ARTICLE I - RECOGNITION

Section 1. The Board recognizes the Union as the sole and exclusive representative, for the purposes of collective bargaining with respect to rates of pay, hours of employment and other conditions of employment, for employees in the following classifications:

Custodian, Assistant Engineer, Grounds/Utility, Engineer, Head Custodian, Swing Engineer, Swing Engineer/Grounds/Utility, RHS Engineer, RHS Swing Engineer, Electrician, Master Carpenter/Painter, Metals Worker, Master Painter, Assistant Mechanical Engineer, Grounds Coordinator, Mechanical Engineer, and all other maintenance and operating personnel regularly employed four (4) hours or more daily.

Section 2. During the time of this Agreement the Board agrees that it will not enter into negotiations with any organization, other than the Union, concerning rates of pay, hours of employment, and other conditions of employment for those employees covered under this Agreement.

Section 3. "Board" or "Board of Education" refers to the employer as represented by its administrative and/or supervisory staff, except as specifically provided for in Article XII, Section 4, STEP FOUR.

Section 4. The Union will be notified sixty (60) days prior to any layoffs.

ARTICLE II – WORK WEEK

Section 1. (a) The normal work week for regular full-time employees shall consist of eight (8) consecutive hours of work for five (5) consecutive days, Monday through Friday, or a total of forty (40) working hours each week. Shift engineers shall be offered the same total hours of work, excluding overtime, as is offered to full-time forty (40) hour weekly employees. This shall constitute a guarantee of hours, or pay per day/week.

(b) Roving engineers, shift engineers and utility engineers are exempt from the normal work week as defined above.

Section 2. Management will be responsible for posting biweekly in all buildings up-to-date lists of additional work.

Section 3. One and one-half (1-1/2) times the employee's regular straight-time hourly rate shall be paid for all hours worked in excess of eight (8) hours in one day or forty (40) hours in one week, but not both.

Section 4. Records of overtime worked shall be posted by management in each boiler room or other appropriate place for all departments and categories.

Section 5. In an attempt to clarify how overtime is offered, the following steps will be followed to give people that want to work overtime a chance to do so:

1. Offer overtime to same classification employees working in the building that are not working the shift that the opening occurs on.
2. Offer overtime to employees in other classifications working in the building that are capable of doing the work and are not working the shift the opening occurs on.
3. Offer overtime to employees outside the building capable of working in the building that are not working the shift the opening occurs on.
4. In certain instances where management feels it is okay to fill the job the next day, it will be offered to employees as an option when the overtime is offered in the order shown above. If no one accepts the overtime on the shift where it occurs, the first person to accept it for the following day will be assigned the overtime. Normally this option would only be available on a Saturday to fill for a Friday night absence at Roosevelt or Wilson.
5. When all of these offers have been made the job is not filled, then the lowest seniority person in the district must fill the position.

Section 6. Employees assigned to a new position will be charged with the highest overtime hours in that classification or building.

Section 7. On July 1st of each year the overtime list shall be reviewed and excess hours will be charged to the overtime record for the next year as equally as practicable for the purpose of equalizing such overtime.

Section 8. An employee who is called back to work due to some emergency, after having completed his/her scheduled work day, shall be guaranteed a minimum of four (4) hours pay at one and one-half (1-1/2) times his/her regular hourly straight-time rate. This section shall not apply to hours worked beyond eight (8) hours in one day where such hours are continuous.

Section 9. When an employee is called in to work prior to the start of his/her scheduled work day to work continuously to the start of his/her scheduled work day, he/she shall receive a minimum of two (2) hours work at one and one-half (1-1/2) times his/her regular hourly straight-time and shall receive his/her regular straight-time hourly rate for the balance of his/her regular work shift.

Section 10. Work schedules showing the employee's shift, work days and hours shall be posted on all appropriate bulletin boards. Except in emergency situations the Union will be informed in advance of any schedule changes. In the event the Union objects to the changes the matter shall be the subject of a special conference between the Union and the Board's administration.

Section 11. Employees must work their regular shift in addition to the overtime job.

ARTICLE III – ACT OF GOD SEASONAL SCHEDULES

Section 1. When a decision is made to close the schools of the District because of an Act of God (as defined by the State Department of Education) notice of such decision shall be given to the LEIN network as soon as possible for public announcement on Detroit area radio stations and television. When such a closing takes place and maintenance employees are required to work, those employees who work shall be given an additional day of vacation. This day shall be taken when school is not in session.

Section 2. An employee's summer work schedule may be altered temporarily when necessary due to day or evening activities in the building. Evening coverage shall be rotated among employees in the building.

Section 3. If an employee has a vacation or personal day scheduled on a day that school is called off due to an Act of God Day, the employee will not be charged the vacation or personal day.

ARTICLE IV – SICK LEAVE

Section 1. Sick leave shall be used for the purpose of the employee's illness and earned at the rate of one (1) day per month worked and may accumulate to a total of one hundred fifty-eight (158) days. An additional twelve (12) days, making a total of one hundred seventy (170) days, may be accumulated from Personal Emergency business days in accordance with Article VI.

Section 2. The base date from which all such service accumulates shall be prorated from July 1st to date of hire for the first year. All consecutive years shall follow from July 1st of each school year.

Section 3. At no time may an employee's accumulated sick leave be in excess of the maximum allowable limits set within Article IV, Section 1.

Section 4. No payment shall be made for any unused leave for illness accumulated by any employee at the time of his/her resignation, dismissal, leave of absence, retirement or death.

Section 5. No sick leave shall be charged against an employee's allowance except for absence which occurs on a day when an employee would normally be expected to be on duty.

Section 6. An employee who has been employed by the Board less than twelve (12) months and who has completed his/her probationary period, may be given an advance of up to seven (7) days sick leave.

Section 7. In the event an employee terminates his/her employment, he/she shall reimburse the Board for any overpayment of sick leave which may have been made.

Section 8. Whenever an employee returns to duty from a serious injury or illness, he/she must follow policy procedures as determined by the Board.

Section 9. If the employee so wishes, an employee who is incapacitated by a personal injury arising out of and in the course of his/her employment will be paid the difference between the benefits received under the Michigan Worker's Compensation laws and 100% of the employee's straight-time earning, exclusive of premiums and overtime. Such difference will be deducted from the employee's accumulated sick leave credits and will be paid until the employee's sick leave credits have been depleted.

Section 10. Records of absence shall be carefully recorded and shall be available for inspection by employees at any time during regular office hours.

Section 11. The Board has the right to medically investigate any employee's absence which is reported as being for medical reasons. Further, the Board may request and require reasonable medical proof of either an employee's ability or inability to return to work.

Section 12. After an employee is absent due to a non-work related injury or illness for longer than thirty (30) calendar days and has exhausted all of his/her sick days, and vacation days, he/she shall be granted additional sick days equal to the number he/she had earned prior to going out on the disability to a maximum of twenty (20) sick days or when the long term disability insurance becomes effective, whichever comes first.

Section 13. A bonus of one hundred dollars (\$100) will be paid to every employee with perfect attendance (no sick days) at the end of each quarter.

ARTICLE V – REPORTING ABSENCE

Section 1. Operating employees shall notify their supervisors in sufficient time to have their place filled so that the regular operations of school facilities will not be disrupted. It is the employee's responsibility to see that such notification is made; such notification to be at least one (1) hour before his/her shift begins. Time for illness will not be allowed if notification is not properly made as required. Due account will be taken of accidental absences which could not be foreseen, such as illness beginning suddenly after the proper time for notification.

Section 2. All absent employees assigned to the midnight shift must report their intent to return to work no later than three (3:00) p.m. of the preceding day.

Section 3. All absent afternoon engineers and assistant engineers must give a minimum of four (4) hours' notice of their intent to return to work.

Section 4. All absent employees assigned to the day shift must report their intent to return to work no later than three (3:00) p.m. of the preceding day.

ARTICLE VI – LEAVES OF ABSENCE

Section 1. An employee may apply for a leave of absence by submitting his/her request in writing to the Board through his/her immediate supervisor, stating the reason for and the length of time of the requested leave of absence. Employees on leave of absence shall retain their seniority but shall not accumulate seniority while on leave. Employees may be eligible for the following types of leaves of absence.

Section 2. A military leave of absence may be granted, without pay, for service in the Armed Services. During such service, seniority shall accumulate.

Section 3. The Board, at its discretion, may grant a leave of absence without pay to an employee who has been employed continuously for one (1) calendar year by the Board and who joins the Peace Corps as a full-time participant in the program. Such leave shall be granted only for the term of initial enlistment. During such service seniority shall accumulate. An employee may return to duty with this Board under the same procedure as outlined in Article XXI, "Veteran's Rights."

Section 4. Upon written request to the Board, an employee may be granted, without pay, one (1) year's leave of absence due to illness certified by a competent physician. During such a leave of absence, the employee's seniority will be retained but cannot accumulate. Such a leave of absence may be extended without loss of seniority by mutual agreement between the Board and the Union.

Section 5. A paid leave of absence not to exceed five (5) days for each death may be authorized by the Superintendent of Schools or his/her designee for a death in the employee's immediate family. The immediate family shall consist of:

Father	Mother	Husband	Wife	Son
Daughter	Sister	Brother	Niece	Nephew
Aunt	Uncle	Father-in-law	Mother-in-law	Son-in-law
Daughter-in-law	Sister-in-law	Brother-in-law	Grandparents	Grandchildren

Section 6. (a) A leave of absence for the transaction of personal emergency business may be granted any employee in the bargaining unit by the Superintendent or his/her designee. Such a leave shall be with pay, but shall not exceed an annual allotment of three (3) days prorated for other than full-time employees, except on days when they

are regularly scheduled Christmas and Spring Break vacation, to work eight (8) hours they will then receive eight (8) hours pay for personal emergency business days. These days are not cumulative; however, any unused days may be added to the accumulated sick leave days in accordance with and within the limits of Article IV.

Personal emergency business shall be defined as a serious emergency, a catastrophe, or an unusually important occurrence necessitating an absence from work. Marriage or graduation of a member of the employee's immediate family, required appearance in court, child born to wife, and funerals are examples of "important occurrences".

(b) Persons absent for personal emergency business reasons as defined above will ordinarily state their reason for being absent. However, no reason must be stated if an employee considers the reason highly confidential, except that any absence immediately preceding or immediately following a holiday or a vacation period must be approved in advance and satisfactorily explained.

Section 7. A leave of absence without pay may be granted to an employee who has been continuously employed for one (1) calendar year by the Board and who is elected or appointed to any Union office, service in which removes him/her from fulfilling the duties of his/her regular employment. Such a leave of absence shall not exceed a period of one (1) year, but may be renewed or extended annually by mutual agreement between the Board and the Union. Seniority will be retained, but not accumulated during this period. The number of employees on such a leave of absence at any one time shall not exceed two (2).

A total of six (6) union days per year will be granted to employees (through the Union President) by Management.

Section 8. Upon the recommendation of the Superintendent and with the approval of the Board, the Superintendent may request in writing that any employee submit to a physical or mental examination, the results of which may be used in determining an involuntary leave of absence, which shall be without pay and without accumulation of further seniority. When such examination is requested, a report of three (3) physicians shall be required. One (1) physician shall be selected by the employee, one (1) by the Board, and a third (3rd) shall be mutually agreeable to both parties. The Superintendent may make such a request as often as, in his/her judgment, is deemed essential to the best interests of this school system. However, there shall be a special conference with the Union representatives prior to any action placing an employee on an involuntary leave of absence by the Board. In every event, the employee's return to duty from such an involuntary leave of absence must first be recommended by the school physician. The employee may use any or all of his/her accumulated sick leave if placed on such an involuntary leave of absence.

Section 9. Except as specifically set out in other sections of this Article, an employee returning from a leave of absence within one (1) year shall be returned to the same work assignment that he/she vacated. When an employee goes on leave (not worker's compensation the position vacated by said employee and all vacancies as a direct result of such leave, will be bid temporary with the understanding that the employee or employees awarded the bid(s) temporary will be awarded the bid(s) permanent after the employee on leave has been off for one (1) calendar year from the first day of leave.

All vacancies bid temporary as a result of an employee going on leave shall not be bid permanent unless said employee is no longer employed by the Board and the employee has been on leave less than one (1) year.

Any temporary job that is bid permanent, due to the employee on leave losing employment, must be posted prior to the end of one (1) calendar year from the first day of leave.

If the employee returns after one (1) year the employee will bump the least senior employee in his/her classification. If there is no employee within that classification with lower seniority the employee will bump the least senior employee in his/her classification. If there is no employee within that classification with lower seniority, the employee will bump the least senior employee in the next lower classification for which he/she is qualified until a position is found. If there is no position available the employee will be subject to the layoff and recall provision of the contract, except that he/she shall be offered the next available position in the classification that he/she originally vacated.

Section 10. The original vacancy resulting from a leave of absence shall be processed in accordance with Article XI, Section 1.

Any bid sheet shall note the assignment is temporary until the employee is in the position for more than one (1) year, in which case the assignment will become permanent. All subsequent temporary positions will be reposted as permanent positions.

ARTICLE VII – VACATIONS

Such demotion shall not result in the discharge of a regular employee.

Section 6. (a) Seniority, regardless of its length, acquired by less than eight (8) hour employees, cannot be used to out-bid seniority acquired by eight (8) hour employees in bidding for eight (8) hour jobs. Seniority acquired by eight (8) hour employees cannot be used to out-bid seniority acquired by less than eight (8) hour employees in bidding for less than eight (8) hour jobs.

Section 7. An employee shall lose his/her seniority standing for the following reasons:

The Board shall inform the Union and call a meeting of the committee to discuss such action before any reduction becomes effective.

Section 3. In the rehiring of employees who have been laid off due to lack of work, the senior employee, when qualified, shall be given preference over the junior employee.

ARTICLE X – DISCIPLINE AND DISCHARGE

Section 1. The Board shall have the right to discipline, including reprimand, suspend or discharge any employee for reasonable and just cause, subject to grievance procedure. Disciplinary procedures will be kept as confidential as appropriate.

Section 2. In the event an employee is discharged, the reason for such action shall be given in writing to the employee and the president of the Union. In all cases where the employee is to be disciplined, it shall be done in the presence of the Union representative unless the employee requests otherwise.

Section 3. In imposing any discipline, the employer will not take into account any prior action which occurred more than two (2) years previously.

ARTICLE XI – BIDDING ON JOBS

Section 1. Whenever there is a job vacancy, due to a new job, transfer, resignation, dismissal, leave of absence, retirement or death of any employee and the Board determines to fill such vacancy, the job must be posted for three (3) working days within the two (2) week period following the occurrence of the vacancy. The vacancy must be filled within two (2) weeks of awarding of the job. The supervisors may temporarily assign an employee to a vacant job until the job is awarded.

Section 2. (a) Any employee may bid for an advertised job. Jobs will be awarded to the senior qualified employee bidding.

(b) In the event of a newly created position, qualified regular employees will be given first opportunity to bid on new jobs under regular bidding procedure.

Section 3. A copy of all bulletins advertising for job bids will be sent through the U.S. mail to the president, secretary and chief steward of the Union on the same day as the notices are posted. Job awards will similarly be mailed to these Union officials.

Section 4. Such bids shall be sealed and delivered to the Director of Operations and said bids shall be opened after the third day of the posted vacancy by the above official and a committee of the Wyandotte School Employees Local 1055.

Section 5. All bids shall be binding upon any bidder when opened except that the awarding of a bid may be temporarily deferred in the event there is some question as to the qualifications of the senior bidder. Where the Administration or the Union committee question a bidder's qualifications, the questions or objections shall be investigated as rapidly as possible. During the investigations, or in the event the bidder is determined to

be unqualified, he/she may withdraw his/her bid without prejudice and the job will be reposted.

Section 6. To withdraw a bid that has been made, a written statement to this effect must be filed with the Director of Operations prior to the opening of the bids.

Section 7. In the event an employee is reassigned, there shall be a trial period of thirty (30) actual working days on the job (excludes all days off for whatever reason), after the date of awarding the job. He/she shall be paid immediately at the rate established for the new assignment.

Section 8. (a) In the event an employee bids for and is assigned to a job, and for any reason asks to be relieved, that employee must work as an extra unassigned employee until another regular job opening entitles the employee to bid a regular job. In no event can an employee bid a job he/she has voluntarily vacated for any reason for a minimum of five (5) months.

(b) If in management's judgment an employee who is not on probation fails to satisfactorily perform in a new assignment during his/her trial period, he/she may be returned to his/her former assignment by management. This action shall be the subject of a Special Conference in the event that the Union feels the decision was arbitrary or capricious. In the event the outcome of the Conference is unsatisfactory, the reassignment will be subject to the grievance procedure on the basis only of arbitrariness, capriciousness or unreasonableness.

Section 9. Any employee assigned to a new job may request or be assigned a break-in period with experienced personnel.

Section 10. In the case of disciplinary problems, said employee can vacate his/her position and go to the bottom of the seniority list until another position is found.

Section 11. A "satisfactory" competency or basic skills test score must be achieved at least twenty-four (24) hours prior to the job bid opening for assistant engineer, engineer (at each level), and skilled trades positions. The purpose of the test will be to determine potential success. After a "satisfactory" score is determined, all employees with that score or higher who bid on a job, will be considered in seniority order. An employee not scoring "satisfactory" must wait thirty (30) days to retest for the same title position unless he/she scores within 10% of the passing score.

ARTICLE XII – GRIEVANCE PROCEDURE

Section 1. A "grievance" is hereby defined as a complaint by an employee or a group of employees based upon an alleged violation of the provisions of this Agreement, or a difference as to the interpretation or application of this Agreement.

Section 2. Union representatives shall notify an employee's immediate supervisor or other designated individual, that the employee has requested union representation to

investigate a grievance. If the employee can be released at that time the supervisor will release the employee to talk to the union representative. If because of the immediate nature of the employee's work, i.e., the employee cannot be released at that time, the supervisor will release the employee as soon as possible. The supervisor shall explain to the union representative the nature of the emergency and confirm the explanation in writing, if requested.

The employee will not be released for longer than ten (10) minutes per shift. Once the investigation has stopped the union representative will notify the supervisor or designated representative that the employee has returned to work.

To the extent practicable, the union representative handling the grievance investigation during working hours will be the steward on an alternate shift so that the steward will not have to be released from work. If the meeting needs to go beyond the ten (10) minute limitation, the union representative will notify the supervisor, and the employee will punch in and punch out for the remainder of the meeting, but may work beyond his/her shift to make up this lost time.

If this procedure is abused by the District or the Union, then one party will notify the other and the Union and the District will meet to modify or negotiate a new agreement, if necessary.

Section 3. It is recognized that grievances should be processed as rapidly as possible, and the number of days indicated at each step of the grievance procedure shall be the maximum time allowed for presenting a grievance. The time limits specified may, however, be extended by mutual agreement in writing.

Section 4. All grievances shall be presented in accordance with the following procedure:

STEP ONE: Within a five (5) working-day period of a grievance, or knowledge of a grievance, employees may present a grievance personally, or through their Union representative, to their immediate supervisor. The immediate supervisor shall attempt to adjust the matter as soon as possible, and in any event within three (3) working days.

STEP TWO: If the grievance is not resolved at Step One, it may be presented in writing within five (5) working days to the Director of Operations. He/she shall respond to this grievance within five (5) working days.

STEP THREE: If the response at Step Two is not satisfactory, the grievance may be presented to the Superintendent of Schools or designee within five (5) working days. The Superintendent or designee shall answer such a grievance within seven (7) working days.

STEP FOUR: If the grievance is not resolved satisfactorily at STEP THREE, the union may proceed directly to arbitration under STEP FIVE. If the grievance involves

the termination of an employee, the union shall have the option of presenting the grievance to the Board by the Wednesday preceding the next regular Board meeting so that it may be considered by the Board no later than its next regular meeting.

STEP FIVE: If the grievance is not resolved at the previous step, the grievance may be submitted to arbitration by submitting a request, therefore, to the other party within thirty (30) days after the completion of the previous step:

- (i) The arbitrator shall be selected in accordance with the rules of the American Arbitration Association.
- (ii) The arbitrator's fee and expenses shall be equally shared by the parties. The expenses and compensation of any witness shall be paid by the party calling such witness or requesting such participant. Any other expense shall be borne by the party incurring such expense.
- (iii) The arbitrator shall have no power to: (a) add to, subtract from, alter, or in any way modify the terms of this agreement; (b) establish or modify any wage rate.
- (iv) The arbitrator shall render a decision as soon as possible following the hearing. Decisions of the arbitrator shall be final and binding on the Union, its members, the employee or employees involved and on the employer.

Section 5.
