Hello,

Unfortunately, over the past several years, the MEA has not provided us with updated contracts for our Teacher's Union following negotiations. Despite our constant requests and an offer to maintain the contract in-house to ensure it is consistently updated, we have still received nothing. We are hopeful that we will receive an updated contract this year and will put it on the website as soon as we receive it. We do have a copy of our 19-20 salary schedule on the website as well, but nothing following that since the teachers requested off-schedule salary increases last year. Again, I apologize. Thanks.

My name is Abbee Elwell, and I work on behalf of the Mackinac Center for Public Policy. We are updating our database of all the school district collective bargaining agreements in Michigan, and it appears the contract for teachers posted on your website expired over two years ago, in 2019.

Could you attach or point me to the collective bargaining agreement for teachers for last school year, 2020 - 2021? I understand that many districts are publishing recently negotiated contacts, but we

would like the contracts from this last year--although, if you have the new contracts as well, we would most certainly be grateful to receive those as well.

Best,
Abbee Elwell
