The normal weekly teaching load in the elementary school will be thirty (30) teaching periods. No departure from these norms, except in case of emergency, shall be authorized without prior consultation with the Association. In event of any disagreement between the representative of the Board and the Association as to the need and desirability of such deviation, the matter may be processed through professional grievance negotiation procedure hereinafter set forth.

#### ARTICLE VII

#### **Teaching Conditions**

The parties recognize that the availability of optimum school facilities for both students and teachers is desirable to insure the high quality of education that is the goal of both the teachers and Board. It is also acknowledged that the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed at insuring that the energy of the teacher is primarily utilized to this end.

A. Because the student-teacher ratio is an important aspect of an effective educational program, the parties agree that class size should be lowered whenever possible to meet the following optimum standards, but in no event shall it exceed the following maximum standards except in traditional large group instruction or experimental classes where the Association has agreed in writing to exceed these maxima.

| Elementary  | Optimum                    | Maximum                      |
|---|----------------------------|------------------------------|
| Kindergarten-Second Grade Third Grade-Sixth Grade Special Education Split Grade Classes | 22<br>25<br>State Re<br>20 | 27<br>29<br>equirement<br>25 |

Elementary teachers who are assigned classes which exceed these maximum standards will receive compensation in the amount of \$2.00 per hour per student over the above stated maximum limited to \$6.00 per hour (three students over state maximum).

It is further agreed that split level classes at the elementary level are undesirable and will be utilized only at times of abnormal circumstances.

| Secondary   | Optimum             | Maximum           |
|---|---------------------|-------------------|
| English, Social Studies, General Education, Math, Science, Languages, Business, Keyboarding | 25                  | 30                |
| Industrial Arts, Drafting, Home Economics   | Number of Available | Teaching Stations |
| Secondary   | Optimum             | Maximum           |
| Special Education   | State Requir        | rement            |

Middle School and Secondary teachers who are assigned classes, which exceed these maximum standards, receive compensation in the amount of \$2.00 per hour per student over the above stated maximum limited to \$6.00 per hour (three students over maximum). Teachers specializing in remedial reading shall be provided a teacher aide when categorical funding becomes available. Teacher aides shall be under the supervision of the teacher.

When a study hall teacher teaches reading during the study hall period, the maximum class size is 35 students. In order to meet state mandated instruction time; reading will be scheduled to be taught during study hall classes to the extent needed to comply with this state mandate. (This would also include up to an additional 30 hours per year for time when school instruction is not held during scheduled hours, i.e. fog days, inservice time.)

- B. Resource room services shall be provided for those students who are eligible for such instruction. In classrooms where special education students are "mainstreamed" (this does not include students who have been identified for resource room placement) appropriate consideration will be given to lowering class size to accommodate additional time requirements to deal with learning disabled students. Finances, scheduling and other related problems at the building or district level may also be considered.
- C. The Board and Association recognizing the proliferation of knowledge in all fields of study necessitates a constant review and revision of all existing materials in conjunction with the fructification of knowledge and changes in techniques. It is recognized that current texts are a helpful tool. It is desirable that no grade or class shall use text non-current to the times.
- D. The Board agrees to make available in each school adequate typing and duplication facilities and clerical personnel to aid teachers in the preparation of instructional material.

## E. The Board shall provide:

- 1. Separate desk for each teacher in the district with a lockable drawer.
- 2. Suitable closet space for each teacher to store coats, overshoes, and personal articles.
- 3. Adequate chalk space in every classroom.
- 4. Copies, exclusively for each teacher's use, of all texts used in each of the courses he/she is to teach.
- 5. A dictionary, suitable according to grade-level for each classroom.

- 6. Adequate storage space in each classroom for instructional materials.
- 7. Adequate attendance books, paper, pencils, pens, chalk, erasers and other such materials required in daily teaching responsibilities.
- 8. Gym uniforms for physical education teachers, smocks for art and home economics teachers, laboratory coats for laboratory science teachers, shop coats for vocational and industrial education teachers and uniforms for athletic coaches (excluding shoes).
- 9. All new file cabinets will be equipped with locks.
- 10. Custodial work requests will be provided for each teacher.

The Board agrees at all times to keep the school reasonably and properly equipped and maintained.

- F. The Board shall make available in each school (elementary, middle and high school) adequate lunchroom, restroom lavatory and workroom facilities appropriately furnished exclusively for adult use.
- G. Telephone facilities shall be made available for teachers for their reasonable use. Personal calls are to be paid for by the teacher. The Association will compensate the Summerfield Schools for all unpaid calls.
- H. In schools where continuous cafeteria service for teachers is not available, the Board of Education authorizes the installation of vending machines if needed. The Association will be responsible for its continuing use. The proceeds will be used for the existing Teachers' Recreational Fund.
- I. The Board agrees to provide high school teachers with a designated parking area during regular school hours. The teacher parking area shall be separated from the student parking area.
- J. Teachers may be permitted to drive a school bus providing it does not interfere with regular school hours.
- K. Outside of employment, teachers shall be entitled to full rights and responsibilities of citizenship and no religious or political activities or the lack thereof shall be grounds for any discipline or discrimination with respect to the professional employment of such teacher. The personal behavior of any teacher is not within the appropriate concern or attention of the Board unless the behavior adversely affects the ability to function effectively as a teacher.
- L. The provisions of this agreement and the wages, hours, terms, and conditions of employment shall be applied without regard to race, creed, religion, color, national

- origin, age, sex, or marital status or membership in or association with the activities of any employee organization.
- M. Two (2) copies of the Monroe County Library materials catalog and Monroe County Intermediate Instructional catalog shall be available in the school media center, faculty workroom, and principal's office.
- N. When the mentor teacher is a member of the Summerfield Education Association every effort will be made not to assign more than two mentees per mentor teacher. The training for the mentor teachers will be as the state requires and will be paid for by the school district.

#### ARTICLE VIII

#### Joint Instructional Policies Council

- A. There is hereby established an Instructional Policies Council consisting of three (3) representatives appointed by the Association and three (3) representatives appointed by the Board. The Board agrees to make arrangements to have the minutes and agendas of the Joint Instructional Policies Council typed and disseminated to the members of the Council.
- B. The Chairman of the Council shall be the Superintendent. If the Superintendent is absent, the S.E.A. President will be the presiding Chairman.
- C. The Superintendent and S.E.A. President shall meet prior to September 15 of each school year to appoint their respective representatives. The Council shall hold its first meeting on or prior to September 30 and shall meet at least once a month during the school year.
- D. The Council shall make regular reports to the Board of Education.
- E. The Council shall have responsibility for:
  - 1. Advising the Board on all matters of educational policy for the District.
  - 2. Develop valid criteria for teacher evaluations.
  - 3. Review of curricular programs and making recommendations for modification.

  - 5. Advise on the purchase of materials, supplies, and equipment.

  - 7. The Council may appoint such committees and task forces, as it deems desirable.

#### ARTCILE IX

#### Vacancies and Promotions

- A. Whenever any vacancy in any professional position in the school shall occur, the Administration shall publicize the same by giving written notices of such vacancy to the Association and providing for appropriate posting.
- B. Any teacher may apply for such vacancy.
- C. Any teacher who desires a change in work location, grade level, subject area or position may make a request for such change at any time. Such requests shall be in writing to the principal and shall set forth the school, grade, subject area or position sought, and the teacher's qualifications.
- D. Prior to the effectuation of any involuntary transfer (i.e., a change in grade assignment in the elementary school grades, a change in subject assignment in secondary school grades, or a change in building), after the start of school, the appropriate administrator shall have a conference with the affected employee for the purpose of giving the employee reasons for the involuntary transfer.

#### ARTICLE X

## **Professional Qualifications and Assignments**

- A. The Board shall not employ any new teacher for regular teaching assignments who does not have a Bachelor's Degree from an accredited college or university, and a provisional, professional or permanent certificate.
- B. The employment of teachers by individual contracts based on special certificates is to be permitted only in cases of absolute necessity and the Association shall be so notified in each instance and the Board shall indicate the extent to which they endeavored to fill the position with a fully certificated person.
- C. Teachers, without their written consent, shall not be assigned outside the scope of their teaching certificates and their major or minor field of study except temporarily and for good cause and the Association shall be so notified in each instance, along with written statement of reasons for such assignment.
- D. All teachers shall be given notice of their tentative class and/or subject assignments for the forthcoming year no later than the preceding first day of June. Teachers who will be affected by a change in grade assignment in the elementary school grades and by change in subject assignment in secondary school grades will be notified and consulted by their principal as soon as practicable and prior to June 30. The only exception to this will be in the case of unexpected staff resignations after June 30<sup>th</sup>. Such changes will be voluntary to the extent possible. Every effort will be made to avoid reassigning probationary elementary school teachers to different grade levels unless the teacher requests such changes.
- E. Teachers who are eligible to retire under the Michigan Retirement Law will submit to the Board a written notice of intention to retire at least 60 days prior to the date of planned retirement.
- F. Continuing contracts, once granted to a teacher by the Board of Education shall be in force until a teacher is laid off, discharged through the regular procedures as outlined by the Michigan Tenure Act, Act number 4, of the Public Acts of the first extra session of 1937 as amended or is otherwise lawfully removed from or vacates his/her teaching position.

#### ARTICLE XI

#### **Reductions in Personnel/Seniority**

- A. It is hereby specifically recognized that it is within the sole discretion of the Board of Education to reduce the educational program and curriculum.
- B. Seniority is defined as length of service in the school district, excluding service as a per diem employee. Any staff member working less than full-time will have their seniority prorated. The staff shall be ranked on the list in order of their first day of work. If more than one individual has the same first day of work, all individuals so affected will participate in a drawing to determine placement henceforth on the seniority list. The Association and participating staff members so affected will be notified in writing of the date, time and place of the drawing. The drawing shall be conducted openly and at a time and place that will reasonably allow affected teacher to be in attendance. A teacher shall have the right to Association representation.
- C. The seniority list will be available by October 31 of each year.
- D. Seniority is retained if severance of employment is due to layoff. In cases of layoff, teachers so affected shall retain all seniority accumulated as of the affected date of layoff.
- E. Seniority shall continue to accumulate for up to one (1) year when teachers are on leaves of absence.
- F. If a laid-off teacher refuses an offer of a position for which the laid-off teacher is certified, or fails to respond to such offer, within seven (7) calendar days of the receipt of the offer in writing, this shall constitute the resignation of the teacher from employment.
- G. A laid-off teacher may continue his/her health, dental and life insurance benefits by paying the monthly, normal per subscriber group rates premium for such benefits to the Board provided this arrangement is approved by the insurance company.
- H. During a period of impending layoffs, the Board shall grant a voluntary leave of absence to teachers whose position will be filled by teachers who otherwise would have been laid-off. The leave shall not exceed one (1) year. Starting with the beginning of the 1987-88 school year, anyone under this type of leave will not accumulate any seniority for the leave.

#### ARTICLE XII

#### Sick/Personal Days

- A. During this agreement, teachers shall be credited with ten (10) sick days and three (3) personal days per year. Eight (8) sick days will be granted at the start of the first semester, three of which are personal days. Five (5) sick days will be granted at the start of the second semester. Unused personal days convert to sick days at the end of each school year. No restrictions on personal days except only two (2) teachers at each school building can take a day immediately before or after a regularly scheduled school vacation period (based upon rotating schedule of seniority with records kept by SEA). If any teacher, during the fall, exhausts all his/her accumulated sick leave in addition to his/her five (5) days, he/she will have any other sick days deducted from his/her pay; however, if at the end of the spring semester he/she has any sick days remaining, these can be applied retroactively to those sick days for which pay was deducted during the fall semester and this teacher will then be reimbursed the amount deducted from his/her pay up to the number of sick days remaining at the end of the spring semester, providing contractual obligations are fulfilled.
- B. Acceptable reasons for sick leave with pay shall be personal illness or injury and/or serious illness or death in the immediate family of the employee and spouse.
- C. Absence due to injury incurred in the course of the teacher's employment shall not be charged against the teacher's sick leave days, provided that the Board shall pay to such teacher the difference between his/her salary and the benefits received under the Michigan Workmen's Compensation Act for a period not to exceed two (2) years.
- D. Any teacher on sick leave for a period longer than which they have accumulated, shall have one (1) day's wages or one hundred eightieth (180) of their contractual salary deducted from their salary for each day's absence beyond the number of accumulated sick leave days.
- E. A doctor's visitation verification will be required after two non-consecutive illness periods of more than two consecutive days of absence in one semester. The Board of Education also reserves the right to require physical examination of any teacher employed with the Summerfield Schools. This examination shall be at the Board's expense. The doctor shall be mutually agreeable to the Board and the Association. The board shall state in writing the reason for the request.
- F. When a teacher is unable to be in school on any given day, it is the responsibility of the teacher to notify the TSSI substitute call-in system or the person designated by the administration to receive these calls no later than 6:45 a.m., whenever possible, of the date the teacher is unavailable in order that arrangements for a substitute may be made. In addition, a teacher who has been absent should notify the call-in system and the principal or principal's secretary that he/she will not return the following day.

Such calls should be made no later than 3:00 p.m. Failure to so notify the principal or his secretary of such non-return will result in a forfeiture of compensation in the amount paid the substitute, which was otherwise due the teacher, except in extenuating circumstances.

- G. Unused sick leave may accumulate to 180 days.
- H. Sick days and personal days must be taken in full day or one-half day increments. Exceptions possible with prior arrangements made with building principal.
- I. Up to five days of accumulated sick leave may be used for bereavement. A maximum of five association members on a given day may take this option.

#### ARTICLE XIII

#### Leaves of Absence

#### A. With Pay

- 1. Leave of absence with pay not chargeable against the teacher's sick leave allowance or business day allowance shall be granted for the following reasons:
  - a. Court appearance as a witness in any case connected with the teacher's employment or the school, except labor related disputes where the teacher's testimony would be adverse to the Board. The teacher's pay will be reduced by the amount of any witness fees.
  - Approved attendance at any association meeting if the Association provides money for the substitute's pay.
- 2. A teacher called for jury duty or to give testimony before any judicial or administrative tribunal shall be compensated for the difference between the teacher's pay and the pay received for the performance of such obligation.
- 3. Upon written application, permission may be given by the building administrator to visit another school providing a member of the administration of the school to be visited gives written permission to our administration. A reason will be given if permission is refused.
- 4. The Board agrees to provide, upon application to and by approval of the Superintendent, the necessary funds for teachers who desire to attend select professional conferences in their special areas. Travel, meals, lodging and registration fees shall be deemed appropriate expense of the Board. Substitutes will be furnished at the Board's expense. A teacher attending such conferences and meetings shall be granted sufficient leave time to attend without loss of compensation.
- 5. Any teacher who can anticipate a prolonged disability which would cause the teacher to be absent from work for five (5) consecutive days or more (such as scheduled surgery, other confinement to home or hospital, including maternity) shall notify the building principal, in writing, as soon as possible. The notification shall contain the projected dates of absence. It is understood that use of sick leave shall be only for the duration of the actual incapacity. The Board reserves the right of written verification from a physician. Any teacher who can anticipate a prolonged disability shall have the option of requesting an unpaid leave of absence as explained in Article XIII, B.1, or receiving whatever sick leave benefits may be available only for the duration

of the actual incapacity. A teacher shall not be entitled to utilize an unpaid leave of absence if the teacher, instead, chooses to receive sick leave benefits for an anticipated prolonged disability. If the disability continues after all accumulated sick leave has been used, the teacher will automatically be placed on an unpaid leave of absence for the duration of the disability, as verified by a physician, but not to exceed one calendar year.

#### B. Without Pay

- 1. The Board shall grant to any teacher, who does not choose to use paid sick leave, a leave of absence for an anticipated prolonged disability (such as scheduled surgery, confinement to home or hospital, maternity or childcare following birth). A maternity leave justification would include the adoption of a child whose age at the time of the commencement of the leave is six (6) months old or less. The teacher may continue teaching until, in the joint opinion of the administration and the employee's physician, he/she should no longer continue in his/her duties. However, in an adoption case, the leave shall not begin until the week the child is brought into the home of the adopting parents. The employee shall notify the Superintendent in writing at least thirty (30) days prior to the intended date of return. The teacher shall return from such leave within one (1) school year, but in no instance sooner than the first day of the semester following the disability. The Board has the authority to allow an earlier return during unusual and/or compelling circumstances.
- 2. Leave of absence will be granted up to two (2) years to any teacher to join the Peace Corps as a full-time participant in such program. Any period so served shall be treated as time taught for the purpose of salary schedule attached.
- 3. Pursuant to Section 1235 of the Revised School Code of 1976, one teacher, according to seniority, who has been employed for seven (7) consecutive years by the Summerfield School District, may be granted a sabbatical leave for one (1) year. During said sabbatical leave, the teacher shall be considered to be in the employ of the Board and shall be paid one-half (1/2) his/her salary. The salary will be one-half (1/2) the pay he/she would receive if he/she were teaching in the system that year. The Board shall not be held liable for death or injury sustained by any teacher on sabbatical leave nor shall the spouse be obligated for the teacher's obligation to the Board. A teacher, upon return from sabbatical leave, shall be restored to his/her former position or to a position of like nature, seniority and status. Any period spent on sabbatical leave shall be treated as teaching service for purposes of applying the salary schedule set forth in Schedule A of the Agreement. Before a teacher is granted a sabbatical leave, he/she shall agree, in writing, to remain in the system for a period of not less than three (3) years following

his/her return from sabbatical, or reimburse the district on a prorated basis of the stipend received during the said sabbatical, as follows:

- A teacher who does not return must reimburse the school district the full amount of the stipend.
- b. A teacher who leaves after one (1) year must reimburse the school district two-thirds (2/3) of the stipend.
- c. A teacher who leaves the school district after two (2) years must reimburse the district one-third (1/3) of the stipend.
- d. A teacher leaving before the school year is complete will not be given credit for that year and will reimburse the school district for his/her stipend up to the previous completed year, according to the prorated schedule.
- 4. Military leave of absence shall be granted to any teacher and/or spouse who shall be inducted or shall enlist for military duty to any branch of the armed forces of the United States. Upon evidence of an Honorable Discharge from military service, teachers shall be given the benefit of any increments that would have accrued to them had they remained in active service to the school system.
- 5. The Board shall grant a leave of absence to any teacher to campaign for or serve in a public office. Teachers shall be given the benefit of any increment that would have been accrued to them had they remained in active service to the school system, provided the position is still available.
- 6. An unpaid emergency leave of absence may be granted to any teacher upon written request from the teacher and approval of the Board. Each request shall be handled on an individual case-by-case basis.
- 7. A leave of absence of up to twelve (12) weeks during any twelve (12) month period shall be granted to eligible teachers in accordance with the Family and Medical Leave Act (FMLA) for the purposes permitted by the FMLA. Such purposes include:
  - a. Because of and to care for the teacher's child upon birth or placement for adoption or foster care. Entitlement to leave under these circumstances shall expire at the end of the twelve (12) month period beginning on the date of the birth or placement of the child.
  - b. To care for the teacher's spouse, child, or parent who has a serious health condition.

c. Because of a teacher's own serious health condition that makes the teacher unable to perform the functions of the teacher's position.

To be eligible for an FMLA leave, a teacher must have been employed for at least twelve (12) months, and for at least 1,250 hours during the previous 12-month period, and meet any other eligibility criteria of the FMLA for the particular type of leave. During the period of FMLA leave, the teacher's health insurance benefits shall be continued as required by the FMLA, subject to Section 104(c)(2) of the FMLA. Elected supplementary insurance coverage may be continued by the teacher prepaying the premium cost to the business office of the school district which will then make payment of the premium to the insurance company.

Paid leave available to the teacher under the terms of this Agreement and used by the teacher for the same purposes as the FMLA leave available, will be counted as part of the leave time available and used under the FMLA leave. FMLA leave may be taken on an intermittent or reduced schedule when medically necessary according to the provisions of Section 102(b) of the FMLA. Seniority will accumulate during the period of FMLA leave.

The limitations found under Section 108 of the FMLA (pertaining to special rules concerning employees of local education agencies) shall apply. All FMLA leaves shall be subject to and administered in accordance with the FMLA and its implementing regulations.

Upon expiration of FMLA leave, if the teacher is able to return, he/she shall be assigned to the same position in which employed prior to the leave or to a substantially equivalent position.

#### ARTICLE XIV

#### Personnel File

A. Each teacher shall have the right, upon request, to review the contents of his/her own personnel file. A representative of the Association may, at the teacher's request, accompany the teacher in this review. The review of the personnel file will be done in the presence of an administrator.

Each teacher's personnel file shall contain the following minimum items of information:

- 1. All teacher evaluation reports and teacher response/rebuttals to evaluations
- 2. Copies of annual contracts
- 3. Letter of commendation, if any
- 4. Teaching certificate
- 5. Tenure recommendation
- 6. Record of voluntary extra-curricular activities
- B. A teacher shall at all times be entitled to have present a representative of the Association when he/she is being reprimanded, warned or disciplined for any infraction of discipline or delinquency in professional performance. When a request for such representative is made, no action shall be taken with respect to the teacher until such representative of the Association is present. It shall be the teacher's responsibility to secure a representative, and appear for such a conference on the appointed day and hour.

#### ARTICLE XV

## **Professional Grievance Negotiation Procedure**

- A. Any teacher, groups of teachers, or the Association believing that there has been a violation, misinterpretation or misapplication of any provision of this Agreement may file a written grievance with the Board's designated representative (i.e., the principal). Sample Grievance Report attached Schedule E.
- B. The teacher, group of teachers, or the Association having such a grievance shall discuss the matter with the school principal, during non-teaching hours, with the object of resolving it informally. (The building representative shall also be present, if requested).
- C. In event the matter is not satisfactorily resolved, the following procedure shall be followed:
  - 1. **Step One.** The grievance shall be reduced to writing within five (5) school days of knowledge of grievance by the one filing the grievance, signed by the person or persons involved, and submitted to the Association for approval.
    - a. The grievance shall specify the facts giving rise to the grievance and the relief requested.
    - b. The grievance, if approved by the Association, shall be submitted to the principal.
    - c. The principal shall submit an answer within five (5) school days in writing. One copy of this decision shall go to the grievant and one copy to the building representative.
  - 2. **Step Two.** Within five (5) school days after receiving the decision of the principal, the aggrieved teacher may appeal to the Superintendent of Schools. The appeal shall be in writing, shall specify the article and section of the Agreement allegedly violated and shall contain the reason for the appeal, including a copy of the principal's decision.
    - a. Within seven (7) school days after receipt of the appeal, the Superintendent shall investigate the grievance, including giving the aggrieved teacher and the building representative a reasonable opportunity to be heard, and render his decision in writing. A copy of his decision shall be delivered to the teacher involved, the building representative and the school principal.

- 3. **Step Three.** Within five (5) school days after receiving the decision of the Superintendent, the aggrieved teacher or the Association may appeal to the Board of Education, or a committee of Board members. The appeal shall be in writing and shall contain the reason for the appeal and a copy of both the principal's and the Superintendent's decision.
  - a. The appeal shall be heard at the next regularly scheduled board meeting, and in any event, within fifteen (15) school days after receipt of the appeal. The Board or its designated representative, shall investigate the grievance, including giving the aggrieved teacher and the building representative a reasonable opportunity to be heard. The Board shall render its decision in writing within ten (10) days after holding a hearing on the appeal. A copy of the Board's decision shall be delivered to the teacher involved, the building representative, the principal, and the Superintendent.
- 4. **Step Four.** Unresolved grievance may be submitted to arbitration under the act.
- D. If the decision of the Board is not satisfactory to the Association, the process of arbitration must be initiated within twenty (20) school days. The grievance will then be submitted to an impartial arbitrator selected by the parties. If the parties cannot agree on an arbitrator, one shall be selected by the American Arbitration Association in accord with its rules, which shall likewise govern the arbitration hearing. The arbitrator shall have no power to alter, add to, or subtract from the terms of this Agreement. Both parties agree to be bound by the award of the arbitrator. The cost of any arbitration under this article shall be jointly shared by the parties.
- E. All time limits in the grievance procedure are to be strictly followed and may be altered only by the mutual written agreement of the parties. If there is not mutual agreement and time limits are not adhered to by the grievant, the grievance is void and will not be considered above the step at which the time limit violation occurred. If there is not mutual agreement and the board or their representative does not adhere to the time limits, the matter would automatically proceed to the next step.

#### ARTICLE XVI

#### **Protection of Teachers**

- A. The Board and Administration recognizes its responsibility to give all reasonable support and assistance to teachers with respect to the maintenance of control and discipline in the classroom. Whenever it is determined that a particular pupil requires the attention of special counselors, social workers, law enforcement personnel, physicians or other professional persons, the Board will take reasonable steps to relieve the teacher of responsibilities with respect to such pupil.
  - B. It is recognized that discipline problems are less likely to occur in classes which are well taught and where a high level of student interest is maintained. It is likewise recognized that when discipline problems occur, they may most constructively be dealt with by encouragement, praise and emphasis upon the child's desirable characteristics.
  - C. A teacher may send a pupil to the principal of the building when the grossness of the offense, the persistence of the misbehavior or the disruptive effect of the violation make the continued presence of the student in the classroom intolerable. In such cases the teacher will furnish the principal, as promptly as his teaching obligations will allow, full particulars of the incident.
  - D. Only the Superintendent or his designated representative may impose temporary suspension of students from school. School authorities will endeavor to achieve correction of student behavior through counseling and interview with the child and his parents when warranted. Permanent exclusion from the school remains the sole right of the Board of Education.
  - E. Any case of assault upon a teacher shall be promptly reported to the Board's designated representative. The Board shall provide legal counsel to advise the teacher of his rights and obligations with respect to such assault and shall render all reasonable assistance to the teacher in connection with handling of the incident by law enforcement and judicial authorities.
  - F. If a teacher is complained against or sued because of disciplinary action toward a student, or because of a work related incident involving a student, the Board will provide legal counsel and will render all necessary assistance to the teacher in his/her defense if the teacher was acting within the scope of the teacher's authority.
  - G. Time lost by a teacher in connection with any incident mentioned in this Article shall not be charged against the teacher if circumstances prove him innocent.

- H. The Board will reimburse the teacher for any loss due to deliberate damage or destruction of clothing or personal property of the teacher by students while on duty on the school premises.
- I. A teacher will be promptly notified regarding any complaint to an Administrator or Board member, directed toward them, which would be subject to disciplinary action. The originator and nature of the complaint will be made known to the teacher.
- J. Teachers shall be expected to exercise reasonable care with respect to the safety of pupils and care of property. The Board will not seek reimbursement from the teacher for any damage or loss of person or property unless there was gross negligence by the teacher causing the damage or loss.

#### ARTICLE XVII

#### **Negotiation Procedure**

- A. Matters not specifically covered by the Agreement, but of common concern to the parties, shall be opened to discussion and subject to possible professional negotiation between them from time to time during the period of this agreement upon request by either party. The parties undertake to cooperate in arranging meetings, selecting representatives for such discussions, furnishing necessary information and otherwise constructively considering and resolving any such matter.
- B. At least sixty (60) days prior to the expiration of this agreement, the parties will likewise begin negotiations for a new agreement covering wages, hours, terms and conditions of employment of teachers employed by the Board.
- C. In any negotiations described in this article neither party shall have any control over the selection of the negotiating or bargaining representatives of the other party and each party may select its representatives from within or outside the school district. It is recognized that no final agreement between the parties may be executed without ratification by a majority of the Board of Education and by a majority of the membership of the Association, but the parties mutually pledge that the representatives selected by each shall be clothed with all necessary power and authority to make proposals, consider proposals, and make necessary concessions in the course of negotiations, or bargaining, subject only to such ultimate ratification.
- D. If all parties fail to reach an agreement in any such negotiations, either party may invoke the mediation machinery of the State Labor Mediation Board.
- E. After ratification by both parties their representatives shall sign the ratified agreement within twenty-four (24) hours of ratification provided it is in final form.

#### ARTICLE XVIII

#### **Miscellaneous Provisions**

- A. Approved minutes of every Board meeting, either regularly scheduled or special meetings, shall be made available to the Association. This shall not include minutes of closed session meetings under the Open Meetings Act (OMA) which are prohibited from disclosure.
- B. All newly employed teachers may negotiate with the Superintendent the number of years to be credited on the Salary Schedule, for years of outside teaching experience in any school district for which credit is allowed. However, no more than a maximum of eight (8) years will be credited.
- C. Upon request each teacher shall be furnished with a key to an outside door upon Board approval.
- D. In the event of inclement weather, resulting in the closing of school, each teacher shall be notified by the Honeywell system prior to 7:15 a.m.
- E. This Agreement shall likewise supersede any contrary or inconsistent terms, contained in any individual teacher contracts heretofore in effect. All future teacher contracts will be made expressly subject to the terms of this Agreement and board policy. The provisions of this Agreement shall be incorporated into and be considered part of the established policies of the Board.
- F. The Board shall provide electronic copies of this Agreement to all teachers now employed by the Board, and the Board shall provide two signed copies of this Agreement to the Association at no cost to the Association.
- G. If any provision of this Agreement or any application of the Agreement to any bargaining unit member or employee or group of bargaining unit members or employees is held to be contrary to law, or if a provision of the State Aid Act results in the loss of any revenue to the school district, then such provision or application shall not be deemed valid and subsisting, except to the extent permitted by law, but all other provisions or applications shall continue in full force and effect.
- H. The 2014-2015 school calendar (Schedule D attached) will be followed. No changes will be made in this calendar without the agreement of both parties, but it is understood that days may be rescheduled in the event it is necessary to do so in order to meet the minimum number of hours of student instruction required by law. In the event Michigan legislation prohibits certain days from being counted as days of student instruction (e.g., days lost due to inclement weather), teachers shall be required to perform work on the make-up days without additional compensation.

- I. The Appendix will include Schedule A- Teacher Salary Scale, Schedule B-Extra Paid Activities, Schedule C-Insurance Benefits, Schedule D-School Calendar, Schedule E-Grievance Report Form, and Schedule F-Letter of Intent.
- J. Teachers' salaries will be paid in twenty-one (21) or twenty-six (26) payments. It is the responsibility of the teacher to inform the bookkeeper, at least one week prior to the first payday, the number of pays he/she desires.
- K. The Board of Education is opposed to days taken off by teachers other than for reasons as delineated in this contract even though pay is deducted (dock days). The Board will pursue disciplinary and/or legal action to stop this practice.
  - However, if a "Dock Day" is needed, requests must be submitted and approved by the Board of Education.
- M. A staff directory will be made available to all staff by October 31 of each year.

#### ARTICLE XIX

## Financial Responsibilities & Payroll Deductions

During the life of this Agreement, the Association and the Board recognize that strikes and other forms of work stoppages by teachers are contrary to Michigan Law Public Act 336 or any other applicable Public Employees Law or Statute. The Association and the Board subscribe to the principle that differences shall be resolved by peaceful and appropriate means without interruption of the school program.

The Association therefore agrees that its officers, representatives and members shall not participate in the concerted failure to report for duty, the willful absence from one's position, the stoppage of work, or the abstinence in whole or in part from the full faithful, and proper performance of the duties of employment, for the purpose of inducing, influencing, or coercing a change in the conditions, or compensation, or the rights, privileges, or obligations of employment. This act shall not be construed to limit, impair, or affect the right of a public employee to the expression or communication of a view, grievance, complaint, or opinion on any matter related to the conditions or compensation of public employment or their betterment, so long as the same is not designed to and does not interfere with the full, faithful, and proper performance of the duties of employment in the school system.

#### SCHEDULE B (Cont'd.)

Supervisor – Lunchroom Supervisor – Playground .02442%/Half Hr .03407%/Hr.

All above percentages will be based on the BA degree schedule through the tenth step. The step will be determined by the total number of years of experience of the employee in that particular activity starting on BA Step 0 and capping at BA Step 10. This experience does not have to be continuous. All experience as an assistant or head coach at the junior high school or high school level shall be included. Staff substitute and staff supervisor for detention, lunchroom and playground are excluded from experience steps as set forth above.

Those persons currently employed in a Schedule B position for the 2008-2009 school year that previously moved up the step scale, will continue to move up the salary steps until BA step 10 is reached. Those persons currently employed in a Schedule B position for the 2008-2009 school year that previously did not move up the step scale will begin at BA step 0 and progress to a maximum of BA step 10.

The parties agree that the above-referenced stipends shall only apply to bargaining unit members working in those extracurricular assignments and not to any individuals employed for those extracurricular assignments who are not otherwise bargaining unit members. This contract shall not apply to individuals employed in extra curricular positions who are not otherwise members of the bargaining unit. However, non-bargaining unit members shall not receive stipends greater than those set forth in Schedule B except by mutual agreement between the Board and Association.

All extracurricular assignments are non-tenure positions and no individual shall have an expectancy of employment in any extracurricular position from one year to the next. The Board of Education shall appoint individuals to extracurricular positions on an annual basis. All vacant Schedule B positions will be posted for a minimum of five school days. During the contract year, Schedule B positions can be filled on an interim basis by mutual agreement between the Board and Association. The Association will give members email notice of said vacancy and 48 hours to apply for the position before agreeing to the interim assignment.

Teachers expressing interest in a coaching position will make written application to the Athletic Director before positions are filled for the commencement of the desired sport season and will be granted an interview for said position if one is available.

## **Compensatory Time**

Any bargaining unit member who substitutes in another class during their conference period will be paid at the Schedule B contract rate, or will have the option of taking compensatory time. Records for this compensatory time will be kept in the respective principals' office and this record will be initialed and dated by the staff member involved. This compensatory time will be used by teachers in consultation with and at the discretion of the principal. All compensatory time must be used by June 30 of each school year to avoid forfeiture.

The parties understand that in the event the minimum deductible necessary for a medical plan to comply with HSA eligibility is increased beyond the current deductible level in MESSA ABC Plan 1, the deductible will automatically adjust to meet the federal minimum requirement.

Pursuant to Public Act 152 of 2011, the Board shall pay the following annual amounts towards the total cost of the MESSA PAK (Plan A and Plan C) medical premiums described below.

\$ 5,857.58 for Single Subscribers \$12,250.00 for Self and Spouse Subscribers \$15,975.23 for Self and Child and Family Subscribers

These annual Board paid amounts shall adjust annually beginning on October 1, to the maximum payment permitted by Section 3 of the Publicly Funded Health Insurance Contribution Act.

The remaining annual cost for the employee's elected medical plan premiums shall be paid by the employee.

The employees' premium contribution will be payroll deducted, in equal bi-weekly amounts from each paycheck through a qualified Section 125 Plan and, as such, will not be subject to withholding. The Board's "qualified Section 125 Plan" shall include any and all of the provisions necessary for pre-tax contributions to employee's HSA accounts administered through HEQ.

Employees electing the MESSA ABC Plan 1 may contribute, through payroll deductions and electronic transfer, additional money towards their HEQ HSA up to the maximum amounts allowed by Federal law.

All other non-medical MESSA PAK (Plan A. Plan B, and Plan C) benefits described in this Article shall be fully Board paid.

#### PLAN B

Employees not wishing health care protection may receive MESSA Delta Dental Plan E plus 01/Ortho Rider, VSP III and \$25,000 MESSA Group Term Life Plus AD&D.

Beginning on September 1, 2005, \$300 per month will be paid to each eligible SEA member who enrolls in Plan B instead of Plan A or C of MESSA. The teacher must commit to Plan B for the entire school year. In an emergency situation, such as a spouse losing insurance coverage, the superintendent would approve a change to Plan A or Plan C during the year.

#### L.T.D.

The Board shall provide each full-time member MESSA LTD:

- A. Benefit Percentage 60%
- B. Maximum monthly income \$3,500
- C. Qualifying Period 90 calendar days, modified fill
- D. Maternity Coverage Yes
- E. Social Security Freeze Yes

The contracted salary to be used will include all contract positions.

The Board shall provide the above insurance coverage through August 30, 2015, for each full-time member of the bargaining unit and his/her family provided the teaching contract is completed for the specific school year. Coverage will be discontinued upon termination of employment, if termination occurs prior to the last contracted day of school.

#### **DEATH BENEFIT**

If a teacher who has family coverage health insurance were to die while employed by Summerfield Schools, their family health insurance benefits would continue for a duration equal to one month's insurance for each year of completed service at Summerfield, with a minimum two months and a maximum of twelve months of coverage.
