitute teacher. If a teaching specialist for elementary Art, Music, or Physical Education is absent from work and if a qualified substitute is available, said teacher shall be used to substitute for the absent teaching specialist.

The teacher shall be informed as to emergency measures which may be necessary on occasion due to the student's impaired condition. It shall be the responsibility of the teacher to implement the student's individualized education plan for attending to the educational needs of the student while in the teacher's class.
- D. The IEP (Individualized Education Planning) process will include input from appropriate teachers. It shall be the responsibility of the administration and the Special Education Department Chairperson and/or the special education teacher or specialist on whose caseload the student has been, or likely will be assigned, to notify and work with the affected teachers. This notification will occur as soon as possible. Input shall be defined as attendance at the IEPC meeting or written and/or verbal communications pertaining to the student in question.
- E. In the event the school district seeks a Special Education waiver from the Michigan Department of Education, the district will notify the Association within ten (10) working days.

ARTICLE XII
QUALIFICATION AND ASSIGNMENTS

- A. Except temporarily and for good cause, teachers shall be assigned within the scope of their teaching certificates and/or their major or minor fields of study, and the Association shall be notified in each instance, along with written statement of reasons, when an assignment does not meet these requirements. - C. When making assignments in addition to the normal teaching load, preference shall be granted to staff members provided, however, that assignments shall be made on the basis of qualifications. The Board shall advertise twice yearly seeking interested persons for unfilled extra-curricular positions. An extra-curricular position occupied by a non-bargaining unit member shall be considered vacant at the end of the school year. In the event that extra-curricular positions are not filled through the aforementioned steps, the administration may assign such responsibilities to staff members who have not assumed their proportionate share of extra-curricular responsibility during the school year. Teachers shall sign a Supplementary Salary Notice prior to assuming an extra-curricular position. This section shall not be construed as limiting the requirement that teachers of the following subjects accept the assignments to extra-curricular positions related to the academic assignments (journalism teacher/annual, agricultural teacher/FFA, music teachers, band, band camp and choir).
- D. Reimbursements for extra-curricular responsibilities will be in accordance with salary schedules ED-5 and ED-6. Rights to make assignments listed under ED-5 and ED-6 annually shall remain with the Board.
- E. Except as provided in Article XVII, to be qualified for an assignment a teacher must satisfy North Central Accreditation standards and requirements and any requirements contained in State and federal law, including the requirements in the No Child Left Behind Act pertaining to highly qualified teachers. Without notice to the Association, the Board shall take no action to comply with the No Child Left Behind act of 2001, as amended, 20 USC 6301 et seq., that has an adverse impact on any bargaining unit member due to not being a highly qualified teacher.

ARTICLE XIII

1. A vacancy shall be defined for purposes of the Agreement as:
 - a. A position the Board has determined exists that it wishes to fill, and

2. This definition of a vacancy shall not apply to a bargaining unit position held by a teacher who is on leave for less than or equal to one (1) school year.
3. Regardless of any provisions of this Agreement, the Board shall not be required to post notice of any vacancies or transfer any teacher to any position if there are certified and qualified teachers for that position on layoff.
4. The Association recognizes that when vacancies occur, it may be difficult to fill them from within the district without undue disruption to the existing instructional program. If the superintendent in his reasonable judgment so determines, such a vacancy may be filled from without the district staff on a temporary or tentative basis until the end of the current school year, at which time the position will be considered vacant. An individual employed on a temporary or tentative basis until the end of the current school year pursuant to this provision shall be laid off upon completion of the school year and shall not have seniority or contractual rights to continued employment or recall under this Agreement. Such an individual shall not be considered to be a member of the bargaining unit while employed on a temporary basis. The layoff notification requirements contained in this Agreement shall not apply.
5. When a vacancy in the bargaining unit arises, the superintendent shall notify the Association. Such vacancy shall not be filled from outside the bargaining unit until at least ten days after notification of the Association. The Board reserves the right to fill vacancies on the basis of its determination of qualifications of all applicants.

B. Voluntary Transfers

Requests by a teacher for transfer to a different class, building or position shall be made in writing, one copy of which shall be filed with the superintendent and one copy shall be filed with the Association. The application shall set forth the reasons for transfer, the school, the grade or position sought, and the applicant's academic qualifications. Such requests shall be renewed once each year to assure active consideration by the Board.

C. Involuntary Transfers

The Superintendent shall be responsible for the transfer of all faculty personnel. Any involuntary transfer will be made only in case of emergency, the reduction of staff in a building or district, or to prevent undo disruption of the instructional program. The superintendent shall notify the affected teacher in writing at least ten days prior to effective date of said transfer of the reasons for such transfer. The affected teacher may notify the Association of these reasons. If the teacher objects to such transfer for the reasons given, he/she may request in writing that his/her objections be presented to the Board for their review. Request for such consideration will be presented to the superintendent by the Thursday preceding the Board's next scheduled regular meeting so that it may be presented as an agenda item.

An "involuntary transfer" will mean a relocation of an individual from one building to another.

If the involuntary transfer occurs during the school year or within 72 hours of the start of the school year, the staff member affected will be provided up to two (2) days of release time to prepare for the assignment.

Each tenure teacher shall be formally evaluated at least once every three years and in accordance with the Tenure Act.
- B. Evaluations shall be conducted by a teacher's immediate supervisor or an administrator working in the same building or otherwise familiar with the teacher's work, who shall be designated by the Board. Upon the request of the teacher, further evaluations shall be made by the administrator and by another administrator. Further evaluations at the request of the Board shall be conducted by another administrator, designated by the Board who is familiar with the grade level and/or subject being taught.
- C. Observations shall be made in person for a combined total of at least thirty minutes. All monitoring or observation of the work of a teacher shall be conducted openly and with full knowledge of the teacher. The use of eavesdropping, closed circuit television, public address or audio systems, and similar surveillance devices shall be strictly prohibited.
- D. A copy of the written evaluation shall be submitted to the teacher at the time of each personal interview, which will occur within two (2) weeks of the observation, and the teacher shall have the opportunity to review the evaluation report and affix his/her signature indicating he/she has received such an evaluation report. In the event that the teacher feels his/her evaluation was incomplete or unjust, he/she may put his/her objections in writing and have them attached to the evaluation report, which will be placed in his/her personal file. All evaluations shall be based upon valid criteria for evaluating professional growth.

It is agreed that the criteria developed by the staff and administration shall be considered as valid criteria. Information in a teacher's evaluation based on Section C of this article shall be gained through direct observation of the evaluator.

- E. No later than April 15th of each probationary year, the final written evaluation report will be furnished to the superintendent covering each probationary teacher. In the event a probationary teacher is not continued in employment, the Board will advise the teacher in writing.
- F. In the event any disciplinary reports are placed in a teacher's personnel file, the teacher may review such reports and attach written comments thereto.
- G. It is understood by the Association and the Board that the evaluation procedure as used for the professional staff shall be a positive tool used for the improvement of the competency of educators as they relate to children and their work performance. Evaluation will stress the strong points of a staff as well as identify areas of weakness or needed improvement. In addition to identification of areas of needed improvement, an evaluator should recommend ways for corrective action.
- H. Upon the request of the teacher the Association shall have made available to it all materials supporting the observations which led to a negative evaluation and may assist in the corrective action. This information will be given to the Association to be treated in confidence and with professional responsibility.

 - 1. Evaluation will be in writing.

This committee shall consist of three (3) representatives selected by the Association and three (3) representatives selected by the Board.

This committee shall determine whether changes to the current evaluation system are needed to satisfy the requirements of the law for assessment of student growth, what those changes should look like and how best to implement the changes. The committee will have the authority to tentatively agree to modify, by addition or

deletion, the existing evaluation instrument. If a new instrument is agreed upon, the respective constituents of the parties must approve, through ratification procedures, all changes prior to implementation of the new evaluation tool.

Once this has been accomplished, the bargaining teams for the Association and the Board shall reconvene to discuss and bargain over a pay system in compliance with recently passed legislation. If the requirements no longer exist under the law, this letter of agreement shall be null and void.

(Note that Supt Flannigan has a statement on the MDE website that indicates districts are not expected to have a system for pay tied to assessment of student growth in place for three years.)

Emergency leave will count towards a teacher's seniority.

- C. Personal Business Leave - Two (2) days per year may be used. The two personal business leave days will be allowed upon request, without questions. A third personal business leave day will be granted upon request with the cost of a substitute including all retirement and FICA being paid by the teacher through payroll deduction. The third personal business day may not be used the day before or after a holiday or vacation. The third personal business day may not be used during the first two weeks of school or the last two weeks of school unless approved by the Superintendent.

No more than four elementary teachers per building may use personal business days at any one time (day). If substitute teachers are not available, then a maximum number of three teachers may use these days.

No more than six junior/senior high school teachers may use personal business days on any one day. If substitute teachers are not available, then a maximum of four teachers will be allowed to use the day for personal business.

Application for personal business leave must be made in writing to the superintendent or his designee at least four days in advance, except in emergencies as approved by the superintendent.

The number of teachers requesting leave days per day may be changed by mutual consent between the building administrator and the building representative.

Personal business leave will count towards a teacher's seniority.

D. Professional Business Leave - Professional business leave shall be limited to (a) subject matter conference(s) in the teacher's field or to observations of programs in other districts. Personal expenses while in attendance at the conference will be paid for by the Ithaca Board of Education providing the following conditions are met:

1. Attendance at conference or visitation is approved by the superintendent or his representative prior to attending.
2. Reasonable expenses are supported by expense vouchers and mileage statement.

Professional business leave will count towards a teacher's seniority.

E. Association Days - In the event that the Association is desirous of sending representatives to local, state, or national conferences or workshops conducted by the Association and its affiliates for the further cause of its own professional purposes, said representatives shall be excused. Up to ten (10) days of compensable leave shall be paid by the Board and the Association shall reimburse the district for the ten substitutes employed for these Association days. The Association acknowledges that it is desirable to give the administration ample notice before taking Association leave days. Association leave will count towards a teacher's seniority.

F. Sabbatical Leave - A sabbatical leave of absence not to exceed two semesters may be granted to members of the professional staff of the Ithaca Public Schools subject to the approval of the Board of Education, upon the recommendation of the Superintendent of Schools, when in their considered judgment the professional competence of the staff member and the general welfare of the public schools will be benefited. The number of employees granted such a leave should be limited to one per year. To be eligible, a staff member must have been employed at least seven (7) consecutive years by the Ithaca system; make formal application to the superintendent before April 1 of the year prior to the sabbatical leave; hold a teaching certificate; and sign an agreement with the superintendent and Board of Education to return to the Ithaca system for a minimum of two years upon completion of the sabbatical leave. If the sabbatical is granted, the employee shall receive at least one-half of his/her yearly salary level in effect during the term of the leave and full fringe benefits. Sabbatical leave will count towards a teacher's seniority.

G. Professional Improvement/Sabbatical Leave - Leave without pay, not to exceed two semesters, may be granted by the Board to professional personnel to permit them to improve their ability to render educational service. Such improvement is usually achieved by formal study, research, and travel. Applications for leaves shall be considered on their merits and may be approved by the Board of Education.

To be considered for a professional improvement sabbatical leave, the applicant must have been a member in good standing on the staff for a minimum of four years and a holder of a teaching certificate.

Status upon return from professional improvement/sabbatical leave shall be the same as if the teacher had been employed in the district, full time, during the leave. Professional improvement/sabbatical leave will not count towards a teacher's seniority.

- H. Short Term Leave - A short term leave, without pay, may be granted by the Board for a period of less than one semester, for personal reasons such as surgery of a cosmetic nature, abortion, dental services, extraction of teeth and fitting of dentures, orthodontic services when cosmetic in purpose, physical examination of a routine or annual nature, for family care in a non-critical condition or for personal rest and rejuvenation. Short term leave will not count towards a teacher's seniority except where it is used to comply with the provisions of the Family Medical Leave Act. In such cases, the leave will count for seniority purposes.
- I. Personal Leave - A leave of absence for personal reasons shall be granted at the discretion of the Board. At the expiration of said leave, the employee shall be eligible for re-employment in his former position, or in a similar position, providing a vacancy exists and he remains eligible under the rules and regulations of the Board of Education. The teacher shall be placed on layoff status upon expiration of the leave if there is no vacancy for which the teacher is certified and qualified. His/her status (in the fringe benefits area) upon his/her return, shall be that of a new staff member except that all years of service recognized in salary placement prior to the leave shall be credited. Personal leave will not count towards a teacher's seniority except where it is used to comply with the provisions of the Family Medical Leave Act. In such cases, the leave will count for seniority purposes.
- J. For Sabbatical Leave, Professional Improvement Leave, or Personal Leave: Should such a leave be of greater than 13 weeks in duration, the administration will request in writing at least 40 days prior to the end of the leave notification of the teacher's intention to return to work. The teacher will respond in writing within 10 days of receiving notification of his/her intention to return or not return or will contact the superintendent to make other mutually satisfactory arrangements. The teacher's failure to respond conclusively and irrefutably constitutes the teacher's resignation. Should this leave be scheduled to end at or after the end of the academic school year the notification from the Board should be sent 15 days prior to the end of the current academic year.
- K. Health Care Leave - A teacher who is unable to teach because of personal illness or disability and who has exhausted all sick leave available, shall be granted a leave of absence without pay for the duration of such illness or disability up to one year; and the leave may be extended upon written request by the teacher.

A teacher on health care leave who is notified by the superintendent via certified mail requesting information on that teacher's condition and intention to return to work, must respond to this request by May 1 by supplying such information to the superintendent. The teacher's failure to notify conclusively and irrefutably constitutes the teacher's resignation. It is the employee's responsibility to keep his/her address with the school district current.

A teacher returning from health care leave shall be restored to his position with full seniority, status, and pay. If a teacher begins a health care leave prior to the beginning of school, or before his sick leave has been exhausted, the accrued sick leave shall survive the leave of absence. Health care leave will count for teacher's seniority.

- L. Jury Duty - Teachers who are called to jury duty or subpoenaed shall be granted compensable leave during the period required to fulfill this obligation. The financial compensation received for this service will be deducted from their regular pay. Jury duty leave will count towards a teacher's seniority.
- M. Political Leave - A leave of absence may be granted to any teacher upon application for the purpose of campaigning for, or serving in (except when serving in the State Legislature), a public office. Upon return from such leave, a teacher shall be placed at the same position on the salary schedule as he/she held at the time of commencing such leave. Political leave will not count towards a teacher's seniority.
