31.3: The Department shall not refuse to meet, negotiate, or confer on proper matters with State Representatives of the Association or local Association President. Notice of such meeting shall be a minimum of three (3) days in advance of the meeting except by mutual consent.

ARTICLE 32

32.1: In the event any complaint or charge shall be brought against a member, the following procedure will be followed:

- A. The member will be advised of the charges and the rule violated.
- B. The member will be allowed Union representation or legal representation if appropriate.
- C. The Department shall have a reasonable time to investigate and gather facts. Charges must be brought within ten (10) days of the gathering of said facts.

- G. A member's personnel file shall remain completely intact for the duration of his/her employment as a member of this Association.

ARTICLE 33 **ILLEGAL SUBSTANCE ABUSE/DRUG TESTING**

33.1: The Mayor and City Council of the City of Taylor and the Association agree that the pervasive harm caused by substance abuse creates a clear and present danger to the safety of the citizens of Taylor as well as to members and their fellow workers. It is further agreed that the administration of the City of Taylor in partnership with the Association will take all possible measures to minimize substance abuse and, therefore, minimize the tremendous human suffering caused by illicit drugs. Therefore, in order to set a positive example for the community, the City of Taylor and the Association hereby agree to the following drug testing policy for all members of the Association. In addition to random drug testing, the City may require members to take drug tests when probable cause exists to suspect that a member may be using drugs.

33.2: Association members will be selected on a random basis for drug testing up to a maximum of four (4) times per year. In addition, the Chief of Police or his/her designee will have the right to order any Association member to submit to a drug test without any reason once every twelve (12) months. In addition to the above, any member being promoted will be required to submit to a drug test and members in drug sensitive positions such as drug squad and property room and any member who has tested positive in the past may be directed to submit to a drug test by the Chief of Police or his/her designee without regard to the above restrictions. Upon receipt of a written order signed by the Chief of Police or his/her designee, the Association member will immediately proceed to the City's industrial clinic where he/she will be required to comply with all clinic procedures for collecting and handling the urine specimen. Drug testing will be conducted while the Association member is on duty.

33.3: Drug Testing/Procedure for Random Selection Process:

1. A drawing of names will be used to determine which individuals will be tested. A minimum of two (2) people will be present for all drawings: one City representative and one Union representative. Prior to the drawing, the City representative will

determine the number of names to be drawn.

2. The names of all Association members shall be placed in a container for the random drawing and the Chief of Police or his/her designee shall draw the appropriate number of names.
3. The Chief of Police or his/her designee will be notified of those names drawn and shall send the employee a written order to report to the City clinic for drug testing.

33.4: When duly ordered, the Association member will present himself/herself to the City's industrial clinic and sign the appropriate chain of custody form. The chain of custody form assures the integrity of the sample from the time of collection to the reporting of a result. It attests to the identity of the sample and contains the date, time and signature of the individual who produced the specimen as well as the technician handling the urine sample in the laboratory. Precautions are taken to assure that the specimen is properly collected and has not been adulterated. After the sample has been properly sealed and placed in a tamper proof container, it is forwarded to the Smith Inline Bio Testing Laboratory.

Upon receipt in the testing laboratory, the specimen is thoroughly examined to assure that the sample has not been tampered with. Once the sample has been accepted by the laboratory, a new internal chain of custody form is generated to document and follow the sample through the testing process. The specimen will be tested for a panel of ten (10) drug groups as follows using NIDA standards.

<u>Drug or Drug Group</u>	<u>Metabolite Detected</u>
Amphetamine	Amphetamine Methamphetamine
Cocaine metabolites	Benzoylcegonine
Marijuana Metabolites	Delta-9-THC-9COOH
Opiate metabolites	Codeine Total Morphine
Phencyclidine	PCP
Barbiturates	Secobarbital Pentobarbital Phenobarbital Butabarbital
Benzodiazepine metabolites	Oxazepam
Methadone	Methadone
Methaqualone	Methaqualone
Propoxyphene	Propoxyphene Norpropoxyphene

A portion of the sample is poured into a testing vial for the initial immunoassay screen. Other chemical tests are performed to determine if the sample has been adulterated. The

original sample is stored in a locked refrigerator in a secure room. If the initial immunoassay screen is negative and the sample has not been adulterated, the specimen is reported as no drugs detected or negative. If the initial immunoassay screen is positive for one or more drugs, the original sample is removed from the locked refrigerator and retested by the more specific gas chromatography/mass spectrometry (GC/MS) confirmation technique. The original sample is then stored in a locked freezer in a secure room for one (1) year.

When properly collected and utilizing the chain of custody protocol, a positive urine result establishes that the drug reported or its metabolite is present in the specimen. When a drug is present in the body, the liver chemically alters the drug so it may easily be eliminated in the urine. The altered drugs are called the drug metabolites. A positive urine drug test establishes that the drug or metabolite identified has been ingested in the recent past. Due to individual variations in metabolism and urine production, the amount of drug detected in the urine does not establish how much drug was ingested or when in the recent past the drug was ingested.

33.5: The urine specimen which tests positive by the GC/MS process will be retested by Smith Kline if requested in writing by the Association member within five (5) calendar days of being notified that the specimen tested positive. Any association member whose urine specimen tests positive by GC/MS will be considered to be a drug user and will be subject to discipline up to and including discharge. Any association member who refuses to take the test when duly ordered will be considered to be a drug user and will be disciplined up to and including discharge.

33.6: The City will not pay the cost of rehabilitation programs beyond the limits of City paid medical insurance. Time off under a rehabilitation program will be charged to sick, vacation, or compensatory time.

33.7: Every effort will be made to maintain confidentiality of positive test results. Test results will be sent to the Chief of Police. An Association member having a positive drug test will be immediately suspended from duty without pay pending a hearing of the Chief of Police to be conducted within three (3) working days. The member may have the hearing extended an additional seven (7) working days by submitting a written determination within one (1) working day after notification of the hearing. Association members will receive call-in pay for interrogations scheduled by the Police Department.

Normal Miranda and/or Garrity warning will apply. The member will have the right to legal representation. Any statement given will be treated confidentially and not be released to the public nor shall his/her photograph be released.

Following a written decision from the Chief of Police, the Union will have the right to appeal directly to arbitration according to the procedure outlined in Article VII. Such appeal must be made within thirty (30) calendar days of the Chief's decision or the matter will be considered dropped.

33.8: The parties recognize that controlled substance abuse may be the result of prolonged use of lawfully obtained controlled substances, singularly or in conjunction with other lawfully obtained controlled or uncontrolled substances. When controlled substance abuse appears to

be the direct result of such lawful acquisition and use, treatment for the first instance that comes to the department's attention (as opposed to disciplinary action) shall be pursued when there is no evidence of unlawful conduct. A second offense will subject the Association member to discipline up to and including discharge.

ARTICLE 34 **GENERAL**

34.1: This Agreement is subject to the laws of the State of Michigan with respect to the powers, rights, duties and obligations of the Municipality, the Association, the employees in the bargaining unit, and in the event that any provision of this Agreement shall at any time be held to be contrary to law by a court of competent jurisdiction from whose final judgment or decree no appeal has been taken within the time provided, therefore, such provision shall be void and inoperative; however, all other provisions of this Agreement shall, insofar as possible, continue in full force and effect.

34.2: A copy of this Agreement shall be distributed by the Municipality to all members of the Association.

ARTICLE 35 **DURATION**

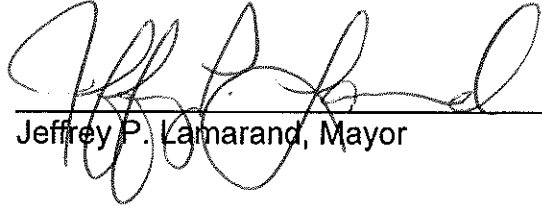

35.1: This Agreement shall be in effect March 1, 2011 and shall remain in full force and effect to and including September 30, 2013.

In witness whereof, the parties hereto have executed this Agreement by their duly
authorized representatives the 3rd day of March, 2011.
