The use of these association days will be for the purpose of conducting Association business, and requires three (3) days advance notice to the superintendent. The Association agrees to pay for the cost of the substitute.

- B. All communications from students obtained in confidence by a teacher in the course of his/her professional duties need not, except with the consent of said teacher or student, be disclosed to anyone, including but not limited to any school administrator, parent or guardian, unless said disclosure has been determined to be required by law or is in the best interest of safety for the student, the student body or staff members.
- C. The teacher shall be entitled to full rights of citizenship and no religious or political activities outside the classroom of any teacher, or the lack thereof, shall be grounds for or discrimination with respect to the professional employment of such teacher, except when such activities shall interfere with effective teaching or bring discredit upon the Addison Community Schools.

The employee and Association representatives will meet with the Board's designee(s) to review the Board's proposed response to the request. - B. As a condition of the effectiveness of this Article, the Association agrees to indemnify and save the Board, each individual school board member, and all administrators, harmless against any and all claims, demands, costs, suits or other forms of liability, including back pay, and all court or administrative agency costs or attorney fees that may arise out of, or by reason of, action taken or not taken by the employer or in reliance upon signed authorization cards or lists furnished to the employer by the Association for the purpose of payroll deduction of dues.

Teachers are encouraged to be in the hallways during passing time. Teachers are encouraged, and the Association shall support the principle, that its members shall remain for a sufficient period after the close of the pupils' school day to attend to these matters which properly require attention at that time, including consultation with parents that have been previously scheduled.

	<u>Elementary/ Middle School</u>	<u>High School</u>	<u>1/2 Day All Buildings</u>

In the principal's absence, he/she will let the secretary know where he/she can be contacted, if needed. When a teacher will be taking a ½ day leave day, their day will begin/end at 11:30 a.m.
- C. The assignment of teaching periods and time of preparation periods and the remainder of the daily and weekly schedule shall be and remain the exclusive prerogative of the Board.
- D. The parties agree to the practical importance of the county-wide school calendar because of the number of cooperative efforts among the constituent school districts; such as vocational training and special education. It is also agreed, however, that the Board shall consult with the Association to present its views during the period in which the county-wide calendar is being discussed and that the Board and the Association will consider suggestions made by either party as to calendar items that may be accomplished without interference with the county-wide calendar.
- E. Teachers shall be expected to attend all general building meetings called by the building principal in accordance with the provisions set forth below and to attend all system-wide meetings or meetings called by the superintendent and evening meetings with the public as provided in this Section and/or unless it conflicts with other previously scheduled district activities. Specific provisions as to these types of meetings shall not preclude or affect appropriate attendance at departmental or committee meetings involving smaller numbers of teachers.

1. General building meetings – At the start of each year each building principal shall reach agreement with the teachers in that building as to the day of the week (Monday, Tuesday, Wednesday, Thursday or Friday) on which a monthly building meeting is to be scheduled. Any teacher missing a scheduled staff meeting must make arrangements no later than the next day to meet with their building Principal. Notice of the meeting shall be emailed no later than three school days before the meeting or the Friday of the preceding week, whichever is earlier. Emergency meetings may be held with individual notice to each teacher the preceding day provided the meeting can be held within thirty (30) minutes before or after the student day. All building meetings shall have as an objective that they will be no more than one (1) hour in length.
 2. System wide meetings or other meetings involving release time for the students and held during normal school hours shall be without limit.
 3. Evening meetings that generally may be expected to involve the entire faculty and parents or other members of the general public shall not exceed four (4) per year without prior agreement of the Association or that number of the teachers who are directly involved and shall be scheduled no less than four (4) weeks in advance in the cases of open house, high school registration and parent-teacher conferences. The evening meetings in Kindergarten through Fifth grade in Semester one: Meet the Teachers Night and two evening Parent/Teacher Conferences not to exceed five hours. Semester two Parent/Teacher Conferences not to exceed three hours. The evening meetings in the Sixth grade through Twelfth grade in Semester one: Meet the Teachers Night and one evening Parent/Teacher Conference not to exceed three hours—Semester two: Parent/Teacher Conference not to exceed three hours and Semester two Honors night.
- F. The Board and the Association agree that some supervisory responsibility over pupil conduct shared among teachers in a building on an equitable basis is necessary, particularly during the lunch periods inside the buildings. This does not extend to teachers subbing for playground aides. The parties further agree that in the middle school/high school building the need shall be defined as that number of teachers required to staff four (4) duty areas for the lunch period. The required number of "teacher periods" shall be filled in the following manner:
1. First, by hiring volunteers from among the teachers in the middle school/high school who shall agree to serve on each regularly-scheduled school day during the school year in which lunch is provided in the cafeteria for added reimbursement at the rate of \$15.78 per hour. Such volunteers may be discharged if in the judgment of the administration the volunteer does not satisfactorily fulfill his/her responsibilities and such discharge shall not be the basis for a grievance.
 2. In the event there are more volunteers than the number of required "teacher periods" to be filled, the building principal and the building representative designated by the Association shall determine which of the volunteers are to be selected. Seniority in position shall be the determining factor.

3. The Association agrees to cooperate on an emergency basis to fill temporarily vacant duty position caused by the absence of a teacher designated for duty under (1) or (2) above in the event that position cannot be filled properly by the substitute hired to fill the absent teacher's classroom duties.

G. All teachers, with the exception of those who volunteer for lunch duty in accordance with this Article, shall be entitled to a duty-free uninterrupted lunch period of no less than thirty (30) minutes.

H. All teachers shall be guaranteed no less than two hundred and fifty (250) minutes of preparation time in any one week. ** If the Middle school and High school have to switch to a different daily student schedule the association will adjust the plan period down to one class period per day. Unless unavoidable, teachers shall have their own classroom available for an uninterrupted plan time.

I. Whenever an elementary teacher's total class is scheduled to receive special instruction (i.e gym, art, choir, band, computers etc.) it is agreed if the class cannot receive special instruction on a particular day for reasons other than the absence for the entire day of the special instructor (such as a conflict caused by a schedule change in the middle/high school for that particular day), the regular teacher shall take the class and it shall not be necessary to furnish a substitute to serve for less than a full day.

J. Loss of prep time, due to absence of the teacher, shall be paid at the following rate: \$30.00 per hour.

K. The number of student instruction and contracted work days shall be as follows:

<u>YEAR</u>	<u>STUDENT INSTRUCTION</u>	<u>TEACHER WORK DAYS</u>
2017-2018	180	181
2018-2019	180	181
2019-2020	180	181

L. In the event of make-up of student days and instructional hours lost due to circumstances outside the control of the district; make-up of student days and instructional hours will be no more than the state mandated student days and instructional hours needed to qualify for state aid without penalty.

In the event that the number of teacher work days and/or work hours is less than a full year credit for Michigan Public School Employees Retirement System (MPSERS); additional work days and work hours will be added to insure teachers will receive a full credit year for MPSERS.

ARTICLE 8: Leaves of Absence Without Pay

- A. Leaves of absence without pay may be granted upon the written request of the teacher to the Board of Education. These leaves of absence will be granted or renewed at the sole discretion of the Board of Education who reserves the right to specify the beginning and terminating dates of the leave of absence to correspond as nearly as possible with beginning or ending of a school term or marking period to maintain continuity of the student-teacher relationship. Each request for an unpaid leave of absence will be considered on its individual merits. The particular circumstances surrounding each leave will be reviewed by the Board with the understanding that its decision will in no way establish a precedent. The decision of the Board as to whether such leave shall be granted is final. Additional provisions with respect to Sabbatical Leaves are set forth later in this Article 8.
- B. The following conditions shall apply concerning the replacement teacher and the rights of the teacher granted a leave of absence.
 - 1. The Association agrees that a temporary employee shall not be represented by the Association in the event he/she chooses to challenge the termination of his/her employment.
 - 2. A teacher on leave of absence without pay, for a period greater than the twelve (12) weeks of the "Family Medical Leave Act" shall not advance in the salary schedule or accrue other benefits established for teachers who are performing their normal classroom assignments under this agreement.
 - 3. A teacher returning from a leave of absence shall be assigned to a position in accordance with applicable law.
- C. If a teacher on leave accepts a teaching position elsewhere his/her leave will be automatically terminated and his/her employment will terminate.
- D. A teacher on an unpaid leave shall not lose leave time accumulated prior to his/her leave. However leave time shall not accumulate during his/her leave of absence.
- E. An eligible teacher desiring an unpaid leave of absence shall submit his/her request to the Board through the superintendent. Such request shall be submitted by the superintendent to the Board with his/her recommendation for action.
- F. For a teacher whose leave shall terminate at the beginning of a school year, a letter of availability must reach the superintendent no later than the preceding April 1. For any teacher whose leave shall terminate at times other than the beginning of a school year, such letter of availability must reach the superintendent no later than sixty (60) days preceding the termination date of the leave. Failure to comply with this provision shall be interpreted as a resignation of employment.

- G. Sabbatical leaves may be granted by the Board of Education in accordance with the following provisions:
1. Teachers who have been employed for seven (7) consecutive years by the Board may be granted a sabbatical leave for up to one (1) year, but no more frequently than once in eight years.
 2. To qualify for such sabbatical leave a teacher must hold a permanent, life, or continuing certificate.
 3. Provided there are enough people who qualify for sabbatical leaves, and apply for such leaves, the Board may grant a maximum of three (3) such leaves per year but shall not be required to grant more than one per building.

ARTICLE 9: Leaves with Pay

Leave Days including Disabilities: At the beginning of each school year, each teacher shall be credited with (10) ten leave days. The unused portion of such allowance shall be cumulative. Teachers may take two consecutive days, not to exceed three times per semester, without permission from the Superintendent. If teachers wish to use more than two consecutive days, other than for illness, they must have prior approval from Superintendent. Teachers desiring to use more than two consecutive leave days must request approval, from the Superintendent, no less than five working days in advance, except in the case of emergencies. With the exception of "self" or "family" illness or medical emergency, "Leave Days" may not be used the day before or after a holiday, supporting documentation may be required. A holiday is classified as Thanksgiving break, Christmas break and Spring break when applying Article 9.

Leave days, other than that for illness, must be taken in increments of not less than one-half (1/2) day, unless the time taken would not require the district to hire an outside substitute. When a teacher will be taking a ½ day leave day, their day will begin/end at 11:30 a.m. Absences of less than a half day may only be taken, if the teacher makes arrangements to have another staff member cover the absence either with or without compensation. If the absence is of cost to the district, the individual will be deducted leave time. With either of the two options, prior notice shall be given to the building administrator.

With the start of the 2003-04 school year, all teachers that have accumulated more than ninety (90) leave days shall have those days banked and will be begin the new school year with one-hundred (100) leave days. All unused leave days over ninety (90) shall be added to their bank and shall begin the next school year with one-hundred (100) leave days.

All teachers shall be eligible for an attendance bonus which shall consist of a one-time payment payable at the end of the school year. Any teacher using zero (0) leave days during the school year will qualify for the two thousand dollar (\$2000) attendance bonus. A teacher may use one (1) leave day per school year and still qualify for the one thousand dollar (\$1000) attendance bonus.

Upon (1) retiring from education, (2) being vested by the Michigan Public School Employees Retirement System (MPERS) and (3) either having a minimum of twenty (20) years of service in the Addison Community Schools or being eligible for immediate monthly retirement benefits paid by the MPERS, an eligible teacher will be paid for all his/her remaining unused/and banked leave days at the rate of two dollars per day, per year of service to Addison Community Schools. Teachers that are eligible for the leave day buy-out shall be reimbursed through an approved 403-B "Post Retirement Account".

The Board shall furnish a written statement at the beginning of each school year setting forth the total leave days credited to each teacher. As in the past, misrepresentation of days used under this Article may result in a disciplinary action by the Board. No disciplinary action will be taken without a consultation between the accused teacher and the superintendent. The Association recognizes that abuse of leave days is non-professional behavior and will caution its members that such abuse may result in disciplinary action including loss of pay.

- B. A teacher who is unable to teach because of personal illness or disability and who has exhausted all leave days shall be granted a leave of absence without pay for the balance of the school year. The leave may be renewed each year upon written request by the teacher, and the teacher shall be reinstated if a position is available for which the teacher is qualified.
- C. Family Death: Each teacher shall be granted five (5) days paid leave, if needed, during the scheduled school year, in the case of death to the teacher's father, mother, spouse, father-in-law, mother-in-law, child, step-child, brother, or sister. All bereavement days must be used within two (2) weeks of death and/or in conjunction with funeral/burial. A leave of three (3) days, if needed, during the scheduled school year, for grandparents/spouse's grandparents or step-parents, grandchildren, brother-in-law, sister-in-law or others living within the teacher's household for whom the teacher is responsible. Such leave shall not be deducted from accumulative leave days.
- D. The Board shall pay the difference between benefits paid by worker's compensation and the teacher's salary for absence due to injury incurred in the course of the teacher's school duties. Such payments not to exceed ninety (90) days shall not be deducted from the teacher's leave days.
- E. Any teacher on, or returning from an extended leave, may be required by the superintendent to provide a written statement by a licensed physician verifying the nature of the illness or that he/she is sufficiently recovered from illness to return to work.
- F. A teacher shall not be charged a leave day if said day falls on a "snow day" as defined in Article 7.
- G. Jury Duty: A teacher called for jury duty or to give testimony before a judicial or administrative tribunal shall be compensated for the difference between the teaching pay and the pay received for the performance of such obligation, provided such obligation occurs during the normal working hours and school year of the teacher.

- H. To the extent they are able; employees on paid leaves of absence will be expected to assist in maintaining the curricular continuity through the substitute.

ARTICLE 10: Teaching Conditions

- A. The parties agree that the size of the individual classes shall be given careful consideration and any inequities may be remedied by the Board, in its sole discretion, if economically and educationally feasible and desirable. Administration will consider class size limits before scheduling and adding new students to classes which already have reached their maximum class size limit.

For grades Kindergarten through 5, teachers assigned to teach a split grade shall receive one thousand (\$1000) dollars additional compensation prorated if less than 50% of the school year.

- B. The Board shall provide appropriate texts, library reference facilities, maps and globes, laboratory equipment, audio-visual equipment, art supplies, athletic equipment, current periodicals, standard tests and questionnaires, and similar materials that are the tools of the teaching profession. The decisions as to which instructional materials are appropriate and when they are to be purchased rest solely with the Board and administration. The Board agrees to consider for implementation the decisions made by teachers and administrators, meeting from time to time, concerning educational tools and equipment.
- C. The Board agrees to make available in each school building; computers, copiers and printers to aid teachers in the preparation of instructional material. ARTICLE 11: Professional Qualifications and Assignments

- B. The assignment of teachers shall continue to be the exclusive prerogative of the superintendent of schools, subject to the approval of the Board.
- C. Each teacher shall be given written notice of his/her tentative schedule for the forthcoming school year no later than June 1st. Such schedule, however, shall be subject to change as circumstances warrant, and the teacher shall be promptly notified of such schedule change

- D. The following extra duty assignments shall not be made without the teacher's consent: athletic, summer school teaching, extracurricular yearbook, student plays, extracurricular newspaper, student council, and lunchroom supervision. The Board reserves the right to hire individuals from outside the bargaining unit for extra duty assignments at compensation agreed upon between the Board and individual, so long as the position has been posted in accordance with Article 12. These extracurricular and athletic assignments are made on a yearly basis and removal of a teacher from any of the aforementioned assignments shall be at the discretion of the Board.

- A. Any teacher who shall be transferred to an administrative or executive position and shall later return to a teacher status shall be entitled to retain such rights as he/she may have had under this agreement prior to such transfer to supervisory or executive status.
- B. Whenever vacancies occur, including vacancies in supervisory positions, it shall be the goal of the Board to fill such vacancies by those most qualified to assume the obligations and responsibilities of any particular position. The Board will give due weight to the professional background and attainments of all applicants. Teachers that apply for a posted position who are certified and qualified shall be interviewed for that position prior to the district hiring from the outside.
- C. Whenever a vacancy arises, the superintendent shall cause to be posted notice of the same on a teacher bulletin board, in each school building, normally used by the Association for the posting of notices for no less than one week before the position is filled.
- D. Whenever vacancies occur when regular school is not in session (as in the summer months) notification of the vacancy will be posted on the district webpage and shared with the association President. It shall be the responsibility of individual teachers to respond on a timely basis if the teacher is to be considered for the vacancy (ies).
- E. Transfers shall be made with the full knowledge and with consultation of the teacher involved prior to the transfer. The Board shall first attempt to make assignments on a voluntary basis with involuntary assignments being kept at a minimum. The Board shall provide written reasons for any involuntary transfer to the affected staff member, upon request.

ARTICLE 13: Teacher Formal Evaluation and Progress

- A. Each teacher shall have the right, upon request, to review the contents of his/her own personnel file. A representative of the Association may, at the teacher's request, accompany the teacher in this review.
- B. Instruction staff will be provided with an evaluation tool on the evaluation criteria on the first teacher work day of each school year.
- C. The performance evaluation system may allow for exemption of student growth data for a particular pupil for a school year upon the recommendation of the school administrator conducting the annual year-end evaluation and approval of the school district superintendent. Exempt pupils to be mutually agreed upon by the teacher and administration before the evaluation. *(As allowed by 380.1249 of The Revised School Code)*

ARTICLE 14: Reductions and Recall of Personnel

- A. The individual contract, executed between each teacher and the employer is subject to the terms and conditions of this agreement. It is specifically agreed that this Article takes precedence over and governs the individual contract and the individual contract is expressly conditioned upon this Article.

In the event of a reduction in staff affecting any individual teacher, the contract of employment with that individual teacher shall terminate and the district shall have no obligation for salary or fringe benefits not already earned following the layoff of the teacher.

- B. Teachers shall inform the superintendent in writing of any contemplated changes in certification or qualification by May 1 of each year for the following school year.
- C. It shall be the responsibility of such teacher to notify, no later than May 1st of each year, the Board in writing if there has been a change in his/her current mailing address and/or any contemplated change in his/her certification or endorsement or qualifications. This letter shall be sent by either registered or certified mail to the superintendent of schools. The teacher's address as it appears on the Board's records shall be conclusive when used in connection with layoff, recall or other notice to the teacher.
- D. Any teacher laid off and /or collects unemployment compensation during the summer recess and is recalled to employment by October 1st of the following school year, shall have their salary reduced by the amount of unemployment compensation received, but in no circumstance shall the teacher be reduced in pay in an amount less than what he/or she would normally be paid for the entire school year. (Step and column)
- E. If decision involves two or more employees and all other factors distinguishing those employees from each other are equal, then length of service or tenure status WILL be considered as tiebreaker.

ARTICLE 15: Student Discipline

- A. Teachers shall be responsible for creating and maintaining conditions conducive to learning and discipline. The Board shall give all reasonable support and assistance to the teacher in the creation and maintenance of these conditions. Reasonable support and assistance shall be defined as that which the Board considers to be consistent with the establishment of a satisfactory learning environment for all students. The Association recognizes and supports the concept that parental communication is an essential element in improving a student's behavior.
- B. A teacher may exclude a pupil from one class in grades 6 through 12 when the grossness of the offense, the persistence of the misbehavior, or the disruptive effect of the violation makes the continued presence of the student in the classroom intolerable, or when the behavior of the student adversely affects the learning process of other students. In such cases, the teacher shall furnish the administration, full particulars of the incident in writing on forms to be specified by the Board and available from the principal as promptly as possible, but not later than end of the school day following the excluding of the student.
- C. A written statement by the Board governing use of corporal punishment of students shall be publicized to all teachers no later than the first week of school each year.
- D. Any assault, as defined by the Michigan School Code, upon a teacher arising out of or in the course of the teacher's employment, shall be promptly reported to the Board or its designated representative. The Board shall provide information and advice to teachers who experience an assault by a student and shall work with the teacher in an effort to address the incident with the appropriate law enforcement and legal authorities.

ARTICLE 16: Grievance Procedure

- A. A claim by the Association, that there has been an alleged violation of the expressed terms of this contract, shall be resolved through the procedures set forth therein. All grievances must be signed by the aggrieved person or, in the instance where the grievance does not affect individual teachers, by the Association on behalf of all the teachers.
- B. All time limits herein shall consist of school days when school is in session and business days during the summer vacation period. Time limits may be extended upon mutual consent of the parties. It is understood that, in the event of failure to conform to a time limit by either party, the grievance shall move to the next step.
- C. The Board agrees that the Association may designate a building representative and an alternate building representative, who shall be teachers in the building they represent. It is understood that the alternate building representative shall act only in the absence of the regular building representative.

The Association will furnish the Board with the names of its building representative and alternates and such changes as may occur from time to time in such personnel, so that the Board may at all times be advised as to the authority of the individual representatives of the Association with whom it may be dealing. Until the Board has received written notices from the Association, it shall not be required to deal with such teachers purporting to be representatives.

It is understood that grievance problems will be handled at all times other than when the teacher is at work. In the event, however, in the handling of a grievance, it becomes necessary for the building representative to leave his/her work, he/she shall first obtain permission from his/her supervisor or principal. The privilege of the building representative's leaving his/her work during working hours without loss of time or pay is subject to the understanding that (1) such time shall be devoted to the proper handling of the grievance, (2) it will be done as expeditiously and with as little interruption of work as possible, (3) students must not be left unattended, and (4) this privilege will not be abused. Any abuse will be grounds for a grievance and/or the discontinuation of such privilege.

If the building representative is required to go into a building other than his/her own in the handling of a grievance, the principals at both buildings (or all buildings involved) must be notified and permission received. The building representative shall return to his/her work as promptly as possible and upon returning shall at once report to his/her principal.

D. In the handling and processing of a grievance the following procedure shall apply:

STEP ONE: The alleged grievance shall be presented to the elementary principal if the teacher teaches in grades K through 5, or the junior/senior school building principal if the teacher teaches in grades 6 through 12. The building representative may be present at this meeting if requested by either party. If the grievance is not resolved, the matter shall be reduced to writing by the grievant and submitted to the appropriate principal within ten (10) days from the date of the discussion between the grievant and the appropriate principal. The written statement of the alleged grievance shall include:

- a. The date of alleged violation of the contract.
- b. The precise statement of the nature of the grievance.
- c. The article or provision of this agreement allegedly violated.
- d. The remedy requested.
- e. The signature of the aggrieved person.

The grievance form is set forth in Appendix B.

Any written grievance not substantially in accordance with the requirements may be rejected as improper and such rejection does not extend the time limitations specified.

No grievance shall be processed unless it is presented at STEP ONE within fifteen (15) school days of its occurrence or knowledge of its occurrence.

The principal shall file a written response to the grievant within seven (7) days of the receipt of the written grievance.

STEP TWO: In the event the grievance is not settled at STEP ONE, it may be referred in writing to the superintendent within seven (7) days after the date of the answer by the principal. The superintendent will schedule a meeting to discuss the grievance with the grievant and association representatives. This meeting will be scheduled and held within seven (7) days of the superintendent's receipt of the grievance. The superintendent will provide a written response to the grievance to the grievant and association within five (5) days after the conclusion of the meeting.

- a. Attempt to resolve the grievance by holding a meeting with the necessary persons.
- b. Refer the grievance to STEP THREE within seven (7) days from the date of receipt of the appeal. Written notice of such referral shall be given to the Association president.

If the superintendent holds a meeting, he/she shall present the Association president, within five (5) days after the conclusion of such meeting, with a written answer to the grievance.

STEP THREE: If the grievance is not settled at STEP TWO, the association may refer the grievance to arbitration by written notice to the school board and superintendent within ten (10) days of receipt of the superintendent's STEP TWO response. If the parties are unable to mutually agree upon an arbitrator within five (5) days of the written notice to the school board and superintendent, the association shall file a request with the American Arbitration Association to submit a list of qualified arbitrators. The Arbitrator shall then be selected according to the rules of the American Arbitration Association.

The arbitrator shall hear the grievance in dispute and shall render his/her decision in writing within thirty (30) days from the close of the hearing. The Arbitrator's decision shall set forth his/her findings and conclusions with respect to the issues submitted to arbitration. The Arbitrator's decision shall be final and binding upon the Board, the Association, and the teacher or teachers involved.

The Arbitrator shall have no authority except to pass upon alleged violations of the expressed provisions of this agreement and to determine disputes involving the application or interpretation of such provisions.

The Arbitrator shall have no power or authority to add to, subtract from, or modify any of the terms of this agreement.

The Arbitrator shall not render any decision which would require or permit an action in violation of Michigan School laws.

1. The Arbitrator shall have no power to establish salary scales or to change any salary.
2. The Arbitrator shall have no power to change any practice, policy, or rule of the Board or substitute his/her judgment for that of the Board as to the reasonableness of any such practice, policy, or rule or any action taken by the Board.

3. The Arbitrator shall have no power to decide any question which, under this agreement, is within the responsibility of the Board to decide. In rendering decisions, an arbitrator shall give due regard to the responsibility of the Board and shall so construe this agreement that there will be no interference with such responsibilities, except as they may be specifically conditioned by this agreement.
4. The Arbitrator shall have no power to interpret state or federal law.
5. The Arbitrator shall not hear any grievance previously barred from the scope of the grievance procedure.
6. Should the aggrieved person fail to institute a grievance within the time limits specified, the grievance will not be processed. Should the aggrieved person fail to appeal a decision within the limits specified, or leave the employ of the Board (except a claim involving a remedy directly benefiting the grievant regardless of his/her employment), all further proceedings on a previously instituted grievance shall be barred.

The Arbitrator's fees and expenses shall be shared by the Board and the Association equally. The expenses and compensation for attendance of any employee, witness, or participant in the arbitration shall be paid by the party calling such teacher, witness, or requesting such participant. A complaint or dispute involving the discharge of a teacher on continuing tenure shall not be subject to the grievance and arbitration provisions but shall be heard pursuant to the Michigan Tenure of Teachers Act. In addition, the termination of a probationary or non-tenure teacher, or extension of a probationary period for a teacher, shall not be subject to the grievance or arbitration provisions.

- E. The termination of services or failure to reemploy any teacher to a position on the extra-curricular schedule that is arbitrary and capricious, shall be grievable but not arbitral.
- F. The filing of the grievance shall in no way interfere with the right of the Board to proceed in carrying out its management responsibilities, subject to the final decision of the grievance.
- G. Nothing contained herein shall be construed as limiting the right of any teacher having a grievance to discuss and have it resolved informally with the Administration.
- H. It is understood by the parties that no grievance shall be filed or based upon any prohibited subject of bargaining or prior or previous agreement or upon any alleged grievance occurring prior to the effective date of this agreement.
- I. Nothing contained herein shall be construed as a waiver or precedent, by any action or lack of action taken by the Board.
- J. If, in the arbitrator's opinion, due to a violation of this agreement, a teacher has been unjustly deprived of any professional compensation, the teacher may be awarded back pay and made whole but, not to exceed thirty (30) days prior to the filing of the grievance.
- K. If a grievance is filed prior to the expiration of this agreement, the grievance shall proceed through the grievance procedures until resolved.

ARTICLE 17: Professional Behavior

- A. Teachers are expected to comply with reasonable rules, regulations, expectations, policies and directions adopted by the Board or its representatives, which are not inconsistent with the provisions of this agreement.
- B. Before the Board formally warns reprimands or disciplines a teacher, the teacher shall be notified of same to enable the teacher to request the presence of an Association representative. The teacher shall not be formally warned, reprimanded or disciplined until a representative of the Association is present, if the teacher requests a representative, except when a critical situation warrants immediate action.
- C. The Association recognizes that abuses of sick leave or other leaves, chronic tardiness or absence, willful deficiencies in professional performance, or other violations of discipline by a teacher reflect adversely upon the teaching profession and create undesirable conditions in the school building.
- D. No teacher shall be disciplined, demoted nor discharged for arbitrary and capricious reasons.
- E. All non-tenure teachers shall have recourse to the grievance procedure as set forth herein, except, Board's decision to refuse to renew a non-tenure teacher's contract, is not arbitral or subject to grievance.
- F. All information forming the basis for disciplinary action will be made available to the teacher and, upon request and with the permission of the teacher involved, the Association.

ARTICLE 18: Professional Improvement

- A. Any teacher who enrolls with prior approval of the superintendent in a course related to his/her instructional responsibility and in an effort to obtain a single Masters Degree program at a regionally accredited college or university shall receive up to one-hundred and fifty dollars (\$150) per semester hour of credit reimbursement from the Board, for his/her tuition, upon the successful completion of the course, provided that the teacher has first acquired the number of semester hours necessary to qualify for Michigan Professional Certificate or is not employed under any type of emergency approval permit.
- B. Any teacher who wishes to attend a workshop or conference shall fill out an attendance request form. Requests will be granted upon mutual agreement between the teacher and building principal and Superintendent. The district will seek approval to grant SCECH credit for Addison professional development activities that have a minimum duration of five (5) contact hours.

ARTICLE 19: Continuity of Professional Services

The Board and the Association subscribe to the principle that differences should be resolved by appropriate and peaceful means without resorting to a strike, which shall be termed to be a stoppage of work or willful absence from work. The Association agrees that during the term of this agreement, it will not direct, instigate, participate in, encourage or support any strike against the Board by any teacher or group of teachers.

ARTICLE 20: School Improvement

A. Introduction

1. The Board, Administration, Association and Teachers recognize the necessity of maintaining ongoing school improvement plans and the importance of continued recognition of quality education services as a fundamental priority and shared goal of the parties.
2. The Board and the Association agree that employee participation in decision making is effective in providing positive results for education. A school improvement committee will be formed in each building representative of administrators, teachers and, when possible, parents and students.
3. Site based decision making will be implemented in each building and will be the responsibility of the school improvement committee in accordance with State Law PA 25.
4. The school improvement committees will have the empowerment to investigate, implement and change existing procedures and practices in their buildings to improve educational services. Any change must be mutually agreed upon by both the Board and a vote of the building teachers. The parties recognize that recommendations of the committee are of an advisory nature, but the Board will endeavor to implement committee recommendations.

B. Guidelines

1. Decisions made by any school improvement committees shall not violate the collective bargaining agreement between the parties, and the parties recognize that the terms of the collective bargaining agreement govern as to wages, hours and terms and conditions of employment. School improvement committee decisions that require a deviation from the Agreement will be permitted only after a properly executed Letter of Agreement between the Addison Education Association and the Addison Board of Education.
2. Participation on any school improvement committee is voluntary except for PLC's.

C. Training

1. The parties shall mutually agree as to any training provided with regard to school improvement plans.

ARTICLE 21: Least Restrictive Environment/Medically Fragile

A. Least Restrictive Environment

1. The parties acknowledge that the policy of least restrictive environment is legally mandated. It is also recognized that the extent to which any student with IEP/504 plan should participate in regular education programs and services involves considerations of that student's unique needs as determined by an Individual Educational Planning Committee (IEPC). Although it is agreed that the student's participation and right to participate in regular education programs and services cannot be affected by this Agreement, the District does agree to consider how the student's placement will affect teachers when determining the student's placement.
2. The District shall determine the need for a teacher who will be providing instructional or other services to a student with IEP/504 plan to participate in the IEPC which may initially place (or continue the placement of) the student in a regular education classroom. When it is determined that a teacher will be providing instructional or other services to such a student, that teacher will not be denied the opportunity to participate in the IEPC. The District shall provide release time in the event the District directs or authorizes a teacher to attend an IEPC which is scheduled during a time the teacher is assigned to teach a class.
3. If any teacher has a reasonable basis to believe that a student's current Individual Educational Plan (IEP) is not meeting the student's unique needs as required by law, the teacher will advise his/her principal in writing.
4. On a case-by-case basis, based upon the recommendation of the IEPC, the District will determine what training and other support should be provided to a teacher who will be providing instructional or other services to a student.
5. An attempt shall be made to not schedule an IEP on a teacher's Plan Time and/or lunch period or before or after school. In the event that it cannot be scheduled at any other time, the teacher shall be compensated at the class coverage rate.

B. Medically Fragile Students

1. If a teacher will be providing instructional or other services to a medically fragile student, the teacher or another adult who will be present when the instruction or other services are being provided will be advised of the steps to be taken in the event an emergency arises related to the student's medical condition.
2. No teacher will be required to provide services of a medical nature to a medically fragile student without being trained to provide the services, unless the services are necessitated by emergency.

3. On a case-by-case basis, based upon the recommendation of the IEPC, the District will determine what training and other support should be provided to a teacher who will be providing instructional or other services to a medically fragile student.
4. When a general education classroom teacher is assigned a student from a special education program for severely impaired students (POHI, SXI, SMI, TMI), the teacher shall not be expected to perform routine, scheduled maintenance of a medical appliance or apparatus used by the student to sustain his/her bodily functions nor render routine, scheduled care or maintenance of exceptional bodily functions related to the student's impaired condition. The teacher shall be informed and instructed as to emergency measures which may be necessary on occasion due to the student's impaired condition. Otherwise, it shall be the responsibility of the teacher to implement the student's individualized educational plan for attending to the educational needs of the student while in the teacher's class.

ARTICLE 22: Miscellaneous Provisions

- A. This agreement shall constitute the full and complete commitment between both parties and may be altered, changed, added to, deleted from or modified only through the voluntary mutual consent of the parties in written and signed amendments to this agreement.
- B. Any individual contract between the Board and an individual teacher, heretofore executed, shall be subject to and consistent with the terms and conditions of this agreement. If an individual contract contains any language inconsistent with this agreement, this agreement, during its duration shall be controlling.
- C. If any provision of this agreement or any application of the agreement to any employee or group of employees shall be found contrary to law, then such provision or application shall not be deemed valid and subsisting except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- D. Copies of this agreement titled "Collective Bargaining Master Agreement between the Lenawee County Education Association, AEA, MEA/NEA, and the Addison Community School District, of Addison, Michigan" shall be printed at the expense of the Board after this agreement is signed and shall be presented to all teachers now employed, or hereafter employed by the Board. Further, that the Board shall furnish fifteen (15) copies of the Master Agreement to the Association for its use.
- E. The parties subscribe to the principle that early resolution of potential problems is most desirable for harmonious relations. It is therefore agreed that, if difficulties are experienced in the administration of this agreement either the President of the Board, or his/her designee, or of the Association, as the case may be, may make written request of the other setting forth the nature of the difficulty and suggesting that they meet in an attempt to resolve the matter. Furthermore, the Superintendent, upon the request of a teacher(s) will meet with the requesting teacher(s) for the purpose of discussing specific identified issues. Failure to meet in response to such request shall not, however, be in itself a grievable item.

- F. During the life of this Agreement either party may initiate discussions with the other regarding an (ERI) Early Retirement Incentive.
- G. If an emergency financial manager is appointed by the state under PA 4 of 2011. Fiscal Accountability Act, the emergency manager may reject, modify, or terminate the collective bargaining agreement in his/her sole discretion. This authority is a prohibited subject of bargaining under the Public Employees Relations Act (PERA)
- H. If prohibited subjects pursuant to all Section 15 and Subsection 3 (a-p) of Public Employment Relations Act (PERA). Addison administration is willing to consider previous Collective Bargaining Agreement language.

ARTICLE 23: Master/Mentor Teacher

A Mentor teacher shall receive a stipend of one-hundred and eighty (\$180) dollars per semester.

ARTICLE 24: Public School Academies

Should the district consider the authorization of a public school academy, the contract will be reopened for negotiations over the impact on bargaining unit members. Any agreement reached will be subject to ratification by the parties.

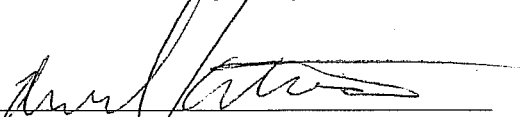

ARTICLE 25: Employee Purchase or Re-Payment of Retirement Service Credit

- A. The Internal Revenue Service (IRS) and the Michigan Public School Employees Retirement System (MPERS) permits employees, through pre-tax payroll deduction procedures, to: (1) Redeposit contributions previously withdrawn by the MPERS member (plus interest) and, when full repayment is made before termination of employment, the previously forfeited service is reinstated in full; and/or: (2) Purchase permissive service credit (such as Universal Buy-In credit, maternity/paternity/child care, non-public school teaching, military active duty, and sabbatical leave of absence). FICA taxes are, however, due on these pre-tax employee payroll deductions.
- B. To permit employee pre-tax payroll deductions for the purposes described in Section A, above, the appropriate Office of Retirement Services forms must be used.

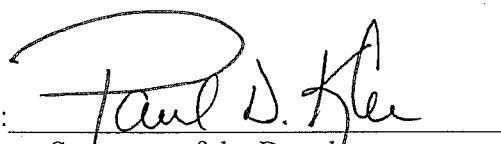

Duration of Agreement

All articles of this Agreement shall be effective as of July 1, 2017 through June 30, 2020.

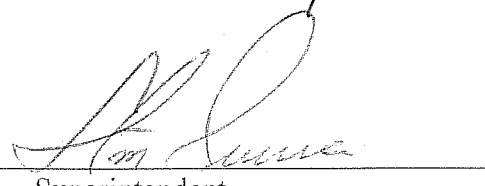

In Witness Whereof, the Parties have executed this Agreement by their duly authorized representatives the day and year first written above.
