A G R E E M E N T

THIS **AGREEMENT** is made and entered into this **1st day of January A.D. 2011**, by and between the **LENAWEE COUNTY HEALTH DEPARTMENT** and the **LENAWEE COUNTY BOARD OF COMMISSIONERS** (hereinafter referred to as "Employer") and the **MICHIGAN NURSES ASSOCIATION** (hereinafter referred to as "Association").

PURPOSE AND INTENT

The purpose and intent of the Agreement is to set forth terms and conditions of employment and to promote orderly and peaceful relations between the Association and the Employer so as to serve the best interests of the parties and the people of Lenawee County. The parties recognize that the interest of the community and the job security of the employees depends upon success in establishing proper services for the community. To these ends the Association and the Employer encourage, to the fullest degree, friendly and cooperative relations between the respective representatives at all levels. Any reference to the female gender in this agreement is for convenience only and does not imply any exclusion of the male gender.

ARTICLE I: RECOGNITION

Section 1.0.

The Employer hereby recognizes the Association as the sole and exclusive representative for the purpose of collective bargaining with respect to rates of pay, wages, hours of employment, and other conditions of employment of all registered nurses employed by the Lenawee County Health Department for more than twenty (20) hours per week, excluding supervisors and all other employees. The term "she" or "her" shall refer to a female or male employee whenever used in this Agreement. Part Time non bargaining unit employees will be capped at working no more than 500 hours in a six month period. The total number of hours worked by all non bargaining unit registered nurses employed in the Health Department shall not exceed 20% of the total number of hours paid by bargaining unit nurses in a six month period. Nurses who exceed 500 hours in a six month period shall be considered bargaining unit employees and subject to the terms and conditions of the contract. Hours will be reviewed by both parties each six month period. Exceptions may be made in the event of limited staffing due to leaves of absences, vacations, or vacancies which are in the process of being posted and filled. The Employer will notify the Staff Council Chairperson of such exceptions. Exceptions may also be made in the event of limited staffing due to a public health emergency. In the case of a public health emergency, the Employer will notify the Staff Council Chairperson of such exception(s). Subject to the availability of funding, the Employer shall give MNA staff nurses preference outside of normal work hours prior to assigning hours to non-union RN's. Any public health emergency lasting longer than ninety (90) days will be reevaluated between the parties.

Section 1.1.

Time spent by an employee in negotiations during the employees regularly scheduled working hours shall be considered as time worked for the purpose of pay; provided that no more than one (1) employee shall be so compensated at any time, and in no instance shall the employee be compensated at more than the employee's straight time regular rate of pay. Regularly scheduled hours do not include approved time off taken in accordance with paid leave or compensatory time provisions of this agreement. Should a registered nurse be requested by either party to appear at negotiation sessions during her regularly scheduled hours of work, such time shall be considered as time worked for the purpose of

pay, for a period not to exceed one hour unless agreed upon by both parties.

Section 1.2 Definition of Employee

Regular Full Time Employee: Employees regularly scheduled to work a minimum of thirty-five (35) hours per week (70 or more hours per pay period) on an annual basis shall be considered regular full-time employees.

Regular Part Time Employee: Employees regularly scheduled to work less than thirty-five (35) hours per week (less than 70 hours per pay period) and a minimum of twenty (20) hours per week (minimum of forty (40) hours per pay period) shall be considered regular part-time employees.

ARTICLE II: ASSOCIATION MEMBERSHIP AND SECURITY

Section 2.0. Membership Dues.

Employees covered by this Agreement at the time it becomes effective and who are members of the Association at that time, shall be required, as a condition of continued employment, to continue membership in the Association or pay a sum to the Association equal to dues uniformly charged for membership for the duration of this Agreement.

Section 2.1.

Employees covered by this Agreement who are not members of the Association at the time it becomes effective shall be required, as a condition of continued employment, to become members of the Association or pay a sum equal to dues required for membership, commencing thirty (30) days after the effective date of this Agreement, and such conditions shall be required for the duration of this Agreement.

Section 2.2.

Employees hired, re-hired, reinstated, or transferred into the bargaining unit after the effective date of this Agreement, and covered by this Agreement, shall be required, as a condition of continued employment, to become members of the Association or pay a sum equal to dues required for membership, for the duration of the Agreement, commencing the thirtieth (30th) day following the beginning of their employment in the unit.

Section 2.3. Membership Roster

Names and addresses of Registered Professional Nurses employed to fill positions covered by this Agreement, and all nurses transferred or terminated, shall be furnished, as such changes occur, to the Association by the Health Department. Names of Registered Professional Nurses promoted to permanent positions which are excluded from the bargaining unit shall be provided to the Association so that they are not included in the collective bargaining activities of the Association.

Section 2.4. Association Membership and Security

Members of the Staff Council shall be given thirty (30) minutes time with new employees for the purpose of explaining the purpose and goals of the Association.

Section 2.5. Payroll Deduction

Employees may have their Association dues deducted from their paycheck by signing a Payroll Authorization Form. The dues shall be deducted from the first paycheck of the month and shall be sent to the Association at its office located at: 2310 Jolly Oak Rd, Okemos, MI 48864.

During the life of this Agreement and in accordance with the terms on the Payroll Authorization Form hereinafter set forth, and to the extent the laws of the State of Michigan permit, the Employer agrees to deduct Association membership dues (service fees) levied in accordance with the Constitution and Bylaws of the Association from the pay of each employee who executes the following authorized Payroll Deduction Form:

The sums deducted are hereby assigned by me to the Michigan Nurses Association in such a manner as may be agreed upon between my Employer and the Michigan Nurses Association at any time while this authorization is in effect.

I submit this authorization and assignment with the understanding that it will be effective and irrevocable for a period of one year from this date, or up to the termination of the current collective agreement, whichever occurs sooner.

This authorization, assignment and direction shall continue in full force and effect for yearly periods beyond the irrevocable period unless revoked by me not more than twenty (20) and not less than ten (10) days prior to the expiration of any irrevocable period hereof. Such revocation shall be affected by written notice by certified mail to the Employer and the Michigan Nurses Association within such ten (10) day period.

License No.: _____

A properly executed copy of such Payroll Authorization Form for each employee for whom such dues or service charges are to be deducted hereunder shall be delivered to the designee of the Employer before any payroll deduction is made. Deductions shall be made thereafter only under such Payroll Authorization Forms which have been properly executed and are in effect. Any such form which is incomplete or in error, may be returned to the employee by the Employer.

The Association shall notify the County, in writing, of the proper amount of Association membership dues and any subsequent changes in such amounts.

ARTICLE III:
MANAGEMENT RESPONSIBILITY

Section 3.0.

It is hereby agreed that the customary and usual rights, power, functions and authority of

management are vested in the Employer. These rights include, but are not limited to, those provided by statute or law along with the right to direct, hire, promote, transfer, assign, and retain employees, and also to suspend, investigate, demote, discharge or take such other disciplinary action, for just cause only, which is necessary to maintain efficient administration. It is also agreed that the Employer has the right to determine the method, means and personnel, employees or otherwise, by which the business of the Health Department shall be conducted and to take whatever action is necessary to carry out the duties and obligations of the County to the taxpayers thereof. The Employer shall also have the power to make and enforce reasonable rules and regulations relating to personnel policies, procedures and working conditions not inconsistent with the express terms of this Agreement. These rights will not be used for the purpose of discrimination against any employees because of membership in the Association. In the exercise of any of the above rights, the Employer shall not violate any of the provisions of this Agreement.

ARTICLE IV: REPRESENTATION

Section 4.0. Grievance Representation

For the purpose of representation of employees in processing through the Grievance Procedure hereof any grievance they may present hereunder, the employees shall have the right to designate one grievance representative and one alternate, both of whom are seniority employees within the bargaining unit.

Section 4.1. Notice of Grievance Representative Appointment

The name of the grievance representative and alternate and of the responsible staff representative of the Association shall be certified to the Employer by the Association in writing promptly after their designation; likewise as to any changes therein.

Section 4.2. Procedures for Grievance Representatives.

A grievance representative will be allowed to leave her regular job for investigating and processing of grievances in accordance with the Grievance Procedure hereof, when in the sole opinion of her supervisor or the Director, she can be spared therefrom without interfering with her normal duties; and provided she first secures her supervisor's or the Director's consent. The supervisor or Director shall not unreasonably withhold their consent. If an employee wishes the presence of her grievance representative for such purpose, the employee shall notify her own supervisor or Director, who shall then notify the grievance representative without unreasonable delay.

Section 4.3. Pay Allowances for Grievance Representatives.

Grievance representatives during their working hours and when acting as such, will be paid at their regular straight-time rates of pay for working time necessarily and reasonably lost by them in the presentation of grievances in accordance with the Grievance Procedure, with the exception that the Employer will not pay them for any time they spend in the arbitration procedure, or in proceedings, if any, that occur at any place other than on the Employer's premises, unless mutually agreed to be off the premises, or that are conducted or attended by any governmental agency or agent.

ARTICLE V: GRIEVANCE PROCEDURE

Section 5.0. Definition of Grievance.

A grievance shall be deemed to exist whenever there develops a disagreement between the Employer and one or more of the employees represented by the Association as to the interpretation or application of the provisions of this Agreement. An earnest effort shall be made to settle grievances promptly in accordance with the following procedure:

Step 1

By conference between the aggrieved employee, the grievance representative, or both, and the aggrieved employee's immediate supervisor or the Director within five (5) working days of the occurrence of the alleged grievance, except that in the case of wages, the conference shall be held within five (5) working days of the time the employee knew or reasonably should have known of the grievance.

Step 2

If the grievance is not satisfactorily adjusted at Step 1 of the Grievance Procedure, it shall be reduced to writing and signed by the employee or employees involved and the grievance representative, and shall be presented to the employee's immediate supervisor or the Director within three (3) working days of the Step 1 conference. The employee's immediate supervisor or the Director shall give written answer within three (3) working days.

Step 3

In the event the grievance is not satisfactorily adjusted at Step 2 of the Grievance Procedure, the grievance shall be discussed within five (5) working days after answer at Step 2 by the grievance representative and/or staff representative of the Association, and the Director of the Health Department or his designees (including counsel if desired). The Employer shall give its written answer within five (5) working days after the meeting at Step 3.

Step 4

In the event grievances growing out of the interpretation of this Agreement are not settled through the Grievance Procedure set forth above, either party may request arbitration within fifteen (15) days from the disposition date of Step 3. If not requested within the fifteen (15) day period, the last decision shall be considered withdrawn by the Association. Should the parties fail to agree on an arbitrator within five (5) days of the date of request, the party requesting arbitration shall, within five (5) days thereafter, file a demand for arbitration with the Federal Mediation and Conciliation Service. The arbitrator's fee and expenses and the charge of the Federal Mediation and Conciliation Service shall be borne equally by both parties. Additional expenses incurred by either party shall be borne by the party which incurs them. It is the intent of the parties that the arbitrator be guided by this Agreement and he shall not be empowered to add to, subtract from, or modify this Agreement or any Supplement attached thereto. Any case appealed to the arbitrator over which he has no power to rule shall be referred back to the parties without decision.

Section 5.1. Written Complaint.

No matter shall be considered the subject of a grievance unless written complaint is made within the time limit contained in this Article V; in the case of wages, any claim shall be limited retroactively to thirty (30) days from the date of the grievance in Section 5.1.

Section 5.2.

In the event that any grievance is not processed to the next Step in the Grievance Procedure within the time limits specified, it shall be considered withdrawn by the Association. In the event that any grievance is not answered by the Employer within the time limits specified, it shall be considered as granted. The time limits at any level of the Grievance Procedure may be extended by mutual written agreement of the parties.

Section 5.3.

Any disposition reached between the Employer and the Association under the Grievance Procedure, Steps 1 to 3, inclusive, and any decision of the arbitrator under Step 4 shall be final and binding upon the Employer and the Association and the employee or employees involved.

Section 5.4.

In the event an employee is discharged or receives a disciplinary layoff, she may, within four (4) working days after the notice of discharge of disciplinary action has been given her, cause to be filed a written grievance signed by her complaining of the discharge or disciplinary layoff and the grievance shall commence at Step 3 of the Grievance Procedure, otherwise the discharge or disciplinary layoff shall not be the subject of a grievance.

Section 5.5.

No matter respecting the provisions of any insurance or retirement program shall be subject to the Grievance Procedure established in this Agreement. This provision shall not operate to deprive an employee of any rights she may have under any insurance or retirement program.

Section 5.6. Investigative and Disciplinary Meetings.

Employees have the right to union representation at meetings or conferences which are investigative or disciplinary in nature. Where the employee wishes such representation, the conference shall not be held without the employee's representative present. This section shall not apply to normal informational communication between a supervisor or other management personnel and the employee.

Section 5.7. Special Conferences.

Special conferences for the discussion of important matters including nursing practice concerns (not grievances) may be arranged at a mutually satisfactory time between the Union and the Employer representative within ten (10) regularly scheduled working days after request of either party, subject to the following conditions:

- a) Such meetings shall be held not more frequently than one each calendar month and shall be limited to ninety (90) minutes unless otherwise mutually agreed by the Union and Employer.
- b) Such meetings may be attended by the local Union President and Michigan Nurses Association representative as well as other bargaining unit members and Health Department/County representatives.
- c) There must be at least one (1) calendar week's advance written notice of the desire to have such meeting, which notice must be accompanied by an agenda of the subjects the party serving such notices wishes to discuss. If both parties have subjects they wish to

discuss, they shall exchange agenda at least twenty-four (24) hours prior to such meeting. Discussions at such special conferences shall be limited to the items set forth in the agenda. Employer's willingness to discuss or not discuss any item on the agenda shall not be subject to a grievance.

- d) Employees shall be paid for all time necessarily lost from their regularly scheduled work while attending such conferences.

ARTICLE VI: NO STRIKE-NO LOCKOUT

Section 6.0. No Strike-No Lockout.

During the life of this Agreement, the Association will not cause its members to cause, nor will any member of the Association take part in any strike, sit down, stay-in, slow down, picketing while on duty, walkout, curtailment of work, refusal to do assigned work, interference in any manner with any of the operations of the Employer or in any conduct which causes or results in such interference, or any violation of any State law.

Section 6.1.

The Employer will not lockout any employee covered by this Agreement during the life of this Agreement.

Section 6.2.

The Employer shall have the right to discipline or discharge any employee participating in any of the above stated interferences, and the Association agrees not to oppose such action. It is understood, however, that the Association shall have recourse through the grievance procedure as to matters of fact in the alleged actions of such employees.

ARTICLE VII: SENIORITY

Section 7.0. Probationary Employees.

Employees shall be regarded as probationary employees for the first one hundred eighty (180) consecutive calendar days of employment, at the end of which time their names shall be placed on the seniority list and their seniority shall be determined from the last date of hire. During the probationary period there shall be no seniority among probationary employees and the Employer may discharge, lay off, suspend, discipline or transfer employees for any reason and no grievance shall arise therefrom.

Section 7.1. Seniority Definition.

Seniority is defined as the length of service of any employee in the Lenawee County Health Department from her last date of hire and all rights and privileges accruing to employees on the basis of seniority are herein set forth.

Section 7.2. Seniority Listing.

The Employer shall prepare a seniority list of employees and a copy shall be furnished to the Association upon the signing of this Agreement. Unless an objection in writing is made to such seniority list within ten (10) calendar days after receipt of the list, it shall be deemed correct. The seniority list shall be reviewed every six (6) months thereafter or as often as

necessary and copies furnished to the Association. Unless written objection is made to any such revision of the seniority list within ten (10) calendar days after the furnishing of a copy to the Association, it shall be deemed correct.

Section 7.3. Loss of Seniority.

An employee shall lose her seniority and her employment relationship with the County shall be terminated for any of the following reasons:

- a) She quits or resigns;
- b) She is discharged or terminated for just cause;
- c) She retires;
- d) She has been on layoff status for a period of one (1) year or a period equal to her seniority, whichever is less, and has not been recalled;
- e) She fails to return to work at the specified time upon the expiration of the leave of absence, vacation, recall from layoff or disciplinary suspension, unless other arrangements are reasonably agreed upon by the employee and the Employer;
- f) She is absent from work for two (2) consecutive days without notifying the Employer. It is understood that employees are expected to notify the Employer that they will be absent not later than the beginning of their scheduled shift from which they will be absent, if reasonably possible to do so;
- g) If she accepts employment elsewhere while on leave of absence.

Section 7.4. Bargaining Unit Seniority.

An employee's bargaining unit seniority shall be defined as her length of continuous service dating from her most recent hire into the bargaining unit by the employer. An employee's bargaining unit seniority ends and shall not be frozen when the employee leaves the bargaining unit. Seniority will continue to accrue while an employee is on an approved worker's compensation leave. Employees who were absent from the bargaining unit for up to but no more than one (1) year, may recapture bargaining unit seniority, up to the date of her absence from the bargaining unit, under the following conditions:

- 1) The employee left the bargaining unit for another position with the County and her length of service with the County was continuous; or
- 2) The employee was on a maternity or parental leave or approved Family and Medical Leave Act (FMLA) absence; or
- 3) The employee is recalled from layoff within one (1) year.

ARTICLE VIII: TRANSFERS, VACANCIES, AND JOB OPENINGS

Section 8.0. Bid Procedure.

It is recognized and agreed that the Employer has the sole right to assign work within a classification. However, when a new job classification covered by this Agreement is created or a vacancy exists in a job classification covered by this Agreement and the Employer wishes to fill such vacancy, the Employer shall post a notice of such job classification opening for five (5) working days; copies of the job postings will be provided to the Lenawee County Health Department MNA representative. Such notice shall set forth the expiration of the posting time and any bids made after the expiration time stated thereon shall not be considered in filling the vacancy. Only employees in classifications other than the classification where the opening exists shall be eligible to bid. Employees in the same classification where the opening exists may request consideration for filling such opening,

but the Employer is not obligated to consider such request in filling such opening. In filling such vacancy or vacancies, consideration shall be given to all employees who bid, and promotion shall be given to an employee on the basis of efficiency and ability to perform the work, provided, that where ability and efficiency are equal and sufficient to qualify two (2) or more employees for the vacancy, promotion shall be given to the employee with the greatest seniority. A vacancy shall not be deemed to exist, within the meaning of this Section, as long as there are employees laid off in that classification.

Section 8.1. Fair Trial.

An employee awarded the job through the bidding procedure shall be given a fair trial to prove her ability to perform the work required, not to exceed ten (10) work days unless extended by the Employer. When an employee fails to qualify during such period, she shall be returned to her former job classification.

Section 8.2.

No employee shall be permitted to use this Article to transfer to another job classification having the same or a lower rate of pay within six (6) months following a previously successful bid through the procedure provided in this Article.

Section 8.3.

If an employee successfully bids for a job opening, no further openings in the succession created by the initial opening shall be subject to the bidding procedure, and the Employer shall have the right to fill such further opening.

Section 8.4.

When a vacancy is not filled through the bidding procedure set forth above, the Employer may fill the vacancy by transferring an available qualified employee or hiring a new employee.

Section 8.5. Temporary Transfer.

The Employer may temporarily transfer any employee to another job classification for a period not to exceed six (6) months or the length of a sick leave (including maternity) up to nine (9) months, whichever is greater, except that such period of time may be extended by agreement between the Employer and the Association representative. Any employee transferred pursuant to this provision shall receive the rate of her classification or the rate of the classification to which she is transferred, whichever is higher. When she is returned to her regular classification, she will receive the rate for her regular classification.

ARTICLE IX: LAYOFFS AND RECALLS

Section 9.0. Layoff.

It is agreed that seniority shall govern layoffs and recalls to work as follows:

- a) When a layoff occurs, probationary employees shall be laid off first;
- b) When all probationary employees in a classification have been laid off, other employees in the classification shall be laid off in accordance with their seniority in the classification with the most junior employee to be the first laid off;

- c) Any employee laid off may exercise her seniority by replacing a junior employee then working, provided, that she has the ability to perform the work of such employee and that she has sufficient seniority to displace a junior employee then working.

Section 9.1. Recall.

Employees will be recalled to work after a layoff in the reverse order in which they were laid off, so that employees with the greater seniority shall be recalled ahead of more junior employees.

Section 9.2.

All of the layoff and recall procedure in this Article IX is subject to the qualification that employees remaining at work or recalled to work shall have the ability to perform available work. Before or while a non-probationary employee is laid off or has her/his hours reduced, it is understood that there shall be no other Registered Nurses employed by the County working less than twenty (20) hours per week, unless said bargaining unit employee has been offered and has refused employment of more than twenty (20) hours per week.

Section 9.3. Notification of Layoff.

Except in an instance beyond the control of the Employer, the Employer agrees to give employees two (2) weeks advance notification of layoff. Such notification shall state as to whether the layoff is to be considered temporary or indefinite. Indefinite layoff shall be considered to be one in which the Employer has no reasonable expectation of recalling the employee within nine (9) months from the date of layoff.

Section 9.4. Notification of Recall.

Notification of recall from layoff shall be sent by certified mail, return receipt requested, deliverable to addressee only, to the employee's last known address which was obtained from the employee and kept on a card for such purpose by the Employer at the time of the layoff. The notice shall give the employee seven (7) days within which to respond after the notice of recall has been delivered to the employee. Employees who decline recall or who fail to respond after reasonable attempts to notify them within the time set for return to work, shall be presumed to have resigned and their names shall be removed from the seniority and preferred eligibility list. It shall be the responsibility of the employee to keep the employer informed in writing as to any changes in address during the time of layoff.

Section 9.5. Furlough/layoff days.

Benefits shall not be accrued, continued or be paid during layoffs. Employees receiving written notice of temporary layoff, shall retain accumulated paid leave days until recalled to work. Said accumulated paid leave days may be utilized by the employee in accordance with this agreement upon return to work following recall. Employees receiving written notice of indefinite layoff shall be eligible for payment of all paid leave days accumulated at the time of layoff at the rate of pay in effect at the time of layoff. In the event an employee terminates employment while on layoff, paid leave days accumulated will be paid upon request at the rate of pay in effect at the time of layoff.

Beginning with 2011 the employer will reserve the right to exercise use of up to 8.5 unpaid furlough/layoff days per calendar year to be used in conjunction with existing paid holidays. The day(s) shall be unpaid but other benefits (other than wages) shall remain in effect on such days. These days include: ½ day for Good Friday, the

Friday before Presidents' Day, the Friday before Memorial Day, the Friday before Labor Day, an additional day for Independence Day, the Monday after Thanksgiving, and the three (3) days in between Christmas and New Years.

ARTICLE X: WAGES

Section 10.0. Wages.

Effective upon receipt by the Employer of written notice of ratification of this Agreement, all employees shall be classified and paid at the wage rates set forth in Appendix A attached hereto as they are effective. A new employee may be hired at the start rate set forth in Appendix A. If a newly hired employee has had previous experience in the work for which she was hired, she may be paid a rate in line with her experience and in accordance with the progression rate set forth for her job classification in Appendix A.

Section 10.1. New Job Classification.

When and if the Employer establishes a new job classification which would be covered by this Agreement, the Employer shall establish a rate for the new job classification. The rate shall be considered temporary for a period of thirty (30) calendar days following the date of written notification to the Association representative of its establishment. Within said thirty (30) days, the Association may negotiate the rate with the Employer.

ARTICLE XI: HOURS OF WORK AND PREMIUM PAY

Section 11.0. Regular Work Week.

With employers approval, all hours worked in excess of 7.5 hours in any work day or 37.50 hours in any one week may be flexed if:

- a) These hours when combined with compensatory time do not exceed 7½ hours, and
- b) are used within 14 days of accrual.
- c) Sick days and holidays, when taken, shall be considered hours worked for the purpose of computing overtime.
- d) Time and one-half (1½) in addition to holiday pay shall be paid for all hours worked on any of the holidays specified in Article XII, Section 12.0.
- e) Notwithstanding, the scheduling of the regular work week may be altered by the mutual agreement of the Employer and Employee with the understanding that premium pay will not be paid for hours and days agreed upon to be the regular work week. Employees are required to complete a form supplied by the Health Officer in order to request an altered schedule.

Section 11.1. Compensatory Time.

Compensatory time off will be allowed in lieu of pay for overtime if desired. Compensatory time off shall be computed at the rate of time and one-half (1½). Compensatory time off may be accumulated to a maximum of seven and one-half (7½) hours when combined with flex time and must be used within twenty (20) work days of accrual. If compensatory time off is taken, it must be taken in increments of no less than one-half (½) day and time off will be granted, whenever possible, with advance notice to the Director of Nursing. In the event of unusual circumstances, compensatory time may be taken in increments of less than ½ day but not less than one hour and with the prior approval of the Director of Nursing or in her absence, her designee.

**ARTICLE XII:
HOLIDAY PAY**

Section 12.0. Holidays.

- b) The employee must have worked the last scheduled work day prior to and the next scheduled work day after such holiday within the employee's scheduled work week.

All regular part-time employees that qualify are eligible for a pro-rated amount of paid holiday proportionate to the amount of time normally worked.

Holiday pay is not authorized for employees on an approved "leave of absence."

Section 12.1. Holiday Observance.

When any of the above enumerated holidays falls on a Saturday or Sunday, the day that will be observed as the holiday will be the weekday designated as such by the Lenawee County Board of Commissioners.

Section 12.2. Employee Birthday.

The Employee Birthday will be a floating unpaid birthday holiday to be taken at the option of employee in the month of the employees' birthday. The floating unpaid birthday holiday will be requested/scheduled by the employee the same as any other requested time off.

**ARTICLE XIII:
LEAVES OF ABSENCE**

Section 13.0. Leave of Absence.

The Director of the Health Department may grant a written leave of absence, without loss of seniority, to an employee who wishes to leave the service of the Employer temporarily, for valid personal reasons acceptable to the Director of the Health Department, for a period not to exceed one (1) month, unless further extended by agreement with the Director of the Health Department. An employee who takes other employment while on leave shall be deemed an automatic quit. Any leave of absence granted by the Director of the Health Department must be in writing.

Section 13.1. Sick Leave.

Any employee who, because of non-occupational illness (including pregnancy) or non-occupational injury requires an absence from her job for more than three (3) work days shall, upon furnishing satisfactory evidence of such illness or injury to the Director of the Health Department be granted sick leave for the duration of her disability due to such illness or injury, but in no event shall sick leave exceed six (6) months without the written agreement of the Director of the Health Department. The employee shall furnish supplementary medical evidence of disability from time to time as required by the Director of the Health Department. Failure to furnish such evidence of disability will result in the termination of the employee's employment and seniority. Before any employee on sick leave may return to work, she must present a doctor's certificate stating that she is physically able to return to her regular job. The Employer reserves the right to have any employee examined by a physician designated by the Employer, at any time in connection with a sick leave which has been granted or in connection with an employee's condition which may indicate that a sick leave is required. In the event there is a disagreement between the Employer's physician and the employee's physician regarding the employee's ability to continue at her work or to return to her work from a sick leave, the Association or the Employer may request, in writing, that the two doctors choose an impartial physician who shall determine the ability of the employee to continue working or to return to work. The cost of the impartial physician shall be shared equally by the Employer and the Association.

Health insurance, life insurance and sickness and accident insurance will continue to be paid by the Employer for the employee on such leave for a period not to exceed six (6) months; however paid leave days will not continue to accumulate while the employee is on sick leave.

Section 13.2. Return from Leave of Absence.

No employee may return from a leave of absence of indefinite duration without notifying the Director of the Health Department at least three (3) working days in advance of such return. No employee may return early from a leave of indefinite duration without permission of the Director of the Health Department.

ARTICLE XIV: PAID LEAVE

Section 14.0. Leave Policy.

Leave with pay shall be granted as described herein:

a) Eligibility for leave. All employees upon completion of probation shall be eligible to receive paid leave. Upon completion of probation, the employee shall receive full credit toward accumulation of paid leave.

b) Accrual of paid leave

Length of Service	Rate of Accumulation	Maximum Amount
Less than one (1) year of employment	.6 day/pay period (4 hours & 30 minutes for 75 hour pay period)	16 days = 120.00 hours/year (75 hour pay period)
One (1) through Five (5) years of employment	.8 day/pay period (6 hours for 75 hour pay period)	21 days = 157.50 hours/year (75 hour pay period)
Six (6) through Ten (10) years of employment	.9 day/pay period (6.75 hours for 75 hour pay period)	24 days = 180.00 hours/year (75 hour pay period)
Eleven (11) or more years of employment	1.00 day/pay period (7.50 hours for 75 hour pay period)	26 days = 195.00 hours/year (75 hour pay period)

Payment in lieu of time off is not permitted. Paid leave will not be allowed to accumulate beyond the maximum permitted in any given year. Department heads are not authorized, under any circumstances without prior approval by resolution by the County Board of Commissioners, to deny paid leave requests when such denial would cause an employee to forfeit earned paid leave time because of the maximum accrual limits.

c) Paid Leave Administration. Paid leave may be used for vacations, sickness, personal days or for other reasons subject to the following rules:

- 1) If paid leave is to be used for vacation, it shall be taken with the approval of the Department Head and in accordance with a Departmental vacation policy. Requests for paid leave should be made thirty (30) days in advance of the given anticipated date, whenever possible. When a 30-day notice is given for paid leave, an employee will be notified within 10 days of the date the request was submitted as to whether the paid leave request has been approved or denied. The Department Head will first consider the needs of the department and then the seniority and wishes of the employee prior to granting paid leave. Seniority takes priority after the needs of the department when two or more nurses request the same paid leave at the same time. All other requests will be based on a first come-first served based on dates.
- 2) If paid leave is to be used for medical, optical, or dental appointments, the employee shall, whenever possible, receive prior approval of the Department Head;
- 3) If the paid leave is to be used for sick days, requests for such a sick day should normally be made before an employee is regularly scheduled to report for duty. The employee shall inform his immediate supervisor of that fact and the reason therefore as soon as possible and failure to do so within a reasonable period of time may be cause for denial of paid leave for the period of absence.
- 4) If the paid leave is to be sick leave for more than three (3) days, the Department Head has the right to verify the reported sickness of an employee and may require a doctor's certificate for absence due to sickness. The certificate must state the nature of this sickness or injury and whether the employee has been incapacitated for work for said period of absence;
- 5) If paid leave is used as a personal day, the employee, whenever possible, will give the Department Head at least one (1) day's notice;
- 6) Department Heads shall keep necessary attendance records for paid leave time;
- 7) Payment of unused paid leave time is permitted upon termination;
- 8) If a holiday occurs during the time an employee is taking paid leave and if the

employee is regularly entitled to the holiday, the holiday will be paid to the employee and that day will not be deducted from the paid leave time.

- 9) If an employee has been awarded a PTO leave and no longer has PTO time available as of the time of the leave due to unforeseen circumstances, the Employee shall meet with the Employer and the MNA chairperson prior to the leave to determine if the PTO leave will be allowed or cancelled.

ARTICLE XV: FRINGE BENEFITS

Section 15.0 Government Mandated

Social Security/Medicare

The Social Security program is legislated by the federal Social Security Act and is designed to protect workers from loss of income caused by retirement, disability, or death. The Medicare program provides both medical and hospital insurance. Social Security is financed by taxes collected from both employers and employees. The Social Security tax is also known as FICA (Federal Insurance Contributions Act).

Unemployment

Unemployment compensation is regulated by the Federal Unemployment Tax Act (FUTA) and jointly administered by federal and state authorities. Under FUTA, the individual states are free to set their own limits on weekly benefit amounts, unemployment tax rates, taxable wage bases, and unemployment eligibility and disqualification requirements. Unemployment benefits are financed by a tax on a certain portion of wages paid to employees; this "taxable wage base" varies from state to state. Questions concerning the administration of unemployment compensation in Michigan should be addressed to the State of Michigan Unemployment Agency.

Worker's Compensation

Work related injuries are covered through the County's worker's compensation insurance policy. All employees must adhere to the following procedures in order to be eligible for worker's compensation benefits:

1. An "INCIDENT REPORT" must be completed by the employee and their supervisor for any work related injury. A copy of the "INCIDENT REPORT" should be forwarded to the County Administrator's Office within five (5) days of the injury.
2. Any initial medical treatment that may be necessary must be authorized by an employee's supervisor. An "ORDER FOR MEDICAL TREATMENT" form must be completed prior to seeking medical attention.
3. Worksphere Occupational Medicine, 5449 South Occidental Hwy., Tecumseh, MI (517) 423-3901 is the County's designated medical provider for worker's compensation claims. Every effort should be made to go to Industrial Medicine when seeking initial medical treatment for work related injuries. The "ORDER FOR MEDICAL TREATMENT" form must be taken with you to Industrial Medicine.
4. Any medical billings for work related injuries should be submitted to the County Administrator's Office for processing through the County's worker's compensation carrier. An employee and/or medical provider should **NOT** submit medical billings for work related injuries to the County's health insurance carrier, Blue Cross/Blue Shield of Michigan.

Lost wages due to a work related injury are partially covered through worker's compensation beginning on the seventh (7th) consecutive day of absence from work. Following fourteen (14) consecutive day's absence from work, worker's compensation

will partially reimburse for lost wages retroactive to the first (1st) day of lost wages.

Lost wages that are *ineligible* for coverage by worker's compensation insurance can be paid through accumulated paid leave than an employee may have accrued.
