ARTICLE I

INTRODUCTION

- A. The parties agree that mutual accord in the employment relationship between the Board and members of its teaching staff is necessary in order to carry out a responsibility with which they are mutually charged, that of providing a high-quality instructional program for the children of the South Haven Public Schools.

- B. To foster such mutual accord, the Board of Education for South Haven Public Schools, hereinafter called the "Board," and the VBCEA/SHEA (MEA-NEA), hereinafter called the "Association," have reached agreement on wages, hours, terms and conditions of employment and desire to execute this contract covering such agreements.

ARTICLE II

RECOGNITION

- A. The Board hereby recognizes the VBCEA/SHEA (MEA-NEA) as the exclusive bargaining representative, as defined in Section II of Act 379, PA of 1965, for all certified and non-certified teaching personnel as approved by the State Department of Education under contract in Pre-Kindergarten to 12th Grade, including migrant teachers and those shared-time teachers and Adult Education teachers who work at least fifteen (15) hours per week, but excluding substitutes who have not served (100) days assigned to one specific teaching position; community and recreation education teachers; preschool teachers, migrant education coordinator; consortium employees; supervisory and executive personnel; office, clerical, maintenance and operating employees.
1. The term "teacher" when used hereinafter in this Agreement shall refer to all employees represented by the name of the employee organization in the bargaining or negotiating unit as above defined.
 2. The term "Board" shall include its officers and agents.
 3. If a teacher is employed as a substitute with an assignment to one specific teaching position, then after 100 days of service in that assignment, the teacher shall be granted for the duration of that assignment all privileges granted to bargaining unit members.
- B. The Board agrees not to negotiate with any organization other than that designated as the representative pursuant to Act 379, PA of 1965, for the duration of this Agreement.

ARTICLE III

BOARD OF EDUCATION RIGHTS

- A. The Board, in its own behalf and on behalf of the electors of the district, hereby retains and reserves unto itself, without limitation, all powers, rights, authority, duties and responsibilities conferred upon and vested in it by the laws and the Constitution of the State of Michigan, and of the United States, including, but without limiting the generality of the foregoing, the right:
1. To the executive management and administrative control of the school system and its properties and facilities, and the activities of its employees;
 2. To hire all employees and subject to the provisions of law, to determine their qualifications, and the conditions for their continued employment, or their dismissal or demotion; and to promote, and transfer all such employees;
 3. To establish grades and courses of instruction, including special programs, and to provide for athletic, recreational and social events for students, all as deemed necessary or advisable by the Board;
 4. To decide upon the means and methods of instruction, the selection of textbooks and other teaching materials, and the use of teaching aids of every kind and nature;
 5. To determine class schedules, the hours of instruction, and the duties, responsibilities, and assignments of teachers and other employees with respect thereto, and non-teaching activities, and the terms and conditions of employment.
- B. The exercise of the foregoing powers, right, authority, duties and responsibilities by the Board, the adoption of policies, rules, regulations and practices in furtherance thereof, and the use of judgment and discretion in connection therewith shall be limited only by the specific and express terms of this Agreement and then only to the extent such specific and express terms hereof are in conformance with the Constitution and the laws of the United States.
- C. Nothing contained herein shall be considered to deny or restrict the Board of its rights, responsibilities, and authority under the Michigan General School Laws or any other national, state, county, district, or local laws or regulations as they pertain to education.

ARTICLE IV

TEACHER RIGHTS

- A. In accordance with the laws of the State of Michigan, the Board of Education agrees that employees of the Board shall have the right to freely organize, join and support the Association for the purpose of engaging in collective bargaining or negotiations with respect to wages, hours and terms or conditions of employment. No person shall be discriminated against for participating in/or having participated in the negotiating process.
- B. The Association and its members shall have the right to use school building facilities during reasonable hours for meetings, provided that such meetings shall not interfere with other regularly scheduled activities, provided, however, that the Superintendent or his representative approve the room or rooms to be used for such meetings. The Association agrees to reimburse the Board of Education for extra maintenance or service costs incurred by such meetings.
- C. No teacher shall be prevented from wearing insignia, pins or other identification of membership in the Association either on or off the school premises. However, teachers may not post, adhere, or in any way display local union or affiliate literature, emblems or insignia at their teaching stations. Bulletin boards in teacher lounges shall be made available to the Association. Material to be posted may include, but not limited to, the posting of notices of meetings and the posting of informational material from local, state, or national associations. Inter-school mail, Duplicating machines and supplies shall be available to the Association for a mutually established fee.
- D. Neither the Board nor the Association shall discriminate against teachers who are not members of the Association.
- E. The Board, after securing the information, agrees to furnish to the Association in response to reasonable requests from time to time all pertinent information concerning the financial resources of the district, budgetary requirements and allocations, together with information that may be necessary for the Association to negotiate with the Board with respect to wages, hours, and other terms or conditions of employment or to process a grievance. This information will be provided to officers of the Association or to individuals authorized by the President of the Association to secure such information. The Association shall outline in writing, the specific information desired. Original records, if necessary to be checked, are to be examined at the office of the Superintendent. The Association agrees to reimburse the Board of any extra expense involved in furnishing information or making records available. Such extra expense is defined as the necessity of hiring extra personnel or required overtime hours of employment by present personnel. The Association shall be given an estimate of the cost of such expense in advance.
- F. The Board and its representatives will keep the Association informed regarding the financial conditions of the District as outlined in Article IV, Section E. The Board and its representatives will also endeavor to consult, but shall not be required to negotiate, with the Association prior to official Board action on increased millage proposals, major changes of educational policy, and major changes in working conditions that are not prohibited subjects of bargaining.
- G. The Board shall provide an electronic copy of the Collective Bargaining Agreement to each bargaining unit member within thirty (30) days after ratification by the parties. New bargaining unit

members shall be given a copy of the Agreement within ten (10) days of employment.

- H. The board agrees to share a monthly personnel report or other communication with the Association if there are any bargaining unit members that have left the employ of the district or have been recently hired.
- I. The terms of this agreement have been equally made for all of the employees in the bargaining unit and not solely for the benefit of the members of the Association. Association representation will be in accordance with Michigan Law.
- J. At the beginning of each school year the Association shall be afforded the opportunity to communicate to the staff information regarding the collective bargaining agreement. The Association will also provide at the beginning of the year a list of all Association meeting dates to the Administration. Times after the regularly scheduled school day on these dates shall be reserved for association meeting provided they do not conflict with any scheduled school functions.

ARTICLE V

TEACHING HOURS

- A. The teacher's day in the secondary and elementary schools shall be between the following hours:

8:00 A.M. and 4:00 P.M. Elementary
7:30 A.M. and 3:30 P.M. Middle Schools (6-8)
7:00 A.M. and 3:00 P.M. Senior High

Annually the Board shall notify teachers of starting and ending time of teacher workday.

On days preceding holidays or vacations, the teachers' day shall end at the end of the students' day.

Teachers shall work at least the state mandated instructional days and instructional hours. The Board may schedule such time as necessary to satisfy state mandates. Teachers shall not be eligible for additional compensation for such time provided that it is within the 36.25 hours as set forth below.

- B. However, nothing shall be construed by the provision in Article V, Section A above to prevent a teacher from accepting an assignment that is other than the hours specified. This section is included as a means of providing scheduling flexibility, (*i.e.* a teacher may work eight (8) hours a day two days a week, and 6.75 hours per day three days per week). All assignments not provided for in Article V, Section A will be voluntary. No weekly assignment shall exceed 36.25 hours. Unless otherwise agreed to by the teacher, assignments will be made on a consecutive time basis, inclusive of instructional, planning and lunch time.
- C. The Board and the Association shall form a subcommittee comprised of representatives from each party to develop a contingency plan in the event that it becomes necessary to close any of the school buildings in the district.
- D. The parties recognize that teachers shall work at least the state mandated instructional days and instructional hours necessary for the district to receive its full state aid, and in the event that the Board decides to close any of its school buildings, and the subcommittee described above has not developed a contingency plan that has been ratified by the Board and the Association, the teachers shall satisfy this obligation.
- E. If Open Houses take place, they will be mutually agreed upon by the building principal and a majority of his/her staff. The principal will provide three weeks' notice except in case of an emergency or tragedy. When such accord is reached, all members of said staff shall be expected to attend unless excused by the principal. If mutual agreement cannot be reached the Open House will remain as previously scheduled.
- F. The time stated above may be adjusted earlier or later by the Superintendent of Schools after notifying the Association, but the total hours shall remain the same.
- G. Teachers should remain for a sufficient period after the close of the pupil's school day to attend to those matters which properly require attention at that time, including but not limited to,

consultations with parents, conferring with students, correcting papers, and preparing lesson plans. The schools are open and nothing in this agreement shall prevent teachers from remaining in the building to complete or prepare their work.

- H. It is the responsibility of each individual teacher to provide the highest quality educational program practicable for every student in the school district; therefore, each teacher shall make daily preparation, attend staff meetings, and student assemblies unless excused by the principal.
- I. It is expected that each building administrator will announce the day of the week for regularly scheduled faculty meetings during the first two weeks of the school year. The time and day for such meeting shall coincide with the needs and requirements in the various buildings as determined by the building administrator. It is understood, however, that consultations and communications pertinent to various school purposes may require additional meeting days. It shall be the aim of the administration to keep such meetings at a minimum, and where practicable, to no more than one (1) hour's duration.
- J. The Board shall provide training for all teachers in compliance with legal requirements regarding blood borne pathogens, sexual harassment and pertinent state and federal laws and more. The Board shall provide each teacher with one hour of professional development time before the first student day of each school year to individually receive such training on the internet in accordance with instructions and computer equipment provided by the Board. Each teacher shall be required to complete such training before the first student day of each school year unless said teacher is unable to do so due to medical restrictions. Teachers hired after the start of the school year shall complete the training within one week of beginning employment. Any teacher who fails to complete this training by the beginning of the second student week of each school year shall be docked \$30 per day from his or her salary for each work day thereafter that the training remains uncompleted. Any teacher, prior to the first day of school, who cannot complete this training because of medical reasons, shall be allowed to complete the training prior to returning to active teaching duty.
- K. Since it is important to the education program to know and understand the whole child, teachers should attend and participate in activities of the school such as P.T.O. meetings. They are also encouraged to attend public performances of children in plays, concerts, athletic events, or other extracurricular events.
- L. The Agreement shall provide for the establishment of a noon lunch period for each teacher that shall be free of scheduled duties except that it is understood by all concerned that emergencies or building situations may require that teachers share responsibilities on a rotation basis. It is also understood that illness or emergency situations may cause a temporary cessation in the employment of lay persons. It is agreed that teachers' lunch periods may vary according to scheduling needs. The elementary teachers will have approximately a thirty-five (35) minute lunch period and the lunch period for secondary teachers will be equivalent to a student lunch period.
- M. The Board will make every reasonable effort to provide a conference period for all teachers. For secondary teachers, the conference period should coincide with the standard class period of the students' schedule. For elementary teachers, efforts will be made to schedule special subjects so as to ensure periods for teacher planning/conference time. Where deemed administratively feasible, these times will be distributed to allow for planning time on a regular daily basis.
- N. Whenever special teachers are absent, every reasonable effort will be made to provide substitutes.

- O. 12 hours of *PLC/Data meeting to be completed within 8 (1.5hr) sessions. Day and time each month will be mutually agreed upon by building staff and administration. If mutual agreement cannot be reached the SHEA president and superintendent will confer and the superintendent will make the final decision on day and time for each month.

*The purpose of the PLC/Data meeting time is to collaborate and engage in reflective inquiry with PLC members through analyzing data from curriculum based and standardized assessments for the purpose of improving instruction and student learning. Through analysis and reflection teachers should work with their teacher leaders and administrators to develop a plan for improving student learning.

P. Elementary Prep Time

1. In each week that there is a full five-day week of full days of school for elementary school students, each full time elementary teacher shall be provided with an average of 225 minutes of planning time.
2. This Agreement specifically does not apply to any week in which, for any reason, there are less than five student school days or in which, for any reason, there is any student school day that is shorter than a regularly scheduled full day of school.
3. Planning time means any time between the start and end of the student day, excluding lunch time, that a teacher is not instructing or monitoring a class of students. Planning time for an elementary classroom teacher includes, but is not limited to, related arts instruction, library or computer time, and recess time to which the teacher is not assigned to assist in supervision. Planning time for an elementary related arts teacher includes, but is not limited to, all times that the teacher is not assigned to teach a related arts class.
4. If an activity such as an assembly, field trip, or other similar student activity occurs during a time that an elementary school teacher would otherwise have planning time, said activity will count towards the elementary teachers total 225 weekly minutes.
5. For any full five-day week of full days of school for elementary school students that an elementary teacher is provided less than an average of 225 minutes of planning time, the Board shall pay such teacher, at his or her contract rate, for the number of minutes that equals 225 minus the actual number of minutes of planning time provided to the teacher during such week.
6. Elementary Principals shall not hold more than two Professional Learning Community (PLC's) meetings per month.

ARTICLE VI

TEACHING CONDITIONS

- A. It is recognized by the Board that pupil-teacher ratio is an important aspect of an effective educational program. The Board agrees to renew its efforts to equalize student classroom assignments at the elementary grade levels and continue its efforts to keep class sizes at an acceptable number as dictated by the financial condition of the District, the building facilities available, the availability of qualified teachers, the best interest of the students, and the best interests of the District as deemed administratively feasible.
- B. The Board will continue its efforts to keep the schools reasonably and properly equipped and maintained.
- C. The Board shall make every reasonable attempt to make available in each classroom building a faculty room or lounge. Teachers are not to use the lounge, however, during period of assignment or instruction. Telephone facilities, as presently constituted, shall be made available to teachers for their reasonable use; however, personal toll calls are to be paid for by the teacher making the same.
- D. The Board and the Association mutually recognize the importance of continuous use of adequate teaching reference material in maintaining a high level of professional performance. In furtherance of that recognition, the Board will endeavor to provide a teacher reference library in the elementary and the junior and senior high schools and to include therein all texts which are reasonably requested by the teachers of that school.
- E. The Board agrees to make available, in each school for teacher use, adequate reproduction materials.
- F. Teachers shall not be held responsible for the loss of books from room libraries.
- G. The Board recognizes the need to provide teachers sufficient opportunity for turning all money collected in to the appropriate office. However, the teacher is responsible for all money collected by him/her until turned in to the appropriate office.
- H. The Association requests the Board and Administration to continue the practice of employing persons to assist the teachers in supervising the students during the noon hour.
- I. The Board and Association recognize the importance of counseling students at both the elementary and secondary levels. Thus, dependent upon finances and the availability of qualified personnel, the Board will endeavor to maintain or decrease the student-counselor ratio.
- J. In grades K-5, the Board will continue to provide specialized instruction in the areas of art, music, and physical education, provided that finances and qualified personnel are available.

ARTICLE VII

MENTOR TEACHERS

- A. The building principal shall appoint a person who qualifies under Section 1526 of Public Acts 1993 as a mentor for each probationary teacher, except for teachers who are in the fourth or fifth year of probation. The Board may, in its discretion, appoint a qualified person as a mentor for a fourth or fifth year probationary teacher. Bargaining unit members shall be given first consideration and any person so selected may choose to decline to serve as a mentor.
- B. Every reasonable effort shall be made to match mentor teachers to probationary teachers who work in the same building and have the same areas of certification.
- C. Probationary employees shall only be assigned to one mentor teacher at a time.
- D. The mentor teacher's assignment shall be for one (1) school year subject to review by administration. The appointment may be renewed in succeeding years.
- E. Mentor release time may be provided in those K-12 special areas for probationers to consult with special staff when needed.
- F. With approval of administration, release time shall be made available so the mentor may work with the probationer in his/her assignment during the regular work day. When possible, mentor and probationers will be provided a common preparation or conference time.
- G. Each mentor shall be compensated at the rate of 2% of the B.A. base each year for their services, inclusive of training activities outside the work day or school year, not to exceed 5 days beyond the contract year.
- H. The mentor teacher will be considered consultants to probationary teachers and will not recommend on the hiring and firing of probationary teachers. However, a mentor teacher may be required from time to time to consult with a principal and comment on his or her probationary employee's growth, maturation, competence and other attributes identified as important to satisfactory classroom instruction and overall performance as a teacher.
- I. The mentor teacher is expected to provide support to the probationary teacher equal to 36 hours for the school year and recorded in hourly increments on a form provided by a central office administrator (or personnel department). The record shall be signed by both the mentor and the probationary teacher and shall be submitted to the personnel office before the close of the school year. Failure to complete this assignment may result in: 1) loss of pay and/or 2) ineligibility for future mentor work.

ARTICLE VIII

SPECIAL STUDENT PROGRAMS

The Board and Association recognize that students having special physical, mental, and emotional problems as determined by a school psychologist or other competent individuals may require special services. The Board, therefore, will endeavor to secure such services as are deemed necessary by the Superintendent to help these students and/or aid the teacher in working with these students.

ARTICLE IX

TEACHING MATERIALS

It is recognized that quality teaching requires quality materials with which to work. In view of this fact, the following guidelines shall be followed in requisitioning supplies and materials:

- a. Requisition forms will be provided by the office;
- b. Teachers are to request items and materials that will materially aid in the instruction of students;
- c. Normally, requisitions for supplies by teachers will be made in the spring;
- d. Teachers shall be notified by June 30 as to the disposition of the major items over one hundred dollars (\$100) on requisition requests.

Consultations may be held with teachers or department chairpersons where there are questions concerning materials ordered. Depending upon funds available, reasonable efforts will be made to fill requests.

ARTICLE X

PROFESSIONAL IMPROVEMENT

- A. The Board and Association will cooperate in the endeavor to provide for local courses, workshops, conferences, and programs designed to improve the quality of instruction.
- B. All teachers are expected to keep abreast of current educational trends by reading professional books and magazines, participating in in-service programs and travel in order to maintain their teaching certificate.
- C. Curriculum Development Council

The Association shall appoint six teachers it recommends to serve on the Curriculum Development Council. The teachers appointed shall meet the criteria established by the council for service.

The Superintendent, or his designee, may choose any or all of each list. Failure of the Association to supply a list within fifteen (15) calendar days of request for said list shall void all rights of the Association to offer such lists and the coordinator, or his designee, may appoint as he sees fit.

ARTICLE XI

TEACHER PROTECTION

- A. Each teacher bears the primary responsibility for maintaining proper control and discipline in the classroom. The Board recognizes its responsibility to give administrative assistance and support to its teachers with respect to the maintenance of control and discipline in each school-centered activity, whether in the classroom, on school property or at other school activities. Such support shall be contingent upon the teacher acting in accordance with Board policies and administrative rules and regulations as they relate to student control and discipline. Rules and regulations setting forth the procedures regarding the disciplining, suspending or expelling of students shall be publicized at the commencement of each school year. A Teacher Building Committee will assist the Principal in the formulation and review of rules for student control and discipline in each building. The Teacher Building Committee will include the SHEA Building Representative(s) and any other interested teachers. The work of this joint committee will be completed by April 15 of each school year.

This provision in no way shall alter or diminish the responsibility or power of the Board to have final authority on the establishment, amendment, additions, or deletions of rules regarding student conduct and discipline, which authority and power are specifically reserved by the Board.

- B. Any case of assault upon a teacher which had its inception in a school-centered problem shall be reported immediately in writing to the Superintendent or his designated representative. In the event of such assault, the teacher involved may request assistance of the Board in such a matter. These requests shall be made in writing to the Superintendent. If the Board considers assistance to be justified, it may provide legal counsel or other assistance to the teacher making the request. The teacher making such request shall be supported by the Board in all justifiable cases.
- C. All communications, commendations, and complaints shall be called to the teacher's attention prior to being placed in his/her personnel/evaluation file.
- D. Time lost by a teacher in connection with any incident mentioned in this Article, not compensable under Workers' Compensation, shall not be charged against the teacher unless he is adjudged guilty of charges relating to that incident by a court of competent jurisdiction.

ARTICLE XII

PROFESSIONAL RESPONSIBILITIES

It shall be the professional responsibility and duty of each teacher:

1. To provide for the proper instruction of the student.
2. To endeavor to maintain in the classroom such order and discipline as shall be conducive to good instruction.
3. To be responsible for the conduct of any student during the time he/she is in school, where and when feasible.
4. To assist in the enforcement of such rules and regulations as shall from time-to-time be issued governing the conduct of students, the use of school premises, and related matters.
5. To report promptly any defective condition in the buildings or premises which might cause personal injury or which may be required to provide proper maintenance.

ARTICLE XIII

VACANCIES, ASSIGNMENTS, TRANSFERS, AND PROMOTIONS

- A. The parties recognize that changes in grade assignments in the elementary schools, changes in subject assignments in the secondary school grades, and transfers between schools will be necessary. The right of determination to assign or transfer a teacher is vested in the Superintendent. As a common courtesy, the Superintendent or his designee may discuss the assignment or transfer with said teacher
 - 1. Prior to a transfer the Superintendent may ask for volunteers who may wish to transfer. Any teacher may request a meeting to discuss their assignment, which will be granted.
 - 2. If it is necessary to make changes to such tentative assignment, the affected teacher may request a meeting to discuss the assignment.
- B. Except as a temporary and interim measure, non-certified personnel shall not be responsible for student evaluation, promotion and instructional planning or be assigned to positions which must be filled, according to state statutes, by a teacher.
- C. Teachers having paraprofessionals assigned to them shall not assign the responsibility of planning lessons, evaluating students, or teaching classes to said paraprofessionals. It is further understood that paraprofessionals are available to assist teachers and have no authority to assume basic teacher or administrative responsibilities.

ARTICLE XIV

REDUCTION OF PERSONNEL

- A. The term seniority shall be the length of continuous service with the South Haven Board of Education or in a bargaining unit position. Administrators who previously acquired seniority in the bargaining unit shall retain but not accrue seniority rights in the unit. Seniority, effective August 30, 1982, shall not accrue while on unpaid leaves of absence, other than Workers' Compensation leave, unless otherwise provided in this Agreement.

When subtracting days which do not count towards seniority, the base year shall be the number of teacher work days as specified in the Master Agreement for each year.

Part-time teachers shall accrue seniority on a prorated basis using the same formula as used in calculating their salary.

Seniority shall start with the teacher's first regularly scheduled work day at South Haven Public Schools in a bargaining unit position. In the event that more than one (1) teacher has the same seniority date, order of seniority will be based on the date the letter of intent to hire is received by the District administrative office or the order of Board approval.

Each year, the District will provide, to the Association, an updated seniority list on or before April 15th. The association will have 30 days to make the District aware of any corrections that need to be made. The final agreed upon seniority list, for that year, will be published on May 15th to the Association.

- B. Teachers accepting recall who have signed a contract to teach during the school year in question in another public school district shall also:
1. Notify the Board in writing that such a contract has been signed.
 2. Furnish a written statement from the Superintendent of Schools with whom the contract was signed indicating that a release from said contract cannot be obtained.
- C. Voluntary leaves may be granted to an individual for up to one year by the Board of Education for the purpose of reducing lay-offs. By mutual consent of both parties, a voluntary leave may be extended a second year.

ARTICLE XV

JOB SHARING

- A. Job sharing shall be defined as sharing of a single position by two staff members. This may be arranged by alternating semesters or by dividing a class day(s) into two or more units as mutually agreed upon. Job sharing shall be for a minimum of one half day.
 - 1. Job sharing teacher(s) shall receive full (not salary) seniority credit for each year or years he/she is participating. In addition, the job sharing teachers will continue to receive full fringe benefits (including retirement) to the extent that such benefits do not exceed the amount of salary and benefits normally paid to the most senior participating teacher(s). When this amount is exceeded, the amount available shall be prorated between the job sharing teachers.
- B. Based on the needs of the District and the ability to retain a certified and qualified teacher(s) for a position, the Board may refuse to grant a job sharing in its sole discretion and shall not be subject to the grievance procedure.
- C. Teachers hired for, or requesting part-time assignments shall have salary and benefits prorated to the time worked. The administration shall determine when a job sharing situation exists.

ARTICLE XVI

OTHER

No teacher shall obtain "Tenure in Position," in any position, covered by this Agreement, including (but not limited to) classroom teachers, counselors, librarians, coordinators, special education teachers or teachers of special subjects such as art, music, physical education and those persons working Schedule B positions.

ARTICLE XVII

PERFORMANCE CONTRACTING

The Board shall enter into an agreement for Performance Contracting only after conducting a thorough study of the needs and feasibility for such a program. Provision shall be made by the Board for active participation by the professional staff in conducting the study, in appraising the study following its completion, and in providing an advisory service to the Board in establishing priorities of instructional need.

ARTICLE XVIII

ILLNESS, DISABILITY & FMLA

A. Paid Sick Days

All teachers under contract to the District shall be allowed paid sick leave at the rate of twelve (12) days per year. Paid sick leave may be accumulated to a total of one hundred and forty (140) days. Paid sick leave will be recorded as half or full day only. Paid sick leave shall only be used by a teacher who must be absent from duty owing to personal illness and/or disability, unless otherwise provided for in this Agreement.

B. Family and Medical Leave

The District will provide covered employees unpaid job protected leave for certain family and medical reasons. Unpaid leave for up to twelve (12) weeks may be granted for any of the following reasons: (1) to care for the employee's child after birth or placement for adoption or foster care; or (2) to care for the employee's spouse, child or parent who has a serious health condition, (3) serious health condition, or (4) qualifying military leave.

1. When the need for the leave is foreseeable, teachers are expected to provide 30 days advance notice. When not foreseeable, teachers are required to provide notice of the need for the leave as soon as practicable. The District will require medical certification to support a request for leave because of a serious health condition and may require second or third opinions (at District's expense) and a fitness for duty report to return to work. The medical certification must include the first anticipated date of absence from service to the District and the expected date of return. The duration and timing of such leave shall be subject to the limitations for the Family and Medical Leave Act pertaining to leaves near the end of an academic term.
2. When medically necessary, leaves may be taken on an intermittent or reduced work schedule basis. Such leaves are subject to the limitations contained in the Family and Medical Leave Act on intermittent leave or leave on a reduced leave schedule.
3. When leave is required for a serious health condition, employees will normally give fifteen (15) calendar days to obtain the necessary medical certifications to support a leave under this Article. Employees will be required, unless the District waives the requirement, to recertify the need for the leave at least every thirty (30) days and are required to report in on a periodic basis no less often than every two weeks with respect to their progress, the progress of their parent, spouse, or child, and their anticipated date for return to work.
4. For the duration of the leave, not to exceed twelve (12) weeks, the District will maintain the employee's health coverage under the appropriate group health plan. Any employee contributions to the health plan must be maintained on a monthly basis by the employee during the leave to continue to receive coverage.
5. Subject to Board approval, a leave of absence may be terminated early upon the request of the teacher and the availability of a teaching position.
6. The teacher will not lose any employment benefits that accrued prior to the start of his/her leave. In the event the teacher has completed over one half of the contract year during which

his/her leave of absence commences, he/she shall be credited with a minimum of an additional one-half year's experience on the salary schedule. Additional adjustments shall be at the discretion of the Board.

7. Teachers who fail to return from a leave will be obligated to reimburse the District for the cost of District paid health coverage, except when the teacher fails to return due to continuation, recurrence or onset of a serious health condition which would entitle the employee to leave under the Family and Medical Leave Act of 1993 or other circumstances beyond the teacher's control as provided by law.
8. Available leave will run concurrent with FMLA.
9. The granting of a leave, as provided for herein, in no way interrupts seniority rights for the purposes of layoff and recall. It is understood that nothing in this leave provision supersedes provisions for layoff.

C. Unpaid Disability Leave

9. Board of Education does not have to pay for the premiums for the month of September for the teachers who go on a voluntary leave or resign after completing the school year. This does not apply to a teacher who retires.

D. Part-Time Teachers

1. Teachers who work fifty percent (50%) or more will receive a pro-rated insurance benefit based on the time worked and the benefit selected in any of the plans. (an example of such calculations is on file with the Association and the Central Administration.)
2. The teacher's portion of health insurance shall be payroll deducted.
3. Teachers who work fifty percent (50%) or more and do not select health insurance

coverage will receive a pro-rated amount towards cash-in-lieu.

4. Teachers working less than fifty percent (50%) will not receive any fringe benefits.

ARTICLE XXV

CONTINUITY OF OPERATIONS

- A. Both parties recognize the desirability of continuous and uninterrupted operation of the instructional program during the normal school year. Therefore, during the term of this Agreement neither the Association nor any persons acting in its behalf will cause, authorize, or support, nor will any of its members take part in any strike (*i.e.*, the concerted failure to report for duty, or willful absence of a teacher from his position, or stoppage of work or abstinence, in whole or in part from the full, faithful, and proper performance of the teacher's duties of employment) for any purpose whatsoever.
- B. "Snow Day" policy will revert to past practice should the state legislature or Michigan Department of Education not require the make-up of snow days or other lost days of instruction.
- C. Teachers will not be required to report on days schools are closed due to snow days or other acts of God. However, if the school district is required to make up snow days and other lost days, and/or lost instructional hours in order to receive 100% funding from the State of Michigan, teachers will teach the required number of days and/or hours in order for the school district to receive 100% funding from the State of Michigan and complete the contractual agreements as stated in E of this article. Teachers shall not be required to report or teach for the purpose of making up any snow days or other lost days and/or instructional hours unless necessary for the school district to receive 100% funding from the State of Michigan. In determining the number of days and/or instructional hours, if any, that must be made up in order for the school district to receive 100% funding from the State of Michigan, the school district shall apply all hours of professional development as credit for instructional hours as permitted by the laws and regulations of the State of Michigan.
- D. Teachers will continue to be paid on the regular pay schedule when school is not in session for snow days or other lost days. They will not be paid beyond their regular individually contracted salary amounts for snow days or other lost days which are required to be made-up due to Michigan Department of Education requirements, state law, or contractual obligation.
- E. Calendar
 - 1. Teachers are contracted for 183 days for the duration of the Agreement including *two days (twelve hours)* of flexible professional development (See Appendix 1 for calendar and Appendix 2 for provisions governing flexible professional development.) This subsection shall be superseded by Article V, Section C of this Collective Bargaining Agreement in the event that the Board is required to close any of its school buildings. However, it is mutually agreed that any changes in daily starting and/or ending times and/or in the number of student and teacher school days made pursuant to Article V, Section C shall not cause any teacher to work more hours in a school year than he or she would have worked pursuant to this Collective Bargaining Agreement had the Board not decided to close a school building.
 - 2. The Calendar as outlined in Appendix 1 will be followed unless state regulations or emergency conditions call for changes.
 - 3. The Board reserves its legal right to set the opening date for the beginning of school for students.
 - 4. Teachers shall refrain from making appointments of a personal nature such as doctor, dental, legal appointments, except in cases of emergencies, during parent/teacher conferences.

ARTICLE XXVI

DURATION OF AGREEMENT

This Agreement constitutes the sole and entire existing Agreement between the parties and supersedes all prior practices, whether oral or written, and expresses all obligations of, and restrictions imposed upon, the Board and the Association. This Agreement is subject to amendment, alteration or additions, only by a subsequent written agreement between, and executed by, the Board and the Association. The waiver of any breach, term or condition of this Agreement by either party shall not constitute a precedent in the future enforcement of all its terms and conditions.

This Agreement shall be effective October 21, 2015 through August 22, 2017.

If neither party shall give notice to terminate this Agreement as provided above, the Agreement shall continue in effect for successive periods of one year, unless and until written notice of termination is given between April 1 and June 30, of any subsequent contract anniversary date.

The parties have executed this Agreement by their duly authorized representatives.

SCHEDULE A

2015-16

Teachers will receive Step increase after 91 days.

If Fall 2015 audited student count is above 2,103 FTE, the corresponding foundation allowance will be split with the teachers in a one time, off schedule payment with teachers receiving 30% and the district retaining 70%. SHEA to determine distribution among membership. For example, if the SHEA share was equal to \$100,000, this amount less FICA (7.65%) or \$92,894 could be distributed in a tiered fixed amount based on step, years of service, etc. The distribution would need to be reasonable and manageable for the business office.
