MBDP PROGRAM AND ITS GUIDELINES

On December 21, 2011, the MSF Board approved the Michigan Business Development Program ("MBDP") and its guidelines. The primary intended objective of the MBDP is to provide incentives to businesses that create qualified jobs, make qualified investments, or a combination of both, in Michigan.

SOURCE OF INFORMATION

It is the role of the Development Finance staff ("MEDC Staff") to review for eligibility, completeness, and adherence to MBDP guidelines, the information provided by the applicant and to manage the MSF's investment. Explanatory and background information is supplied in summary form to provide context for the request and is drawn exclusively from materials submitted by the applicant, and, as applicable, from other relevant third party sources utilized by MEDC staff.

HISTORY OF THE APPLICANT

Hanwha L&C Alabama is a subsidiary of Hanwha Corporation. Hanwha L&C Alabama LLC (HLAL) has three different locations. One location is in Opelika Alabama, where Automotive products made of Glass Fiber Mat Reinforced Thermoplastics (GMT) and Expanded Polypropylene (EPP) Foam are molded. The second manufacturing facility is in Shelby North Carolina, where GMT raw materials are produced. The third site is in Fenton Michigan, where the Sales and Development office is located. This location focuses on the sales of GMT and EPP applications.

The Applicant has not received any incentives from the MSF previously.

PROJECT DESCRIPTION

The Applicant plans to expand in Michigan in order to meet the growing EPP demand in this Northern Region. Hanwha has selected a facility in Monroe located at 1530 East Front Street for projected future growth. This project requires an investment of \$12 million for Building and Equipment and expects to create 70 new jobs in Monroe.

- a) The Applicant is a "Qualified Business", as defined in MCL 125.2088r(9)(b), that is located and operates in Michigan.
- b) The project will be located in the City of Monroe. The city has offered a "staff, financial, or economic commitment to the project" in the form of a 12-year P.A. 198 property tax abatement with a value estimated at \$548,756.
- c) The Applicant has demonstrated a need for the funding. The Company is seeking to expand in the Northern Region to assist with serving their customers in Michigan, Ohio, Indiana and Ontario, CA. The company is reviewing alternative site offers from Indiana and Ohio.
- d) The Applicant plans to create 70 Qualified New Jobs above a statewide base employment level of 27.
- e) Pursuant to the program guidelines, the following was taken into consideration for the proposed project: Out-of-state competition, level of investment made by the business and job creation is expected to commence in the first quarter in 2013. This project also shows a positive ROI for the State.

INCENTIVE OPPORTUNITY

This project involves the creation of 70 Qualified New Jobs, with the potential for up to 97 total jobs as a result of the Project, and a capital investment of up to \$ 12 million in Monroe County. The requested incentive amount from the MSF is \$300,000 in the form of a performance-based grant. Please see below for more information on the recommended action.

RECOMMENDATIONS

MEDC Staff recommends (the following, collectively, "Recommendation"):

- a) Approval of the MBDP Proposal as outlined in the attached term sheet (collectively, "MBDP Proposal");
- b) Closing the MBDP Proposal, subject to available funding under the MBDP at the time of closing ("Available Funding"), satisfactory completion of due diligence, (collectively, "Due Diligence"), finalization of all MBDP transaction documents, and further subject to the following terms and conditions:
 - a. Commitment will remain valid for 120 days with approval for MSF Fund Manager to extend the commitment an additional 60 days;
