## ARTICLE 4 – TEACHER RIGHTS AND RESPONSIBILITIES

A. **Teacher Rights.** Each teacher shall have, in addition to all other rights expressly set forth herein, the following rights. The listing of the following is not intended to limit any rights or responsibilities that teachers may have as provided for by law.

1. **Evaluation.** It is the right and responsibility of the administrative staff to evaluate the performance of teachers and to visit classrooms for purposes of evaluating and promoting the educational program. The Board shall adopt written policies for the evaluation of teachers which shall conform with the following guidelines:

- a. Evaluations shall be primarily used for the purpose of improving the effectiveness of each teacher. For such purpose, every reasonable effort shall be made to keep each teacher apprised of his/her performance on a continuing basis and each formal evaluation shall be followed within ten (10) working days by a conference between the administrator and the teacher.
- b. The teacher evaluation scale as approved and adopted by the Board shall be used for all formal evaluations subject to modification by the Board. The Association shall participate in any material modification of the aforesaid evaluation scale, shall have the right to make written recommendations to the Board concerning any such modifications and to the extent that such recommendations are not adopted, shall be entitled to receive a written reply stating the position of the Board prior to the implementations of any such changes.
- c. Formal evaluation shall be conducted openly and with the full knowledge of the teacher. Each teacher shall be furnished a copy of the current evaluation and shall thereafter be furnished any changes in the evaluation form prior to the first evaluation using such form. Each teacher shall be furnished a copy of each completed evaluation.
- d. Probationary teachers shall be observed a minimum of two (2) times during each probationary year. The first observation shall be completed by November 1, and the second observation completed by April 1. A final evaluation shall be completed by April 15.

Tenured teachers shall be evaluated at least once per three school year period. The Board may provide for additional evaluation, as it shall determine to be necessary for the proper conduct of the educational program.

Evaluation of teacher performance shall not be based on standardized testing alone.

2. **Personnel Files.** The Board shall cause an official personnel file to be established and maintained for each teacher in accordance with the following guidelines:

- a. A teacher shall have the right, upon reasonable prior request, to review the contents of his/her personnel file. A representative of the Association may accompany the teacher at the request of the teacher. The file shall be reviewed in the presence of an administrator responsible for the safekeeping of the file. The credentials and references of the teacher shall not be subject to review.

ARTICLE 4 - *Teacher Rights and Responsibilities*

- b. Formal evaluations shall not be made a permanent part of the personnel file until the teacher has had an opportunity to review such evaluation. Formal evaluations shall be completed prior to a teacher/evaluator conference, and the teacher will receive a copy at least one (1) hour prior to the conference.
  - c. Teachers shall be given a copy of any materials placed in the personnel file that reflects on the character of the teacher's professional services. The aforementioned copy shall contain notation that is to be placed in the personnel file. If the teacher objects to all or any portion of such materials, the following procedures shall be followed namely:
    - 1) The teacher, together with a representative of the Association, if desired, shall have the right to meet with the Administrator or Administrators responsible for placing such materials in the personnel file, provided that the teacher requests such a meeting in writing within five (5) school days following receipt of the copy of the materials.
    - 2) If the results of the meeting are not satisfactory to the teacher, and the Superintendent was not present at the meeting, the teacher and a representative of the Association, if desired, shall have the right to meet with the Superintendent, provided that the teacher requests such a meeting in writing within five (5) school days following the conclusion of the administrative meeting.
    - 3) If the objectionable material is not withdrawn or modified in a manner satisfactory to the teacher as a result of the meeting with the Superintendent, the teacher shall have the right within ten (10) school days following the conclusion of the conference to have inserted in the personnel file a statement concerning such material, with a copy of the statement to be provided by the teacher to his/her immediate supervisor.
    - 4) The time limit in Section c. 3 above shall not extend more than five (5) calendar days beyond the end of the school year.
3. **Consortium.** In determining to participate in any consortium, the District will meet and confer with the Association with regard to the consortium and any attendant consideration regarding wages, hours and working conditions of the teachers involved, the Association and its members. Such discussions shall continue as plans for the consortium develop with the intent that any such consortium be developed with the full support of the Association. All understanding regarding wages, hours and working conditions shall be reduced to a written agreement.

B. **Professional Standards.**

1. **Standards.** The parties recognize that the certification of a teacher and his/her contractual agreement constitute a continuing representation by the teacher that he/she is qualified to be entrusted with the responsibility for the education of students. Although the parties acknowledge the difficulty of completely and precisely defining the minimum acceptable professional standards for each teacher, it is recognized that they include at least the following:
  - a. **General Competence.** A teacher shall maintain such level of professional competence as may be required to adequately discharge his/her professional responsibilities that are within the scope of his/her certification.
  - b. **Preparation for Professional Assignments.** A teacher shall adequately prepare for the discharge of a professional assignment.
  - c. **Performance of Professional Assignments.** It is the responsibility of a teacher to work to stimulate the spirit of the inquiry, the acquisition of knowledge and understanding, and the thoughtful formulation of worthy goals. In fulfilling this obligation to the student, a teacher:
    - 1) Shall not without just cause restrain the student from independent action in his/her pursuit of learning, deny the student access to varying points of view, nor deliberately suppress or distort subject matter for which the teacher bears responsibility, nor seek to impose upon the student his/her own opinions.
    - 2) Shall direct the instructional material to the assigned subject matter and to matters which are reasonably related.
    - 3) Shall maintain with the cooperation of the Administration such order and discipline during the conduct of instruction as shall be necessary to provide a suitable learning environment. All disciplinary actions and methods invoked by a teacher shall be reasonable and just and in accordance with established Board policy. It shall be the responsibility of a teacher to report to the principal the name of any student who, in the opinion of the teacher, needs particular assistance from skilled personnel. Principals and teachers will work cooperatively in resolving discipline problems which disrupt school operation and in enforcing the Student Conduct Code.
    - 4) Shall have the assistance of the Board with respect to the maintenance of control and discipline in the classroom within the confines of school policies.
  - d. **Conferences.** A teacher shall be reasonably available for consultation with students, parents, and members of the professional staff and others.

*ARTICLE 4 - Teacher Rights and Responsibilities*

- e. **Parent-Teacher Conferences.** Parent-Teacher conferences shall be included in the school calendar.
  - f. **Student Evaluations.** Each teacher shall hold high expectations for all students and shall evaluate each student fairly and impartially in accordance with the evaluation scales established by the Board of Education in consultation with the Association.
  - g. **Rules and Regulations.** The responsibility of a teacher for the enforcement of the rules and regulations of the District is not limited to the teacher's classroom.
  - h. **Professional Conduct.** A teacher shall:
    - 1) Refrain from the use of his/her professional relationship with students for private advantage.
    - 2) Refrain from holding outside employment or engaging in activities which materially interferes with the performance of his/her professional assignments.
    - 3) Accept no gratuities, gift or favors that might impair, or appear to impair, his/her professional judgment nor offer any favor, service, or thing of value to obtain special advantage.
    - 4) Not knowingly withhold or misrepresent information concerning his/her professional qualifications.
  - i. **Safety of Students.** Every reasonable effort shall be made to protect students from conditions harmful to learning, health, or safety. For such purpose, a teacher shall promptly notify the Administration of any defective condition in the physical facilities of the District, which may reasonably cause injury to persons or property.
2. **Just Cause.** No teacher shall be disciplined without just cause. The parties agree that the term "just cause" means that the person imposing the discipline must have a just and proper reason to cause the action to be taken against the staff member. The parties further agree that the cause for the disciplinary action must be reasonably related to the successful fulfillment of the District's purposes; however, it is not necessary that the District prove a harm to the District resulting from the conduct of the staff member.
- a. When a teacher is to be disciplined, the teacher shall be entitled to have a representative of the Association present at a meeting prior to the disciplinary action, if the teacher requests such representation. When disciplinary action is to occur, the teacher shall be so advised and informed of the right of representation. When a request is made, no action shall be taken with respect to the teacher until such representative of the Association is present.

*ARTICLE 4 - Teacher Rights and Responsibilities*

- b. The progressive discipline steps, listed below, will be followed unless the seriousness of the violation of unprofessional performance (including, but not limited to, illegal, unsafe, gross, or immoral activity) warrants stronger disciplinary action on the first occasion.

1) **First Offense or Indication of Unprofessional Performance.**

The teacher will have a conference with his/her immediate supervisor about the problem in question. If an oral reprimand is issued the teacher will sign a non-specific acknowledgement of the fact that an oral reprimand was issued. The teacher and the immediate supervisor will retain copies of the signed acknowledgement, and the administrator's copy will be filed with the building administrator for one year, after which time it will be removed from the file if no further offense is documented.

2) **Second Offense or Indication of Unprofessional Performance**

The teacher will have a conference with the administrator about the problem in question. A written reprimand or written evaluation about unsatisfactory performance will be attached to the oral reprimand from the administrator. Both documents will be placed in the teacher's personnel file at central administration and will be removed from the personnel file in two (2) years if no further offense is documented.

3) **Third Offense or Indication of Unprofessional Performance**

The teacher will have a conference with the administrator about the problem in question. A written reprimand or written evaluation of unsatisfactory performance will be placed in the teacher's personnel file at central administration and will be removed from the file in four (4) years if no further offense is documented. The teacher may also be subject to suspension not to exceed three (3) days or removal from the extra duty assignment.

4) **Further Offense or Indication of Unprofessional Performance**

The teacher is subject to any of the above as well as dismissal.

When a written reprimand, suspension, or removal is involved, the teacher is allowed to present witnesses or evidence on his/her behalf, file a statement expressing his/her views of the problem or discipline taken, and be represented by counsel. All actions of discipline are subject to the provisions of Article 10, C., Grievance Procedure.

- c. If discharge of a teacher (including denial of tenure, or demotion) is to be considered because of inadequacies observed in the teacher's professional work with students, such action must minimally be preceded by:

- 1) One other observation by another administrator at the request of the teacher through the evaluation described in Article 4, A, 1.

*ARTICLE 4 - Teacher Rights and Responsibilities*

- 2) Clear direction that the teacher must improve and the consequences of failure to do so.
- 3) Adequate opportunity for the teacher to make improvements.
- 4) Assistance from administrators and school district resources to help the teacher improve.
- 5) A year end performance evaluation that includes an assessment of the teacher's progress in demonstrating satisfactory performance in the areas identified as inadequate.

## ARTICLE 5 – PROFESSIONAL SERVICES

- A. **School Year.** The number of student days (175) and teacher days (182) shall be as set forth in the School Calendar found in Appendix C of this Agreement. The Board, after consultation with the Association, may modify or extend the School Calendar in order to comply with membership day or other requirements imposed by state law or regulations.
- B. **Professional Duties.** The parties recognize that the commitment of a teacher cannot be measured merely by time and that all of the provisions hereinafter set forth are conditioned by the responsibility of each teacher to fully and completely discharge his/her professional responsibilities. The parties further recognize that many changes are occurring and will continue to occur in the field of education and that if a quality educational program is to be achieved, it is essential that the parties and the teachers maintain an attitude which will support innovation and change but will also assure that neither the teachers, the students, nor the School District will be unfairly treated. The compensation set forth in Schedule “A” for regular professional duties is based on the assumption that on the average a teacher will be on the school premises or at an approved duty connected facility for thirty-eight (38) hours during each regular school week. The scheduling of the thirty-eight (38) hours for each school will vary due to the differences in arrival and departure time of students. Teachers wishing to deviate from the scheduled arrival and departure time for teachers shall obtain approval from their building administrator. Policies scheduling instruction, professional duties and the work day shall be from time to time established by the Board and shall provide that:
1. **Planning Time and Lunch Periods.** All regularly assigned, full-time, classroom teachers, shall receive during each full week of instruction:
    - a. Two and one-half hours of duty-free lunch time (30 consecutive minutes.)
    - b. Five preparation, conference periods of not less than 40 minutes each, one per day.

Special subject teachers (art, music and physical education) will receive a minimum of two hundred minutes preparation time per week.

Kindergarten teachers will receive a minimum of two hundred minutes preparation time per week. The District shall make every reasonable effort to schedule one (1) forty (40) minute planning time per day.
  2. **Substitution for Other Teachers on Planning Time.** Whenever an administrator requests that a teacher substitute for another on planning time, such teacher shall be paid \$30 for each block/class period taught. This provision shall not apply when teachers agree to substitute for each other on their planning time.
  3. **General Duties.** In addition to the regular professional duties performed during the regular school week, a teacher may be required to attend up to eight (8) hours of school meetings each month. Those meetings shall include IEP’s, Teacher Assistant Team

(TAT), curriculum, in-service, open house, parent-teacher conferences and staff meetings. When possible, teachers shall be given one (1) week's notice of any required meetings and shall be supplied with a proposed agenda specifying starting and ending times for the meeting.

4. **Part-Time Teachers.** The normal workweek for part-time teachers shall be adjusted by the Board on an individual basis proportionately in accordance with the provisions of this Agreement. On professional days, part-time teachers shall attend the percent of their part-time assignment with the choice to attend over and above. Neither the district nor the union shall put any pressure on such teachers relative to their participation in other activities, which are over and above their contractual commitment.
5. **Student Teachers.** The acceptance of a student teacher supervisory assignment shall be voluntary. Any funds received by the District for placing of student teachers shall be used for in-service activities.
6. **Mentor/Mentee.** The Administration shall notify the Association, on a timely basis, when a mentor teacher and a mentee teacher are matched.

Mentor teachers should serve voluntarily and should be selected by the Administration.

Mentor teachers shall be available to provide professional support, guidelines, and instructional leadership.

A mentor teacher should not be called as a witness in grievances involving the mentee teacher's classroom teaching abilities.

7. **Work Load.** It is the goal of the parties that teachers in the same classification shall have substantially equal workloads and productivity. However, it is recognized that the professional workload and effort of each teacher cannot be precisely measured. The parties recognize, however, that at least the following factors should be considered, namely:
  - a. **Class Size Criteria.** The establishment of student-teacher ratios is recognized as a useful reference point when used in conjunction with at least the other guidelines hereinafter set forth. The student-teacher ratio for the average classroom computed on a building basis is as follows:

<u>Grade levels</u>	<u>Student-Teacher-Ratio</u>
Kindergarten	24 to 1
1-2	25 to 1
3-6	26 to 1
7-8	27 to 1
High School	27 to 1

Secondary class sizes shall continue to be limited by the number of workstations.

- b. **Other Guidelines.** In addition to the student–teacher ratio, it is recognized that any accurate measure of the professional effort required, the quality of the instruction given, or of the results obtained should also consider the following factors, namely:
    - 1) The subject matter.
    - 2) The teaching strategy.
    - 3) The distribution, maturation, and ability level of the students.
    - 4) The training and experience of the teacher.
    - 5) The quantity, quality, and type of physical facilities and teaching aides available.
  - c. In the event a classroom exceeds the student/teacher ratio as defined in Section A above, at the request of the affected teacher(s), the Association representative, the affected teacher(s), and the appropriate Administrator(s) shall meet in an effort to remedy the overload.
  - d. An adjustment in teacher’s workloads will include hiring a paraprofessional with the teacher’s approval, and if funding is available, when kindergarten sections reach an enrollment of 25 or more; first and second grade enrollments reach 26 or more; and third through sixth grades reach 27 or more.
8. **In–Service and Curriculum Meetings.** In–service and curriculum meetings generally will not be scheduled on Friday afternoons. One week’s notice will be given if it is anticipated that they will extend more than one hour beyond the working day.
9. Once the District creates a split–grade classroom, the District will not add additional students to such classroom unless other classrooms at the affected level are becoming overcrowded. The District will consult with the affected teachers prior to any additions to a split grade. In addition, the District will attempt to ensure that teachers assigned to split grades are not assigned to additional responsibilities such as curriculum development.
10. The amount of time between level 3 and level 4 in the Teacher Assistance Team Process shall not exceed two (2) calendar weeks.
- C. **School Closings.** If adverse weather or other conditions beyond the control of the Board make it advisable to close school, the following guidelines shall apply, namely:
- 1. Except as hereinafter provided, teachers shall report for duty as usual with reasonable allowance for tardiness if conditions warrant. Each teacher shall make every reasonable effort to comply with the reporting provision; however, in the event a teacher is unable to report and notifies his/her building administrator of such prior to the scheduled reporting time, the absence shall be charged against the teacher’s available personal business leave or sick leave, the preference of which to be determined by the teacher. If a teacher anticipates a late arrival, the teacher shall notify the building administrator.
  - 2. Dismissal for teachers will be at the normal time unless weather conditions worsen.

3. In the event of mechanical failure or other circumstances requiring the closing of a building facility, teachers may be assigned to assist in other buildings. Teachers should only be assigned to assist in other buildings at levels wherein they are certified to teach.
4. In conditions of unusual severity, teachers will be advised by telephone not to report.
5. The Board will endeavor to have included in radio and television announcements to the fact that teachers are required to report.
6. The parties recognize that the Employer has the right to determine the duties to be performed by the members of the teaching staff but mutually agree that every reasonable effort will be made to ensure that each member of the teaching staff will have the opportunity to perform useful services or participate in meaningful activities which will contribute to the quality of the educational program. Except as each building shall otherwise determine, the first snow day shall not be used for in-service training.
7. When a school day is canceled or dismissed and state law requires that such day be made up at a later date, teachers need not report for duty nor remain on school premises.

D. **Professional Assignments.**

1. Teachers shall only be assigned to classes to which they are certified and qualified as defined by Board Policy 4112 (see Appendix B) and the provisions of Article 5, D, 2.
2. Each teacher shall be placed to the extent practicable in a position that will most effectively use the teacher's skills and experiences while providing for the present and future staff needs of the District. The general rule in making assignments or awarding positions is that Seniority will prevail. However, it is also recognized by both parties that in some cases, the Administration has the right to deny preference to a teacher who, in the judgment of the Administration, is not the most effective available teacher for a certain assignment. In this event the Administration shall make a determination based on the following criteria:
  - The teacher's demonstrated knowledge of the subject matter and curriculum;
  - Demonstrated knowledge of resource utilization;
  - Assessment of student learning;
  - Management of appropriate classroom procedures;
  - The teacher's ability to work with students at the particular grade level in question;
  - The building class schedule;
  - The assignment and work load of other teachers in the building;
  - The past performance of the teacher as evaluated by the Administration.
3. The master schedule permitting, teachers shall not have their assignment changed from year to year unless they request a change by applying for a vacant position or unless the Administration changes assignment for cause. If subject matter changes within a course title or grade level it shall not constitute a change in assignment.

Nothing in this provision shall preclude a building or department staff from cooperatively scheduling classes among teachers with the consent of the administration.

Notice of teaching and student extra-curricular assignment shall be made for the next school year prior to the end of the current school year to the extent that existing vacancies can be filled in accordance with the process set forth in this Article.

- E. **Vacancies.** A vacancy shall occur upon the creation of a new position, a resignation, a termination, or retirement within the bargaining unit and upon a determination by the School District that the duties and responsibilities of the vacated position will be continued.

Under any of the foregoing circumstances the position must be posted.

1. An exception to the posting requirements will occur in the following situations:

- a. When a position is eliminated and a vacancy occurs as a result of a teacher following a larger than normal grade level (“bubble class”), the teacher may elect to take the position that will follow the students (“bubble”).
  - (1) If the teacher does not elect to take that position, that position will be considered a vacancy. The teacher will not be considered displaced and the provisions set forth in Article 5, Section F will apply.
  - (2) If the position is eliminated and no open position is created, the teacher will become displaced and the provisions set forth in Article 5, Section F will apply.
- b. When a position is eliminated and a vacancy occurs as a result to looping, the teacher may elect to take the position that will follow the students.
  - (1) If the teacher does not elect to take that position, that position will be considered a vacancy. The teacher will not be considered displaced and the provisions set forth in Article 5, Section F will not apply.
  - (2) If the position is eliminated and no open position is created, the teacher will become displaced and the provisions set forth in Article 5, Section F will apply.
- c. When a split grade or multiage assignment is eliminated, the teacher of that split grade or multiage shall have the right to choose which grade level he/she will remain and the other position will be considered a vacancy. When there is more than one effected teacher, the most senior teacher will be given first choice of grade level. If only one position is created, the teacher shall have the right to that position.

- (1) If the teacher does not elect to take that position, that position will be considered a vacancy. The teacher will not be considered displaced and the provisions set forth in Article 5, Section F will not apply.
  - (2) If there is not an open position, the teacher will become displaced and the provisions set forth in Article 5, Section F will apply.
2. If a vacancy occurs within three (3) weeks of the opening of a new school year or during the school year the position may be either:
  - a. Be administratively appointed for the remainder of the school year and internally posted for the following school year; or
  - b. Posted and filled as a permanent position.
3. **Posting.**
  - a. No position shall be posted until it has been offered to Displaced Teachers and/or Teachers on lay off.

8. Notice of teaching and student extra-curricular assignment shall be made for the next school year prior to the end of the current school year to the extent that existing vacancies can be filled in accordance with the process set forth in this Article.
9. When a teacher believes that he/she has not received adequate preference for an assignment, he/she may submit his/her concern to the Teacher Assignment Committee.

The Committee shall be composed of two (2) teachers appointed by the President of the C.E.A., two (2) administrators appointed by the Superintendent, and one (1) other person selected by the four (4) appointees. The C.E.A. President and/or the Superintendent shall appoint an alternate in the event one of the Committee members has prejudicial interest in a dispute under consideration.

When a teacher submits a dispute to the Committee, the committee shall, in a timely manner, convene a meeting at which both parties may state their position. The Committee shall develop its own rules to govern such meeting.

Committee decisions to sustain the denial or to grant the teacher's preference shall be made in a democratic manner and by secret ballot. Only the final recommendation of the Committee shall be revealed with voting results remaining confidential.

F. **Displaced Teachers, Layoff, and Recall**

1. **Displaced Teachers.** A teacher is displaced when his/her current position is eliminated. For example, this may be a result of a decrease in student numbers, reduction of grade levels or instructional sections, a reduction or change in programs, or curricular changes.
2. When a teacher is displaced, the provisions set forth below shall apply:
  - a. A displaced teacher shall have first right to any vacancy in the District before it is posted.
  - b. Displaced teachers shall be awarded positions based on Seniority (i.e., the most senior displaced teacher shall select a position first).
  - c. If there is no vacancy, the displaced teacher shall be placed in the first position, beginning at the bottom of the seniority list, for which he/she is certified and qualified. The displaced teacher may not take a position from a teacher with more seniority.
  - d. If there is no position on the seniority list for which the teacher is certified and qualified, the displaced teacher will be considered laid off and the provisions set forth in Article 5, G, 3 shall apply.
3. **Determination.** If the number of teachers shall be materially in excess of the number required for the proper conduct of the educational program or of the financial resources of the District, the Board shall have the right to reduce the number of teachers in a given subject area, field or program or eliminate or consolidate positions. If the number of teachers shall be in excess of the number required for the proper conduct of the

educational program, the Board shall have the right to lay off teachers which are in excess of its needs, provided that prior to any such layoff it shall notify the Association in writing of its intention to do so and the reasons therefore. Layoffs shall not be implemented until the Association shall have had the opportunity to make its recommendations to the Board

4. **Layoff**

Layoffs made pursuant to this Section shall be made in the inverse order of seniority, i.e., those with the least seniority are to be laid off first.

- a. Probationary teachers shall be laid off first. A probationary teacher shall not be laid off unless there is a tenure teacher who is certified, qualified, and available to perform the duties of the position being vacated by the probationary teacher, or unless the position is being eliminated.

If a teacher is recalled and cannot report within fifteen (15) days due to other employment commitments, that person shall so notify the Board within the fifteen (15) day period. The Board shall grant a one-time, one-year extension of the Notice of Recall. No new hires shall be made while teachers that are certified or qualified and available for work remain on layoff. A teacher shall remain on the recall list for a period of three (3) years.

6. **Qualifications.**

A committee shall be formed with equal representation from the Board and the Association to make recommendations to the Board of Education for Board policy. The final decision for the policy rests with the Board of Education.

7. **General Procedures.**

The procedures herein set forth shall not apply to any reduction in the teaching staff by virtue of the failure to re-employ a probationary teacher at the end of his/her individual contract of employment, the involuntary termination of a teacher for breach of contract or the voluntary termination of a teacher. During periods of layoffs, teachers shall not advance on the salary schedule unless employed during the layoff as a teacher subject to the Michigan Tenure Act, shall not receive compensation, and shall receive insurance benefits for the first ninety (90) days of layoff. Teachers on layoff will be given priority on the substitution list.

- B. **Physical Facilities.** Adequate parking, lounge, and rest room facilities together with adequate telephones for the conduct of professional duties shall be available to teachers for their reasonable use at each school facility. Telephone facilities shall be made available to teachers for their reasonable use by the Board, provided, however, that in the event a teacher chooses to make a long-distance telephone call resulting in a toll charge, the teacher shall pay the Board for the cost of the same. At such time as local telephone charges are imposed, teachers shall exercise reasonable restraint in the use of the telephone and the Board may adopt a uniform policy for all employees of the District.
- C. **Educational Opportunities.** The parties recognize the desirability of providing within the resources and staffing needs of the School District opportunities for:
1. Visits to other classrooms, schools and school districts.
  2. Conferences involving other personnel from the District, county, state, region, or nation.
  3. Training in classes and workshops.

Unofficial transcripts shall be accepted by the business office as proof of credit. To qualify for the tuition reimbursement, a teacher must have fulfilled the 18 hours of credit required for certification purposes prior to qualifying for tuition reimbursement.
- C. **Insurance.** Fringe benefits shall be provided on the terms and conditions set forth in Schedule "C."

## ARTICLE 8—LEAVES

A. **Sick Leave.** Each teacher shall be credited at the beginning of the school year with ten (10) days sick leave with pay. Sick leave shall be administered in accordance with the following guidelines, namely:

1. Sick leave may be used for:
  - a. Personal injury, illness, medical appointments which cannot be scheduled outside the workday, or the quarantine of a teacher, excluding injuries to the extent compensable by Workers' Compensation and injury, illness, or quarantine resulting from other employment.
  - b. Up to the first three (3) days of the illness of the spouse, child or permanent resident of the teacher's household. The first day of the illness of the teacher's parents or the teacher's grandchildren. Such leave shall only be taken in the case when the presence of the teacher is required.
  - c. When a spouse, child, parent, sibling, or permanent resident of the teacher's household is seriously or critically ill, the teacher may utilize additional accumulated sick leave to the extent that the presence of the teacher is reasonably required.
2. The Board may for reasonable cause, or after five (5) consecutive days' absence, require the verification of a medical condition by one or more physicians satisfactory to the Board.
3. Leaves shall be allocated in one-half (½) day increments, provided that if an authorized absence is for less than two (2) hours and no substitute is employed, sick leave shall not be deducted.
4. Sick leave shall not be earned by teachers on a leave of absence, laid off, or otherwise not regularly providing services to the District. No payment for unused leave shall be made.
5. Unused sick leave shall accumulate up to 135 days for with the understanding that if long-term disability insurance is purchased by the Board, the accumulation will be reduced to the insurance waiting period selected. The Board shall not unilaterally adopt such insurance. Any accumulated sick leave shall be certified for each teacher on or before October 15 of each year.

B. **Family and Medical Leave.** The District will provide covered employees job protected leave for certain family and medical reasons. Full-time teachers and employees who have worked for the District for at least twelve (12) months and for 1,250 hours over the previous twelve (12) months of employment are eligible. In all respects, leaves of absence under this policy shall be administered and provided for in a manner consistent with the Family and Medical Leave Act of 1993 and its published regulations.

1. **Purpose of Leave**

Up to twelve (12) weeks of leave may be granted for any of the following reasons:

- a. To care for the employee's child after birth or placement for adoption or foster care; or,
- b. To care for the employee's spouse, son, daughter or parent who has a serious health condition.
- c. Up to eighteen (18) weeks of leave may be granted for a serious health condition that makes the employee unable to perform the employee's job.

(Leave in excess of the time periods indicated above may be granted for up to one (1) year within the sole discretion of the Superintendent and subject to conditions as established by the Superintendent.)

2. **Notice, Duration and Certification**

When the need for leave is foreseeable, employees are expected to provide thirty (30) days' advance notice. When not foreseeable, employees are required to provide notice of the need for leave as soon as practicable. When leave is needed for planned medical treatment, employees must attempt to schedule treatment so as not to unduly disrupt the District's operations. Failure to provide appropriate notice may result in the denial of leave.

Leave for a newborn or newly placed child may be taken only within twelve (12) months from the date of birth or placement and may only be taken continuously. In order to avoid disruption to students, the duration and timing of a leave shall be subject to the limitations of the Family and Medical Leave Act ("FMLA") pertaining to leaves near the end of an academic term.

When medically necessary, leave to care for a family member or for the employee's own serious health condition may be taken on an intermittent or a reduced work schedule basis. If a teacher or other instructional employee requests intermittent leave for foreseeable treatment, either for a family member or for the employee, and the employee would be on leave for more than 20% of the total number of working days during the period of planned treatment, the District may require the employee to either take leave for a period or periods of a particular duration or temporarily transfer the employee to an equivalent position which is better suited to periods of intermittent or reduced schedule leave. All time taken, whether by choice or requirement, will count toward the employee's annual entitlement for family and medical leave.

The District will require medical certification to support a request for a leave because of a serious health condition and may require second or third opinions (at the District's expense) and a fitness for duty report to return to work. The medical certification must include the first anticipated date of absence from service to the District and the expected date of return. For leaves in excess of twelve (12) weeks, the medical certification must

be from an MD/DO. The medical certification to support a leave for family medical reasons must include a statement indicating that the employee's presence is necessary or would be beneficial for the care of the family member and the period of time care is needed or the employee's presence would be beneficial.

When leave is required for a serious health condition, employees will normally be given fifteen (15) calendar days to obtain the necessary medical certifications to support the leave. Employees will be required, unless the District waives the requirement, to recertify the need for the leave at least every thirty (30) days and must report in on a periodic basis no less often than every two (2) weeks with respect to their progress, the progress of their parent, spouse or child, and their anticipated date for return to work.

3. **Wages and Benefits**

Leave will be unpaid except as covered by any paid leave. At the District's or the employee's option, accrued, but unused, paid personal days or sick leave may be substituted for unpaid leave. (Sick leave may be used for the employee's own serious health condition or the illness of his or her child).

For leaves of up to twelve (12) weeks under this policy, the District will maintain the employee's health coverage under any group health plan. Any employee contributions to the health plan must be maintained during the leave to maintain coverage. Employees who fail to return from a leave will be obligated to reimburse the District for the cost of such paid health coverage, except when the employee's failure to return is due to the continuation, recurrence or onset of a serious health condition which would entitle the employee to medical or family leave or other circumstances beyond the employee's control.

4. **Return to Work**

Upon return from a leave of twelve (12) weeks or less, employees will be restored to their original position with equivalent pay, benefits and other employment terms. The employee will not lose any employment benefit that accrued prior to the start of the leave. (Every effort will be made to return employees on leaves in excess of twelve (12) weeks to the same or a comparable position.)

5. **Eligibility Year**

For purposes of determining eligibility for a leave, the District hereby adopts a rolling twelve (12) month period whereby each time an employee takes family and medical leave, the remaining leave entitlement will be any balance of the twelve (12) weeks which has not been used during the immediately preceding twelve (12) months.

C. **Personal Leave.** A teacher shall be credited with two (2) days each school year with pay for personal leave which shall be granted in accordance with the following guidelines, namely:

1. Personal leave shall be used for legitimate business or family obligations, which cannot reasonably be scheduled outside of the regular workday. It shall not be used for other employment or the seeking of other employment, or for social recreation, vacation or other similar purposes.
2. A request for personal leave shall be made at the earliest practical time. Written notice shall be submitted no later than 48 hours prior to the utilization of personal leave, except in cases of emergency.
3. The procedure for the granting of personal leave shall:
  - a. Consider the staffing requirements of the School District and the professional responsibilities of the teacher.
  - b. Provide that the written request for personal leave shall constitute a certification by the teacher that the leave will be used for the purposes herein set forth. No specific description of the intended use of leave shall be required except for a leave requested for a day preceding or following a vacation or holiday.
  - c. Require written notice of the reasons for the denial of a leave request to be given to the teacher with copies thereof to be sent to the Superintendent and to the president of the Association.
4. Any unused portion of a teacher's personal leave shall accumulate to a maximum of five (5) days. Once a teacher has accumulated such five (5) personal leave days, additional personal leave days earned pursuant to Article 8, Section C shall be added to the teacher's personal sick leave accumulation.

D. **Court Leave.** A teacher shall be entitled to leave for jury service or for court appearances which cannot reasonably be scheduled outside of the school day when subpoenaed as a witness in connection with any criminal proceedings or any litigation. If a teacher is subpoenaed as a witness in connection with any civil proceedings not arising out of the performance of the teacher's professional duties for the School District, the teacher shall be entitled to use accumulated sick leave to the extent available. In all other cases described above the teacher shall be entitled to receive regular compensation, without deduction of leave days, less any fees paid. The teacher shall return to his/her duties upon completion of jury duty of less than one-half (1/2) day.

E. **Maternity Leave.** The Board shall grant a leave of absence without pay for reason of pregnancy or adoption. The teacher may elect to use his/her sick leave, personal leave, or any combination thereof, for all or part of his/her leave. Leave shall be granted in accordance with the following guidelines:

1. The time for the commencement of the maternity leave shall be mutually agreed upon by the Board and the teacher in accordance with the following factors, namely:
  - a. The staffing needs of the school system.

- b. The desirability of coordinating staff changes with the school calendar.
  - c. The effect of the pregnancy on the proper performance of professional duties.
  - d. The personal health and family circumstances of the teacher.
  - e. A maternity leave shall ordinarily not be granted prior to the fifth month of pregnancy unless it shall appear that the denial of the leave would unreasonably impair the physical or mental health of the teacher.
  - f. Adoption leave shall not commence more than two (2) weeks prior to taking custody of the child, unless the Board and the teacher shall otherwise agree. The Teacher shall coordinate the adoption to the extent practicable with the professional responsibilities of the teacher and the staffing requirements of the Board.
2. Unless the Board and the teacher shall otherwise agree, maternity leave shall terminate as follows, namely:
- a. Leaves commencing after the beginning of the school year and prior to the beginning of the second semester shall terminate at the beginning of the next school year.
  - b. Leaves commencing after the end of the first semester but prior to the beginning of the next school year shall terminate at the beginning of the second semester in the next school year or the beginning of the first semester in the following school year. The teacher shall elect in writing prior to the commencement of the leave the alternative termination date selected. If no election is made, the leave shall terminate at the beginning of the following school year.
- F. **Funeral Leave.** A teacher shall be granted funeral leave in accordance with the following guidelines, namely:
1. The death of the spouse, child, father, mother, father-in-law, mother-in-law, brother, sister, sister-in-law, brother-in-law, grandparents, grandchildren, or permanent resident of a teacher's household. The duration of the leave shall be determined on an individual basis based upon the individual circumstances and requirements of the teacher. The teacher shall have the right to use three (3) days leave per occurrence which may be extended to five (5) days with prior approval. Additional leave may be granted under the "Administrative Leave" or "Health and Hardship Leave" provisions herein set forth.
  2. Up to two (2) days funeral leave may be allowed for the attendance of the funeral of other relatives or persons where closeness of relationship would warrant such absence. These leave days shall be deducted from sick leave.
- G. **Health and Hardship Leave.** Upon the request of a tenure teacher, the Board may grant a leave of absence without pay for a period not to exceed one (1) year for the purpose of rest, restoration of health, or the alleviation of hardship involving the teacher or his/her immediate family.

- H. **Professional Growth Leaves.** An unpaid leave of absence may be granted to a teacher for the purpose of professional growth through further education, travel, or the holding of a professional or public office. Such leaves shall be granted in accordance with the following guidelines, namely:
1. The teacher shall have been continuously employed by the Board for not less than four (4) full school years (except that a leave for an advanced degree may be granted after two (2) years of continuous employment), shall not have taken a leave of absence within the preceding five (5) years and shall have received a recommendation for hiring for the preceding three (3) years.
  2. A written application shall be filed with the Board not later than April 1 and shall contain at least the following information:
    - a. A description of the expected benefits to be derived by the teacher and by the School District;
    - b. The intention of the teacher to return to the School District; and,

The Board shall have the right to delay commencement of a leave for a period of not to exceed one (1) year if the teacher has assumed a professional responsibility or if a qualified replacement cannot reasonably be found to fill the vacancy that would be created by the absence of the applicant during the period requested. A leave of absence shall not be terminated early without the prior approval of the Board.
- I. **Military Reserve Leave.** A teacher required to attend two (2) weeks of annual training duty with any military reserve component of the state or federal government and who is unable to perform such military training outside of the regular school year shall be paid the difference between his/her military pay and his/her regular teacher salary.
- J. **Administrative Leaves.** The Superintendent may grant leaves of absence with or without pay for meritorious reasons not otherwise included in this Agreement. The Superintendent may approve the use of accumulated sick leave for any such leave of absence together with such other terms as shall be mutually agreeable to the Superintendent and the teacher.
1. A teacher who is granted a health and hardship leave, professional growth leave, child care leave or administrative leave shall normally, upon return, be restored to the position held prior to such leave.

A teacher, (#1), who replaces a teacher on leave who has been guaranteed restoration to their prior position shall relinquish all claim to that position upon the return of the teacher (#2) from leave. Teacher #1 has the right to then return to the position held prior to being transferred.

In cases in which the District will not guarantee restoration to prior position to a teacher requesting leave, that teacher shall be so informed and may withdraw the request for leave.
