It is expressly understood that a teacher aide does not assume the duties of the classroom teacher while the teacher is not present. Any assumption of teaching duties by the classroom aide must be formally pre-approved by the Building Principal.

- E. A substitute may be hired to fill a temporary vacancy up to thirty (30) calendar days until the process of posting the position and interviewing qualified bargaining unit members is complete. In the event no members of the Association submit interest in the posted position, the Board reserves the right to maintain the existing position with the substituted individual until the end of the school year at which time the position will be open to the bidding process as a permanent assignment.

ARTICLE 16 - SENIORITY

- A. Seniority shall be defined as length of service within the particular classification to which the employee is assigned. Henceforth, seniority will start with date of hire by the Board of Education. In cases where employees are hired on the same day, all individuals so affected will participate in a drawing to determine placement on the seniority list unless any of these employees has experience as a sub in the district. When two or more employees are hired and added to the seniority list, new hires that have substituted in Dundee Schools will be placed on the seniority list ahead of those that have not substituted. Probationary bargaining unit members shall have no seniority until the completion of the probationary period at which time their seniority shall revert back to their first day of hire by the Board of Education.
- B. Part-time bargaining unit members shall accrue seniority on a pro-rata basis. Seniority shall accrue while an employee is on a paid leave of absence, but shall not accrue while an employee is on an unpaid leave of absence or during an unpaid suspension.
- C. Seniority will be accumulated and addressed with layoffs within each classification as outlined in Article 1, Section D. Seniority does not carry over between classifications.
- D. The Employer shall prepare an initial seniority list by classification. A copy of said list shall be forwarded to the Association President who shall have thirty (30) days in which to examine the list to survey the membership to ascertain its validity and to report back to the Superintendent any changes in the seniority list that the Association desires. Upon agreement between the parties not more than ten (10) days after notification of any changes, the seniority list shall be finalized and shall not thereafter be subject to challenge either by the Association, any bargaining unit member, or the Employer. Once the initial seniority list is finalized, it shall be posted on appropriate bulletin boards and updated by the administration by the fifteenth of October of each school year.
- E. Seniority shall be lost by a bargaining unit member upon termination, resignation, layoff period of more than three (3) years or retirement. If a bargaining unit member moves from one classification to another, previously acquired seniority will be frozen in that classification. If a bargaining unit member moves to a non-bargaining unit position without resignation from the Employer, the seniority previously acquired will be frozen.
- F. The first ninety (90) working days of employment shall be deemed to be a period of probation for all newly hired employees within each classification. All employees within a probationary period shall be evaluated at least once by their immediate supervisor prior to the termination of the probationary period. If the employee successfully completes a probationary period, his/her name shall be entered on the seniority list retroactive to his initial date of hire as a probationary employee in that classification. If an employee shall not be continued in employment after the probationary period, the reasons therefore shall be stated to him/her upon request by the immediate supervisor prior to termination of employment. Release of a probationary employee during the period of probation shall not be grievable by the probationary employee or the Association unless it is asserted that the reason for the termination was

because of union activity. In the latter case, the grievance may be filed by the Association only and such allegations must contain sufficient particular facts to appraise the administration of the union activity the probationary employee engaged in and the violation by the Employer connection thereto.

ARTICLE 17 - REDUCTION IN PERSONNEL, LAYOFF AND RECALL

- A. The word "layoff" means a reduction in the work force due to a decrease of work, reduction of funds, or a decision by administration to terminate a position.
- B. In the event it becomes necessary for a layoff, the Employer will meet with the proper Association representatives at least ten (10) calendar days prior to the effective date of layoff. At such meeting the Employer shall submit a list of the number of employees scheduled for layoff, their names, seniority, job titles, work locations, and classification.
- C. When a layoff takes place, employees not entered on the seniority list shall be laid off first. That is, all non-union employees will be laid off before any DESPA members are laid off, regardless of hours. Employees having seniority shall be laid off in the inverse order of their seniority, i.e., the least senior qualified employee on the seniority list being laid off first.
- D. Employees to be laid off will receive at least ten (10) calendar days advance notice of the layoff. In times of layoff/reduction the lowest seniority person will be laid off first within the classification. In the event a position is eliminated, first: The lowest seniority person within the classification will be laid off. Second: In the area of the classification that the layoff took place the lowest seniority person would move to an open position in that classification with comparable hours for which he/she is qualified. If the person being moved to an open position does not meet the standard of qualifications necessary the administration will make the necessary adjustments. In accordance with Article 16-Seniority, Section F, the probationary period would also apply to individuals who based on seniority bump into a new position due to position reductions. Dismissal under this provision is not subject to the grievance procedure.
- E. When the work force is increased after a layoff, employees will be recalled according to seniority and Classifications, with the most senior employee on layoff being recalled first. Notice of recall shall be sent to the employee at his last known address by registered or certified mail. If an employee fails to report of intent to return to work within five (5) calendar days upon receipt of notice of recall or to report to work within two (2) weeks of the date of notice, he/she shall be considered a quit by all parties. If an employee is not at his/her last known address on file with the Employer and the notice is mailed and returned, the Association shall be notified of non-receipt and it shall have three (3) days to notify the recalled individual. Thereafter, he/she shall be considered a quit. Right of recall from layoff shall not extend beyond three (3) years.
- F. A bargaining unit employee who is laid off and who is paid unemployment compensation benefits associated with his/her regular assignment during the summer immediately following the layoff and who is subsequently recalled at the beginning of the next school year will be paid according to an annual salary or annualized hourly rate such that his/her unemployment compensation plus that annual salary rate or annualized hourly rate that will be equal to the amount he/she would have earned had he/she not been laid off.

The doctor's statement must certify incapacity of the individual, projected date of recovery from incapacity if obtainable, and that the incapacity will be continuous throughout the period. The Board of Education shall specify the beginning date and ending date of the leave of absence if granted. It is understood that the employee granted an unpaid leave of absence shall notify the administration at least thirty (30) days prior to the termination date of the leave of absence of his/her intent to return. Failure to so notify the administration or failure to return to employment on the expiration date shall constitute an irrevocable and conclusive intent of the employee to resign from employment from the district. Upon return from such leave of absence, the employee shall be placed in the same or similar position as held before the leave of absence.

The foregoing leaves of absence may be extended by the Dundee Board of Education in their sole discretion upon application by the employee prior to the expiration date.
