 3. Nothing herein contained shall be construed to deny a parent or guardian the right to prevent his or her own child from reading a book objectionable to the values of said parent or guardian.

ARTICLE XX SENIORITY AND MINIMUM POSITION QUALIFICATIONS

B. Definition of Displaced Teacher. A displaced teacher is a teacher whose teaching position in the district has been eliminated.

C. Layoff and Recall Protocol. Then the number and nature of the positions required to deliver that curriculum will be established. After this Board action, the following layoff and recall procedures shall prevail and be put into effect in the order specified below.

1. All requests for Article XII leaves which will provide an assignment for a displaced teacher shall be granted by the Board of Education.
2. All non-tenure teachers in the department(s) where reductions will take place will be displaced first; however, if no minimally qualified tenure teacher, as defined in Article XX paragraph C, employed by the District is available to fill a position, the District will retain the qualified non-tenure teacher.
3. After non-tenure teachers have been laid-off as defined above in Article XXI (C-2), if additional staff reductions must still be made within a department, the order for tenure teachers to be displaced shall be in the inverse order of their district seniority within the department.
4. Following the identification of all teachers to be displaced, if teaching position vacancies exist in the district, displaced teachers will be assigned to fill said vacancies as outlined below:
 - a. Displaced teachers will be assigned by the district to the vacant teaching positions for which they are highly qualified before those district vacancies are posted and made available to teachers within the district who have teaching assignments.
 - b. The displaced teacher possessing the most district seniority will be the first to be assigned to a position for which she/he is highly qualified. Displaced teachers will continue to be assigned to vacant positions, from the teacher with the most district seniority to the teacher with the least, until all vacant positions are filled.
5. If teaching vacancies remain and one or more displaced non-tenure teachers is without a district position when all assignments of displaced teachers to vacant positions have been made, involuntary position assignments of non-tenure teachers may be made by the District beginning with teachers with the least seniority, in order to maintain employment of the greatest number of bargaining unit members.
6. After the assignment of displaced teachers to vacant positions has occurred as specified in Article XXI (c-4), a displaced tenure teacher who was not able to fill a district vacancy due to certification requirements that she/he could not meet, may request a voluntary transfer to another department.
 - a. If the displaced tenure teacher is fully certified and qualified for a position in another department that is currently assigned to a teacher with less seniority than the displaced teacher and who is the teacher with least seniority in the department, the displaced teacher will be given the position and the provisions of Article XXIII will be followed.
 - b. If the displaced tenure teacher is not fully certified and qualified for a position in another department that is assigned to a teacher with less seniority, the displaced teacher must demonstrate to the superintendent, no later than ten (10) days after notification of layoffs, that the displaced tenure teacher can become fully certified and qualified for the other position prior to the beginning of the next school year.

- c. Such teacher must also provide proof no later than July 1 that she/he is in fact fulfilling the necessary requirements to become certified and qualified for the position being held by the lesser seniority teacher and she/he will successfully complete said certification and qualification prior to the beginning of the coming school year. Certification and qualification shall be as set forth in Article XXII paragraph B of this Agreement.
 - 7. Displaced non-tenure teachers who cannot be assigned to a district vacancy because she/he does not meet the certification and qualification requirements will be laid-off.

When the layoff commences, the benefits will continue for a period of 90 days or until the end of the insurance contract year, whichever comes first.
 - 11. The rehiring of laid-off teachers will be in the inverse order of layoff provided the teacher is certified and qualified for the position to be filled. Teachers to be rehired will be notified by certified mail at their permanent address on file with the Board. It is the responsibility of the teacher to keep this address current.
- D. A bargaining unit member who is paid unemployment compensation benefits chargeable to the Employer and who is subsequently recalled shall have his/her compensation for that school year adjusted so that his/her unemployment compensation benefits received plus adjusted compensation will be equal to the total compensation he/she would have earned for work performed in that school year had he/she not received unemployment compensation benefits prior to returning to employment.

**ARTICLE XXII
VACANCIES AND PROMOTIONS**

- A. **Definition of a Vacancy.** A vacancy shall be defined for purposes of this Agreement as a bargaining unit position presently unfilled or a bargaining unit position currently not in existence. A vacancy shall not include:
- 1. a “bubble” (a larger number of students in a PreK-5 grade level that, in the next school year, requires an additional teacher in the next higher grade and one less teacher in the prior grade.) This situation will be filled by the assignment of the least senior teacher at the existing building grade level. The assigned teacher will move up one grade level with the “bubble” of students and then return the following year to their previous teaching assignment if possible, based on enrollment; the “bubble” assignment may become permanent if both district administration and the teacher agree.

2. An open position that, if filled by a certified and qualified teacher with more district seniority who currently holds a district position, would result in a layoff or reduction of hours of another bargaining unit member.
- B. Definition of Minimum Qualification to Fill a Vacancy.** For purposes of this article, staff persons will meet the minimum qualifications for a vacant position if she/he:
1. possesses the necessary state certification,
 2. holds major or minor fields of competence relating to the curriculum area, and
 3. meets federal highly qualified guidelines for the position.
- C.** The Board shall classify all positions as being administrative, supervisory or instructional.
- D. The Filling of Vacancies.** Vacancies within the district will first be offered to any displaced or laid-off bargaining unit member according to the provisions of Article XXI – Layoff and Recall Procedure. If no qualified, displaced or laid-off teacher is available to take a vacant position, any bargaining unit member meeting the qualifications for the vacant position may apply to fill the vacancy.
- E.** The Employer recognizes that it is desirable in making assignments to vacant and new positions to consider the interests and aspirations of bargaining unit members. Teachers who desire a new assignment shall submit their request to the Superintendent's office on the District Employee Intention form of each school year. Employee preferences will be honored by district administration if possible when making assignments and transfers to vacant and new positions.
- F.** Vacancies occurring within the bargaining unit and within the total professional staff, including newly created positions, shall be posted on a designated bulletin board in each District building and on the district web site, and a copy of such posting shall be emailed to all teachers.
1. From the day after school is dismissed in June through August 14, positions shall be posted for at least seven (7) calendar days.

In the event a vacancy occurs between August 15 and the end of the school year, positions shall be posted for at least three (3) business days.

Bargaining unit members may apply for such positions by submitting a written application to the Superintendent by the posted closing date for filing applications.
 2. In the event a vacancy occurs during the summer, at least five (5) days prior to the closing date for filing applications, said vacancy notices shall be mailed to: (1) teachers who have stated their interest and provided the Superintendent with stamped, self-addressed envelopes for this purpose; and, (2) appropriate Association Officers.
- G.** If more than one bargaining unit member makes written application to fill a bargaining unit vacancy, the following guidelines will be followed.
1. Should no laid-off employee be qualified and available for assignment to the position, the vacancy will be offered to current bargaining unit members

2. Should more than one (1) bargaining unit member apply for a bargaining unit vacancy, the teacher who is highly qualified for the position according to state certification and federal guidelines and who has the greatest district seniority shall be placed in the vacancy.
 3. Should no employee be qualified and available for assignment to the position, the Board may fill the vacancy through employment of a new staff person.
- H. All teachers must meet and maintain minimum state certifications and federal standards for their district assignment.
- I. In filling any non-bargaining unit vacancy, the Board agrees to consider the professional background and qualifications of all applicants. The Board recognizes and supports the idea of promotion from within its own teaching staff when consistent with the best interests of the school system.

ARTICLE XXIII TRANSFERS AND ASSIGNMENTS

- A. **Voluntary Transfer Requests by Laid-Off Teachers.** Laid-off teachers with tenure may request a voluntary transfer into a new department to a position for which they are highly qualified (as defined by Article XXII paragraph B) if the position is currently held by a teacher with less district seniority than the laid-off tenure teacher. In such instances of voluntary transfer into a new department, the teacher displaced must be the teacher with the least district seniority within the department. The displaced teacher is entitled to request a voluntary transfer into a new department and position for which she/he is highly qualified if the position is currently held by a teacher with less district seniority than the displaced teacher and the teacher has the least district seniority in that department.
- B. **Transfers and Assignments Originated by the Employer.** Teachers who may be affected by a transfer or a change in grade or subject assignments will be consulted by their principal at least two (2) weeks prior to the change of assignment. Such changes will be voluntary to the extent possible. Involuntary transfers may be affected only for reasonable and just cause. Except in an unforeseen emergency, at least thirty (30) days prior to the implementation of any involuntary transfer, the Employer shall provide the affected bargaining unit member and the Association written reasons for the transfer. Every effort will be made to avoid reassigning elementary school teachers to a different grade level unless the teacher requests such a change. Exceptions to this would be for purposes of implementing the layoff and recall protocol.
- C. **Involuntary Transfers Originated by the Employer.** When involuntary transfers are necessary to reduce a school's staffing allocation due to reduced student enrollments or to facilitate the closing, consolidation, or reconfiguration of a building, all involuntary transfers will be made on the basis of years of service in the District. Teachers in the effected building possessing the least amount of department seniority and applicable certification will be transferred first.

In situations where there is reasonable evidence to expect that such an assignment would result in a substantive decline in the educational program of the District, the Board or its agent will meet with the President of the CLEA and one other MEA member selected by the President to review the seniority lists and qualifications and get recommendations from the group prior to making the final decision as to which teachers will be transferred.

- D. **Service in the Special Education Department.** Special Education teachers may request a transfer to general education only after four (4) years service in the special education department of the district. Exceptions to this would be for purposes of implementing the layoff and recall protocol or permission granted by the Superintendent.
- E. A voluntary or involuntary transfer to another department will enable the employee to carry his/her District-wide seniority into that department for purposes of department seniority.
- F. Since students are entitled to be taught by teachers who are working within their area of competence, teachers shall not be assigned outside the scope of their teaching certificates or their major or minor fields of study, without their consent.
- G. **Free and/or Volunteer Services.** The Board shall not accept free or volunteer services from any person in filling positions described in the Master Contract as "Extra Curricular," without the written consent of the Association.

ARTICLE XXIV EX-OFFICIO BOARD MEMBERS

The Board shall appoint one member chosen by the CLEA president as an ex-officio member of the Board of Education with rights of discussion on issues on the Board Agenda, and rights of information that's open to the public per the Freedom of Information Act. The ex-officio shall not vote, nor participate in closed sessions of the Board. Such appointment shall be made in writing to the Board prior to the first meeting of the fiscal year. The ex-officio member will not participate in sessions during evaluations and/or executive sessions.

ARTICLE XXV NEGOTIATION PROCEDURES

- A. At least one hundred fifty (150) days prior to the expiration of this Agreement, the parties will begin negotiations for a new agreement covering wages, hours and conditions of employment of members in the bargaining unit employed by the Board.
- B. In any negotiations described in the Article, neither party shall have any control over the selection of the negotiating or bargaining representatives from within or outside the school district. It is recognized that no final agreement between the parties may be executed without ratification by a majority of the Board and by a majority of the membership of the Association, but the parties mutually pledge that representatives selected by each side shall be clothed with all necessary power and authority to make proposals, consider proposals and make concessions in the course of negotiations or bargaining, subject only to ultimate ratification.
- C. If the parties fail to reach an agreement in any such negotiations, either party may invoke the mediation machinery of the State Labor Mediation Board or take any other lawful measures it may deem appropriate.
- D. The parties acknowledge that during the negotiations which resulted in this Agreement, each had the unlimited right and opportunity to make demands and proposals with respect to any subject or matter not removed by law from the area of collective bargaining and that the understandings and agreements arrived at by the parties after the exercise of that right and opportunity are set forth in this Agreement. Therefore, the board and Association, for the life of

this Agreement, each voluntarily and unqualifiedly waives the right, and each agrees that the other shall not be obligated to bargain collectively with respect to any subject or matter not specifically referred to or covered in this Agreement, even though such subjects or matters may not have been within the knowledge or contemplation of either or both of the parties at the time that they negotiated or signed this Agreement.

- E. There shall be three (3) officially signed copies of the final agreement for the purposes of record. One (1) retained by the Board, one (1) by the Association and one (1) by the Superintendent.
- F. Copies of this final agreement shall be supplied to all teachers in the system at Board expense.

ARTICLE XXVI NEGOTIATION OF THE SCHOOL CALENDAR

In as much as the Public Acts governing public employee bargaining rights clearly states that teachers shall be free to bargain and employers required to bargain wages, hours and conditions of employment, the Board and the Association are agreed that the school calendar clearly effects hours and conditions of employment.

Therefore, commencing not later than March 1, the Association shall submit to the Board of Education, items for consideration to be included in a calendar for the next year. Should the suggestions not be acceptable, then the Board and the Association shall begin negotiation of the calendar not later than April 1.

Should a new calendar not be negotiated prior to June 30 of the impending school year, the Board shall set the calendar.

The Board agrees that no tentative or "model" calendar shall be circulated by them to the Staff and the community at large until a calendar has been jointly agreed upon by the negotiating teams or until June 30, whichever shall come first.

The Association agrees that it shall negotiate the calendar in good faith, fairly representing the views of its membership who may be affected by the calendar, and in the best interest of the school community. The Board and the Association mutually agree to refrain from using the calendar as a bargaining item in other areas of the negotiation process.

The school calendar will be negotiated to keep the district in at least minimum compliance with the State of Michigan mandates regarding clock hours and professional development hours (currently 1098 hours of instruction time and 30 hours of teacher training time) and will provide a minimum of 180 full days of instruction. Any days lost to "Acts of God", beyond the 30 hours permitted in school code, will be rescheduled. A teacher required to work both "Act of God" days and rescheduled days will be compensated at his/her per diem rate. Teachers required to work only on rescheduled days will receive no additional compensation.

The parties agree to meet in an effort to mutually agree on when any make up days should occur. In the event they are unable to agree, the days will be added on to the end of the calendar, provided it can be done before the end of the fiscal year.

Should the provision of the state law be rescinded, the above provisions shall be considered null and void and the provisions and practices in existence prior to this Agreement shall be reinstated, to the extent permitted by law.

The CLEA and Board agree that the CLEA shall comply with the minimum clock hour/days mandates of the State of Michigan. If these mandates change, a committee consisting of the CLEA negotiations team and three (3) members appointed by the Board of Education shall meet to agree upon a plan to keep the district in minimum compliance. There will be no increased salary compensation beyond that incorporated in the salary schedule.

To determine the calendar, a committee consisting of the CLEA negotiations team and three (3) members appointed by the Board of Education shall meet by April 1 to establish a schedule which will keep the district in at least minimum compliance with the State of Michigan mandates regarding clock hours/days. There will be no increased salary compensation beyond that incorporated in the salary schedule.

**ARTICLE XXVII
TEACHER EFFECTIVENESS LOAN FUND**

The Board agrees to maintain an annual fund from which staff members who teach in the District may borrow up to \$1,000 at 2% interest, to take courses in their academic areas, or courses required for an advanced degree.

The borrower shall repay the sum to the fund within one (1) year from the date of borrowing in monthly installments authorized for deduction from his/her pay check or, at the teacher's option, in a lump sum payment.
