THE FERNDALE EDUCATION ASSOCIATION**

This Collective Bargaining Agreement is entered into this 1st day of July 2009, and goes into effect at 12:01 a.m., July 1, 2009, by and between the Board of Education for Ferndale Public Schools, Oakland County, Michigan, hereinafter called the "Board" and the Ferndale Education Association. WHEREAS, the Board recognizes that teaching is a profession; and

WHEREAS, the Board recognizes the educational expertness of the teachers and views the consideration of educational matters as a mutual concern; and

WHEREAS, Act 379, Public Acts of 1965, presently authorizes public employees and public employers to enter into collectively negotiated agreements concerning rates of pay, hours of employment, and other conditions of employment of such public employees; and

NOW THEREFORE, in consideration of the following mutual covenants, the FEA and the Board hereby agree as follows:

2.4 Exclusive Negotiation

The Board agrees not to negotiate on matters covered by Act 336 of the Public Acts of 1947 as amended, including Public Act 379 of 1965, with any teachers' organization other than the F.E.A., for the duration of this Agreement. However, nothing contained herein shall be construed to prevent any individual teacher from presenting an individual grievance and having that grievance adjusted without intervention of the F.E.A. provided that the F.E.A. has been given an opportunity to be present at such adjustment and provided that the adjustment is not inconsistent with the terms of this Agreement. Wages and mandatory terms of employment for FEA members in any new program shall be negotiated with the FEA.

2.5 F.E.A. Representation

The F.E.A. is required under the Agreement to represent all of the teachers within the recognized bargaining unit fairly. The terms of this Agreement have been made for all teachers in the bargaining unit who are the recipients of the benefits and are represented by the F.E.A., which was the choice of a majority of the teachers within the recognized bargaining unit.

All protected classes will be equally considered under the provision of this Agreement and in accordance therewith.

2.7 Representation Fee

In accordance with the terms of this article, each bargaining unit member within thirty (30) days of employment shall, as a condition of employment, join the Association or pay a service fee to the Association.

- A. Association Members**--Bargaining unit members joining the Association shall pay dues to the Association in accordance with its policies and procedures.
- B. Service Fee Payers**--Bargaining unit members not joining the Association shall pay a service fee to the Association. However, upon timely objection, no individual paying a service fee to the Michigan Education Association (MEA) or a local affiliate shall be required, through the payment of such a fee, to contribute to the financial support of an ideological cause or political activity unrelated to collective bargaining, contract administration, grievance adjustment and lawfully chargeable employee representation. An individual who, in compliance with the administrative procedures established by the Executive Director of the Michigan Education Association, objects to the use of a portion of his/her service fees to support such an ideological cause or political activity shall be required to pay a reduced fee based upon a determination of the percentage of the MEA's annual expenditures for the prior year necessarily or reasonably incurred for the purpose of performing the duties of an exclusive representative of the employees. Said service fee amount shall be communicated to the district business office prior to requesting a deduction from wages.
- C. Non-payment of Dues or Service Fees**--If a bargaining unit member does not pay the appropriate amount of dues or service fee to the Association, upon written notification by the Association, the Employer shall deduct that amount from the bargaining unit member's wages and remit same to the Association.

The Board shall be obligated to make only one change in dues and one special assessment in any one school year. Each new teacher will not be considered a change.

2.10 Change in Authorization

The Board will automatically renew deductions each year unless notified in the following manner: any teacher desiring to have the Board discontinue deductions he has previously authorized must notify the Board's representative and the F.E.A. in writing by September 1st of each year for that school year's dues.

2.11 No Denial or Restriction of Rights

Nothing contained herein shall be construed to deny or restrict any teacher rights he may have under the Michigan General School Laws. The representative shall not delay being present beyond thirty- (30) minutes following the close of the school day for students. However, if it is not possible for the representative of the F.E.A. to be present on the day of the meeting, then the representative shall meet with the parties no later than the following day.

3.13 Just Cause

No teacher shall be disciplined, reduced in rank or compensation without just cause. Any such discipline or reduction in rank or compensation, asserted by the Board shall be subject to the grievance procedure as set forth in Article 23 of this Master Agreement. However, when dealing with dismissals or suspensions without pay of a tenure teacher, Level Four (4) of the grievance procedure as modified in Article 23.4(d), paragraphs 2 and 3 shall apply.

The parties seek to educate young people in the democratic traditions, to foster recognition of individual freedom and social responsibility, to inspire meaningful awareness of their respect for the Constitution and the Bill of Rights. Therefore, teachers shall have reasonable freedom in the implementation of the curriculum. 5.2 No Lockout

The School Board will not lock out any employees.

ARTICLE 6—PROFESSIONAL COMPENSATION

6.1 Compensation of Teachers

The compensatory Schedule A is based upon a normal weekly teaching load during normal teaching hours hereinafter defined in Schedule B (Calendar). Compensation of teachers covered by this Agreement is set forth in Schedule A, which is attached to and incorporated in this Agreement. All items contained in Schedule A shall remain in effect during the term of this Agreement.

6.2 Reporting of Teachers

Classroom teachers shall be required to report at the beginning of the school calendar year and render required services during such school calendar year. If time, in addition thereto, is accepted and performed by any teacher, he shall receive extra compensation as provided for extra-contractual work.

6.3 Holidays

The following holidays shall be observed: New Year's Day, Good Friday, Memorial Day, Independence Day (for any teacher employed on such day), Labor Day, Thanksgiving Day, Christmas Day and M. L. King. If a holiday falls on Saturday, the previous Friday shall be observed and if a holiday falls on a Sunday, the following Monday shall be observed.

6.4 Prior Experience

When a teacher with at least a provisional teaching certificate (except for conditions as listed in Article 22, Section 6b) is initially employed, the Board may, at its discretion, grant up to one (1) step on the current salary schedule for each year of prior teaching experience and work experience credit and up to three (3) years military experience gained in the Armed Forces of the United States since September 1, 1940. When the Board finds it necessary to grant experience credit to interested candidates in fields of teaching where teacher shortages exist, they may go up to, but not exceed the maximum step on the salary schedule. Included in the above may be five (5) years of experience credit for trade, laboratory or technical experience related to the teaching assignment. If experience credit is granted, it shall be computed to the nearest one-half (1/2) year.

6.5 Extra-Curricular

In the school system there are certain authorized extra-curricular activities involving a large amount of time and work beyond the routine schedule of classes and regular extra curricular assignments. Teachers accepting such authorized assignments in extra-curricular activities shall receive compensation in addition to their regular salaries according to Schedule A.

- A. Upon the receipt of certification by the Deputy Superintendent of Administrative Services that the requirements for the Master's Degree have been completed, the annual salary rate adjustment shall become effective the first (1st) pay period of the school year, if certification has been received in the Deputy Superintendent of Administrative Services at least fifteen (15) days prior to that time, or in the first (1st) pay period of the second (2nd) semester, if certification has been received in the Deputy Superintendent of Administrative Services at least fifteen (15) days prior to that time. The additional pay for the Master's Degree will be paid retroactive to the date requirements were completed and prorated over the remaining pay periods for that school year. If the certification is received after the beginning of the second semester, the added compensation will be paid with the last check of the school year.
- B. As a condition of effectiveness of this section a letter certifying completion of requirements for the Master's Degree or a transcript certifying completion of such requirements is to be submitted to Central Office within thirty (30) days of completion of requirements to qualify for retroactive payment as noted above. Failure to so notify will cause the increase to become effective with the first pay of the following semester.

6.7 Work Schedule

- A. The work of a classroom teacher is unique and different from most jobs in that classroom teaching requires additional time beyond conducting classes. This additional time may cover many activities such as planning, developing tests, maintaining records, correcting papers, curriculum development, previewing films, and other materials, etc. Although some of this work may be formally scheduled, much of it is scheduled at the discretion of each individual teacher.
- B. Each workday of the contractual academic year contains six hours of classroom teaching time. For purposes of computing extra contractual/extra curricular classroom teaching pay, it is assumed that the workday is eight hours. In effect, this assumes that twenty minutes of additional time is required for each classroom-teaching hour.
- C. For purposes of computing this formula only, we assume that the contractual year involves forty-(40) weeks of five (5) days each, for a total of two hundred paid days. Having assumed that each day is equivalent to eight (8) hours, this then means that the contractual year for the purpose of this formula is made up of 1600 hours.
- D. By dividing the annual salary of a teacher by 1600 hours, an hourly rate of pay is determined recognizing that each hour of classroom time requires at least twenty minutes (or .333 hours) of additional time. Then the hourly rate is multiplied by 1.333 for each hour of classroom teaching. Activities not requiring additional time outside of that scheduled will be computed at the regular hourly rate (annual salary divided by 1600 hours).

6.8 Payment of Compensation

- A. For the 2009-2010 and 2010-2011 school years, teachers will receive their annual salary in accordance with Schedule A of the Agreement in twenty-six (26) equal bi-weekly payments. Teachers may elect to receive their annual salary in twenty-one (21) equal bi-weekly payments, provided written notice of such election is received in the business office on or before August 1 of the fiscal year in which such election is to apply. For the 2011-12 school year, teachers will receive their annual salary in accordance with Schedule A of the Agreement in either twenty-one (21) equal bi-weekly payments which will represent full payment of salary for the contract year or twenty-two (22) pay periods which shall be twenty-one (21) pays of a twenty-six (26) pay cycle with the twenty second payment being a lump sum of the balance due. Teachers who elect to receive their annual salary in twenty-one (21) equal bi-weekly payments must provide written notice of such election to the payroll office on or before August 1 of the fiscal year in which such election is to apply. Such election shall remain perpetual unless request for change by employee is submitted in writing to the payroll office prior to August 1 of the current year.
- B. Teachers who receive their annual salary in twenty-six (26) equal bi-weekly payments may receive a lump sum payment at the end of the regular school year provided they notify the business office, in writing, on or before September 20, of each school year. For new hires after September 20, the option for lump sum payment shall be made on the date of hire. (Applies to 2009-2010, 2010-2011)
- C. Teachers who want their checks mailed to a summer address must notify their school office of such address, in writing, prior to the end of each school year. (Applies to 2009-2010, 2010-2011 school years)
- D. Scheduled paydays are set forth in Schedule B, Section 2. For the 2009-10, 2010-11 school years FEA members may select one the following options for direct deposit of compensation: 1) receive a payroll check with no direct deposit, 2) receive a payroll check and also make a payroll deposit to

one institution or 3) not receive a payroll check and choose direct deposit to two institutions. Nothing in this section is intended to change current procedures for TSA (403B/457) deposits. Beginning with the 2011-12 school year, teachers will receive their annual salary and any additional compensation in accordance with Schedule A of the Agreement through Direct Deposit.

6.9 Mileage Reimbursement

Mileage shall be paid to the K-12 education teachers at the current IRS rate if they are teaching consecutive assignments at more than one location during the same day or if they are directed to go to a building in which they do not usually teach by an administrator for the purpose of conducting school business.

ARTICLE 7—HOURS, WORK-DAY AND WEEK

7.1 Work Week

The Board recognizes the principle of a standard forty-hour workweek and will, so far as possible, set work schedules and makes professional assignments, which can reasonably, be completed within such standard workweek. The Board will not require teachers regularly to work in excess of such standard workweek within or outside of any school building except in the case of previously mentioned extra-curricular activities.

7.2 Work-day

Each workday of the contractual academic year contains at least the State minimum of required instructional hours. Because of the unique nature of classroom teaching, additional time is required beyond conducting classes. This additional time covers many activities such as planning, developing tests, maintaining records, correcting papers, parent conferences, curriculum development, previewing materials, etc. Teachers will be advised of the bell schedules in each of the buildings by letter at the beginning of the school year. The teacher's workday shall start five (5) minutes prior to the start of the student workday, and end fifteen (15) minutes following the last class of the day. The ending times for elementary schools may vary from 2:50 p.m. to 4:00 p.m. The normal starting time is 8:10 a.m. and the normal ending time is 3:20 p.m.
- 2. Rotation of Duty Days/Elementary**-- Elementary teachers on a rotational schedule, will be available in the buildings for emergencies during the lunch hour when the principal is not in the building. the salary schedule reflects not only the above-designated time but also the total professional responsibilities of the teachers.

Preparation time is considered to include conferences with counselors, parent-teacher conferences, relief time, conferences with administration, planning and other related activities. Copies of these building policies, as they are developed, shall be sent to the Superintendent of Schools for his/her review and approval.

9.2 Teacher's Use of School Day

It is acknowledged the primary duty and responsibility of the teacher is to teach and that the organization of the school and the school day should be directed at insuring that the energy of the teacher is primarily utilized to this end. However, the teacher recognizes a responsibility for maintaining proper student conduct and deportment and for taking action whenever violations of school rules are observed. Building administrators will work with teachers in fulfilling this responsibility.

9.5 Supplies

The Board recognizes that appropriate texts, library reference facilities, maps and globes, laboratory equipment, audio-visual equipment, technology, art supplies, athletic equipment, current periodicals, standard tests and questionnaires and similar materials are the tools of the teaching profession and all materials provided remain the property of the school district. Both parties to this contract will confer through the district Professional Relations Committee on such matters from time to time.

9.6 Facilities for Teacher's Use

The Board shall make available, in each school, adequate restroom and lavatory facilities exclusively for teacher use and at least one room appropriately furnished which shall be used exclusively as a faculty lounge

and lunchroom, in which smoking shall not be permitted. A computer will be made available in each building for teacher use. The Board agrees to provide a bulletin board in each teacher's lounge. The F.E.A. shall be responsible for assigning a member to supervise each of these bulletin boards. It is agreed that these bulletin boards will be kept neat and the material posted in good taste.

The private and personal life of any teacher is not within the appropriate concern or attention of the Board as long as it is consistent with the high standards and ethics of the teaching profession.

9.9 Without Discrimination to Staff or Student

The provisions of this Agreement and the wages, hours and terms and conditions of employment shall be applied without regard to race, creed, religion, color, national origin, sex, disability or other legally protected classification, marital status or membership in or association with the activities of any lawful employee organization. The Board and the F.E.A. pledge themselves to seek to extend the advantages of public education to every Ferndale School District student, without regard to race, creed, religion, sex, color, national origin, disability or other legally protected classification, marital status or membership in or association with the activities of any lawful employee organization, and to seek to achieve full equality of educational opportunity to all of these pupils.

9.10 Supplies Needed

Ten (10) days prior to the first day of the school year, the building P.R.C. may meet to determine the availability of supplies needed by teachers to begin teaching. If any supplies have not been received, as of the first day of the school year, the Board will decide how to provide such supplies through other sources.

9.11 Building Team

Building teams are composed of groups of educators within each school building who meet to discuss and attempt to resolve issues pertaining to students who are posing educational problems. The committee composition is decided on a case-by-case basis and is dependent upon the nature of the student's problem. As a minimum the committee includes the classroom teacher and building principal. Other educators who have knowledge of and/or expertise pertaining to the nature of the student's problem should be included, such as special teachers (art, music, etc.), reading consultant, math consultant, learning center teacher, school social worker, speech therapist and psychologist. The committee is convened jointly by the classroom teacher and building principal.

The team meets to:

- a. Discuss the problems
- b. Review available data pertaining to the student, which may include academic work samples, results of formal and informal tests and observational data (anecdotal record)
- c. Propose and discuss possible intervention strategies

When consensus on intervention strategies are reached, a decision is made regarding who will be involved; when the intervention will take place, and when the team will reconvene to review and evaluate the implemented strategies.

If the strategies are not successful, or if teacher and/or principal desires, or if, in the opinion of the committee, the student is suspected of being impaired, the Special Services Conference Request form is completed and forwarded to the Director of Special Education. Documented information pertaining to the strategies initiated by the Building Team should be available to aid the Director of Special Education in making the appropriate general or special education referral determination. Subsequent procedures are followed according to the referral procedures outlined in the Blue Log, which are in each school building office.

If the Building Team determines that the student should be seen on an individual basis by the psychologist, school social worker, speech therapist, learning center teacher or any other special education person, the Permission for Consultation form must be signed by the parents or legal guardian.

9.12 Referral Log

It is further agreed that the principal will make available and accessible in the school office the referral log for any teacher's inspection.

9.13 Training/Limitations Regarding Medically Fragile Students

The Administration shall provide training for all teachers having to serve the medically fragile student. Regular classroom teachers will not be required to administer tracheotomy/suctioning, catheterization (including clean intermittent catheterization) or tube feeding to students. Any and all medical services to students who are medically/physically fragile shall be performed by aides and/or other qualified professionals.

ARTICLE 10—PROMOTIONS & VACANCIES

10.1 Announcement of Vacancy

Whenever any vacancy in any professional position in the district shall occur during the school year, which position shall be considered to be a promotion as defined in Section 2 below, the Board shall publicize the same by giving written notice of such vacancy to the F.E.A. and providing for appropriate posting in every district school building. Notice of available openings will be transmitted to all employees via the email system. The bulletin shall be entitled **ANNOUNCEMENT OF VACANCY** and shall contain the following information:

- A. Title of the position, which is open
 - B. Formal requirements of the position and other qualifications to be considered in the final selection of someone to fill the position
 - C. Notice that the search for a highly qualified person to fill the position is not restricted to this district
 - D. Final date for filing an application for the position
- No such vacancy shall be filled except on a temporary basis until such vacancy has been posted for at least ten (10) calendar days.

10.2 Promotion

A "promotion" is a change in position, which results in additional compensation for additional duties and/or responsibilities being conducted during the regular school day. "Promotions" are not meant to include the taking on of additional duties in connection with extra-curricular and/or extra-contractual activities.

10.3 Vacancy

Any teacher may apply for a vacancy in a position considered to be a "Promotion" as defined in Section 2 above. In filling a bargaining unit position vacancy, the Board shall consider the professional background and attainments of all applicants along with other relevant facts. Should there be two (2) or more of these applicants with equal qualifications for the position and one (1) or more of these applicants with equal qualifications is a current employee, the current employee with the greatest seniority shall be assigned. Special consideration shall be given to women and/or minority defined as: Native American, Asian American, Latino, African American and those of the non-Christian faith. However, in all appointments to vacant positions, the Board's decision shall be final.

10.4 Summer Postings

If a vacancy shall occur during the summer vacation period, the Board shall notify those teachers who have indicated by written notice to the Human Resources Office, dated on or before the last work-day of the teachers' regular school year, a desire to be notified by mail of such vacancy. Such vacancy shall not be filled, except on a temporary basis, until ten (10) days after notice has been mailed to the teacher at the indicated address for such mailing. Failure to notify any one or number of teachers through error shall in no way nullify the Board's decisions.

10.5 Promotion/Return to Teacher Status

Any teacher who shall be promoted to a supervisory or executive position and shall later return to a teacher status shall be entitled to retain such rights as he/she may have under this Agreement prior to such transfer to supervisory or executive status, including increments normally accrued, subject to the following conditions:

- A. Current Ferndale School District administrators shall have their FEA bargaining unit seniority frozen as of June 1993 and there shall not be any additional accrual of bargaining unit seniority.
- B. Effective July 1, 1993, any bargaining unit member who becomes an administrator shall cease to accrue seniority from the time he/she leaves the bargaining unit.
- C. Administrators who have never been a member of the bargaining unit shall not accrue bargaining unit seniority.
- D. Bargaining unit members assigned to an administrative intern position shall accrue bargaining unit seniority for a period not to exceed one year.

10.6 Posting of New Bargaining Unit Positions and Vacancies

- A. Whenever new bargaining unit positions are created the Board shall publicize the same by giving written notice of such vacancy to the F.E.A. and shall provide for appropriate posting in all buildings. Said posting shall contain the necessary qualifications pertaining to the job. No such vacancy shall be filled except on a temporary basis until such vacancy has been posted for at least ten (10) calendar days.
- B. If a teacher is interested in receiving postings for other bargaining unit vacancies during the school year, he/she should submit a letter to the Deputy Superintendent of Administrative Services requesting such posting. The Deputy Superintendent of Administrative Services shall send posting to those teachers who submit said letter.

ARTICLE 11—TRANSFERS

11.1 Voluntary Transfers

- A. The Board of Education recognizes that it is desirable to take into consideration the interests and aspirations of its employees with respect to position assignments. Written request for position transfers must be made by April 15, stating the positive reasons for the transfer and stating the grade(s) requested. Such requests should preferably be submitted to the Deputy Superintendent of Administrative Services through the principal; however, if desired, requests may be made directly to the Deputy Superintendent of Administrative Services. If it is desired that the requests be kept active, they should be renewed annually.
- B. In filling a vacancy by voluntary transfer, the Board shall interview and give consideration to current teacher employees interested in the vacancy before an applicant from outside the school system is placed. Should there be two (2) or more applicants with equal qualifications for the position and one (1) or more of these applicants with equal qualifications is a current employee, the current employee with the greatest seniority shall be assigned. The district shall have the right to deny a voluntary transfer to a teacher on an Individualized Development Plan (IDP) until such time as the teacher's performance has improved and the IDP is no longer in effect. However, by mutual agreement of the Association and the Administration, such transfers will take place.
- C. Prior to a voluntary transfer, the building administrator will interview the teacher and discuss the position. Teachers in the building (teaching the same grade level/subject area) may meet with the teacher to explain the program.
- D. The Board shall consider all factors making its best judgment in weighing both the needs of the individual and the school district.
- E. Employees considered by the Board will be informed of approval or denial of the request. The denial of such request may be reviewed by the teacher and Board.

11.2 Involuntary Transfer

- A. In cases of vacancies or new positions which necessitate an involuntary transfer, it is agreed that certification first, district wide seniority within buildings second, and then qualifications* shall be the deciding factors.
- B. All teachers whose assignments will be changed due to an involuntary transfer for the coming school year shall be given written notice of their assignment no later than the end of the school year, except as noted in C.4 of the paragraph below and in cases where a teacher returns from a leave or returns from a layoff. Involuntarily transferred teachers will be consulted and placed before new hires, whenever possible.
- C. Involuntary transfers may be affected for justifiable reasons. For purposes of this provision, justifiable reasons are:
 - 1) Changes in student enrollment within the affected building or within the district.
 - 2) In order to recall laid off teachers.
 - 3) Program changes.
 - 4) Arbitration awards and grievance settlements between the Association, member, and Board of Education.
- D. An Involuntary Transfer shall be defined as:
 - 1) A change from one building to another.
 - 2) A change in department in the secondary.
 - 3) Any change of assignment that is made by the Friday after count day for the first semester after the school year begins for students. After that date, there shall be no involuntary transfers except for the first two weeks of the second semester at the middle school and senior high schools.
 - 4) Any transfer within a building or within certification is not an involuntary transfer except at Kennedy Magnet School or a change from lower elementary (K-3) to upper elementary (4-6) or upper elementary to lower elementary except at the third and fourth grade levels a change in either direction of two grade levels may be made.

ARTICLE 12—LAYOFF AND RECALL PROCEDURES

12.1 Definition of Layoff

Layoff means removal from the payroll with no employment rights other than retention of seniority status, extra duty status, recall rights as noted below, and such other rights as provided for below.

12.2 Procedure of Layoff

If, because of unforeseen circumstances, such as reduction in student population, changes in curriculum or deficit financial conditions, it becomes necessary to reduce staff, the following layoff recall procedures shall prevail:

- A. Prior to Board action to lay off bargaining unit members the Board will provide the F.E.A. with a current seniority list. The list will include all available areas of official certification presented to the Board prior to March 1 of the layoff year. It shall be the teachers' responsibility to notify the Board of changes that occur in their official certification status with the State Department of Education. February 1 shall be the final date for submission of endorsed teaching areas for all purposes relating to layoff and recall, except as noted in Article 12.2.C.
- B. All non-tenure teachers will be laid off first; however, the district will retain non-tenure teachers when no tenure teachers are available or qualified for the position.

Teachers with the most seniority in the schools of Ferndale Public Schools will be retained to the last. Where seniority is the same, the procedure will be as follows:

1. Newly hired bargaining unit members shall be assigned a seniority tie-breaker number as follows:
From an available pool of numbers maintained by the Human Resources Office, the teacher or, in the teacher's absence, a representative of the Human Resources Office, shall draw a single number, which shall be assigned to the teacher and added to the seniority list. This number shall be retained provided employment continues either as a teacher or as a qualified administrator. Beginning for the 2011-12 school year, the tie breaker shall be the last four digits of the bargaining unit member's social security number. Those with the lower number having the higher seniority.
- C. The Board will make every effort to find another teaching position for laid-off teachers.
- D. Tenure teachers who are laid off retain seniority and recall rights for a period of thirty-six (36) months according to the Tenure Act. Probationary teachers will retain seniority and recall rights for a period of time equal to their length of service in the district to a maximum of thirty-six (36) months.

Recall will be based on reversal of A. above; i.e., the last laid off will be the first recalled. Should a teacher who is on layoff receive either recertification and/or a new endorsement, they shall immediately qualify for placement to an available position in accordance with his/her seniority rights. The parties agree to abide by the Helsom Decision of the State Tenure Commission (84-42) unless it is overturned by the tenure commission or court of competent jurisdiction.

In the event that a laid off employee moves, it shall be the responsibility of the employee to notify the Human Resources Director of the school district of such change by certified/registered mail. Failure of the employee to provide such notification shall relieve the school district of any liability of a mailed recall notice sent to the former address of the employee.

- E. Teachers being recalled will be given ten (10) days from the date of the receipt of a registered letter of recall to indicate their acceptance or rejection of reemployment. Failure to respond within the ten-(10) day period will end the employees' seniority rights.
- F. No new teacher shall be hired in a subject area until all laid-off teachers, who are qualified and properly certified for that subject area, have been given an opportunity for recall as per paragraph D. above.
- G. No new teachers shall be hired in a subject area before teachers who are laid off from other subject areas who are qualified and who possess the necessary certification have been given an opportunity for recall as per paragraph D. above.
- H. A teacher shall not be laid off because of curricular change unless such change would render the teacher non-qualified under the State Certification Code, and he/she has refused other assignment opportunities for which qualified, or turned down training provided by the employer (at the employer's expense) to certify him for existing vacancies.
- I. **Substitute Teaching**--Laid off teachers who desire to substitute shall notify the Board in writing and will be given first preference to substitute teaching positions, including long-term substitute positions. Consideration shall be on the basis of certification, qualifications, and seniority. Appointment to these positions shall be accomplished by using the recall procedures as practiced by the district and denoted in Article 12.

- J. When a staff reduction is required because of economic necessity, such reduction may be made mid-year pursuant to the notice provisions of the Master Agreement and applicable laws.

12.3 Insurance During Layoff

The Board will continue to provide the insurance as provided elsewhere in this Agreement for any teacher laid off in accordance with this Article for the months of July and August. Teachers who are not recalled by the 15th of September, may continue for twelve (12) months to pay to the Board, in advance, the group rate premium and continue within said groups of current insurance, as permitted by the insurance companies. If the teacher is recalled prior to Thanksgiving, the Board will reimburse the teacher for the premium paid. If a teacher is not recalled prior to Thanksgiving, reimbursement will not be made.

12.4 Unemployment Benefits

A teacher who is laid off and who is paid unemployment compensation benefits (associated with his or her regular teaching assignment) during the summer immediately following the layoff and who is subsequently recalled to the teaching position by the first work-day of the next school year, will reimburse the Board 85% of the unemployment compensation received.

A teacher who is responsible for reimbursing the Board 85% of his/her unemployment compensation will repay the Board according to Option 1, described below, unless they notify the Board they prefer Option 2 within 15 days of receipt of Notification to Repay. The Board will notify the teacher of its intention to recover 85% of the employment compensation once the district receives notice of the amount of unemployment compensation received.

- Option 1.** The 85% repayment will be made on a bi-weekly basis through payroll deduction over the remaining scheduled pay periods for the employee with the full debt repaid by June 30 of each year.
- Option 2.** The teacher may write a check to the school district to repay 85% of the unemployment compensation received.

The Board agrees to reference this section in the initial layoff letter.

12.5 CASA

Once each year, at the request of either party, the Association and the Board shall meet to discuss and, if necessary, negotiate the issue of actual job loss as a result of Ferndale's participation in CASA.

ARTICLE 13—ABSENCE POLICIES

13.1 Job Related Injury/Worker's Compensation

No deduction shall be made from the pay of any teacher for absence resulting from injury received when on duty incidental to such employment, for which a medical report of injury or disability is issued by a physician, for a period not to exceed seven (7) calendar days from the date of such injury; however, if the injury continues beyond fourteen (14) calendar days and workers' compensation award is paid for the first week of absence, the employee shall endorse said check and turn it over to the district or reimburse the district by other means of legal tender; providing that a report be made to the Central Office by the immediate supervisor within twenty-four (24) hours stating the date, time, and conditions of injury and that a doctor's certificate be issued after an additional examination to establish evidence of continued fitness to work. Further, that in case such injury extends beyond the seven day period, the Board will supplement the compensation award or other payment of an employee up to an amount equaling seventy (70) percent of the employee's regular gross pay during such period. The above referenced initial medical report of injury or disability is to be issued by a physician in the Board's official medical facility at no cost to the employee. However, the employee who has: 1) notified the Ferndale Business Office and, 2) has obtained the initial medical exam and report from a Board approved medical facility may, after ten days from injury, go to their own physician for care. The Board will not be liable for payments to employees or their doctors, clinics, or hospitals when the above conditions are not met except when serious emergency care is required.

13.2 Sick Days Earned

During each year the teacher will earn sick leave at the rate of 1.3 days per month to a maximum of thirteen (13) days per year. At the beginning of every school year, each teacher shall be credited, in advance, the number of days of sick leave for that year plus all previously accrued sick leave, such days to be known as the current allowance. Paid absence will be allowed, up to and including the number of earned days in an employee's current allowance, for personal sickness. Any unused portion of the current allowance will be accumulated and credited to the employee's future sick leave. A teacher employed under extra-contractual agreements during summer months will be allowed to use accumulated sick leave. If unearned sick days have

been paid to the employee and the employee is leaving active employment within the district, the overpayment will be deducted from the employee's final check. Sick leave days as provided herein may be used for disability due to pregnancy as further provided in Article 14.2.B.

13.3 Absences at Start of School Year

A returning teacher, absent from school at the beginning of the school year because of illness, physical disability, or pregnancy may draw upon the teacher's current sick leave allowance. The Board may request medical substantiation of the reason for absence prior to the teacher's return to work.

A new teacher absent from school at the beginning of the school year because of sickness, physical disability, or pregnancy, may draw upon the teacher's current allowance after assuming professional responsibilities. The Board may request that a medical examination be performed. If asked to go to the Board's medical facility, the new teacher will not be liable for the expense of the exam. The exam shall be completed prior to the assumption of duties.

13.4 Absences Prior/After Holiday

When an employee is absent the day before and/or the day after a holiday without proper authorization the employee shall not receive salary for the days absent unless the absence is due to personal sickness or death in the family. In case of personal sickness he/she shall receive pay for the day absent providing he/she submits proof of his/her illness, for example, a statement by his/her physician and provided, further, that he/she is eligible for any compensation during the pay period in which such holiday occurs.

13.5 Absence Abuse

When an employee has been absent because of illness and/or when a pattern of absences develops which suggests abuse of the absence policy, the Board may require, at no expense to the employee, substantiation of said illness.

13.6 Personal Business Days

Personal business days to a maximum of three (3) to come from the teacher's personal sick days will be granted to teachers for emergency or exceptional reasons and to attend to urgent and essential personal affairs that cannot be performed outside of the regular school day, provided they fall within the guidelines for personal business as established by the District Professional Relations Committee as indicated in the guidelines found in Article 13.7. Except in emergency cases, written application for personal business days must be made in advance and records maintained of days used. The Administration has discretionary authority for ensuring all days fall within the framework of the aforementioned guidelines. Abuses of the intent of the above personal business day policy will result in the loss of pay for those days and a reprimand will be placed in the personnel file of the employee as indicated in the guidelines found in Article 13.7.

13.7 Personal Business Day Policy

These days should be taken only when it is impossible to conduct pressing personal business outside of the regular school day. This is important. The F.E.A. is not in sympathy with individuals who abuse this policy by taking them for unwarranted reasons or for trivial reasons. Indeed, we feel this is a breach of the Code of Ethics of the profession. Each teacher is allotted three (3) days, which can be used in emergencies or for pressing business. The Deputy Superintendent of Administrative Services, through the building administrator, can refuse to grant the teacher these days if they do not fall within the guidelines or if they are taken before or right after a vacation and/or holiday period. Teachers may be granted additional emergency personal business time provided reasons for such personal business falls within the guidelines. This additional time will be deducted from the teacher's personal sick bank. Teachers applying for personal business days shall state the reason on the proper form.

Guidelines - Personal Business Days--Personal business days will be granted for stated emergency and/or extenuating circumstances, which cannot be handled outside the hours of the normal workday, such as:

- Serious illness in the immediate family (or close relative)
- Death in the immediate family
- Funerals
- Religious holidays
- Moving of residence
- House closing
- Graduation in the immediate family
- Court appearances
- Legal matters of a pressing nature
- Graduate class exams scheduled by the university during working hours
- Household emergencies created by an act of God or accident
- Doctor appointment
- Dentist appointment

13.8 Religious Holidays

Three (3) religious holidays shall be added for teachers who observe religious holidays provided the teachers report these days to the building administrator at the beginning of the school year. The days used will not be deducted from the teacher's personal business bank nor will the teacher be docked for these days.

13.9 **Jury Duty**

A teacher required to serve as a juror in any proper court of jurisdiction will continue to be paid his regular salary during such term of jury service. To qualify for salary payment the teacher must endorse and deliver all checks of payment for jury duty over to the school district, except those monies paid to the teacher for expenses such as mileage, phone calls, or meals.

ARTICLE 14—LEAVES OF ABSENCE POLICIES

14.1 **Leaves of Absence**

At the discretion of the Board of Education, it shall be the policy to grant leaves of absence for the following reasons: Health, pregnancy disability, maternity, adoptive, child care, study or travel, Peace Corps and military service; all except the last being subject to the following provisions:

- A. By the approval and adoption of this leave policy, the Board of Education hereby rescinds all other leave policy and policies relative to leaves of absence previously adopted.
- B. Eligibility for any type of leave of absence is dependent upon a satisfactory record of at least two years continuous employment by Ferndale Public Schools. Except for military leave, health leave, or maternity leave, no leave shall conflict with the employee's contractual obligations with the school district.
- C. All leaves of absence except Political Leave, Association Business Leave, Peace Corps and/or Vista Leaves or Overseas Teaching with the Armed Forces, which are for the term of the office, may be for a period not to exceed one (1) year.

A teacher on a Maternity/Child Care Leave may request an additional one school year extension when extenuating circumstances justify such leave. Approval of said extension is subject to the Superintendent's recommendation and Board approval.

A second leave, or an extension of any type of leave, may be granted only with the recommendation of the Superintendent.

Teachers returning from any leave should refer to Article 14, Section 1.E and 1.F.

- D. While on leave an employee shall maintain full continuing tenure status, seniority, or its equivalent; shall maintain all employment rights held before leave was taken, excluding Board paid insurance benefits; and shall return to the point on the salary schedule at which he/she left at the start of the leave; provided, however, that an employee returning from study leave and Peace Corps leave shall be granted increment credit as if he/she had been in school district employment during the period of such leave.
- E. Notice of intention to return or resign from a leave of absence must be made in writing and sent to the Superintendent by March 1 of the leave year; failure to provide such notice shall be the equivalent of resignation.
- F. Teachers returning from leaves of absence will be placed in available positions for which they are certified and qualified to teach in accordance with their seniority within the bargaining unit.

14.2 **Leaves of Absence - Types and Specific Conditions**

- A. **Health Leave**, upon recommendation of a physician, shall be granted for a period up to one (1) year. When the employee's health permits return to active employment, the employee shall so request the Board in writing and submit a statement from the attending physician certifying the teacher's fitness to return to full active employment. If the employee's seniority is greater than that of other employees laid off during a reduction in staff, the Board shall place the teacher returning from a Health Leave in the first opening for which the teacher is properly certified and qualified, and in no instance later than the beginning of the following school year. The Board, however, retains the right to request that the employee obtain a second medical opinion from a doctor of the Board's choosing and at the Board's expense. Additionally, when leave is granted, the Board may require a monthly medical report, at no cost to the employee, to be filed with the Human Resources Office stating the teacher's condition.
- B. When a pregnant teacher establishes, by a medical report, that she is verifiably incapacitated and unable as a result of the incapacitation from continuing her normal job duties and assignments, she shall be granted sick leave as provided in Article 13, Section 13.2 and Article 15, through the post natal examination for as long as she is physically disabled from returning to work, or until such sick leave days are exhausted, whichever is earlier. This clause, 14.2.B, does not relate to the needs of the object child.
- C. **Maternity Leave**--The right of a pregnant employee as defined in the Civil Rights Act of 1964, as

amended, and all benefits to and obligations of a pregnant employee as required by law, shall be applicable.

1. The pregnant employee shall be permitted a maternity leave of absence for the duration of the pregnancy.
 2. A maternity leave of absence must be requested, in writing, by the employee no later than the seventh (7th) month of pregnancy and must be substantiated by a physician's statement.
 3. A teacher shall be permitted to continue working as long as she desires, providing, of course, that she performs all the regular and normal duties and functions of the job.
 4. A pregnant teacher who elects to continue working shall provide the Board with a physician's written statement setting forth that she is physically able to continue working as provided in paragraph 3 above.
 5. A teacher returning from a maternity leave shall notify the Board in writing of her intention to return to work at least thirty (30) days prior to the expected return date and shall provide a statement from the attending physician, certifying to the teacher's fitness to return to active employment and to assume the regular, normal duties and functions of the job.

This decision is made by the teacher at the time of the initial, written request.
 - a) A leave of absence for childcare that begins when a pregnancy disability leave ends (see 14.2.B. above). This childcare leave is requested at the time of or during a pregnancy disability.
 - b) A leave of absence for childcare that is requested due to the stated need of a teacher. The granting of such leave shall be at the discretion of the Superintendent.
 2. **Short Term Child Care Leave** is defined as a leave of absence that is without pay or increment and that lasts for up to four (4) weeks following a pregnancy disability leave (see 14.2.B. above). In addition, this leave may not end within the last two- (2) weeks of a semester or school year.
 3. Teachers returning from maternity, pregnancy disability, or child care leave, who were replaced by substitutes during the full term of the leave, may be able to return to the same classroom position at the beginning of the next school year.
 4. A new parent who is not the birth parent of the child may use up to 10 days of paid sick leave for the purposes of parenting a newborn child.
- F. Study or Travel Leave** may be granted for a maximum of one (1) year upon the recommendation of the Superintendent.

 3. Dismissal procedures are pending against the teacher. First evidence of such procedures shall be the administration's recommendation to the Superintendent for non-renewal of contract.

 5. The teacher will be employed in another school district, public or private, during the leave.
- M.** Any teacher who qualifies for Long Term Disability (LTD) under the Long Term Disability provisions of this Agreement shall be considered to be on a leave of absence. During said leave the employee on LTD may accrue seniority to a maximum of three (3) years. It is further understood that in order to qualify for other benefits provided in this Agreement, the returning teacher who satisfies the requirements to return to active service outlined in Section 2.A of Article 14 above must be reemployed on an active full-time basis for a minimum of two years.

- N. Military Leave** Any employee covered by the terms of this Agreement who terminated employment in the school district to perform active service in the Armed Forces of the United States is entitled to re-employment rights in the position vacated, or one of like status and pay scale provided:

- In the event of reemployment, the following provisions shall apply:
- f. Accrual of seniority shall be granted.
 - g. Increments shall be added as if the employee had been in the school district employ during the time of such active service in the forces; but
 - h. In the case of a certified employee, his status under the Michigan Teachers' Tenure Act Plan shall be the same as when employment was terminated at the time military leave was granted. Furthermore, all provisions of this policy shall be in accordance with state and federal laws governing military leaves of absence.

14.3 Health & Life Insurance During Leave of Absence

Teachers shall be granted the opportunity to continue their hospitalization-medical insurance and other current insurances to the extent the insurance companies will allow, while on authorized leaves of absence, for a period of twelve (12) months provided they make arrangements to pay the required premiums to the school district in advance of the due dates for group premium payment. If the employee is removed from the insurance group for failure to remit payments as required and agreed to, the Board shall not be held responsible nor liable for expenses incurred by such employee because of the termination of the employee's insurance coverage. If the employee allows the insurance to lapse, the employee may not re-enroll until such time as reinstated from the authorized leave of absence.

ARTICLE 15—MASTER SICK BANK PLAN

15.1 Master Sick Bank Plan

The procedure for the establishment and administration of the Master Sick Bank shall be in accordance with the following provisions and shall be for the use and benefit of all eligible teachers who apply and whose applications are subsequently approved for sick day benefits.

15.2 Funding of Sick Bank

The Master Sick Bank shall be funded in accordance with the following provisions:

- A. Teachers newly employed by the school district shall have two (2) days of their advanced days of current allowance transferred to the Master Sick Bank at the beginning of the school year. Teachers employed subsequent to February 1 of the school year shall have only one (1) day of their current allowance transferred to the Master Sick Bank. The additional day of the two- (2) day requirement will be transferred from their current allowance at the beginning of the new school year in September.
- B. The above two (2) sick days transferred to the Master Sick Bank from the current allowance of a teacher, or any other sick days so transferred, shall not be deducted from the days remaining in the Master Sick Bank at the time a teacher terminates his employment with the school district.
- C. If the number of days in the Master Sick Bank falls below fifty- (50) days, of funding prior to the end of any school year, the Association will notify the Board to make a transfer of one (1) day from each teacher's accumulated sick bank to the Master Sick Bank.
- D. In the event the above one (1) sick day transferred from the current allowances of the teachers is insufficient to maintain the 30 percent of maximum funding, the Board of Education shall deposit the number of days required to maintain the level.
- E. Subsequent to deducting days pursuant to Article 26 (Retirement Sick Day Bonus), the Board of Education agrees to deposit into the Master Sick Bank 100% of any remaining days in the current allowance of teachers who retire per MPSERS.

15.3 Eligibility - Master Sick Bank

Any teacher shall be eligible to make application to the Sick Bank Committee for sick days of benefit after he has been incapacitated for fifteen (15) consecutive working days and has used all of his own current allowance. If a teacher is incapacitated for at least fifteen (15) working days in any one (1) year and there is a further incapacitation which appears to be a recurrence of the same illness or accident and the same doctor who handled the case originally verifies by written statement that such incapacitation is a recurrence, then the fifteen (15) day eligibility requirement could be waived in this instance at the discretion of the Sick Bank Committee.

15.4 Application

Each application for sick days of benefit from the Master Sick Bank must be submitted on the Sick Bank application form to the Sick Bank Committee, and such application will be approved or rejected on the basis of the individual teacher's circumstances. All applications must be accompanied by supporting doctor's statements.

15.5 Sick Bank Committee

The Sick Bank Committee shall be composed of five (5) teachers to be selected in any manner determined by the Association who shall hold membership on the committee for such terms as the association may determine. Any application approval by the committee shall be by a majority vote of the entire committee.

15.6 Administration

The Master Sick Bank shall be administered by the Sick Bank Committee in accordance with the following provisions:

- A. No teacher shall be allowed more than ninety- (90) days, in a lifetime, from the Sick Bank.
- B. The form authorizing an award of sick days from the Master Sick Bank to a teacher, which is sent to the Board for payment, must be accompanied by supporting doctor statements used by the committee in making their decision (for Board review) and signed by three (3) members of the Sick Bank Committee and one of the following:
 - a. President of Ferndale Education Association
 - b. Uniserv Director of Ferndale Education Association
- C. The administration records of the Master Sick Bank shall be audited at the end of each school year by a committee composed of three (3) members, with one member each to be appointed by the Board, by the Association and by the Sick Bank Committee.
- D. A teacher returning from a sick leave, having used their entire sick bank, shall be allowed to borrow up to a maximum of three (3) sick days and pay these days back the next school year. Further, the Association (FEA) will reimburse the Board the three- (3) days pay in case the teacher does not return the following year and does not reimburse the Board the three days pay.

15.7 Board Retention of Sick Days

All sick leave days accumulated by any teacher in his current allowance or those days transferred to the Master Sick Bank from his/her current allowance shall be subject only to the contingent liability of actual sick claim use by the teacher or the Master Sick Bank. All sick leave days which are not used by the teacher or the Master Sick Bank during the period of his employment shall not be subject to any other type or kind of claim in any form whatsoever by the teacher or the Association when his employment has terminated.

15.8 Board Indemnification

The Association will indemnify and hold harmless the Board and assume and discharge the full and complete liability of the Board arising out of or in connection with the administration of the Master Sick Bank, by their duly designated Sick Bank Committee as well as any and all claims for payment of compensation involving litigation or proceedings brought against the Board, by any teacher or group of teachers who had sick days transferred from their current allowance, or were the recipient of or were denied an award of sick days from the Master Sick Bank.

15.9 No Increase in Board Liability

Nothing herein contained shall alter or extend, or in any manner increase, the liability of the Board to any teacher in respect to sick day compensation presently existing in any plan or agreement to which the Board is a party.

15.10 Termination of Master Sick Bank

The Master Sick Bank shall terminate and become null and void on the same date the Agreement between the Board and the Association terminates.

ARTICLE 16—HEALTH EXAMINATIONS

16.1 Required Physical

For the protection of children it is the policy of this Board of Education to require health examinations of employees as provided below:

- A. A pre-employment health examination, as determined by the Board, shall be given all persons offered employment by an agent or agency designated by the Board. The candidate must be approved for employment by the medical agent or agency of the Board before the teacher's hire is legally binding on the Board.
- B. Require every employee to have a tuberculin skin test and/or a chest x-ray as required by the Oakland County Health Department and filed with the school district prior to the start of school, if applicable.
 - 1. Negative tuberculin test reports will be accepted in lieu of x-ray reports.

2. If the initial tuberculin test results in a positive reaction, it should not be repeated and a chest x-ray must be obtained.
3. Any female employee in the first three (3) or four (4) months of pregnancy is advised to have her doctor's approval before having a chest x-ray.
4. Other exceptions may be considered upon the written recommendation of the employee's private physician.

16.2 Physical Cost

All costs of the above examinations shall be paid by the Board through the Board of Education agent; if a teacher elects to follow the procedure under (B) above, through the teacher's private physician, the teacher will be responsible for paying the costs.

16.3 Return to Work/Extended Absence

All employees absent for two (2) weeks or more because of sickness or injury, or when showing definite signs of impaired physical or emotional health, shall at the request of the Board, obtain a physician's certificate to establish evidence of fitness to return to work or continue working. A physician of the teacher's choosing and at Board expense shall perform said exam. If, however, there is a disagreement with the physician's statement, the Board may request that the teacher obtain a second physician's certificate from a medical facility of the Board's choice and expense.

16.4 Personal Medical File

All reports from the above shall be filed in the Board of Education Office, and shall become a part of the employee's confidential personnel record.

ARTICLE 17—TENURE

17.1 Public Act No. 4

All provisions of this article are to be in compliance with the MICHIGAN TEACHERS' TENURE ACT, so-called, i.e., Act Number 4 of the Public Acts of the Extra Session of 1937, as amended, through the life of this Agreement, said Act having been adopted in this school district by referendum vote on June 8, 1943.

17.2 Probationary Contract

A teacher may receive probationary contracts and the scheduled increments for the teacher's first four (4) years of employment. The teacher shall be rated on the official rating form each semester by Administration.

17.3 Continuing Tenure

Any teacher deemed satisfactory as indicated by the reports presented to the Board of Education* shall, after four (4) years of cumulative service in this school district, be placed on continuing tenure (See Article II of the MICHIGAN TEACHERS' TENURE ACT).

17.4 Mentorship

1. A Mentor Teacher shall be defined as a Master Teacher as identified in Section 1526 of the School Code and shall perform the duties of a Master Teacher as specified in the code. The Internal Mentor Teacher shall be a member of the bargaining unit. The External Mentor shall be a retired member of the bargaining unit.
2. Each bargaining unit member during his/her probationary period in the classroom shall be assigned an Internal Mentor Teacher by mutual agreement of the Association and the Administration. An External Mentor may also be assigned to the mentee. The Mentor Teacher shall be available to provide professional support, instruction and guidance. The purpose of the mentor assignment is to provide a peer who can offer assistance, resources and information in a non-threatening collegial fashion.
3. A Mentor Teacher shall be assigned in accordance with the following:
 - A. The Internal Mentor Teacher shall be a tenured member of the bargaining unit with a Master's Degree, if possible, and satisfactory evaluations. The External Mentor Teacher shall be a retired, former member of the bargaining unit.
 - B. Participation as a Mentor Teacher shall be voluntary.
 - C. The Ferndale School District shall notify the Association of those members requiring a mentor assignment or of any affected member whose classroom assignment has changed.
 - D. The assignment of the Internal Mentor Teacher shall be finalized within twenty-five (25) workdays of hire or change of assignment.
 - E. Every effort will be made to match Internal Mentor Teachers and mentees who work in the same building and have the same area of certification.
 - F. Mentee shall be assigned only one (1) Internal Mentor Teacher (exceptions may occur based on assignment) and one (1) External Mentor at a time. The Internal Mentor shall be assigned only one (1) mentee at a time.

- G. The Mentor Teacher assignment shall be for one (1) year subject to review by the Mentor Teacher(s) and mentee at any time. The appointment may be renewed in succeeding years.
 - H. Mentors shall be paid 1% of BA minimum for each mentee. A mentor may have up to two (2) mentees if mutually agreed upon.
4. Because the purpose of the mentor/mentee match is to acclimate teachers and to provide necessary assistance toward the end of quality instruction, the Board and the Association agree the relationship shall be **confidential** and shall not, in any fashion, be a matter included in the evaluation of the Mentor Teacher or mentee.
 5. Every effort will be made to assign common preparation time for the Internal Mentor Teacher and mentee.
 6. The Board shall provide a minimum of fifteen (15) days of professional development instruction for the mentees during their probationary period. Professional development shall be scheduled both within the parameters of the regular workday and work year, as well as outside the regular school day. Should a conflict arise over attendance, representatives of administration and the association will meet to resolve the problem.
 7. Internal Mentors shall be provided with one-day release time for jointly developed training by the Association and Administration within the first month of their assignment as Mentors.

17.5 Probationary Teacher Evaluation

At least sixty (60) days before the close of each school year, the Board shall provide the probationary teacher with a definite written statement as to whether or not the teacher's work has been satisfactory: provided that failure to submit a written statement shall be conclusive evidence that the teacher's work is satisfactory, and: provided, further, that any probationary teacher or teacher not on continuous tenure shall be employed for the ensuing year unless notified at least sixty (60) days before the close of the school year that the teacher's services will be discontinued. If termination of any teacher(s) is necessitated by reason of school finances or reduced enrollment, the teacher(s) shall be notified at least sixty- (60) days before the close of the school year.

17.6 Tenured Teacher Dismissal

A teacher on a continuing tenure contract whose work is not satisfactory shall be dismissed in accordance with the provisions of Article IV of the MICHIGAN TEACHERS' TENURE ACT.

17.7 Contract Enforceability

After the execution of a contract between a certificated employee and the Board of Education, neither the Board of Education nor the employee can fail to observe its terms without mutual consent. If the employee breaks the contract without the consent of the Board of Education, the Board of Education may recommend suspension of the teacher's certificate by the State Board of Education as authorized by Section 861 of the School Code of 1955. (See Opinion 4397, Attorney General, State of Michigan).

*In the MICHIGAN TEACHERS' TENURE ACT, the Board of Education is referred to as "the controlling Board".

ARTICLE 18—EVALUATION

18.1 Evaluation Instrument Committee

The Board and the F.E.A. will continue the committee comprised of three administrators selected by the Board and three teachers, selected by the F.E.A. for the purpose of designing evaluation instruments and complying with State mandates regarding bargaining unit member evaluation. Said instrument shall first go to the Superintendent then to the Association for approval, and then to the Board of Education for final approval.

Any future changes in the instrument will come out of said committee, be sent to the Superintendent then to the Association for approval and then to the Board of Education for final approval.

18.2 Evaluation Timeline

- A. The work of all teachers shall be evaluated in writing by the Board by December 1 and April 15 of the probationary years and by April 15 each third year thereafter.
- B. More frequent evaluations may be required by the Board, if considered necessary.
- C. The evaluation shall be completed at a conference with the teacher and shall be based in part upon objective evidence of the administrator(s) observations of classroom and other activities.
- D. The evaluation conference shall result in a summary statement signed by both the teacher and administrator. This statement shall be completed in triplicate, with one copy for the teacher, one for the administrator, and one for the Superintendent.
- E. The teacher shall sign the summary statement and may prepare their own statement for forwarding to the administrator(s) and Superintendent. The signature of said teacher only indicates that the teacher has received a copy of the summary statement.
- F. Copies of the evaluation forms can be found on line or from your building administrator.

18.3 Observation

Monitoring or observation of the work performance of a teacher shall be conducted openly and with full knowledge of the teacher. Closed circuit television, public address or audio systems, and similar surveillance devices shall be used only with the full knowledge and consent of the teacher and shall not be used in the evaluation of a teacher.

ARTICLE 19—PROTECTION OF TEACHERS

19.1 Administrative Support

It is agreed that the teacher's authority and effectiveness requires administrative backing and support. The administration recognizes its responsibility and will give all reasonable support and assistance to the teacher with respect to the teacher's work obligations.

19.2 Personal Property Damage Claims

The Board will reimburse teachers for damage or destruction of clothing or personal property of the teacher while on duty in the school up to an amount of \$500.00, if it is determined to be the result of the action of students, parents, or outsiders, or physical conditions in the building. This provision does not include theft of personal property unless the teacher was requested by an administrator to bring said personal property to the school building. Neither does it include damage or destruction, which results from teacher negligence. It is understood that the employee will first seek reimbursement through his/her personal insurance policy. The Board's liability will be the amount of the policy deductible up to a maximum of \$500.00. Total annual liability for the Board under this Agreement shall not exceed \$7,000.00.

A joint committee, comprised of two administrators selected by the Board and two (2) teachers selected by the F.E.A., shall rule on the validity of all claims. In the event the committee cannot reach a majority decision, the Superintendent shall review the claim and submit his/her vote, which shall be counted in reaching a simple majority decision. The decision reached by this process shall be binding on both parties and cannot be grieved under the provisions of this Agreement.

19.3 Teacher Liability Protection

Teachers shall exercise reasonable care with respect to the safety of pupils and property and shall not be individually liable for any damage or loss to person or property except in case of negligence and/or neglect of duty.

19.4 Physical Assault

Any case of physical assault upon a teacher shall be promptly reported to the Board or its designated representative. The Board will provide legal counsel to the teacher if it is determined that the teacher was acting in accordance with and within the scope of teacher's duties and authority and Board policy. The Board will render all reasonable assistance to the teacher in connection with handling of the incident by law enforcement and judicial authorities. Time lost by a teacher in connection with legal matters or injury resulting from any incident mentioned in this section shall not be charged against the teacher.

ARTICLE 20—PROFESSIONAL RELATIONS COMMITTEE

20.1 Professional Relation Members

The Board and the F.E.A. will establish a Professional Relations Committee not to exceed eight (8) members (four [4] from the Association and four [4] from the administration). The Committee will meet within ten (10) days of a request by either of the parties or by mutual agreement of the co-chairpersons. The purpose of this committee is to discuss and study matters of mutual interest concerning the Ferndale Public Schools, which fall within the provisions of this contract and the personnel policies.

20.2 Purpose of Professional Relations Committee

The purpose of these meetings shall be to provide a means whereby:

- A. The items of concern to the F.E.A. may be brought to the attention of the Board representatives for consideration
- B. Items of concern to the Board representatives may be brought to the attention of the F.E.A. for consideration
- C. Information may be exchanged; and
- D. A high level of mutual understanding may be maintained.

20.3 Procedures of Professional Relations Committee (PRC)

The operating procedures and meeting times for discussion of the committee shall be determined by the committee and reflected in the minutes of the initial meeting. The committee shall be co-chaired by a member of the Association and a member of the administration.

20.4 Building PRC Committee

Each building shall establish a building PRC committee to address building issues as outlined in 20.2. The committee shall consist of up to two (2) members appointed by the FEA and up to a like number of members appointed by administration. Issues which cannot be resolved at this level shall be referred to the district PRC committee.

ARTICLE 21—INSERVICE TRAINING/AFTER SCHOOL TUTORING

In the event the Board determines that in-service training is required, the Board will provide for such training and assume all expenses for in-service training for which participation is required including extra-contractual pay at the rate of twelve dollars (\$12.00) per hour, when such pay is required.

Staff members who cannot attend required in-service training due to employment; college classes, university classes or other significant personal commitments will be excused by administration.

Any certified teacher who volunteers to participate in the After School Tutoring/Homework Help Program shall be paid \$12.00 for these services.

ARTICLE 22—GENERAL

22.1 Substitute Teachers

The Board agrees at all times to maintain a list of substitute teachers. Teachers shall be informed of a telephone number and or website they may use as soon as they find that they are unavailable for work and are expected to notify the sub office by 7:00 a.m.

22.2 Technology Support for FEA Owned Computers

In addition, the district will provide up to \$750 in parts and labor support for FEA owned computers per year. Any new computers purchased by the FEA must be purchased according to the district specifications through our Technology Department in order to qualify for the support.

22.3 Agreement Supersedes

This Agreement shall supersede any rules, regulations or practices of the Board, which shall be contrary to the expressed provisions of this Agreement. It shall likewise supersede the terms of any individual teacher contracts, which are contrary to, or conflict, with the expressed provisions of this Agreement.

22.4 Agreement Distribution

Electronic copies of this Agreement shall be made available online to all teachers now employed or hereafter employed by the Board, at Board expense. The Board shall provide the F.E.A. with 50 printed copies. Said copies shall be made available within 30 days upon ratification of both parties unless an alternate time period is mutually agreed upon.

22.5 State and Federal Laws

This Agreement is subject in all respects to the Constitution and laws of the United States and the State of Michigan with respect to the powers, rights, duties and obligations of the Board, the F.E.A. and employees in the bargaining unit, and in the event that any provision of this Agreement shall, at any time, be in conflict with state and/or federal administrative decrees and/or judgments or decrees of a court of competent jurisdiction or law, such provision shall be void and inoperative; however, all other provisions of this Agreement shall continue in full force and effect. However, prior to the effective date of compliance to such decrees or judgments (as noted above) related to working conditions of teachers, the Board shall give the F.E.A. reasonable notice in order to afford the F.E.A. the opportunity to consult with the Board as to the same before its effective date. The parties agree that emergency situations may arise where prior notification and consultation are not possible.

22.6 Certification Requirements

It shall continue to be the policy to employ on the instructional staff persons with a minimum of a bachelor's degree who possess the certification and endorsement required by State and Federal law. It is expected that career teachers will obtain a master's degree. Only those persons holding a master's degree as well as any other certification and endorsements required by State and Federal law will be employed on the counseling staff.

Ferndale Public Schools and the F.E.A. are in agreement that a reasonable attempt should be made to acquire persons with at least a baccalaureate degree and at least a provisional teaching certificate appropriate to the teaching assignment. However, it is not the intent of the parties to deny meaningful education and courses of

study to students when such teaching candidates are not available.

When consideration is being given candidates for filling a position in the Vocational Education Department, the first hired shall be a candidate holding the proper vocational certificate or who is vocationally certifiable in the specialized vocational area and has both a baccalaureate degree and a teaching certificate when such a candidate is available. When such candidates, as noted above, are not available the district shall hire a candidate meeting requirements of the State Department of Vocational Education for the proper vocational certification whether or not a holder of a baccalaureate degree.

Minimum qualifications for a candidate not holding a baccalaureate degree and/or a regular teacher certificate shall be as follows:

- A. Must hold a license, registration or journeyman's card in the craft or field of work in which he or she shall teach, if such is available to persons in such craft or field of work.
- B. Must have a minimum of three years on-the-job experience in the craft or field of work.
- C. Must agree to begin study toward permanent vocational certification and to complete such requirement within three (3) years.

22.7 Leaving Building

Teachers shall be allowed to leave their buildings during their planning period on school business, provided they have notified the proper authority. The F.E.A. president, vice-president, secretary and treasurer may leave the building for F.E.A. business during their preparation periods; however, the F.E.A. agrees this shall not be abused.

22.8 Length of Teaching Day

No permanent time changes shall be made in the length of the teaching day without prior negotiations and agreement with the F.E.A.

22.9 Shop and/or Laboratory Coats

The Board will purchase two (2) shop aprons and/or lab coats for teachers scheduled into shop or laboratory class sections and will provide laundering of these garments.

22.10 Student Discipline Code

Each school shall have accessible in the main office, a copy of the student discipline code.

ARTICLE 23—GRIEVANCE PROCEDURE

23.1 Definitions

- A. A "grievance" is a dispute or claim involving the application or interpretation of this Agreement and/or the personnel policies issued from time to time.
- B. The term "teacher" may include a group of teachers who are similarly affected by a grievance.
- C. The term "days" when used in this section shall, except as otherwise indicated, mean Monday through Friday, inclusive. However, legal holidays and recesses, except the summer recess, shall not be considered as days under this section.

23.2 Purpose

The primary purpose of the procedure set forth in this section is to secure, at the lowest level possible, prompt and equitable solutions to the grievances raised. Both parties agree that these proceedings shall be kept confidential as may be appropriate at any level of such procedure. Nothing contained herein shall be construed as limiting the right of any teacher having a grievance to discuss the matter informally with any appropriate member of the administration.

23.3 Structure

- A. There shall be one FEA representative for every 15 members in a building but in no case less than one. The FEA will provide a list of the building representatives to the Assistant Superintendent by October 1st of each school year.
- B. The Board hereby designates as its representative the principal in each building.
- C. The Board of Education hereby designates as its representative the Superintendent, or his designee, when the particular grievance arises in more than one school building.

23.4 Procedure

In the event a grievance is filed on or before the first of June, which if left unresolved until the beginning of the following school term could result in irreparable harm to the teacher or group of teachers concerned, the time limits set forth herein shall be appropriately reduced.

- A. **Level One:**
The teacher with a grievance shall first discuss the matter with the immediate supervisor, either individually or with an F.E.A. representative, with the objective of resolving the matter informally. The immediate supervisor shall make the decision known to the teacher within five (5) days. Any

grievance not filed within ten (10) days of its occurrence shall be automatically closed.

B. Level Two:

In the event the grievance is not satisfactorily resolved at Level One, the grievance shall be reduced to writing, signed by the grievant and submitted within ten (10) days to the Deputy Superintendent of Administrative Services. A grievance similarly affecting a group of teachers and/or more than one school building and signed by a representative for the F.E.A. and/or a grievance which arises out of Board of Education action and signed by the grievant, or an F.E.A. representative may be directly instituted at this level. The Deputy Superintendent of Administrative Services and an F.E.A. representative shall, within ten (10) days following receipt of the grievance, arrange for and hold a grievance hearing. The Deputy Superintendent of Administrative Services shall give a written disposition within five (5) days of the conclusion of the hearing to an FEA representative.

C. Level Three:

After a decision has been communicated to the Association by the Deputy Superintendent of Administrative Services pursuant to Level Two above, either the Board or the Association, prior to the Level Four arbitration hearing, may seek outside mediation assistance. Either party may invoke the mediation of a grievance(s) through the auspices of the Michigan Employment Relations Commission's mediation services or a mutually acceptable alternative. Mediation shall be requested when resolution of the problem(s) is desired, short of arbitration, and one or both of the parties believes an outside, impartial observer may assist in the resolution process.

It is agreed that the mediation process, as referenced above, shall not be used to hinder, slow down, or limit the timeliness of the arbitration process unless mutually agreed to by the parties.

Should the Association wish to file for arbitration prior to or during mediation, the parties agree it may do so. The Level Four-arbitration process may be held in abeyance by joint agreement until the mediation process is concluded.

D. Level Four:

- 1) If the grievance is not satisfactorily resolved above, only the F.E.A. may request, within fifteen (15) days, that the matter be submitted to impartial arbitration. If the grievance is to be submitted to impartial arbitration, a request shall be sent to the American Arbitration Association requesting their services. The selection of an arbitrator and the conducting of the hearing will be in accordance with their procedures. The decision of the impartial arbitrator shall be final and binding on all parties. The impartial arbitrator shall have no power to add to, subtract from, disregard, alter, change or modify any of the terms of this Agreement. The expenses and fee, if any, of the impartial arbitrator shall be shared equally by both parties.
- 2) A tenured teacher who has had dismissal charges filed against him/her, or has been suspended in excess of three (3) days, shall not have multiple methods of contesting the Board's decision to proceed upon the charges as filed with the Board or as modified by the Board. The affected teacher is restricted to a choice of filing a claim to appeal with the Tenure Commission or filing for a hearing before an arbitrator, but not both. The arbitrator will have no authority to decide any matter regarding the suspension or discharge of a teacher where a claim to appeal has been filed by the teacher pursuant to the Michigan Teachers' Tenure Act. If the teacher files for a hearing before an arbitrator, the procedure shall be as outlined herein.

In the case of a dismissal, if the teacher elects to appeal to arbitration, the teacher's salary and fringe benefits shall continue until the award of the arbitrator has been received by the parties. However, if at any time the teacher is convicted of a felony, the Board may discontinue the teacher's salary and benefits as of the date of the conviction.

The arbitrator's decision shall be limited to deciding if the teacher's employment is terminated or if the employee shall be retained as a teacher.

3) One, two or three-day suspensions without pay of tenure teacher(s):

- If the grievance is not satisfactorily resolved in Levels One, Two, or Three above, only the F.E.A. may request, within fifteen (15) work days, a hearing before a three (3) member panel for binding arbitration. The Association and Board shall each choose one member of the panel and the third member shall be selected from a list of four names. Two of the names shall be Detroit area mediators selected by M.E.R.C. and two names shall be arbitrators who have dealt with school matters in prior arbitration hearings.
- The decision of the panel shall be final and binding upon the parties. Neither party shall have the right to appeal to any court.

- 4) Rules and Timelines Concerning the Panel:
 - Hearing to be conducted within twenty-three (23) work days of the selection of the panel
 - Post hearing briefs shall not be submitted by the parties
 - A verbal ruling shall be submitted to both parties within three (3) workdays of the hearing and a written decision shall follow within seven (7) workdays of the hearing. Said decision shall contain rationale for the decision.

23.5 Rights to Representation

A teacher may be represented at all meetings and hearings at all levels of the grievance procedure, excluding arbitration, personally, by another teacher or by another person; provided, however, that any teacher may in no event be represented by an officer, agent, or other representative of any organization other than the F.E.A. Provided, further, when a teacher is not represented by the F.E.A., the F.E.A. shall have the right to be present and to state it's view at all stages of the grievance processing. All essential witnesses may be required to attend grievance meetings.

23.6 Release Time

An aggrieved teacher and/or a teacher duly authorized by the F.E.A. and representing the F.E.A. at a meeting or hearing involving grievance matters, including such arbitration as is required under this Agreement, held during a school work-day shall be released from the teacher's regular duties without loss of salary or leave days, provided that not more than four such teachers shall be so authorized for each hearing or meeting unless specific approval is obtained from the Superintendent.

23.7 Time Limits

The time limits set forth above shall be strictly observed. Any grievance not processed to the next level within the time limits shall be considered automatically closed. If the Board fails to render the disposition within the time limits, the F.E.A. may automatically process it to the next step in the procedure.

The foregoing time limits may be extended by written agreement between the F.E.A. and the Deputy Superintendent of Administrative Services.

23.8 Miscellaneous

- A. The Deputy Superintendent of Administrative Services and the F.E.A. may request that a grievance or potential grievance be discussed at a Professional Relations Committee meeting(s) in an attempt to resolve the matter. It is expressly understood that if a grievance, or potential grievance, is discussed by the Professional Relations Committee the time limits for filing, responding and appealing shall not run while the issue is before the Professional Relations Committee.
- B. All meetings involving grievances will be held during either unassigned time during the school day or after school hours. Meetings may be held, if necessary, during the school day by mutual agreement.
- C. During the pendency of any proceeding and until a final determination has been reached, all proceedings shall be private and any preliminary disposition will not be made public without the agreement of all parties.

All openings for extra contractual/extra curricular positions will be posted in the school building in which the position will be assigned and on the school district's website.

24.2 Application for Extra Contractual/Extra Curricular Postings

Teachers interested in submitting applications for positions in 24.1 must submit applications to the Employment Coordinator in the Administrative Services Office.

24.3 Application for Adult/Alternative Education

Teachers interested in submitting applications for these positions must submit them to the Employment Coordinator in the Administrative Services Office.

ARTICLE 25—PREPARATION TIME

25.1 Collaboration and Administrative Responsibility

The Board and the Association agree that the most efficient use of the school day to improve the total education program for all children will best be served when the parties work together to achieve this goal. It is the principal's responsibility to insure that all teachers, special subject and regular classroom teachers, are knowledgeable about each other's program.

25.2 Teacher to Teacher Collaboration

The regular classroom and special subject teachers are mutually responsible for the special curriculum areas of art, music, physical education and library as each affects the children in the schools. This implies that both groups of teachers assume the responsibility for being knowledgeable about each other's program. This should insure that there is the appropriate correlation between the regular classroom and special subject teacher's program and that the regular classroom teacher will be competent to satisfactorily teach art, music, physical education and library to his/her class.

25.3 Preparation Time Use

In order to implement the above concept, each regular classroom teacher will be personally responsible for using weekly preparation time when children are being taught by a special subject teacher, except for a reasonable amount of time, for educational activity. The principal and teacher will plan together the use of this activity time for educational programs that will directly benefit teacher effectiveness and all the children in the school. Some of these educational activities might include but is not limited to:

- Implementation of new classroom programs
- Visiting other classrooms in the building
- Visiting other classrooms in the district
- Working as a team to solve individual student's problems
- Master teacher demonstrations for beginning teachers
- Working with individual children in crisis situations
- New teacher observing master teachers
- As indicated in Letter of Agreement (Article A.11.1)

25.4 Regular Classroom Teachers (Grades K – 6)

It is the objective that teachers working with their principal will see many more uses of this time to do a more effective job of teaching children in our schools. Each regular classroom teacher, first through sixth grade, is assured that he/she will have a minimum of one hundred fifty (150) minutes weekly preparation time in blocks of not less than twenty (20) minutes per day. On three (3) of the five- (5) days, planning time shall be provided in blocks of not less than thirty- (30) minutes.

Kindergarten teachers shall be provided with one hundred fifty (150) minutes of planning time in blocks of not less than twenty (20) minutes.

Elementary teachers, who are instructed by the principal to take their students to the media center in order to achieve their planning time, may leave the students under the care of an employee designated by the principal and shall not be responsible for remaining with the students in the media center during this planning period.

Exceptions would be:

1. Snow days
2. Activities listed in Schedule B
3. School activities which necessitate the regular teacher's attendance because of program continuity or whose attendance may be required by the unique circumstances of a particular event
4. End of year activities for circuit teachers
5. Unavailability of substitutes

Should a regular classroom teacher miss three (3) preparation periods through the unavailability of substitutes for circuit staff, the district will hire a substitute teacher to make up all the lost planning periods as outlined above.

25.5 Circuit Teachers' Prep Time

Art, music, physical education, foreign language, library, etc. shall have One hundred fifty (150) minutes of planning time per week with a minimum of one (1) twenty (20) minute block of planning time each day.

25.6 Circuit Teachers' Travel Time

Circuit teachers shall be guaranteed a minimum of fifteen (15) minutes of actual travel time for each move between building assignments not to be counted as lunch or planning time.

ARTICLE 26—RETIREMENT SICK DAY BONUS

Upon retirement* from the Ferndale School District, bargaining unit members shall receive thirty (\$30) dollars per day for accumulated sick leave up to a maximum of one hundred fifty (150) days. Effective July 1, 2006 this number will increase to 200 days. The maximum payout under this provision is \$6,000.00. (200 days @\$30 each = \$6,000.00).

*Retirement - *Qualifies for the Michigan Public School Employees Retirement Fund*

ARTICLE 27—SHARED AND PART-TIME TEACHING

The Board of Education and Ferndale Education Association agree that in order to return teachers from layoff, the following understandings have been reached concerning shared teaching assignments:

- A. Shared teaching duties occur when two (2) teachers, one (1) of whom is a laid-off teacher, agree to teach on a reduced time schedule basis, thus effectively recalling the laid-off teacher. Teacher recall shall follow the terms of the Master Agreement. Two (2) full-time teachers who agree to share a position that has the effect of recalling a third teacher shall also qualify under this understanding. Lastly, any one- (1) teacher who agrees to part-time teaching shall qualify under this plan.
- B. Salary will be prorated. By way of illustration:
- | | | |
|---------------------|-----------|-----------|
| High School | = 3/5 day | = 3/5 pay |
| Middle School | = 1/2 day | = 1/2 pay |
| Intermediate School | = 1/2 day | = 1/2 pay |
| Elementary | = 1/2 day | = 1/2 pay |
- C. For those bargaining unit members employed pursuant to this Article 27, the cost of the fringe benefit package selected by the teacher shall be borne by the Board of Education and the teacher on a shared basis. The share each is responsible for equates to the Board paying an amount equal to the percentage of time the employee works with the employee being responsible for the remainder of the costs. (See A.6.3 Premium Contribution Plan—Page 46) Notification of the procedure for payment will be given to each teacher when approved for part-time or shared-time teaching.

The total cost of providing benefits shall be annualized and divided by ten (10), which equates to the normal ten- (10) month contract year. The employee's percentage share of the monthly cost will be deducted from the second payroll check each month pursuant to this contractual agreement and the payroll authorization card that must be completed by each employee when enrolling for benefits.

Benefit Schedule for Employees Electing to Work Pursuant to the Terms and Conditions of Article 27

1. All part-time/shared-time bargaining unit members may elect to waive: Health Coverage; Vision Coverage; Dental Coverage when enrolling in the benefits established by this collective bargaining agreement. To waive coverages, the employee must:
 - a) Complete a waiver form that disclaims a need for coverage, and
 - b) Show proof that they are covered under another policy for health, dental, and/or vision coverage.
 2. Upon completion of the above waivers, if applicable, the employee covered under this Article 27 shall select from the following benefit choices:

* See Article A.9.
- D. Responsibilities of a teacher on a shared time assignment will be outlined in Article 3, Section 7, of the Master Agreement. Section 7.F. shall be modified as follows: The shared time teacher shall gain knowledge of and shall carry out the tasks discussed and initiated at staff meetings and department meetings.
- E. Sick days and personal business days shall be granted as described in Article 13 and shall cover the actual workday assignment.
- F. All personnel involved will be assigned to a block of teaching time unless agreement is reached between the teacher and building administrator.

Written request to initially participate in the shared time program must be sent to the Deputy Superintendent of Administrative Services on or before March 1st in order to be eligible for the next school year. Once accepted into the shared time program, the teacher will continue in the program from year to year unless the teacher notifies the Board on or before March 1st of the school year immediately preceding the school year in which the teacher desires to return to full time teaching

duties and status.

- G. In cases where a substitute is needed for a part of the workday, the shared time teacher would be the first offered the opportunity to take over the substituting duties if they wish. The payment for those hours would be the same, as a substitute would receive for those hours. Teachers shall notify the substitute office if they are interested in substituting.

If an opening occurs, the person electing shared time has the right of increasing the number of hours worked within the meaning and scope of the Master Agreement. Article 12 dealing with the layoff and recall of teachers will be followed to fill any remaining staffing needs in the involved department.

- H. Employees who participate in the shared time program shall retain all rights, benefits, and responsibilities of the Master Agreement unless modified herein. Employees who work in a shared time/part time position for an entire school year will receive one year seniority.

Shared time teachers will follow the same guidelines concerning parent-teacher conferences as those cited in the Master Agreement: Teacher Rights and Responsibilities, Article 3, Section 7.d.; Schedule B, Article 1, Section 4.A. and B.

Those teachers on shared time will also show responsibility for their portion of curriculum half days time. Those who, for reasons outside their control, cannot be in attendance will consult the Administration to be excused.

- I. Final approval of requests to enroll in the shared teaching program shall be at the discretion of the administration. The decision of the administration shall not be deemed a judgment of the teacher's ability or performance and shall not be grievable.

ARTICLE 28—SITE-BASED DECISION-MAKING

28.1 Employee Responsibility for Decision Making

The Board and the Association recognize the value of site-based decision-making arrangements. Both parties believe that increased employee responsibility for decision-making can foster the collegial exchange of ideas necessary for effective professional practice and improved education process. In order to encourage the development and implementation of site-based decision-making arrangements in the school district, the parties agree to the following:

- A. A district site-based decision-making committee will be established each school year and will consist of eight (8) members, four (4) of whom will be appointed by the Superintendent and four (4) of whom will be appointed by the Association. Co-chairpersons shall be the Superintendent and FEA President or designees.
- B. The committee shall have four functions:
1. Conduct an orientation program, as requested by interested schools in order to explain the theory and practice of site-based decision-making.
 2. Provide assistance to the school site-based decision-making committees (school improvement action teams).
 3. Review school improvement action team proposals prior to implementation. The review and report to the building shall have two major purposes:
 - a) To consider the effects of the proposed plan on district personnel and other schools;
 - b) To identify proposed actions, which might be in conflict with the collective bargaining agreement, district policy and/or other collective bargaining agreements.
 4. Review proposals for interactive television instruction, which may modify the collective bargaining agreement.
- C. By four (4) votes, the SDC may annually select building plans for ongoing review to determine appropriateness related to 3.a) and 3.b).

28.2 Superintendent and Association President Approval

The Board and the Association agree that the collective bargaining agreement will remain in effect for employees who participate in site-based decision-making activities. However, the two parties recognize that the process may produce innovative proposals, which could call for new contract interpretation and application, (as referred to in the SDC function 3.b above.) Therefore, the SDC agrees to review any proposal that modifies the collective bargaining agreement, and to seek resolutions to assist the building plan. Final approval of proposals that modify the collective bargaining agreement shall require the approval of the Superintendent and Association President.

28.3 Meeting Schedule

The Site-Based Decision-Making Committee (SBDMC) will establish its own meeting schedule. Such meetings may take place during the regular workday, in which event; employees who are members of the SBDMC will be released from their regular duties without loss of pay.

ARTICLE 29—BUILDING SCHOOL IMPROVEMENT/SITE-BASED DECISION-MAKING COMMITTEES

29.1 P.A. 25

Provisions contained in this section shall apply to all School Improvement Teams (SIT) and/or Site-Based Decision-Making Committees (SBDMC) as provided in Public Act 197 of 1989, Section 15.1919 (919b) MSA, otherwise known as P.A. 25.

29.2 Committee

Each SIT committee will include teachers, selected in a procedure determined by the FEA teachers of each building. Non-bargaining unit members of a SIT may be selected by the building administrator.

- A. Participation by the employee in full or in part shall be voluntary. If an occasion should arise wherein the bargaining unit member delegates do not fill the available slots and agreement cannot be made by the bargaining unit members on filling the slot(s) by the procedure used by them to select members, the building administrator may invoke Article 3.7.C. to fill said position(s).
- B. Failure to volunteer to serve on a SIT may not be used as a criterion for evaluation or discipline, including the placement of any negative information in any bargaining unit member's file related to failure to volunteer.
- C. The Chairperson of the committee will be selected by the committee.
- D. Minutes and agendas will be required for all meetings with copies posted on the Association bulletin board.
- E. School Improvement Committees shall not address these Master Agreement topics: contract grievance procedures, employee discipline, individual employee performance and evaluation, fringe benefits, and wages, or other compensations.
- F. Each SIT will determine the decision making process that will be used by their committee. The use of consensus is encouraged.

29.3 School Improvement Plan

In the event that any provision(s) of a School Improvement Plan (SIP) or application thereof violates, contradicts or is inconsistent with the Collective Bargaining Agreement, the Collective Bargaining Agreement shall prevail pending submission to the District Site Based Decision Making Committee (DSBDMC). Any deviation from the Master Agreement shall be brought before the DSBDMC for compliance with Article 28 of the Master Agreement. A SIP that deviates from the Master Agreement must have 85% approval of the affected teachers. The SIT will generate the voting list.

29.4 School Improvement Team

The Board will provide available and appropriate designated funding for SIT activities and program development. This established amount will be allocated to the SIT to be used as the SIT determines.

29.5 District Site Based Decision Making Committee

There shall be a District Site Based Decision Making Committee established with an equal number of representatives from the Association, selected by the Association, and an equal number of representatives from the Administration, selected by the Superintendent. See Article 28 for details on this committee.

ARTICLE 30—Calendar and Evaluation Committees

30.1 Calendar Committee

An FEA calendar committee shall annually meet with designated representatives of the Board to discuss calendar for each succeeding school year, said meeting to begin by February 1 of each year. Nothing in this agreement waives the lawful right of the Board to annually and unilaterally establish the first day of school.

30.2 Evaluation Committee

From time to time, as requested by either party, an Evaluation Committee shall be formed consisting of FEA and Board representatives to review and discuss evaluation instruments.

The purpose of these committees is to make recommendations for submission and final approval by the FEA and the Board.

ARTICLE 31—DURATION

This Agreement represents the entire agreement between the Board of Education and the Ferndale Education Association and supersedes all prior Agreements between them and shall become of full force and effect with the beginning of the 2008-2009 school year, and shall continue in full force and effect until 11:59 p.m., June 30, 2009 and shall continue in effect from year to year thereafter unless either party hereto shall give the other party written notice by or before April 1st, by regular mail or direct delivery before the end of the term of this Agreement or before the end of any annual period thereafter, of its desire to terminate the same or to change or amend any of its provisions.

A.6.3 Additional compensation for credits completed above the Master's Degree plus 30 hours leading to an advanced degree

A. Eligibility

A teacher who has attained at least 30 hours of credit beyond his Master's Degree and is interested in obtaining additional hours which will lead to an Educational Specialist, Ed.D. or Ph.D. Degree in the field of education may apply to the Professional Improvement Committee for their approval of the degree plan and receive compensation from the Board for semester hours completed in accordance with the following provisions.

B. Committee Approval of Degree Plan

Before approval can be obtained from the committee the teacher applicant must meet the following requirements:

1. The teacher must discuss with the principal his/her degree objectives and the subject area in which the teacher expects to do research. The teacher will be expected to establish a proposed study and research plan with the principal that will provide some tangible related benefits to his/her teaching area and subsequently to the school district, subject to the approval of the plan by the college/university that it will meet the requirements for an advanced degree.
2. The committee shall formally review the teacher applicant's advanced degree plan with the teacher and the principal and recommend any alterations or changes, which it believes necessary. Following this review the committee may at its option interview the applicant as to effectiveness as a teacher and also evaluate the teacher's attainments within the classroom. The committee shall either grant approval for the teacher applicant to proceed with the degree plan or withhold approval. In the event the committee denies approval of the degree plan, the applicant shall receive a written explanation of the reason(s) for the denial.

C. Pursuit of the Degree Plan by Teacher Applicant

In meeting the requirements of the various courses in the plan as approved by the committee and the college/university, the teacher applicant will be expected to relate and tie in, wherever possible, papers, projects and research which will have meaningful benefit and value to his/her course area, teaching assignment and the school district. This will require continuing consultation with his/her principal and/or members of the committee once the teacher is made aware of the requirements of any course.

D. Review of Progress

The committee shall be responsible for reviewing the progress of the teacher applicant and ask the teacher to report verbally, or in writing, read or make available certain parts of the course requirements to the committee or Board of Education relative to some important unit of work or research completed in his approved plan.

E. Time Limitation

No limitation will be in effect as to the number of semester hours of work that can be taken by the teacher at any time during the school year. The teacher may have five (5) years from the date of acceptance in the program to complete the requirements for the degree. Extensions of this five-year period may be obtained from the committee for extenuating circumstances.

F. Recognition of Current Employees

Any employee currently employed by the school district who has completed more than thirty (30) semester hours of credit beyond the Master's level shall be eligible to apply to the committee for their approval of a college/university approved advanced degree plan above the Master's plus thirty (30) semester hours.

When the committee has approved the teacher's plan he/she will then be eligible to receive reimbursement for the semester hours already completed above the Masters plus thirty- (30) semester hours providing such semester hours can be applied to the semester hours requirement of the plan leading to an advanced degree. A statement of certification from the college/university that such semester hours completed can be applied against the degree requirement will be necessary when submission is made for payment.

G. Semester Hours Prior to Employment

Semester hours of credit above the Masters plus thirty (30) semester hours which have been completed prior to the teacher's employment by the school district will be eligible for payment by the Board as soon as they are accepted by the college/university and the committee as a part of the teacher's semester hours requirement leading to an advanced degree.

H. Compensation

Semester hours received from courses approved by the committee under teachers' advanced degree plans as indicated above shall be compensated at the rate of thirty dollars (\$30) a semester hour when such semester hours from an accredited college/university are completed by the applicant, certified by the institution as completed, and submitted through the Superintendent's office for payment by the Board prior to October 1 of each year. Teachers with approved degree plans may receive compensation for forty- (40) semester hours above the Master's plus thirty- (30) hours, which would be a maximum of seventy- (70) semester hours. An additional four hundred fifty dollars (\$450) in compensation will be added when the teacher receives the Ed.D. or Ph.D. Degree. Compensation will be paid for only one (1) Specialist Degree.

I. Compensation Reduction

In the event the teacher does not complete the advanced degree requirements in the prescribed five

(5) year period as provided in paragraph (E), ten (10) semester hours will be deducted from the teacher's continuing annual salary payment, leaving a maximum of sixty semester hours above the Master's Degree as the continuing part of his/her annual salary.

A.6.4 Professional Improvement Committee

The Professional Improvement Committee shall be composed of two (2) administrators appointed by the Superintendent and two (2) teachers to be selected in any manner determined by the F.E.A. who shall hold membership on the committee for such terms as the Superintendent and the F.E.A., individually, may determine. Any application submitted for approval by the committee shall only be approved by a majority vote of the committee. The committee shall determine if the plan submitted will enhance the teaching ability, performance, and knowledge of the applicant.

The decision of the Professional Improvement Committee, except where specifically stated otherwise, shall be binding on the F.E.A., its members and the Board of Education and is not grievable under the terms of this Agreement beyond Level Three of Article 23.4.(c).

Beginning with the 2011-12 school year, the following will apply:

A.10.1 Teacher Responsibilities and Prep Time

LETTER OF AGREEMENT

**Between the Ferndale Education Association (FEA) and Board of Education
*Teacher Responsibilities and Prep Time***

In consideration for the mutual covenants contained herein, it is hereby agreed by and between the Ferndale Education Association/ Michigan Education Association hereinafter referred to as the FEA and the Board of Education for the Ferndale Public Schools hereafter referred to as the Board, as follows:

1. The parties mutually acknowledge and respect the unique and diverse duties of educators.
2. The parties mutually agree that the job of the classroom teacher necessarily extends beyond the walls of the classroom.
3. The parties further agree that Article 3.7 and Article 25 create a responsibility for duties, attendance and participation in meetings and activities during teacher preparation time and outside the normal school hours.
4. The parties agree that to reinforce this contractual expectation, the following memorandum, under the signatures of the FEA President and the Superintendent of Schools will be sent to all FEA members at the beginning of each school year until such time as the parties mutually agree to cease this practice.

Re: Teacher Responsibilities

Each of us involved in the profession of educating students knows full well that the work of the teacher is unique. Teachers are responsible for preparing lesson plans, conducting classes, assessing performance, and monitoring achievement. Teachers mentor, serve as role models and in numerous other ways make connections with students to increase student performance.

In recognition of this, the FEA and the Board of Education acknowledges that the job of a teacher extends well beyond the classroom. For this reason, the FEA Master Agreement (Articles 3 and 25) provides that each teacher may be required to serve on committees, will be expected to attend open houses, will reasonably participate in public oriented activities, including but not limited to, PTA meetings, plays, concerts, athletic activities and chaperoning dances. Teachers may have to schedule appointments with parents,

students or administrators beyond the normal school hours or during their preparation period, as well as other duties associated with the job of a teacher. This memo is for the purpose of reaffirming these expectations and expressing our appreciation for the commitment of our teaching staff.

The Ferndale Education Association and the Board of Education agree that for the purpose of starting and maintaining a new high school in partnership with Lawrence Technological University, hereby referred to as "University High School (UHS)", the parties agree that to insure continuity of service and curriculum and in order to maintain the specific goals of the program, the following provisions will apply for the purpose of layoff and recall.

1. A.10.4 Revised University High School Letter of Agreement

LETTER OF AGREEMENT

Between the Ferndale Education Association (FEA) and Board of Education University High School

In consideration of the mutual covenants contained herein, it is hereby agreed by and between the Ferndale Education Association/ Michigan Education Association hereinafter referred to as the FEA and the Board of Education for the Ferndale Public Schools hereafter referred to as the Board, as follows:

1. The parties acknowledge that UHS was established with the assistance of grant funders to provide a small school reform model of 9-12 education.
2. The parties further acknowledge that the Grant requirements included the creation of a "Super Seniority" system that would allow for open hiring into the school and protection of those teachers hired from the bumping and transfer rights of teachers outside the school with greater seniority.
3. The parties would now like to modify the original Letter of Agreement creating these rights, dated *2005* and subsequently renewed in the following ways while preserving the original intent and protections for UHS teachers.
4. Therefore, the parties do hereby agree, that to insure continuity of service and curriculum and in order to maintain the specific goals and expectations of the program, no current FEA member not already teaching at UHS shall have any preferential right to be hired, transferred or bumped into a UHS position by virtue of seniority. UHS staff are hired with the understanding that they shall have no seniority based right to transfer to vacancies in other district buildings and programs.
5. Hiring of new teachers shall be by application and the district shall have sole discretion to employ or not employ an applicant. UHS staff shall accrue seniority just as other FEA members in the district.
6. In the event of the need for District wide layoffs, tenure rights will be honored. Consequently, a probationary teacher with greater seniority will be laid-off before a tenure teacher with lesser seniority. Furthermore, UHS teachers will not be subject to lay-off unless there is a specific need to reduce or eliminate the UHS program.
7. In the event that layoffs are necessary at UHS, teachers at UHS will have bumping rights, based on seniority, to other positions in the district for which they are certified and highly qualified.

8. The parties hereby agree that this change is not intended to in any way modify the intent or language of the Master agreement except as herein stated.
9. This Letter of Agreement is intended to be placed in the Master Agreement without expiration, and may only be modified through negotiation of a successor agreement.

Staff assigned to the Eagle Academy Alternative Education Program with previous experience in the regular K-12 program shall maintain and continue to accrue seniority and maintain rights to transfer procedures presently available to members of the FEA.

If, because of unforeseen circumstances, such as reduction in student population, changes in curriculum or deficit financial conditions, it becomes necessary to reduce staff, the following layoff/recall procedures shall prevail:

All non-tenure teachers will be laid off first; except for teachers assigned to the Eagle Academy Alternative Education Program who would not be subject to lay off unless the program is reduced or eliminated.

If that fails, then a request shall be sent to The American Arbitration Association requesting their services. The selection of an arbitrator and the conducting of the hearing will be in accordance with their procedures. The decision of the impartial arbitrator shall be final and binding on all parties. All essential witnesses may be required to attend grievance meetings.

D.10.6 Time Limits

The time limits set forth above shall be strictly observed. Any grievance not processed to the next level within the time limits shall be considered automatically closed. Said return shall normally be at the beginning of the new school year or the beginning of the second semester, depending upon the availability of a position for which the teacher is qualified and certified and the teacher's choice of either return time. This additional time covers many activities such as planning, developing tests, maintaining records, correcting papers, parent conferences, curriculum development, previewing materials, etc. Teachers will be advised of the bell schedules in each of the buildings by letter at the beginning of the school year. The teacher's workday shall start thirty (30) minutes prior to the start of the student workday, and end thirty (30) minutes following the last class of the day.

If unearned sick days have been paid to the employee and the employee is leaving active employment within the district, the overpayment will be deducted from the employee's final check.
