MBDP PROGRAM AND ITS GUIDELINES

On December 21, 2011, the MSF Board approved the Michigan Business Development Program ("MBDP") and its guidelines. The primary intended objective of the MBDP is to provide incentives to businesses that create qualified jobs, make qualified investments, or a combination of both, in Michigan.

SOURCE OF INFORMATION

It is the role of the Development Finance staff ("MEDC Staff") to review for eligibility, completeness, and adherence to MBDP guidelines, the information provided by the applicant and to manage the MSF's investment. Explanatory and background information is supplied in summary form to provide context for the request and is drawn exclusively from materials submitted by the applicant, and, as applicable, from other relevant third party sources utilized by MEDC staff.

HISTORY OF THE APPLICANT

Mueller Plastics Corporation, Inc. ("Mueller Plastics") is a wholly owned subsidiary of Mueller Industries, Inc. ("Mueller Industries"). Mueller Industries is a global leader in the manufacturing and distribution of copper tube and fittings; brass and copper alloy rod, bar, and shapes; aluminum and brass forgings; aluminum and copper impact extrusions; plastic fittings, pipe and valves; refrigeration valves and fittings; and fabricated tubular products. The company has operations in the United States, Canada, Mexico, China, and Great Britain.

Mueller Industries has several subsidiaries in Michigan, which employed 611 people in the state at the time of application submission. Mueller Plastics does not have any operations in Michigan.

The Applicant has not received any incentives from the MSF previously.

PROJECT DESCRIPTION

The Applicant plans to open a new operation in the City of Portage, make investments and create jobs related to plastic fitting manufacturing.

- a) The Applicant is a “Qualified Business”, as defined in MCL 125.2088r(9)(b), that will locate and operate in Michigan.
- b) The project will be located in the City of Portage. The City of Portage has offered a “staff, financial, or economic commitment to the project” in the form of a property tax abatement.
- c) The Applicant has demonstrated a need for the funding due to competition from sites in Mississippi and Tennessee for this project. These locations are closer to vendors and customers as well as the company’s corporate management in Memphis, Tennessee. These sites would’ve provided significant benefits in terms of procurement and distribution channels.
- d) The Applicant plans to create 63 Qualified New Jobs above a statewide base employment level of 0.
- e) Pursuant to the program guidelines, the following was taken into consideration for the proposed project: This project is shovel-ready with support from the MSF and will result in near-term job creation and investment. Additionally, the project involves out of state competition from sites in Tennessee and Mississippi. Lastly, this project is projected to result in a net positive return for the State of Michigan.

INCENTIVE OPPORTUNITY

This project involves the creation of 63 Qualified New Jobs, with the potential for up to 78 total jobs as a result of the Project, and a capital investment of up to \$26.12 million in the City of Portage. The requested incentive amount from the MSF is \$700,000 in the form of a performance-based grant. Please see below for more information on the recommended action.
